

Jeffery Elementary School

Annual Title 1 Meeting

May 14, 2019

What is Title 1?

- Title I is a federal grant program designed to give educational assistance to students living in areas of high poverty.
- The Title I program originated in 1965 when Congress passed the Elementary and Secondary Education Act, and was reauthorized in 2001 with the passage of the No Child Left Behind Act.
- Title I is one of the oldest and largest federal programs supporting elementary and secondary education in existence, and over 90% of the school systems in the United States receive some sort of Title I funding.
- The Title I program provides financial assistance through State educational agencies (SEAs) to local educational agencies (LEAs) and public schools with high numbers or percentages of economically disadvantaged children to help ensure that all children meet challenging State academic content and student academic achievement standards.
