A SPECIAL MEETING OF
THE KENOSHA UNIFIED SCHOOL BOARD
HELD SEPTEMBER 19, 2011

A special meeting of the Kenosha Unified School Board was held on Monday, September 19, 2011, at 7:45 P.M. in the Auditorium at Indian Trail High School and Academy. The purpose of the meeting was for Discussion/Action on 2011-2012 Short Term Borrowing.

The meeting was called to order at 10:00 P.M. with the following members present: Ms. R. Stevens, Mrs. Taube, Mr. Nuzzo, Mr. Gallo, Mr. Bryan, and Mrs. Snyder. Dr. Hancock was also present. Ms. P. Stevens was excused.

Mrs. Snyder, President, opened the meeting by announcing that this was a special meeting of the School Board of the Kenosha Unified School District No. 1. Notice of this special meeting was given to the public by forwarding a copy of the notice to all requesting radio stations and newspapers.

Mrs. Tina Schmitz, Director of Finance, and Ms. Michele Wiberg, Director of Wisconsin Public Finance at PMA Financial Network, Inc., presented the Short Term Borrowing submitted by Mrs. Schmitz, Mrs. Sheronda Glass, Assistant Superintendent of Business, and Dr. Hancock, excerpts follow:

“As indicated at the Audit, Budget and Finance Committee meeting held September 13, 2011, our short-term borrowing needs are projected to be around \$49 million for this fiscal year. Due to the timing of the receipt of the majority of school districts’ funding (State Aid and Tax Levy), there are periods throughout the year when expenditures payable are greater than cash on hand. In these cases, short-term borrowing is required to meet the District’s current obligations. Last fall, the Board of Education approved authorization for issuance and sale of revenue anticipation promissory notes for \$45 million. Based on the results of the 2010-2011 fiscal year and our anticipated revenues and expenditures for the 2011-2012 fiscal year, our short-term borrowing needs are projected to be around \$49 million for this fiscal year.

Like last year, the District has structured the borrowing to repay \$15 million on February 23, 2012. Repaying this portion of the borrowing prior to the maturity in September 2012, will minimize the District’s overall borrowing interest cost for the year. The Tax and Revenue Anticipation Promissory Notes (TRANs) are scheduled to be sold on September 19, 2011. Attachment C is a draft resolution that will be presented to the Board to authorize the borrowing.

At its September 13, 2011 meeting, the Audit, Budget and Finance Committee voted to forward this recommendation for short-term borrowing. The Audit, Budget and Finance Committee and Administration recommend that the Board of Education approve the 2011-2012 short-term borrowing plan and to approve a resolution to borrow \$49 million to meet the District’s short-term cash flow needs during the 2011-2012 school year.”

Mr. Bryan moved to approve the 2011-12 short term borrowing plan and the resolution to borrow \$49 million to meet the District's short-term cash flow needs during the 2011-12 school year. Mr. Gallo seconded the motion. Unanimously approved.

A. Documents

All documents must be created in HTML, PDF or other appropriate formats, or with a WYSIWYG software program, on any platform, so long as the file is in standard ASCII format and transmittable via FTP or other medium.

1. File names for Uploading to Web Servers — For consistency, adherence to the four rules outlined below is necessary.

a. Titles — Web pages must be given titles that clearly identify them so search engines can include the page(s). Example: <title> Kenosha Unified School District — insert specific page title according to department/school/subject <title>.

b. 13 Character Rule — No file name, with the intention of being linked to, or placed on the web server will contain a character length longer than 13 characters not including the ‘.’ And three letter file extension. It is a best practice, and a compatibility issue at the server level. Example: mynameissam.html instead of mynamissamsmith.html.

c. Capitalization — Do not use capital letters when naming a file, folder or image.

Do not use capital letters in file names, including the three letter extension. Use only lower case letters. Servers can be case sensitive. That is, “Cat” and “cat” can be two completely different words. If one uses upper and lower case letters inconsistently in file names and in the URLs which reference those filenames, servers may not be able to match URLs with filenames. URL links in HTML documents must exactly match, upper and lower case, the filenames one wishes to access. Consequently, Web page developers should cultivate the habit of using all lower case letters for file, folder and graphic names.

— d. Spacing — Do not use spaces in file, folder or image names. Use only the underscore (—).

— e. Copyright — The footer of any department or building Web page should include the following three lines.

—————
©2004 (or year created)

—————
Kenosha Unified School District No. 1

—————
All rights reserved.

The copyright symbol is created with an Option Key G combination on a Mac, by typing (c) on a Windows operating system (Wintel) using MS Word, or by using the HTML code ©;

B. Links

1. Pages to which the District provides links must not contain offensive material or have any intent of commercial gain. A page with no objectionable material may be considered offensive if it links to a site that has objectionable material. Commercial gain is defined as a site that is linked to and has the sole intent of monetary profit.

C. Graphics

— 1. Put all graphical images, including icons, photos, etc., in gif or jpg format. Conversion tools are available for both platforms.

2. Use graphics that are no larger than 60k for ease and speed when downloading.

3. Comply with copyright laws when using graphics and text. Obtain permission to use someone else’s work and acknowledge the source of the work on the page that the graphic is used.

- ~~4. Use graphics sparingly. The quality of the information determines the lasting value of the site for teachers, students and the public.~~
- ~~5. Avoid using distracting animations. Not all browsers are formatted to work with them.~~

- ~~7. Re-use the same graphic on a variety of pages to speed up downloading.~~
- ~~8. Use images that are small, in-line thumbnails, icons, or use text that permits the visitor to download the large graphic.~~
- ~~9. Use descriptive captions on pictures.~~
- ~~10. Use ALT labels with all the pictures so users without graphical browsers or those visually impaired and using text readers will know what is missing (e.g.,).~~

~~D. Navigation~~

- ~~1. Include a link at the top, bottom or both places on every page for ease in navigation to the site's home page; the District's home page, when appropriate; and the previous page.~~
- ~~2. Design menu pages so they enable viewers to move to more in depth information as found on data pages. Pages may not contain links to pages not yet completed. The text for future pages may be present, but should not be linked.~~

- ~~2. No other District servers shall be configured as Web/FTP servers unless authorized by the District Web Specialist/designee.~~
- ~~3. No school sites may be housed on Web servers outside the District Web site.~~

- ~~1. Multimedia movie files, in any format, will not exceed 50mb in size. In order to accommodate this size restriction, it is advised that large files be broken into chapters.~~
- ~~2. Multimedia Flash, Shockwave, and emerging technologies will be reviewed for content and accessibility by the District Web Specialist.~~

~~H. Other~~

~~B. Establishing a Teacher, Building/Departmental Web Presence~~

- ~~1. Individuals or departments who wish to develop material or have material placed on the District Web Site should first contact the District Web Specialist or the Human Resources office. Before making this initial contact, the developer should have an idea of the content they wish to publish on the Web. If the content exceeds more than one page, an outline of the proposed content is necessary.~~
- ~~2. Buildings, departments, and developers ready to establish a Web presence have the following options:~~
 - ~~a. Someone within a building/department may develop a page. Individuals wishing to develop pages for their building, department or organization need to have some knowledge about HTML and WYSIWYG software and the Internet before contacting the District Web Specialist. This can be obtained by attending one of the HTML inservices offered by Professional Development.~~
 - ~~b. An individual within the building or department can coordinate the development, but seek assistance from another person to create the Web page(s).~~
 - ~~c. The building/department web page should contain an organizational list of administrative personnel with their e-mail addresses and may be composed from an already existing departmental brochure by transferring the information to a Web format.~~

Kenosha eSchool CHARTER CONTRACT RENEWAL

On July 1, 2006 the Board of Education first approved the request for charter school approval for the Kenosha eSchool, initially for a five (5) year period, and another renewal for three (3) years was granted on August 24th, 2010. There are a number of areas outlined below that initiated this new version of the charter.

The recently approved modifications to the KUSD graduation requirements were integrated with the eSchool charter. The only difference still resides in the eSchool laude recognition in place of assigning a valedictorian/ salutatorian.

The new KUSD transformational design goal (#1) addresses expansion of online learning opportunities to middle school students. The eSchool has always allowed for some specific participation (gifted and talented). We are now reaching a point of being able to offer expanded middle school curriculum, and hope to assist middle schools as we have aided the high schools. Conversations with the Wisconsin Department of Public Instruction encouraged us to clarify this language in our charter.

A minimum time frame for earning credit in an online course was established to accurately measure student comprehension and address NCAA accreditation concerns for online learning. Some minor phrasing was updated, such as the inclusion of the Wisconsin eSchool Network becoming a 501 (c)(3) and consistency using the term online in place of virtual.

The Kenosha eSchool continues to solidify itself as a leading model of online learning for the state of Wisconsin, with fiscal responsibility and educational accountability. We hope to continue to offer a quality experience to a larger base of interested and able students.

RECOMMENDATION

At its September 13, 2011 meeting, the Personnel/Policy Committee voted to forward the Kenosha eSchool revised charter contract to the full Board for consideration. The Kenosha eSchool Governance Board and Staff request that the School Board approve the proposed three (3) year contract for the Kenosha eSchool.

Terms of the Contract

The term of this contract will be for a period of three (3) years commencing on the 27th day of September 2011, with a revised agreement for a successive three (3)-year period.

It is understood and agreed that the Kenosha eSchool will follow all of the established District Policies and Procedures, unless stipulated differently in other provisions in this contract or provided by law.

Administrative/ School Services

1. **eSchool Curriculum Sponsors.** The sponsors will be Mr. Kris Keckler and Mr. Dan Tenuta.

2. **Persons in Charge: Administrative Services.**

A. **Person(s) in Charge.** The person responsible for administrative leadership of the Kenosha eSchool will be Mr. Kristopher Keckler. He will serve as full-time Principal/Director of the school. Mr. Keckler will work closely with the Governance Board to ensure that the educational goals of the Kenosha eSchool are carried out. He will be responsible to the Board of Education for meeting the terms of the contract, financial accountability, serving as an instructional leader, overseeing instruction and staff development, managing the building, hiring of all personnel, and handling student discipline. Mr. Keckler will also be responsible for overseeing secretarial/clerical procedures such as attendance and health records. He will also oversee the administration of assessment and evaluation of programs and all staff. If the Principal/ Director should leave his position, central office personnel in consultation with the Kenosha eSchool Governance Board will choose a replacement. Any administrative appointments will be approved by the KUSD Board of Education based on the recommendation of a replacement from the KUSD superintendent.

B. **Governance Board.** The Kenosha eSchool Governance Board will be accountable to the District Board of Education in seeing that the District policies, rules, and academic standards are adhered to and maintained. The Governance Board will be independent as it relates to policies, procedures, rules, and programming not required by Board of Education policies, rules, and/or directives. The Governance Board and Board of Education will jointly meet periodically to discuss student achievement, student activities, parental involvement, reporting, and autonomy issues.

The Kenosha School Board will be the chartering agent, thus the eSchool will be considered an instrumentality charter. State exemptions for charter schools which Kenosha eSchool will take advantage of are as follows: flexible school day, flexible calendar, or inclement weather days, student created personal schedule, the definition of habitual truancy, teacher workload description, maximum age of student, and disciplinary process for removal. No Charter policies or procedures will be in conflict with existing School Board policies and rules, unless stipulated in this contract, or State and Federal laws and regulations. Where any of the above are silent the eSchool's Governance Boards policies, rules, and regulations will prevail.

The Kenosha eSchool will be an instrumentality charter that assumes authorization by the Kenosha Unified School District Board of Education and all personnel involved in the Kenosha eSchool will be employees of the Kenosha Unified School District. Kenosha Unified School District as well as Kenosha eSchool are not connected or affiliated with any religious denomination or organization and thus our practices, programs, admission policies, employment practices, and all other operations and practices are not directed or influenced by any religious denomination or organization.

The following KUSD policies are waived for the Kenosha eSchool. Kenosha Unified School District policy 5310-Student Attendance is waived as it relates to a student's physical presence in a KUSD building at prescribed times of the day. KUSD policy 4280-Employee Attendance and Punctuality is waived as it relates to a teacher's daily attendance for instructional purposes. The waiver does not apply to attendance at an IEP, ADEP, 504, District professional development, curriculum, and/or staff meetings. KUSD policy 4351- Staff Work Schedule is waived and modified to the extent that regular work hours are limited by specific time of the day. All KUSD policies must be in agreement with the collective bargaining agreement of the Kenosha Education Association.

The Governance Board may request of the KUSD Board a variance from or absolution from additional Board policies. The discretionary operational budget of the eSchool will be administered by the eSchool Principal/ Director and the Governance Board.

C. Nonsectarian. The Kenosha eSchool is nonsectarian in its programs, admissions policies, employment practices, and all other operations. The Kenosha eSchool faculty, staff, equipment, supplies, curriculum, and teaching content shall be free of all religious or other sectarian symbols or influences.

3. Academic Program

The Kenosha eSchool will use new and emerging technologies that expand the boundaries of space and time to provide high quality standards-driven curriculum. The staff, in collaboration with parents and guardians, will endeavor to empower all students to develop their potential to the fullest, while taking ownership of their individual academic progress. Kenosha eSchool will create a learning environment that is able to accommodate students' varying physical locations. The eSchool allows parents/guardians one more option to consider when determining their child's individual educational needs.

Students will be expected to have a home computer and Internet access. Students may also use community computer facilities (i.e. local libraries). District support would not be available for hardware and software on their personal computer. Students will be liable for any improper use

of the Internet and/or email. If using district Internet access, the email and Internet will be tracked. Any improper use will result in loss of use of district equipment and services and possible dismissal from the eSchool program.

The curriculum is designed to address the educational goals as described in Wisconsin Statutes 118.01(2). The curriculum course requirements and instructional programs will be consistent with the previously mentioned goals. Administrators, teachers, parent/guardians, and mentors share responsibilities for students meeting the goals and expectations as described in 118.01(2).

A. Community Need. The Kenosha community, through work on the Board approved Strategic Plan, has determined that there is a need for choice schools in the district. ~~Creating the Kenosha eSchool provides one option for answering Strategy #3.~~ Kenosha eSchool provides seats in numerous online courses. These courses do not have a need for physical classroom space since students can access their courses from anywhere there is Internet access. Some students could utilize computers on campus or other public locations.

The Kenosha eSchool offers students in the district additional choices to take ownership of their education and schedule. For a significant number of students the traditional curriculum, calendar, and school day do not meet their needs. For some students, various obstacles may interfere with the normal progression of educational experiences. For others, the eSchool can provide unique opportunities to enrich or expand their educational experiences. ~~As part of the research activities a survey was done of all 9th, 10th, and 11th grade students in the district. 57% of those surveyed in 2006 indicated they would like to take one or more online classes.~~

Any students involved in the eSchool would benefit from the individualization and flexibility that can exist in **an online virtual** school environment. Although it is expected that a majority of the students would complete courses within a traditional course time frame, the eSchool makes it possible to compress or expand the time to best meet their educationally defined needs.

The eSchool has established a minimum time frame for any accredited course. No credit will be awarded for any student enrolled in a course for less than 15 school days. This has been established to validate the understanding and progression of the student in the course, as well as to address NCAA endorsement of online courses. Online schedules may be modified to best fit the particular need of a student.

B. Enrollment. ~~For the fall of 2010, the Kenosha eSchool, anticipates providing a course load equivalent of 175 FTE students for the school year.~~ **The enrollment for the eSchool** will be a mixture of both full-time and part-time students. As the staff develops additional skills in this unique environment, more courses are approved for use, and our partnership with **the** Wisconsin eSchool Network, **Inc.**, grows, the course offerings and students served are expected to increase each year.

The Kenosha eSchool will operate both as a full school program for some students and as a school within a school model for others. Kenosha eSchool will target the following age groups:

- Any high school age students living in Kenosha Unified School District.
- Any high school age students that have applied for open enrollment during the allowed time
- Home school students of high school age.
- Drop out students who have not turned 21, but are within 6 credits of graduation.

- **Any middle school age student who can be best served when middle school curriculum, staff, and resources are available.**

4) Enrollment Process

Kenosha eSchool will have a continuous enrollment in courses. During enrollment all students will be expected to complete the Kenosha eSchool enrollment form. KUSD students currently attending a district school will also be expected to complete a counselor form, complete with counselor/administrator signature, to ensure that their counselor is aware of the students' interest in eSchool classes. District residents who are not currently attending a KUSD school will complete an enrollment form and submit their course requests directly to the Kenosha eSchool. A transcript should accompany all student enrollment forms. Out of district students must have successfully applied for Open Enrollment during the state's window of opportunity and been accepted by the district before they submit an enrollment form. Once the enrollment form has been received, all students will participate in a mini-course (about 4 hours work) designed specifically for orientation. The Orientation Instructor will monitor progress. Finally, the students' coach/mentor and parent/guardian will **participate in attend** a mandatory **Parent/Mentor training session, taking advantage of available technologies and communication.** ~~content area orientation that is offered weekly, or as needed. If the coach/mentor and/or parent/guardian do not attend the required meetings, a new coach/mentor will be strongly encouraged.~~

Enrollments for each course will be filled on a first come first served basis and a waiting list will be kept for any additional requests for that course. Students from the waiting list would be allowed to begin the course whenever an opening becomes available. In the future if more students enroll who meet the criteria than openings would allow, the Kenosha eSchool would activate additional course offerings. If the enrollments during the open enrollment period exceed the slots allocated a lottery will be held. If a lottery is required, the ESEA guidelines under Title I will be followed and a "weight" will be given to low-income and credit deficient students.

The lottery will be conducted by a sitting Judge from Kenosha County and a Police Officer, following the state mandated procedures for lottery selection regarding charter school enrollment.

A) Public school alternatives for resident students not attending the eSchool.

Students not admitted to the eSchool or not choosing to attend the eSchool have other options or alternatives. They may apply to enroll in Harborside Academy, another ~~9-12~~ charter school. They may choose to enroll in one of Kenosha Unified School District's high schools of choice, Reuther Central High School, an Indian Trail Academy, or LakeView Technology Academy. They may also return to their boundary high school, Indian Trail HS, Bradford, or Tremper, **or respective middle school.** The Kenosha eSchool, Harborside Academy, as well as the high schools of choice are schools of voluntary attendance. No student is required to attend these schools.

B. Mission. The Kenosha eSchool, in partnership with Wisconsin eSchool Network, **Inc.**, exists to utilize new and emerging technologies providing students' access to high-quality standards-driven curriculum in an environment that is self-paced and accommodating to students' varying physical locations and individualized plans.

C. Curriculum. In order to provide high-quality, standards-driven, proven curriculum, courses will be provided through shared resources with other **online virtual** school providers or organizations that have developed and aligned these courses. Kenosha eSchool will be doing this in conjunction with the Wisconsin eSchool Network, **Inc.**, by using its research and present course list to provide the best ~~eSchool~~**online** product for our students. Courses will only be considered that have the ability to be modified to comply with the existing KUSD curriculum, KUSD standards and benchmarks, and allow for local teacher flexibility in the course delivery. Courses must also be ADA (American Disabilities Act) and SCORM (Shareable Content Object Reference Model) compliant. As the skill level and experience of ~~the virtual~~ **online** teachers develops, additional locally developed courses may become available.

5. Methods of Attaining Educational Goals.

A. Assessment/Evaluation. Students, parents/guardians, or mentor/coaches will have access to their student's electronic grade book 24 hours a day, 7 days a week. Other individual testing and assessments will be available on an as needed basis. Some of the assessments included in the Kenosha eSchool will be: auto-graded quizzes, threaded discussions, worksheets, research papers, oral exams, presentations, letters, or brochures created as part of a project. A proctor will administer all course finals and a passing grade on the final exam must be achieved to receive credit for the course.

An Online Perceiver Instrument will be used to review the components of quality online schools and programs. Information will be gathered from the Governance Board, students, mentor/coach/parent, and online teachers to identify the strengths and effectiveness of the school and assist in future planning and goals.

B. Student Progress and Communication with Parents/ Mentors. Student progress is based on their pace chart. Their progress will be communicated to parents on an informal basis via emails and phone calls. Twice a month, progress will be reported more formally via a written report that compares the students' status with the benchmarks that would indicate whether or not the pace was appropriate to meet the goals set in the Individual Learning Plan.

C. School Day Structure. There is the potential for enrolling full time in Kenosha eSchool. Schedules for students enrolled part time and students enrolled full time will be different. Whether students are enrolled full or part time, they may take a maximum of 4 courses at once, unless approval is granted through mitigating circumstances, such as credit deficiency. The continuous enrollment gives students numerous options for a flexible schedule.

The flexibility of online learning allows students and their family the opportunity to determine what type of schedule is most feasible in their particular situation. Although the time and place where students work may be very different, their coursework and expectations will have significant structure. Students with extenuating circumstances might need to have an extension beyond the traditional time frame in order to complete their work. ~~Virtual~~ **Online** students have a great deal of flexibility in this fashion. Students would access their assignments on-line, communicating regularly with the teacher for clarification, explanation, or revisions in their work. Students would be able to work on their assignments at any time that is convenient for them. For example:

- Teen parents might do their coursework while their child or children are napping or in bed for the night.
- Self-supporting students might work full-time and do their coursework in the evening or on weekends.
- Voluntarily withdrawn or homebound students might work 6 hours one day and 3 hours the next.
- Students in a treatment program, or who are incarcerated, may be told when they will be working on their assignments.
- Other students might work on their course(s) at the same time every day from the LMC or another location in their local building where they might be multi-school enrolled.
- Students who are not effective at 7:30 a.m. might take one online course and begin school at 9:15 a.m.

The students will communicate with their teacher in several ways, though mostly electronically. The most typical method would be through emails. Some projects may have 3-dimensional components. Students can take pictures and send them electronically. Simple questions or clarifications on assignments would most often occur using this method. However, secondary forms of communication are used: chat rooms, white boards, telephones, and face-to-face contact.

Teachers would post office hours each week, at which time they would be available to students via a discussion group where several students could participate in a discussion or tutoring session synchronously. This option includes a white board that would be visible to all in the discussion group at that time. Teachers can call on individual students to solve a math problem or demonstrate an idea using a mapping or graphing technique. The teachers would be able to make changes or suggestions as the students are working on the white board and at the end of the session the students could print out all of the notes that would have been created on the white board during that session. Several students might work on a group project in this manner. Course discussions could also occur asynchronously. The teachers might start a discussion stream and students would be expected to participate over a week or two and be graded on the quality of their responses. Assignments might be submitted directly online, as email attachments, via the postal service, or some projects might actually be hand delivered to the eSchool office. Students would be expected to demonstrate regular progress with their work.

Student/teacher contacts would be expected at a minimum of 2-3 times per week. Contacts include feedback on assignments, responding to questions, clarifying assignments, or other grade reports. These contacts would typically be in the form of emails or phone calls. Minimally, twice each month, the students, as well as the designated adult (parent/mentor/coach) for the students would receive a written report of the students' progress as compared to the benchmarks showing whether or not their progress was on track to meet their course completion goals. If the teacher has not been able to contact students or see any signs of progress in their work, the designated adult would be contacted. This adult would also have online access to an individual student's current grade and progress. Students may forfeit their online opportunities if regular progress does not occur and they are not communicating any special needs to the teacher.

D. Special Education. The Kenosha eSchool will do everything within its power to recruit and maintain a student demographic that is similar to other schools within the community. All ADA requirements will be met. Successful online students have specific characteristics defining how

they operate. These skills are: time management, organization, ownership for learning, self-advocacy, problem solving, computer literacy, read and follow detailed directions, and have effective writing skills. The students in conjunction with their instructor and mentor/coach must work on any weakness in these skills. Since students will have an Individual Learning Plan based on their needs and goals, the learning team can determine whatever accommodations are needed for individual students, and the planning can occur to best provide for those needs.

Students with special needs are also eligible for Kenosha eSchool. They must have an updated IEP (Individualized Education Program) **for full time enrollment**. A special face-to-face meeting with the course instructor, special education teacher, student, and mentor/coach will occur to determine if the eSchool is the student's LRE (Least Restrictive Environment). The eSchool has found online learning to be successful for students with special needs. The following is a list of accommodations for students with special needs.

As defined by an IEP/ 504, some accommodations may include:

- Extended time on lessons and tests
- Flexibility in start and end dates
- Prepared notes and reviews of lessons
- Non-threatening means of communication with the instructor
- Clear rubrics for assessments
- Regular communication with parents on course progress
- Opportunity to revise and resubmit assignments
- No lost assignments

E. School Calendar. The Kenosha eSchool will generally follow the Kenosha Unified School District calendar. However, some flexibility in scheduling the school day may be necessary to accomplish the mission of the school.

F. Honors Programming/ AP Courses. "Weighted" honors credits will be offered at the Kenosha eSchool. However, these courses will be limited to courses that fall within the areas of Math, Science, English, and Social Studies. Elective area courses, outside of these academic areas, will not be offered at the honors level. AP courses will also be offered to juniors and seniors at the Kenosha eSchool in areas where certified staff and enough interested students are available. Similar to other district high school students, eSchool students will be allowed to travel to another school to take an AP course that is not offered at the eSchool.

6. Methods of Measuring Student Progress

The Kenosha eSchool assessment and graduation process prepares students to gain experience in the emerging realm of **online virtual** instruction and individualization. Students graduate, and receive a diploma from the Kenosha eSchool by successfully meeting course standards that demonstrate essential skills and knowledge. Students will be regularly assessed, both formally and informally. The form of student assessment will vary depending on instructional goals but will include tests, quizzes, papers, projects, labs, oral exams, and presentations.

A. Academic Grading Scale. The existing KUSD grading scale will be used to establish the earned mark for each eSchool course.

B. Annual Testing. Students at the Kenosha eSchool will participate in annual state Standardized testing.

C. Report Cards/ Student Transcripts. Report cards will be completed quarterly. Transcripts are available upon request as they are at other district high schools. Kenosha eSchool transcripts will not include a class rank statistic. This information will be made available to students applying for scholarships, but will not generally be included as a statistical category.

D. Graduation Requirements. Students applying for graduation and diploma from the Kenosha eSchool will meet all the requirements as set forth in KUSD Board Policy 6456-Graduation Requirements. ~~Kenosha eSchool students must earn four credits in each Social Studies, Science, Mathematics, and English. They must also earn .5 credits in Consumer Education, 1.5 credits in Physical Education, .5 credit in Health, and 7.5 credits in electives for a total of 26 credits.~~ The eSchool will not assign a valedictorian/ salutatorian, but rather define and practice a “laude” component for graduation recognition.

7. Governance Method/Parental Involvement.

A. Governance Method. The Kenosha eSchool will be governed by the Governance Board in conjunction with two nonvoting advisors, the Principal/Director and administrative assistant. The Governance Board will consist of at least five (5) to seven (7) members. Members may be parents, community organization representatives, or higher education members, and one member may be a KUSD employee but not an employee at the eSchool. A Kenosha eSchool student may serve in a nonvoting advisory capacity to the Governance Board. The Governance Board may be five (5) parents.

B. Parental Involvement. Since all students and parents will have email connections to the school, this will be a primary source of disseminating general information. Information will also be provided via the Kenosha eSchool website and other media. Opportunities for parent interaction with staff are planned in an online discussion format similar to that which students in the same course might have with their instructor. Formal and informal face-to-face meetings such as an orientation session may be planned as deemed appropriate.

C. Community Relations. The Kenosha eSchool will identify one or more community organizations and/or businesses that would be interested in providing an on-going relationship with the Kenosha eSchool. These relationships may provide any of the following: mentors, assistance in securing needed resources, and opportunities for community experiences for Kenosha eSchool students.

Information regarding Kenosha eSchool will be provided on a link from the district website. This site will be updated on a regular basis. Articles will be provided to the district newsletter and other appropriate district-wide publications. The eSchool will publish newsletters, promotional videos, and hold periodic informational sessions. A student service club will perform charitable work for the community. All promotional and advertising material will first go through the KUSD Public Relations Department.

D. Marketing. The Kenosha eSchool will actively participate in marketing the school program and offerings to the greater Kenosha area through a variety of means. These would include:

- Website link from the KUSD home page with application forms and contact information

- Informational brochures distributed to district schools and other community agencies
- Community Meetings
- Informational presentations for prospective students/ parents
- Articles in high school and district newsletters
- Articles in the Kenosha News
- News releases to area radio stations
- Personal contacts with key individuals such as Cluster Leaders, Guidance staff, School Board Members, etc.
- School Choice Presentations

8. Qualification for Individuals to be Employed.

A. Teacher Qualifications. Qualified and certified staff will be employed for the Kenosha eSchool. Due to the need to evaluate, modify, and develop coursework, as well as performing teaching tasks, staff will be sought with a preferred 5 or more years of experience. Successful completion of the Wisconsin online training requirement is mandatory for instructional employment in the Kenosha eSchool. All eSchool staff will be required to participate in the assigned eSchool and district staff development programs.

B. Selection of Personnel. The posting of positions will follow the established format for Kenosha Unified School District. The eSchool Principal will recruit teachers through site based faculty meetings describing Kenosha eSchool as well as district wide emails. The Kenosha eSchool will adhere to all Human Resource posting and hiring policies. Instructional staff for the eSchool will be employed by the eSchool either by extended day contracts for existing teachers or full-time or part-time instructors. The selection of these instructors will be governed and decided by the existing KUSD hiring practice. The Kenosha eSchool Principal will conduct interviews in accordance with existing district guidelines. eSchool staff, students, and Governance Board members may participate on the interview team. All Hiring decisions will be finalized by the eSchool Principal.

C. Employee Status. All Kenosha eSchool staff members will be employees of KUSD and are entitled to all of the rights and benefits of other similar employees of KUSD following already established salary schedules and benefit programs. A consistent and agreed upon contract for extended day assignments will be used when necessary. Kenosha eSchool staff members are employed teaching staff of the Kenosha Unified School District and will be members of the Kenosha Education Association.

The eSchool Teacher Consultant will be responsible for the day-to-day operations of the eSchool dealing with coordination activities and teaching support. The Consultant will also be responsible to help promote and communicate information about Kenosha eSchool to the community, School Board, Guidance Counselors, and any other educational staff. The eSchool Teacher Consultant should have at least 5 years of teaching experience. A background in alternative education is extremely useful. Other positions will be needed based on the growth of the eSchool.

All district policies and procedures will be followed to the greatest extent possible. When the unique nature of **an online virtual high school** brings forth situations that do not fit the existing protocols, the Kenosha eSchool Principal will work through the issues in good faith with the

district and KEA utilizing existing processes until appropriate contractual language can be developed.

9. Health and Safety.

All local and state health and safety regulations and building code standards will be followed, including but not limited to, fire drills and tornado safety practice. OSHA safety procedures will be in place.

10. Equity of Opportunity.

A. Diversity. Every effort will be made to provide information to diverse populations about the opportunities that the Kenosha eSchool may have that could meet their individual needs. Additional efforts will be made to market Kenosha eSchool to low income students and their families. It will also be marketed to homeschooled students and at-risk students. The eSchool will collaborate with the Director of Title I and the Minority Academic Affairs Specialist regarding enrollment and awareness. Personal contacts will be made with the KUSD, community, and home-site guidance counselors to be sure that they are familiar with the Kenosha eSchool options. The Minority Academic Affairs Specialist will be consulted regarding minority enrollments and awareness.

Enrollment is open to all students in grades 9-12 throughout the District, **and students in grades 6-8 when the necessary resources are established (staff, curriculum, etc.)**. No student will be denied admission to the eSchool based on race or ethnic heritage. The eSchool seeks a student community that reflects the greater KUSD area in racial/ethnic, and gender balance. That continues to be a guideline for placement procedures. To accomplish this, information regarding the school will be disseminated throughout the community through various mediums to all public schools and through community agencies. Enrollment information meetings will be publicized through the eSchool website, newspaper articles, cable television, and local community service agencies.

B. Target Population. Although the Kenosha eSchool opportunities will be available to any high school/ **middle school** student, particular efforts will be made to recruit students who are not currently being served or are being served on a minimal basis. The population could include, but not be limited to, any of the following categories:

- Students who are attracted to an online experience.
- Students who are voluntarily withdrawn, are on a long- term suspension, expulsion, or are seen as a safety risk to the traditional school site
- Students who feel uncomfortable or unsafe in a traditional setting due to school phobia, anxiety disorders, or other mental or emotional health issues
- Homebound students with extended medical issues
- Incarcerated students who will be confined for an extended period of time
- Transient students who may be residing in a group home or other residence particularly if they are entering the district at other than the beginning of a new semester
- Students in treatment programs for an extended period of time
- School age parents, married students, and self-supporting students

- Students who left school without completing their diploma requirements, but are within 6 credits of graduation
- Students with extraordinary needs for acceleration or remediation
- Homeschooled students
- Economically disadvantaged students
- Students whose personal or family activities preclude traditional daily attendance such as temporary job relocations, involvement in professional level athletics, or other endeavors
- Students not on target to graduate with her/his cohort group

11. Requirements for Admission to the eSchool.

Students must be Kenosha Unified School District students, reside in the Kenosha Unified School District, or have completed an Open Enrollment application within the state window of opportunity and received KUSD approval. Students must complete the application process and Orientation, which include a self-evaluation of the initiative, motivation, and self-discipline needed to have a reasonable expectation for success in this ~~online virtual~~ environment. Students are required to identify, on their enrollment form, a learning coach/mentor who will be the liaison between the students and the teacher in the monitoring process and an essential part of the communication process. The mentor/coach should be someone that has influence with the students and their learning. The students, parent/guardian, and the learning coach/mentor (if other than the parent) would ~~attend~~ **participate in** a mandatory orientation session held to ensure that the students' goals fit with the opportunities available at that time in the eSchool. At this time the processes, procedures, and expectations for all parties will be explained and discussed.

A. Discontinuance of Student Enrollment. Attendance at the Kenosha eSchool is based on student and parent choice. Non-compliance with KUSD policies, participation, and Code of Conduct will serve as a basis for consideration of transfer from the charter school.

12. Financial Arrangements.

A. Tuition. The Kenosha eSchool will not charge any tuition. The school will collect activity and other fees of the type and amount charged to other KUSD students in other District schools following the District Student Fee Schedule. The Kenosha eSchool will collect and expend student fees at the building level for the purpose of defraying the costs of some instructional materials.

B. Budgeted Items. The cost of all salaries, benefits, rents, utilities, supplies, equipment, and similar items shall be detailed and included in the approved budget of the school. The Kenosha eSchool budgeting practices will adhere to District and State requirements for budget preparation and administration. The building Principal will approve all budget expenses.

A student cost per enrollment—to alleviate the need to purchase and develop our own Course Management System, will be shared at a pro-rated cost with the Wisconsin eSchool Network, **Inc.**, to provide this system to our students. This will be a shared expense with the Network based on the eSchool course enrollments.

C. Financial Records. All operational and personnel funds will flow through the District. The Kenosha eSchool will follow the same financial policies and practices required by the District for

all other District schools. A record for all transactions will, therefore, be available as financial records of the district. Financial records, including an activity account, will be maintained at the Kenosha eSchool and will be available for review. All of the financial and programmatic operations of the Kenosha eSchool will be available for review by District staff or any outside auditor employed by the District.

D. Payment by KUSD. For each full-time student enrolled at the eSchool on the official third Friday in September membership count, KUSD will credit Kenosha eSchool with eighty (80%) percent of the per membership cost determined by the State for the applicable school year (“Direct Cost Budget”).

Part-time students will be calculated on a course equivalent basis as the year progresses (FT/4/4). The eSchool will work in partnership with the Finance Department on an equitable distribution for potential increases in enrollment throughout the school year. The remaining twenty (20%) percent of the per member cost will be allocated directly to KUSD as reimbursement for administrative or other services furnished to the Kenosha eSchool. KUSD will pay the offset against the Direct Cost Budget, all teacher and staff salaries and benefits, rents, equipment and supplies, and other miscellaneous direct expenses of the Kenosha eSchool. Expenses other than established salaries, benefits, and rent shall be paid only upon written requisition to KUSD by the Kenosha eSchool. Any other funds raised by Kenosha eSchool from outside sources shall be delivered to and maintained by KUSD in a separate account subject to sole discretion of the Kenosha eSchool (“Discretionary Account”) following established District policies. Unspent discretionary funds can be carried over from one year to the next. Any saved monies will be designated for approved costs related to any short/ long term plans. The annual amount of the Direct Cost Budget shall be periodically allocated by KUSD for use by the Kenosha eSchool in the operation of the school as follows:

- (1) Twenty-five (25%) percent on the first day of July preceding the school year.
- (2) An additional fifty (50%) percent on the first day of October during the school year.
- (3) The remaining twenty-five (25%) percent on the first day of January during the year.

The eSchool will be included in any federal or state programs on the same basis as other eligible district schools, based on the requirements and stipulations outlined by the applicable program.

E. Participation. When possible, KUSD MS/HS students may participate (part time enrollment) in eSchool. This arrangement will not interfere with any requests for full time enrollment with the eSchool program. Part time students will work with their managing counselor and the eSchool regarding appropriate course enrollments that follow district expectations and guidelines.

F. Offsets. KUSD may offset part or all of any amount in the Discretionary Accounts against any amounts by which the Kenosha eSchool exceeds the Direct Cost Budget in any school year and for which KUSD is liable. Notwithstanding the foregoing, the Kenosha eSchool is not authorized to expend or otherwise obligate the District for any amounts in excess of the Direct Cost Budget plus any amounts in the Discretionary Accounts.

G. Purchasing. All supplies and equipment of the Kenosha eSchool shall be requisitioned and purchased following standard financial procedures and District policy. This would include the periodic audit of the school capital assets in conformance with District policy.

H. Student Records. Copies of standardized testing results and all records required by Board policy or law will be maintained in the Kenosha eSchool office. Administrative and student records will be maintained and available for review as permitted by Board policy and law.

I. Transportation. Pursuant to Wisconsin Statutes, transportation shall be provided for children with exceptional education needs, regardless of distance, if such request (or such transportation) is approved by district authorities. Approval shall be based on whether or not the child can walk to school with safety and comfort. Students designated as economically disadvantaged will be able to participate in established KUSD transportation support. Any transportation costs will be the responsibility of the Kenosha eSchool.

J. KUSD Services. As part of the District's twenty percent (20 %) portion of the per member cost, KUSD will provide agreed upon services in addition to purchasing and other services described in this contract. These may include, at the District's discretion, services such as inclusion in district wide textbook and software adoption, professional development, federal and district breakfast/ lunch program, facilities services, maintenance and repairs, instructional consultation and inclusion in applicable federal or state programs.

When students are using district facilities or district equipment such as a computer, the appropriate staff at that facility or the district IT staff will provide these support services. The budget should include payment of the appropriate staff at the facility. When working at home, the family will be responsible for these issues. As mandated, Kenosha eSchool teachers would be legally bound to report suspected abuse or neglect for any students. Equipment will need to be in compliance with the requirements of the programs. KUSD will also furnish a nurse and nursing services based on full time student enrollment and available nursing services.

13. Disciplining Pupils.

A. Behavior Policies. All KUSD student behavior policies and Code of Conduct will be followed. In addition, other rules and regulations may be developed. All students and their families will receive a copy of any rules and regulations.

B. Discipline Procedures. Due process procedures will be followed in reaching any discipline decision including removal from the Kenosha eSchool. All existing KUSD policies regarding student discipline will be followed. Discipline in an eSchool setting would be much different than in a traditional school. Discipline issues and concerns are likely to center on appropriate use of emails and other forms of communication. If students have not completed any work in a week without prior arrangements with the instructor, a communication would be sent to the parent to discuss the situation.

C. Resolution of Issues. Issues and concerns involving students, parent/guardians, and staff will be resolved following the same basic procedures as other staff in the district. The parties involved would first seek to resolve the issues amongst themselves. If this does not resolve the issues/concerns, they would be taken to the administrator of record and/or the Governance Board. If resolution is still not found, the issues/concerns can be referred to the KUSD administration and/or Board of Education (Appendix A).

14. School Alternatives.

No student shall be compelled to attend the Kenosha eSchool. Students who are not enrolled with the Kenosha eSchool will attend their regular attendance area high school, or another choice school.

15. School Facilities.

A. Description of School Facility. Students will primarily be working from their home so numerous classrooms will not be necessary. Some of the students may also work in KUSD areas with administrative approval from the respective buildings. The facility used to house the eSchool **until at least August 2013** ~~for at least the first three (3) years of this contract~~ will be 6121 Green Bay Rd. Suite #100 Kenosha, WI, 53142. This facility ~~has~~ is an office space with 5 closed offices, a meeting room, computer lab, storage, and reception area.

B. Liability of Insurance. Liability insurance coverage for the Kenosha eSchool is provided by the District and is the same as that which is provided for all District schools.

16. Effect on the Liability of the School District.

The Kenosha eSchool will adhere to all federal, state, and local laws and regulations and to the Board's insurance and risk management requirements. The Kenosha eSchool and the Governing Board will comply with the KUSD Code of Ethics. When students, staff, and parents are using district facilities they are covered by KUSD policies. When working from their home, their personal insurance and liability will apply. The eSchool is a named entity of the District's present liability insurance. The instructional staff working from her/his home or off campus site are covered by the District's liability insurance but not for liability of the condition of her/his individual work place.

17. Termination of Contract.

The Kenosha eSchool charter contract may be terminated by the Board of Education at any time upon the happening of any of the following circumstances:

A. Mutual Agreement. Both parties agree in writing to termination.

B. Contract Violation. The Board determines that the Kenosha eSchool has violated this contract.

C. Educational Goals. The Board determines that students enrolled in the Kenosha eSchool have failed to make sufficient progress toward attaining the educational goals under Wisconsin Statute 118.01. If an extension of time to attain such goals is requested in writing, such request shall include a written plan, acceptable to the District, setting out the additional steps the Kenosha eSchool will take to attain such educational goals within a reasonable time. The determination of the Board as to the acceptability of the Kenosha eSchool's written plan for attaining its educational goals shall be final. If the Board accepts such written plan, or a modified plan, the Kenosha eSchool shall be allowed a reasonable time in which to correct such progress deficiencies.

D. Fiscal Management. The Board determines that the Kenosha eSchool has failed to comply with generally accepted accounting standards of fiscal management and Board policy.

E. Violation of WI Stat. 118.40. The Board determines that the Kenosha eSchool has otherwise violated Wisconsin Statute 118.40.

F. Insolvency. The Board determines that the Kenosha eSchool's revenues are insufficient to pay its expenses as they come due.

G. Sponsors. The Governance Board for the Kenosha eSchool notifies the Board that it desires to terminate this contract at the end of any school year. In the event of termination of this contract, written notice by certified or registered mail, return receipt requested, shall be provided and shall list the reason(s) for termination and the effective date of the termination.

In the event of contract termination, the Board of Education shall recover all funds advanced to the Kenosha eSchool under the contract to which the Kenosha eSchool is not entitled. The decision of the Board shall be final.

Refinancing of Taxable G.O. Refunding Bonds, Series 2002B

Administration seeks to refinance the Taxable G.O. Refunding Bonds, Series 2002B to take advantage of lower interest rates. The original 2002 Bonds were issued to refinance the District's Unfunded Pension Liability with the Wisconsin Retirement System. The original issue amount was \$16,710,000. The potential refinancing would refinance the callable maturities (eligible for prepayment – 2014 through 2018).

The 2011 refinancing would fund an escrow account (invested in U.S. Government Securities), which is an irrevocable trust set up for the purpose of paying off the 2002 bonds at the call date. The escrow account also disburses funds to pay interest on the callable maturities until the call date.

With today's low interest rates, refinancing the District's Taxable G.O. Refunding Bonds, Series 2002B could result in significant debt service savings. Based on a preliminary analysis provided by PMA, the District could reduce the debt service costs by approximately \$65,000 per year in 2013-2018 (net of estimated costs of issuance). This is Fund 38 debt; therefore, any debt service savings would provide additional dollars for operations.

The call date for the 2002 Bonds is April 1, 2013. The 2011 refinancing would be categorized as an advance refunding, which is a refinancing that is done more than 90 days before the call date. The 2011 refinancing would fund an escrow account (invested in U.S. Government Securities), which is an irrevocable trust set up for the purpose of paying off the 2002 bonds at the call date. The escrow account also disburses funds to pay interest on the callable maturities until the call date. The District can lock-in rates on the refinancing as early as the October Board meeting

Administrative Recommendation

At its September 13, 2011 meeting, the Audit/Budget/Finance Committee voted to forward the refinancing of the taxable G.O. Refunding Bonds to the full Board for consideration. Administration requests that the Board of Education approve the refinancing of the taxable G.O. Refunding Bonds, Series 2002B to take advantage of lower interest rates, saving the district approximately \$65,000 per year. Please see attached PMA schedule for more detail.
