

Mission: *Provide excellent, challenging learning opportunities and experiences that prepare each student for success.*

Vision: *To be Wisconsin's top performing urban school district that is highly regarded for continuously exceeding all expectations.*

Strategic Direction: Enhance the leadership and expertise of all staff through professional learning and collaboration.

Operational Statement: Improving the quality of all KUSD staff's ability to inspire and guide others towards a common goal. Teamwork, reaching shared goals, and collective results will result in extensive knowledge and skills, increasing knowledge and effectiveness in all district work.

Project Professional Learning Strategic Project Team Meeting
Date Thursday, May 19, 2016
Time 4:30 PM – 6:00 PM

MEETING MINUTES

Decisions Made

1. The team identified its ability to edit and provide feedback as strengths; individuals reported that generating the initiatives was a struggle. As a result, J. Weitzer and B. Kestelman were directed to take the work of the group and provide a draft for individual members to react to prior to the next meeting.
2. In all likelihood, this group will complete the deliverables, but will not have time to utilize a reactor team.

Action Items:

Description	Responsible	Due By
1. J. Weitzer will take the work of the group and offer a draft for reaction.	Joe	23May16
2. As much of the work was done through conversation, there would be no notes generated. A scorecard will be provided along with minutes.	Joe	23May16
3.		

Project Phase = Defining initiatives; aligning to objectives

Overall Project Status = Red = Concern (behind schedule) Yellow = At Risk (might fall behind schedule) Green = On Track
