

Dear Incoming eSchool 9th Graders,

We welcome you to your first year of high school with Kenosha eSchool! As a 9th grader with us, you will be enrolled in our Freshman Seminar course. This will count as .5 elective credits towards graduation and will better prepare you for learning online and all that comes with successfully navigating high school. Most of your eSchool courses are entirely asynchronous. This means you are able to work on them at the time that works best for you. **Freshman Seminar does have a required synchronous once-a-week meeting** so that eSchool can best support you in your transition. This means you will be meeting live at the same time each week on Zoom with your teacher. Attendance will be taken weekly and students will be marked absent as noted in the eSchool Attendance Policy. Please review the details below.

Freshman Seminar Outline

Course Details	.5 elective credit 1-semester (2 quarters) Weekly synchronous sessions on Zoom every Tuesday 9:30 - 10:15 AM No prerequisite required
Course Description	Freshman seminar is designed to better prepare eSchool students for learning online in high school and address possible challenges. Students will learn about key tools and skills necessary to advocate for themselves and find success in this type of learning environment. They will also learn about themselves and their future as it pertains to post-secondary education and careers.
Course Objectives	Students will be able to: C1. Demonstrate knowledge of eSchool's expected behaviors. C2. Demonstrate familiarity with study skills for success in all content areas. C3. Demonstrate understanding of effective elements of academic and career planning. C4. Demonstrate awareness of real-world skills.
