

# MONTHLY ROAR

## November 2023

### From the Principal's Desk- Mrs. Whitford

Hello Grant families!

It was wonderful to see all of our Grant families at conferences recently, as well as our District-Wide Pumpkin Science Night and OPT movie night!

KUSD participates in Positive Behavioral and Intervention Supports focusing on improving school safety, promoting positive behavior, and focusing on prevention rather than punishment. We are progressing toward our all-school PBIS ticket goal of 1000 blue tickets. We are almost there!

As we move into the month of November, we are starting to think about all of the reasons we have to be thankful. We are so appreciative at Grant to be part of such a wonderful community including our students, parents, staff, community partners and neighbors.

Thank you for all you do in our students' lives.

Wishing your family a warm, safe, and healthy Thanksgiving recess.

### All-School Reminders

- We've seen our first snowflakes! Please be sure to send your students with hats, gloves, snow pants and boots.
- The school day starts at 8:10 am. Students who are tardy are required to stop by the office for a pass.
- If you know your student will be tardy, please call the office no later than 8:30 am to order a hot lunch. Cold pack lunches are required if the office is not notified.

### Student Shout-Outs

Our school-wide goal is 1000 tickets to earn an all-school PAJAMA day! We are currently at 997 tickets!

Congratulations to the following classes on meeting their ticket goals:

Mrs. Caya's class- movie time

Mrs. Dickinson's class- McDonalds lunch

### Save the Dates

**Nov 1:** Girls Intramurals start, contact [hjones@kUSD.edu](mailto:hjones@kUSD.edu) for more info

**Nov 2:** Boys Intramurals start, contact [hjones@kUSD.edu](mailto:hjones@kUSD.edu) for more info

### School -> Home Connection

Learning about measurement comes into play at different times and grades for our elementary students. One way to teach about measurement and fractions is through cooking and baking. Take some time to bake a cake or cook a meal together. The planning steps before either activity is also a great time of learning. Making the list of all the required ingredients, shopping together with the sales flier and planning how much you need to purchase depending on how many people will be enjoying your delicious feast are all learning opportunities for your child. How fun it will be to do this together and the seeing the pride in his or her face when they see the meal you completed together. You never know, you may have the next Gordon Ramsey!

Bon Appetit!
