Promethean Board Update

Dr. Sue Savaglio-Jarvis, Assistant Superintendent of Teaching and Learning, indicated that the Promethean Board Update was being presented per a request and was for information only. Mr. Finnemore, Director of Facilities, indicated that the use of the promethean boards has grown exponentially over the past couple of years. Currently, the District has over 700 boards with only five boards to be installed. He explained that an in-house installation process has been developed which has save the District over \$400,000. Dr. Savaglio-Jarvis indicated that Mrs. Ann Fredriksson, Coordinator of Instructional Technology & Library Media, and Mary Salani, Instructional Technology Teacher Consultant, were present via Skype to answer questions of the Committee.

Ms. Stevens requested cost information on the 150 promethean boards last winter.

Policy 6311 – Elementary School Classroom Utilization

Mr. Finnemore presented Policy/Rule 6311 - Elementary School Classroom Utilization and indicated that it is recommended that it be eliminated as it is outdated and does not reflect current practice. He noted that Policy/Rule 7200 – Facilities Planning defines and covers the

protocol for facilities planning. It was also noted that Policy 7200 was only included in the agenda as a reference and that the 7000 policy series was being brought to the Committee at a later date for revision.

Mr. Valeri moved to forward Policy/Rule 6311 – Elementary School Classroom Utilization to the full Board for a first reading on December 18, 2012 and a second reading on January 22, 2013 with the recommendation that the policy be eliminated. Mrs. Bothe seconded the motion. Unanimously approved.

SIMMONS FIELD LEASE TERMINATION

Background:

In the fall of 2005, KUSD was offered \$2,000,000 by the United Hospital System for Durkee Elementary School and related property. It was decided that a new school would be constructed to replace both Durkee and Lincoln Elementary Schools on the former American Brass site. A deal was negotiated between the District and the City of Kenosha that included the following:

- KUSD received approximately 6.36 acres of land at the Brass site for the construction of Brass Community School.
- KUSD took over responsibility (through a long-term lease) of Simmons Field.
- KUSD was responsible for the construction of 15th Avenue between 63rd and 65th Streets adjacent to Brass Community School.
- City received Lincoln Elementary School and associated property (which was later leased back to KUSD for the KTEC charter school).

This deal was approved by the School Board at their July 25, 2006 regular meeting, and the two entities began working on developing the various agreements associated with the deal. Four agreements were developed by KUSD and the City and were approved by the City Common Council on November 6, 2006 and by the School Board at a November 14, 2006 special meeting. The agreements were all based on a transfer of properties between KUSD and the City without the need for any financial considerations. One of the four agreements was the long-term lease of Simmons Athletic Field by KUSD.

The inclusion of Simmons Field in the overall deal was not something that was of primary interest to KUSD, but was something that the City had wanted to include. It was the intention of the School Board from the onset to sublease the operation and maintenance of Simmons Field to a non-profit organization(s) involved in promoting baseball in Kenosha. An agreement was developed to sublease Simmons Field to Kenosha Post No. 21 of the American Legion. The local post of the American Legion worked through a new organization named the Kenosha Simmons Baseball Organization (KSBO) to operate and maintain Simmons Field. The sublease was drafted to mirror the lease KUSD had with the City of Kenosha, and it was reviewed by the City of Kenosha Attorney's Office and approved by the City of Kenosha Parks Commission. The School Board approved the sublease at an April 3, 2007 special

meeting and the KSBO took over responsibility for the field and it has remained that way for the past five years.

Earlier this year, the City of Kenosha approached both KUSD and the KSBO to discuss the possibility of terminating the lease between the City and KUSD and the sublease between KUSD and Kenosha Post No. 21 of the American Legion. The purpose for the City's request was to allow for the City to enter into a lease of the field with an organization for the purpose of bringing a Northwoods League team to Kenosha. The arrangement with the Northwoods League will include a large capital investment by both the league and the City into Simmons Field and will still allow for KUSD use of the field for free based on a combination of our interest and field availability. The agreement with the Northwoods League has received widespread support from the local baseball community including KUSD.

Attached is the proposed Lease Termination Agreement developed by the City with input from KUSD and others. If approved by all parties, this agreement would terminate both the lease between the City and KUSD, but also the sublease between KUSD and Kenosha Post No. 21 of the American Legion. Similar to the original agreement and lease, the lease termination does not include any financial considerations between any of the parties.

Administration Recommendation:

Administration recommends that the Planning, Facilities, and Equipment Committee forward this report on to the School Board for their consideration.

RULE 1240
ACCESS TO PUBLIC RECORDS

A. Definition

“Record” means any material on which written, drawn, printed, spoken, visual or electromagnetic information is recorded or preserved, regardless of physical form or characteristics, which has been created or is being kept by an authority. “Record” includes, but is not limited to, handwritten, typed or printed pages, maps, charts, photographs, films, recordings, tapes (including computer tapes), and computer printouts and optical disks. “Record” does not include drafts, notes, preliminary computations and like materials prepared for the originator’s personal use or prepared by the originator in the name of a person for whom the originator is working; materials which are purely the personal property of the custodian and have no relation to his or her office; materials to which access is limited by copyright, patent or bequest; and published materials in the possession of an authority other than a public library which are available for sale, or which are available for inspection at a public library.

B. Legal Custodian(s) of Records

The Superintendent of Schools/designee is the legal custodian of all School District records. Persons in the following positions are designated as deputies to act as legal custodians of particular records:

1. The School Board Secretary for all official Board records and minutes.
2. The ~~Director of Finance~~ **Chief Financial Officer** for all records relating to business services.
3. The Executive Director of ~~Human Resources~~ **Business Services** for all records relating to personnel services.
4. The ~~Executive Director of Curriculum and Instructional Services~~ **Assistant Superintendent of Teaching and Learning** for all records pertaining to curriculum and instruction.
5. The Director of Special Education **and Student Support** for all records relating to special education and student services.
6. The office of Student Support maintains records of former students.
7. The principal of each school under the direction of the Executive Directors of School Leadership ~~II/Coordinator of~~ **Director of Special Education and Student Support** for all student records and other records located in individual school buildings or centers of operation.

Upon request the Superintendent will provide information concerning the location of any District records not in the custody of any of the above named deputies.

C. Records Requests

1. Any person has a right to inspect a District record and to make or receive a copy of any record as provided in state law. Records specifically exempted from disclosure by state or federal law or authorized to be exempted from disclosure by state law are exempted from disclosure under these procedures. These records include, but are not necessarily limited to, student records, certain types of records of District employees and individuals holding local public office in the District, computer programs and data, contractor’s records, identities of certain applicants for public positions, and records or any portion of a record qualifying as a common law trade secret.

If a record contains information that may be made public and information that may not be made public, the authority having custody of the record shall provide the information that may be made public and delete or redact the information that may not be made public from the record before release.

2. A request to inspect or copy a record shall be made to the legal custodian of the records. The request shall be deemed sufficient if it reasonably describes the requested record or the information requested. However, a request for a record without a reasonable limitation as to subject matter or length of time represented by the record does not constitute a sufficient request. No request may be refused because the person making the request is unwilling to be identified or to state the purpose of the request. However, if security reasons or federal law so dictate, identification may be required. Mail requests, if approved, may require a fee prepayment.

RULE 1240
ACCESS TO PUBLIC RECORDS

Page 2

3. Each legal custodian, upon request for any record, shall, as soon as practicable and without delay, either fill the request or notify the requester of the denial of the request.
4. A request for a record may be denied as described in these procedures. A legal custodian may deny access to a record, in whole or in part, only if he/she determines that the harm to the public through disclosure of the record outweighs the public benefit of access to the record. The legal custodian is authorized and encouraged to consult with the District's legal counsel in making such determination.
 - a. Oral requests may be denied orally unless a demand for a written statement of the reasons denying the request is made by the requester within five business days of the oral denial.
 - b. If a written request is denied in whole or in part, the requester shall receive a written statement of the reasons for the denials. Written denials must include a statement informing the requester that the denial may be reviewed by a court by mandamus under state law, or upon application to the Attorney General or a District attorney.
 - c. Any custodian who denies access to a record shall report such denial to the Superintendent as soon as possible.
5. Records will be available for inspection and copying during all regular office hours.
6. A requester shall be permitted to use facilities comparable to those available to District employees to inspect, copy or abstract a record.
7. The legal custodian may require supervision of the requester during inspection or may impose other reasonable restrictions on the manner of access to an original record if the record is irreplaceable or easily damaged.
8. A requester shall be charged a fee for the cost of copying and locating records as follows:
 - a. The fee for photocopying shall be set from time to time by the Superintendent.
 - b. If the form of a written record does not permit copying, the actual and necessary cost of photographing and photographic processing shall be charged.
 - c. The actual full cost of providing a copy of other records not on printed form on paper, such as films, computer printouts and audio or videotapes shall be charged.
 - d. If mailing or shipping is necessary, the actual cost thereof shall also be charged.
 - e. There shall be no charge for locating a record unless the actual cost therefore exceeds \$50.00 in which case the actual cost shall be determined by the legal custodian and billed to the requester.
 - f. The legal custodian shall estimate the cost of all applicable fees and may require a cash deposit adequate to assure payment, if such estimate exceeds \$5.00.
 - g. Elected officials and employees of the District shall not be required to pay for public records they may reasonably require for the proper performance of their official duties.
 - h. The legal custodian may provide copies of a record without charge or at a reduced charge where he/she determines that waiver or reduction of the fee is in the public interest.

D. Records Retention

1. District records shall be kept for the period of time specified in the records retention schedule adopted by the Board. Records not covered in the District's records retention schedule shall be kept for a period of not less than seven years, unless a shorter period is fixed by the state public records board or otherwise provided.
 - a. Student records shall be retained as outlined in District procedures relating to the maintenance and confidentiality of student records.
 - b. Any taped recording of a meeting of a governmental body (i.e., School Board) may be destroyed no sooner than 90 days after the minutes have been approved and published if the purpose of the

RULE 1240
ACCESS TO PUBLIC RECORDS

- recording was to make minutes of the meeting.
2. Records that no longer serve a useful, business, educational or historical purpose shall be destroyed subject to limitations of applicable laws and the record retention schedule adopted by the Board. Prior to destruction of any records, the Kenosha County Historical Society/District Archives shall be notified at least 60 days in advance to determine if historical interest justifies preservation of such records. The Kenosha County Historical Society/District Archives may, upon application, waive this notice.
 3. No record may be destroyed at any time after the receipt of a request for inspection or copying of the record until after the request is granted or until at least 60 days after the date that the request is denied.
 4. The District may provide for the keeping and preservation of public records through the use of microfilm or another reproductive device, optical imaging or electronic formatting. Any photographic reproduction that meets applicable state law standards shall be deemed an original record for all purposes.

Policy and Rule 5260 –Open Enrollment - Full Time

Policy and Rule 5260 – Open Enrollment - Full Time addresses the state mandate of providing open enrollment opportunities to nonresident students. As the practice of open enrollment has grown over the past several years, especially in the area of virtual charter school enrollments, school districts have experienced cases of habitual truancy. State Statute 118.16 speaks to the school attendance enforcement and notification procedures for all students. Updated guidelines, as communicated from the Department of Public Instruction, declare that termination of open enrollment students due to habitual truancy must now be included in any district open enrollment policy. The definitions, notifications, and interventions that currently apply to resident students will now be consistent and apply to open enrolled students.

Administrative Recommendation:

Administration recommends that the Personnel/Policy Standing Committee forward the proposed revisions to Policy and Rule 5260 – Open Enrollment - Full Time to the Board of Education for approval as a first and second reading at the January 22, 2013 and February 26, 2013 regular school board meetings.

Dr. Michele Hancock
Superintendent of Schools

Kristopher Keckler
Executive Director of Information & Accountability

POLICY 5260
OPEN ENROLLMENT – FULL TIME

Nonresident Students Attending School in the District

A nonresident student residing within the State of Wisconsin may apply for full-time enrollment in a Kenosha Unified School District school under the public school open enrollment program in accordance with state law and established procedures. The District shall use the following criteria when accepting or rejecting a nonresident student's application for full-time enrollment:

1. The District shall consider the availability of space in the schools and classrooms within the District, student-teacher ratios including educational assistant ratios, and enrollment projections. Space availability decisions shall be made in accordance with District policies and procedures.
2. The District shall not enroll a student if that student was habitually truant from the nonresident school district during any semester of attendance at the nonresident district in the current or previous school year.
3. The District shall not enroll a student during the term of the student's expulsion from another school district. Further, the District shall not enroll a student who has been expelled from another district during the preceding two school years or has disciplinary proceedings pending for endangering the health, safety, or property of others, conveying or causing to be conveyed any threat made to destroy any school property by means of explosives, or possessing a dangerous weapon while at school or under the supervision of a school authority. If any of these disciplinary actions occur after initial acceptance of the student and prior to the beginning of the school year in which the student first enrolls in the Kenosha Unified School District, the student's enrollment shall be denied.
4. A student with special education needs will be considered for enrollment only if the special education program or services described in the student's individual educational program (IEP) are currently available in the District and there is space available in the required program. When determining space availability, consideration shall be given to class size limits, teacher-student ratios and enrollment projections. If a nonresident student's IEP changes after the student begins attending school in the Kenosha Unified School District and the special education program or services required by the IEP are not available in the District or there is no space available in the special education program identified in the IEP, the District shall deny the student's continued enrollment in the District.
5. A student who has been screened for possible disability and need for special education by the student's resident district or who has been identified or reported as a student with a disability and need for special education, but not yet evaluated by an IEP Team in the resident district, shall be considered for enrollment only after the student's resident district completes the evaluation process. Upon completion of the IEP Team evaluation process, the District shall consider the open enrollment application as per item (4) above.

The Kenosha Unified School District shall give preference in accepting full-time open enrollment applications to nonresident students already attending school in the District and their siblings. If the District receives more nonresident student applications for a particular grade, program or school than there are available spaces, students will be accepted for enrollment on a random basis.

POLICY 5260
OPEN ENROLLMENT FULL TIME
Page 2

Once accepted for enrollment, the District shall assign the nonresident student to a school or program in accordance with District policies and procedures. The District shall give preference in attendance at a school, program, class or grade to resident students who live outside the school's attendance area.

No nonresident open enrollment student shall be required to reapply more than one time, except for:

All nonresident open enrollment students attending elementary school in the District shall be required to reapply for enrollment prior to admission to middle school.

All nonresident open enrollment students who come into the district on open enrollment at the middle school level will need to reapply for open enrollment at the high school level. ~~This requirement becomes effective in the year 2009 and beyond for applicants who wish to enroll in the fall of 2009.~~

Student transportation shall be the responsibility of the student's parent(s)/guardian(s) or the adult student except as otherwise required by law.

Nonresident open enrollment students attending a school or program in the District have all the rights and privileges of resident students and are subject to the same rules and regulations as resident students.

Nonresident open enrollment students may have their enrollment terminated due to habitual truancy. The definitions and notifications for open enrolled habitual truant students will be consistent with those of resident students (KUSD Policy 5310). The resident school district of open enrolled students will also receive these notifications.

Nonresident students that attend a school that does not offer WIAA athletics will be assigned, on a lottery basis, a WIAA-eligible school for sports, extra-curricular activities and fine arts.

Resident Students Attending School Outside the District

Except as otherwise provided, any student residing in the Kenosha Unified School District shall be allowed to attend public school in another district on a full-time basis if the student has filed the appropriate application with that school district and has been accepted for enrollment. The District shall deny a student's enrollment in another district only under the following conditions:

1. The District shall deny a student from attending school in another district, or continuing to attend school in another district, if the costs of special education services required in the student's IEP would place an undue financial burden on the District. The Kenosha Unified School District will provide an appropriate educational program to meet the student's needs in such cases.

The student's parent(s)/guardian(s) or the adult student shall be responsible for providing student transportation to and from the nonresident district.

A resident student attending school outside the district under open enrollment may not be allowed to take courses or participate in extra curricular activities in the resident district.

She indicated that the grant was originally approved in the Spring of 2011 but is being brought back for informational purposes as the grant is in the third phase. She noted the timeline of stages of the third phase which was included in the agenda.

Mrs. Ann Fredriksson, Coordinator of Instructional Technology & Library Media, and Ms. Mary Salani, Instructional Technology Teacher Consultant, were present via Skype and answered questions of the Committee.

Dr. Savaglio-Jarvis presented the Teacher Resource Guides contained in the agenda and explained that the guides were developed as a tool for teachers to illustrate and guide them to where the necessary Common Core information and/or documents can be located. She indicated that since a majority of the information and/or documents are located on the KUSD website or on My Big Campus, Ms. Sue Mirsky, Coordinator of Literacy; Mr. David Tuttle, Coordinator of Talent Development; and Mrs. Christine Pratt, Coordinator of Science and Mathematics; were present to demonstrate how to navigate to the noted resources on both sites. Ms. Stevens requested that a My Big Campus access training be added to a future agenda.

Dr. Savaglio-Jarvis indicated that the Special Education Update was being presented per a request and is informational only. Ms. Susan Valeri, Director of Special Education and Student Support, presented the District's mission, commonly referred to special education terms, the legal requirements pertaining to special education students, the number of special education students in the District, the placement of the students, and location of the self-contained programs. Ms. Stevens requested information pertaining to special education instruction costs versus regular education instruction costs.

Ms. Valeri presented the School Based Health Centers Update. She indicated that the health centers located at Brass, Curtis Strange, and the Caesar Chavez Learning Station are showing positive results. Visits to the centers have consisted of acute visits, immunizations, and/or well-child check-ups. The number of well-child check-ups at the Caesar Chavez Learning Station alone has increased by more than 30 percent compared to the number a year earlier, largely due to the services being offered on-site.

Future Agenda Items

As noted above, Ms. Stevens requested that 1) a My Big Campus access training be added to a future agenda and 2) information pertaining to special education instruction costs versus regular education instruction costs.

Revised Performance Standards (WKCE Cut Scores)

The Department of Public Instruction has established performance standards (cut scores) for the Wisconsin Knowledge and Concepts Exam (WKCE) reading and mathematics content areas to more closely align with national and international expectations of what is required to be college and career ready. The higher cut scores are comparable to the National Assessment of Educational Progress (NAEP) cut scores. The performance level descriptors that accompany the college and career ready cut scores have been revised to reflect the higher expectations required with these higher performance benchmarks. This revision is due in part to the higher accountability the state has accepted as part of the No Child Left Behind Waiver. The revised performance standards are incorporated in the new DPI developed School Report Cards.

These new WKCE cut scores and performance level descriptors will serve as a bridge to the more rigorous Smarter Balanced assessments, which will be introduced in the 2014-15 school year. Smarter Balanced is developing assessments aligned to the Common Core State Standards in English language arts and mathematics— academic standards that are designed to help prepare all students to graduate high school college and career ready.

	Performance Level Descriptors (New)	Performance Level Descriptors (Old)
Advanced	Students at this level demonstrate a comprehensive and in-depth understanding of rigorous subject matter and provide sophisticated solutions to complex problems.	Demonstrates in-depth understanding of academic knowledge and skills tested on WKCE at that grade level.
Proficient	Students at this level demonstrate a solid understanding of challenging subject matter and solve a wide variety of problems.	Demonstrates competency in the academic knowledge and skills tested on WKCE at that grade level.
Basic	Students at this level demonstrate partial mastery of prerequisite knowledge and skills that are fundamental for proficient work.	Demonstrates some academic knowledge and skills tested on WKCE at that grade level.
Minimal Performance	Students at this level demonstrate limited knowledge and skills in the subject matter and limited ability to apply knowledge and skills effectively.	Demonstrates very limited academic knowledge and skills tested on WKCE at that grade level.

The following charts show the old and revised WKCE cut scores by grade level for reading and mathematics.

Example: With the old cut scores, a 430 in Reading for Grade 3 was in the Proficient category. With the revised cut scores, a 430 in Reading for Grade 3 falls into the Minimal category. The same applies to mathematics. With the old cut scores, a 407 in Mathematics for Grade 3 was in the Proficient category. With the revised cut scores, a 407 in Mathematics in Grade 3 falls in the Basics Category. It must be noted that the individual student performance has not changed in these instances. Rather, higher expectations are now required to meet the benchmark for proficient and advanced.

These revised performance standards (cut scores) will have an effect on the percent of students scoring proficient and advanced on the Wisconsin state assessments. The following chart shows how these performance standards changed the percentages for Kenosha Unified in School Year 2011-12.

**Wisconsin Students Assessment System (WKCE and WAA Combined)
Percent of Student Scoring Proficient and Advanced (District FAY)
School Year 2011-12**

<u>Grade Level</u>	<u>Old Cut Scores</u>		<u>Revised Cut Scores</u>	
	<u>Reading</u>	<u>Math</u>	<u>Reading</u>	<u>Math</u>
Grade 3	74.9%	72.5%	29.1%	46.0%

Grade 8	81.8%	81.5%	31.4%	43.4%
Grade 10	69.0%	59.5%	33.4%	31.2%

Building administrators and district support staff will continue to communicate this revision to parents as the Individual Profile Reports, which incorporate these revised performance standards, are scheduled to be released in late February 2013.
