

## KUSD Mobile Device Liability Notice for Parents/Guardians

Dear KUSD Parent/Guardian,

Starting in 2020-21, Kenosha Unified implemented a dedicated 1:1 technology program for students. Assigned devices are to be used for educational purposes only, and further expectations can be found in Policy 6633 - Student Technology Acceptable Use Policy. <http://kUSD.edu/techuse> and in the KUSD 1:1 Handbook <http://kUSD.edu/tech>.

1. Students are expected to have their device fully charged when bringing it to school each day.
2. Students are not allowed to modify their account rights or add an account to obtain additional access to their device.
3. Students are not allowed to modify the configuration of the hardware and software on their device.
4. Students must use their device solely for educational purposes, and their device is for their use only. KUSD will review reports of installed filtering/monitoring software to determine usage.
5. Students/parents must keep the KUSD username and password confidential.
6. Students must return the device undamaged and in working condition when requested.

A Chromebook device guide sheet on proper care and connection to non-KUSD Wi-Fi networks has been made available to you. Should the device be returned to the District in inoperable condition and/or damaged beyond normal use, the student and parent/guardian are responsible for the cost of repair or its fair market replacement value. If the device is lost or stolen, replacement expenses at the fair market value on the date of loss will be the responsibility of the student and parent/guardian. Depending on the model, the fair market replacement cost for a Chromebook will be between \$216 and \$275. For those students with an assigned device other than a Chromebook, the fair market replacement value will be between \$550 and \$725.

Failure to return the device to the District when requested may result in the District taking legal action for the return of its property. Should the District have to initiate any such proceedings, the parent/guardian and student will be responsible for the fees incurred by the District in obtaining the return of its property.

You may contact your building administrator with any questions. Technical questions can be directed to (262) 359-7711.
