School Updates!

The admin team has been working on a few items and we wanted to share some updates.

PARENT/TEACHER CONFERENCES: Wed & Thur, 10/16 & 10/17, 12:30 – 7:00. Please enter door 1. Student dismissal at 11:40 and no school for our 4K students these days.

Elementary families, please be on the look for your Bloomz notification sent earlier today regarding scheduling your conference times. Middle School families, your conferences will be first come, first serve, during the hours above, excluding staff dinner hour from 4:40–5:15. Should any family need an interpreter for their conferences, please contact your homeroom teacher.

Our Scholastic BookFair will be taking place during conferences.

LUNCH/RECESS: We are looking into new options for our recess/lunch schedule for all students. We're discussing adding another lunch block to help ease the congestion of our 7th & 8th grade lunch. We're also looking into flipping our lunch and recess schedule to ensure more time for our little ones to eat their lunch.

DISMISSAL: We want to improve our arrival and dismissal for car riders. We are in the process of installing a number system for our students, involving signage for our drivers and a new designated space for car pick up and drop off. We expect this to involve changing beginning and end of day plans for K4 to create continuous traffic. Please understand that we expect to make adjustments throughout the year and will communicate in advance as we make changes. Thank you to everyone for your feedback and grace you've given us as we navigate this.

Field Trips:

As we continue to gear-up for the year, a fun part of this includes taking students on field trips. While field trips will “run” the same as last year, we did want to share one change. In previous years, field trip fees were listed with the annual school fees. This year, we have decided to unbundle these costs and you will be asked to pay for the field trip when the permission slip is sent to families. You will pay the field trips fees via Infinite Campus. And a reminder, effective with this school year, KUSD is requiring all parents, volunteers, and/or chaperones to complete a background check **yearly**. Even if you are unsure you will chaperone or volunteer, we ask that you **submit this form** as soon as possible to ensure when you are ready to chaperone or volunteer!

KTEC PTSC
