Attendance Matters - A Shared Responsibility

Truancy - means any absence of part or all of one or more school days during which the school attendance officer, principal or teacher has not been notified of the legal cause of such absence by the parent/guardian of the absent student.

If the parent/guardian does not notify the school during the morning on a day when his/her student is absent, it shall be assumed that the student is truant.

Such truancy may be reclassified as an excused absence following investigation of the circumstances. The notice shall be given before the end of the second school day after receiving a report of an unexcused absence. The notice may be made by personal contact, email or telephone call.

Frequent absences may result in the school requiring a doctor's excuse; failure to provide appropriate medical excuse will result in the absence being considered truant. Students who are found to be truant will be permitted to make up school work and receive full credit.
