

## **MOOSE YOUTH AWARENESS PROGRAM**

### **ATTENTION: HIGH SCHOOL STUDENTS**

Your challenge....should you choose to accept it.....is to keep younger children on the right track toward living a healthy and wise lifestyle. It is hard to believe that 4 - 9 year olds could be involved in drugs, alcohol, gangs, or other adverse elements in your community. It **CAN** happen, and it **DOES** happen. The Moose Youth Awareness Program is for Freshmen, Sophomores, Juniors and Seniors that show leadership skills and want to become involved in their communities. Plan now to attend a Moose Youth Awareness Student Congress in your area to become involved in this important program.

The objective of the Student Congress is to help students to design, share ideas and solutions in developing and preparing presentations we call **KIDS TALKS**. These presentations are taken into elementary schools, pre-schools or other organizations that teach 4-9 year olds. We target this age group to hopefully plant positive seeds on topics of self-esteem, alcohol and tobacco abuse, violence, and respect for each other. If you become knowledgeable and involved in our program, **YOU** will be a part of helping our future generation make wise choices for their lives.

There will be no expense to you or your family. The Moose Lodges and Women of the Moose Chapters in your area represent the students who attend the Student Congress by paying the registration fee, providing transportation, locating groups to make presentations, and helping with supplies to do interesting and informative **KIDS TALKS**.

After the Student Congress, we ask that you do a minimum of three (3) **KIDS TALKS** before February 29, 2019. You will be asked to complete a **KIDS TALKS** form after each presentation. These reports are then used to judge the students from Wisconsin/Michigan who will attend the International Student Congress in April 25- April 29, 2019 in Philadelphia, Pennsylvania. There will be five scholarships awarded at the International Student Congress - **\$12,000, \$8,000, \$5,000, \$3,000 and \$2,000. Wisconsin Moose Association Youth Awareness Program will offer scholarships for the top two as well as runners up based on program participation.**

### **STUDENT CONGRESS DATES/LOCATION**

**We will be contacting you to schedule a 1 hour meeting to go over the program**

The Youth Awareness program is not for kids who have issues with drug and alcohol abuse. This is a program for high school students who can combine academic skills and leadership qualities to target 4 - 9 year-olds with positive messages through KidsTalks. Previous presentations have been given on a variety of topics, such as but not limited to:

Bullying	Washing Hands/Hygiene
Internet Safety	"Stranger Danger"
Drug/Alcohol Abuse	Stay in School
Manners Smoking	Nutrition Dental
Fire Safety	Health
Peer Pressure

THEY ARE THE FUTURE

Can teenagers persuade younger children to make positive choices in life? **"YES!"** say the teens and adults who work together in the **MOOSE YOUTH AWARENESS PROGRAM**. For the past 30 years, we have organized high school students into a highly effective speakers' bureau with the goal of educating preschool and elementary school-aged children on a variety of topics, including drug and alcohol abuse, child abuse, "stranger danger", bullying and peer pressure, and healthy habits and nutrition.

More than 1,000 energetic teens gathered last year at State and Provincial Moose Association Youth Awareness Congresses throughout the United States and Canada. They listened to guest speakers, exchanged ideas and used their creativity to help themselves and others to deal with adverse elements in their own communities. Several students drew from their own personal experiences in determining how they could assist in preventing future tragedies. Some of the students that attended these State/Provincial Congresses were already leaders in school or community youth programs; others became leaders as a result of the knowledge and experience they gained because they attended.

At Association Youth Awareness Congresses, participants focus on creating **Moose Kidstalks**, which are presentations to be given to 4 to 9 year-old children in their communities. Adults may provide information and inspiration, but the ideas for the students' Kidstalks are all their own. They develop ways to empower children to make healthy choices or to resist danger, and they go home determined to put them into practice.

The best part of Moose Kidstalks is the lengths to which the teenagers will extend their creativity. Some use costumes and take on alternate personas; others use props, pictures, puppets or coloring books; still others use skits or games to add audience participation to their presentations. As their experience as a presenter grows, so too does their ability to keep the children engaged.

Each student's sponsoring Moose Lodge and/or Women of the Moose Chapter are asked to assist participants in making arrangements to present Moose Kidstalks to groups of young children in the community.

THEY ARE THE FUTURE

Each year, local Moose Lodge representatives ask high school officials across North America to recommend two high school students to State/Provincial Association Youth Awareness Congresses, which are held in October and November each year.

Students are selected based on academic achievement and leadership qualities. Those who attend an Association Youth Awareness Congress are asked to create a Moose Kidstalks presentation by selecting a topic and developing a presentation around that topic. They are then asked to find opportunities, with the assistance of their sponsoring Moose Lodges and/or Women of the Moose Chapters, to speak to groups of 4 to 9 year-old children. There are numerous sources for potential audiences: scouting units, elementary schools, day care centers, Sunday School classes, Boys' and Girls' Clubs and YMCA youth programs just to name a few. Each student is asked to present a minimum of three (3) Moose Kidstalks between the end of the Association Youth Awareness Congress and February 29, 2019. They are also asked to complete written reports on their presentations and submit them to their respective Association Youth Awareness Coordinator.

In early May each year, approximately 60 students, who attended Association Youth Awareness Congresses and completed the minimum of three (3) Moose Kidstalks presentations, are selected by their peers to attend the International Youth Awareness Congress. The 2018 International Youth Awareness Congress will be held in Philadelphia, Pennsylvania from April 25-April 29. At the conclusion of the International Congress, five students will be selected by the attendees to receive scholarships. The awards

- 1<sup>st</sup> Place – \$12,000
- 2<sup>nd</sup> Place – \$8,000
- 3<sup>rd</sup> Place – \$5,000
- 4<sup>th</sup> Place – \$3,000
- 5<sup>th</sup> Place – \$2,000

International Youth Awareness Congress Scholarships are funded by the Moose Legion - The Degree of Service

THE FUTURE IS NOW

The Moose Youth Awareness Program has a bright future. Through Moose Kidstalks presentations, our participants can educate the youth of their communities to make wise decisions and to avoid adverse situations. They can also motivate and inspire. In fact, the voices of those students that have attended Association and International Youth Awareness Congresses during the last 30 years have reached an audience of more than 820,000.

Our Lodges, Chapters, Moose Legions and State/Provincial Moose Associations also support many other outstanding programs that benefit children. Our fraternal leaders are dedicated to this most worthwhile program that affects youth all over North America. The Moose Youth Awareness Program reaffirms our commitment to providing today for a better tomorrow.

The future rests in the hands, hearts and minds of our children. Without a doubt, members of the Loyal Order of Moose and the Women of the Moose will continue to provide assistance to make our communities better place for families to live and for children to grow.
