There were no views and/or comments by the public.

Board members made their responses/comments.

Mrs. Coleman gave the Superintendent’s Report in the absence of Dr. Savaglio-Jarvis.

The Board considered the following Consent-Approve items:

Consent-Approve item XI-A – Recommendations Concerning Appointments, Leaves of Absence, Retirements, and Resignations as contained in the agenda.

Consent-Approve item XI-C – Summary of Receipts, Wire Transfers, and Check Registers submitted by Ms. Heather Kraeuter, Accounting & Payroll Manager; Mr. Hamdan, Interim Chief Financial Officer; and Dr. Sue Savaglio-Jarvis, excerpts follow:

“It is recommended that the November 2014 cash receipt deposits totaling $249,747.56, and cash receipt wire transfers-in totaling $3,155,150.42, be approved.

Check numbers 515298 through 516369 totaling $13,954,224.61, and general operating wire transfers-out totaling $380,984.57, are recommended for approval as the payments made are within budgeted allocations for the respective programs and projects.

It is recommended that the November 2014 net payroll and benefit EFT batches totaling $12,650,158.19, and net payroll check batches totaling $5,927.85, be approved.”

Consent-Approve item XI-D – School Board Policy 1131 – Memorials and Dedications Within Schools submitted by Mr. Patrick Finnemore, Director of Facilities, and Dr. Savaglio-Jarvis, excerpts follow:

“At the August 12, 2014, Personnel/Policy Standing Committee meeting proposed revisions to Policy 1131 – Memorials/Dedications Within Schools were offered by school board member Kyle Flood. The committee voted to forward Policy 1131 to the school board for a first and second reading as proposed by Mr. Flood.

At the September 23, 2014, Regular School Board meeting, administration recommended that school board Policy 1131 - Memorials/Dedications Within Schools be referred back to the Personnel/Policy Standing Committee to allow administration the opportunity to review the policy and present any additional recommended revisions to the committee for consideration prior to being forwarded to the board for a first and second reading.

After reviewing the policy with Mr. Flood, the following changes are recommended to Policy and Rule 1131 - Memorials and Dedications Within Schools:

- Change the name from Memorials/Dedications to Memorials.
- Remove the term dedication plates. Recommend using the term plaques.
- Provide clarification that memorials are for the deceased.
- Recommend removing approval by the school board to be consistent with past practice which has been to seek approval from the superintendent.
- Eliminate rule “b” as it is not clear.
- Add language related to maintaining or relocating memorials in the event of a major building project.
At its November 11, 2014 meeting, the Personnel/Policy Standing Committee voted to forward Policy 1131 to the school board for a first and second reading.

The school board approved Policy and Rule 1311 as a first reading on November 25, 2014. Administration recommends that the school board approve Policy and Rule 1311 – Memorials Within Schools as a second reading on December 16, 2014.”

Consent-Approve item XI-E – School Board Policy 1950 – Relations With Wisconsin Interscholastic Athletics Association and School Board Policy 6770 – Interscholastic Athletics submitted by Mr. Steven Knecht, Coordinator of Athletics/Physical Education; Mrs. Julie Housaman, Interim Assistant Superintendent of Teaching and Learning; and Dr. Savaglio-Jarvis, excerpts follow:

“Policy 1950, Relations with Wisconsin Interscholastic Athletics Association, describes the relationship Kenosha Unified School District has with the Wisconsin Interscholastic Athletic Association. At the June 24, 2014, regular school board meeting, Kenosha Unified School District Board of Education voted to break ties with the Wisconsin Interscholastic Athletic Association at the middle school level. Therefore, middle school athletics needs to be stricken from the policy.

Policy 6770, Interscholastic Athletics, contains a set of rules titled “Guidelines for Interscholastic Athletics.” Rule 3 needs clarity as to who is eligible to compete on athletic teams in the Kenosha Unified School District. Adding the phrase “full-time Kenosha Unified School District” to this rule clarifies the interpretation of Rule 3 and illustrates that the privilege of participation in athletics shall be awarded to Kenosha Unified School District students.

On November 11, 2014 the joint Curriculum/Program and Personnel/Policy Standing Committees voted to forward Policies 1950 and 6770 to the school board for a first and second reading.

The school board approved Policies 1950 and 6770 as a first reading on November 25, 2014. Administration recommends that the school board approve Policy 1950 – Relations With Wisconsin Interscholastic Athletics Association and Policy 6770 – Interscholastic Athletics as a second reading on December 16, 2014.”

Ms. Stevens moved to approve the Consent Agenda as contained in the agenda. Mr. Bryan seconded the motion. Unanimously approved.

Mr. Robert Hofer, Purchasing Agent, presented the Report of Contracts in Aggregate of $25,000 submitted by Mr. Hofer; Mr. Hamdan; Mrs. Housaman, Dr. Ormseth, and Dr. Savaglio-Jarvis, excerpts follow:

“School Board Policy 3420 requires that “all contracts and renewals of contracts in aggregate of $25,000 in a fiscal year shall be approved by the School Board except in the event of an emergency as determined and reported to the School Board monthly by the Purchasing Agent.”
The contracts/agreements in aggregate of $25,000 that have been added to the Contract Management Database subsequent to November 25, 2014, with approval of the purchasing agent are shown in the database in coral color.

Palmer Foundation Grant Application

On November 17, 2014, The Palmer Foundation awarded LakeView Technical Academy a grant for $77,000 to be used for the purchase of an atomic scanning electron microscope (SEM). The timeline for the grant is 2014/2015 school year. The microscope will be used to visualize objects in the nanometer scale in Biology, Chemistry, Physics and Engineering. This microscope will support the STEM based curriculum at LakeView.

There is no match and the District is caused no financial obligations due to this grant award.

The Foundation may monitor and conduct an evaluation of operations under this grant, which may include a visit from Foundation Directors, or other personnel, to observe and discuss the program with our personnel, and review financial and other records and materials connected with the activities financed by this grant. At the completion of the grant period, an evaluation report will be submitted to the Foundation. If grant funds are not expended in full within 10 months, Kenosha Unified must request an extension from The Palmer Foundation.

Although SEM is non-perishable, the materials required to use it, and the cost of maintenance will be an ongoing cost. To address this issue, funding will be provided from the technology budget and Carl Perkins financial allocations.

The total project budget of $86,040 exceeds the grant amount by $9,040.00. The difference will be covered using funds from LakeView Technology Academy in the 2015/2016 budget.

Recommendation

At its January 13, 2015 meeting, the Audit/Budget/Finance Committee voted to forward this grant to the school board for consideration. Administration recommends that the school board accept the Palmer Foundation Grant in the amount of $77,000 for the purchase of an atomic scanning electron microscope to support the STEM based curriculum at LakeView Technology Academy.

POLICY 3810 – EMPLOYEE USE OF DISTRICT EQUIPMENT

Background:

Policy 3810 is being revised to prohibit employee use of district equipment for personal purposes inside or outside of the district. The current version of the policy allows for personal use provided the employee received prior approval from their immediate supervisor and department head or building administrator or from the superintendent of schools for items valued at over $1,000.

Since all district equipment is purchased in some manner with public monies, the personal use by employees is not appropriate. In addition, personal use of school district equipment by employees creates an unnecessary potential liability issue in regards to replacement of the equipment if damaged or any injuries that may arise due to the use of the equipment for non-district purposes.

This policy is also being revised to require only building principal or department head approval to use district equipment outside of district owned buildings for district job-related purposes. This more accurately reflects our current practices as superintendent approval is neither necessary nor practical in most cases.

This policy does not apply to technology-related equipment such as laptop computers or cell phones. Use of technology-related equipment is governed by Policy 3535, Technology Acceptable Use.

Administrative Recommendation:

At its January 13, 2015 meeting, the Personnel/Policy Committee voted to forward revised Policy and Rule 3810 to the school board for consideration. Administration recommends that the school board approve Policy and Rule 3810 – Employee Use of District Equipment as a first reading on January 27, 2015 and a second reading on February 24, 2015.

Dr. Sue Savaglio-Jarvis
Superintendent of Schools

Mr. Patrick M. Finnemore, P.E.
Director of Facilities
POLICY 3810
EMPLOYEE USE OF DISTRICT EQUIPMENT
(Other Than Technology Equipment)

Employees may use the district-owned buildings for job-related purposes related to KUSD job duties and tasks so long as they acquire the written prior approval of the Superintendent of Schools or designee their building principal or department head.

Employees are prohibited from using district equipment for personal purposes inside or outside of the district-owned buildings, unless written approval is obtained from the Superintendent or designee.

ADMINISTRATIVE REGULATIONS: 3811 Use of District-Owned Technology Equipment Off District Premises

APPROVED: March 26, 1991

REVISED: October 28, 2003
December 18, 2007
An employee wishing to use District equipment outside of the District schools must complete a "Request for Use of District Equipment" form and obtain the appropriate approval signatures from his/her immediate supervisor and the department head or building administrator. Use of equipment with a replacement value of $1,000 or more must have the written approval of the Superintendent of Schools/designee.

The "Request for Use of District Equipment" form shall provide assurance that the employee making the request for use of District equipment accepts full and unconditional responsibility for any equipment damage or loss and will reimburse the District within a reasonable time for the applicable repair/replacement cost.

SCHOOL BOARD POLICY AND RULE 3531.1—COPYRIGHTED MATERIALS

Background

The current Policy 3531.1—Copyrighted Materials—was last revised in 2007. With technology evolving in the educational world, some components of the policy have become outdated, and new verbiage needs to be included. Digital technology has changed the way teachers teach and students learn, and copyright law has become a top focus within digital citizenship. Efforts have begun to protect learning and works by identifying the role of copyright in the educational environment. District library media and instructional technology staff provide professional development and learning opportunities regarding copyright guidelines throughout the school year. Communications through social media and video broadcasting will be adhering to appropriate copyright practices as well.

A team of administrators, library media teachers, and instructional technology teachers met in summer 2014 to update Policy 3531.1 and the accompanying Rule 3531.1 (Appendix A).

Recommendation

At its January 13, 2015 meeting, the Personnel/Policy Committee voted to forward revised Policy and Rule 3531.1 to the school board for consideration. Administration recommends that the school board approve revised Policy and Rule 3531.1 - Copyrighted Materials as a first reading on January 27, 2015 and a second reading on February 24, 2015.

COPYRIGHTED MATERIALS

The District recognizes and respects intellectual property rights. Therefore, the District shall require all employees and students to comply with copyright laws.

Members of the learning community who choose to use copyrighted materials are individually responsible for making a good faith determination as to whether the use falls within the “fair use” exemption. When necessary, users shall obtain written permission of copyright owners for the use of their work.

Violation of this policy may result in disciplinary action. In addition, employees and students who violate copyright laws may will be held individually responsible for infringement and may be subject to civil penalties and/or criminal sanctions.

The district will not be responsible for any copyright infringement or other costs incurred by the responsible individual.

ADMINISTRATIVE REGULATIONS: None

AFFIRMED: November 22, 2005

REVISED: December 18, 2007

RULE 3531.1
COPYRIGHTED MATERIALS

1. The District is committed to complying with all laws pertaining to copyright. In addition to maintaining exclusive rights to creators of protected works, the federal Copyright Act also creates exceptions to those rights. “Fair use” and educational and library uses are permitted when specific criteria are met.

2. “Fair use”—Section 107 of the Copyright Act explains that the “Fair Use” of a copyrighted work is not an infringement of copyright. There are four factors involved in determining whether the use can be considered "fair use," and all four factors must be considered in order to determine the “fair use.”. The four factors are:

   A. The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes.

   B. The nature of the copyrighted work.

   C. The amount and substantiality of the portion used in relation to the copyrighted work as a whole.

   D. The effect of the use upon the potential market for or value of the work.

3. The district regards academic honesty as vital to the academic, social, and emotional development of all students. Academic honesty requires that all academic work is the legitimate, truthful effort, and product of the student. Plagiarism in any form is not permitted, which is taking someone else’s work (idea, image, writing, or multimedia) without giving credit to the source of the work.

4. Use of Copyrighted Materials in Distance Education Courses—The use of certain copyrighted materials in distance education courses, without permission by faculty and students, is permitted according to the Technology, Education and Copyright Harmonization (TEACH) Act (TEACH Act). It is not copyright infringement for faculty and students of accredited, nonprofit education institutions to transmit performances or display copyrighted works as part of a course if certain conditions are met. If these conditions are not or cannot be met, use of the material will have to qualify as a “fair use” or, permission from the copyright holder must be obtained.

5. Library Use of Copyrighted Materials—Under certain conditions, school libraries may reproduce copyrighted works. Photocopies made for library use are not to be used for any purpose other than private study, scholarship, or research.

6. Use of Peer-to-Peer File Sharing—The District expects all employees and students to use electronic communications and computer resources made available through the District in a responsible way and to comply with copyright laws relative to such use. Peer-to-peer file sharing is not allowed.

6. Computer Operating Systems and, software, and cloud computing services—These are copyright protected and are governed by individual software license agreements that define the conditions of use and restrict the number of copies that may be retained and/or used at a given time. All software loaded on an individual computer or file server must be in compliance with the license agreement. The use of cloud computing services and software on individual devices or servers
must be in compliance with the license agreements. The person responsible for assigned to the computer device is responsible to make certain that no unauthorized software is loaded on the equipment. device, and only authorized cloud computing services are used.

7. Educational Multimedia—“Fair use” guidelines apply to student- or teacher-created multimedia projects incorporating copyrighted works. “Fair use” ends when the multimedia project creator (educator or student) releases the project for general use, such as when others access it over the Internet or on a non-closed circuit distribution system. If broader dissemination occurs, the creator must then obtain permissions for all copyrighted portion and must include on the opening screen of the program that their presentation has been prepared under the “fair use” exemption of the U.S. Copyright Law and is restricted from further use.

8. Copyrighted material may not be hosted on any district website or used as an attachment or link without permission from the creator. Reproduction or use of copyrighted materials is acceptable either with the written permission of the copyright holder or within the bounds of the “fair use” guidelines provided in the copyright law.

9. Web Page Information—Web-based material is copyrighted just as print and audiovisual multimedia materials are, and “fair use” guidelines apply.
Policy 5260 – Open Enrollment - Full Time

Policy 5260 – Open Enrollment - Full Time addresses the state mandate of providing open enrollment opportunities to nonresident students. Currently, the Wisconsin Department of Public Instruction requires non-resident districts to designate regular and special education spaces at the January school board meeting. This timeline has the potential to affect the educational offerings and continued enrollment for students who begin the school year as a resident district student, but become a tuition waiver student due to a move outside of the resident district at some point during the school year. The parents/guardians may apply for a tuition waiver if the family moves outside of the district during a particular school year but would like to continue to attend the district. This rule prevents the district or parent from any tuition costs while the district retains enrollment recognition for state aid reporting purposes for that school year. Tuition waiver students have enrollment rights to remain enrolled for the current year. If the student wishes to continue to attend in future years, he/she must apply and be approved through open enrollment.

Students who become tuition waiver students prior to the open enrollment space allocation would receive preference for any board-approved spaces; however, this does not guarantee these students a designated open enrollment space. This recommended policy revision would guarantee an open enrollment approval for currently enrolled students, including any who may become tuition waiver students, and they submit a valid open enrollment application prior to the start of the upcoming school year. The Department of Public Instruction has revised its resources to allow for a local policy guarantee for currently enrolled/tuition waiver students, but the policy must be in place prior to the space allocation vote in January. Students who receive approval through this process will not impact the board approved open enrollment spaces for other applicants. This guarantee does not overrule the special education, habitually truant, or expulsion criteria that currently exist for denial reasons.

Administrative Recommendation:

At its January 13, 2015, meeting, the Personnel/Policy Committee voted to forward revised Policy 5260 to the school board for consideration. Subsequent to the committee meeting, some minor typographical and wording placement changes have been made to the revised policy presented tonight due to a review and recommendation from DPI. Administration recommends that the school board approve revised Policy 5260 – Open Enrollment - Full Time as a simultaneous first and second reading at the January 27, 2015, regular school board meeting.

Nonresident Students Attending School in the District

A nonresident student residing within the State of Wisconsin may apply for full-time enrollment in a Kenosha Unified School District school under the public school open enrollment program in accordance with state law and established procedures. The District shall use the following criteria when accepting or rejecting a nonresident student’s application for full-time enrollment:

1. The District shall consider the availability of space in the schools and classrooms within the District, student-teacher ratios including educational assistant ratios, and enrollment projections. Space availability decisions shall be made in accordance with District policies and procedures.

2. The District shall not enroll a student if that student was habitually truant during any semester of attendance from the nonresident school district during any semester of attendance at the nonresident district in the current or previous school year.

3. The District shall not enroll a student during the term of the student’s expulsion from another school district. Further, the District shall not enroll a student who has been expelled from another district during the preceding two school years or has disciplinary proceedings pending for endangering the health, safety, or property of others, conveying or causing to be conveyed any threat made to destroy any school property by means of explosives, or possessing a dangerous weapon while at school or under the supervision of a school authority. If any of these disciplinary actions occur after initial acceptance of the student and prior to the beginning of the school year in which the student first enrolls in the Kenosha Unified School District, the student’s enrollment shall be denied.

4. A student with special education needs will be considered for enrollment only if the special education program or services described in the student’s individual educational program (IEP) are currently available in the District and there is space available in the required program. When determining space availability, consideration shall be given to class size limits, teacher-student ratios and enrollment projections. If a nonresident student’s IEP changes after the student begins attending school in the Kenosha Unified School District and the special education program or services required by the IEP are not available in the District or there is no space available in the special education program identified in the IEP, the District shall deny the student’s continued enrollment in the District.

5. A student who has been screened for possible disability and need for special education by the student’s resident district or who has been identified or reported as a student with a disability and need for special education, but not yet evaluated by an IEP Team in the resident district, shall be considered for enrollment only after the student’s resident district completes the evaluation process. Upon completion of the IEP Team evaluation process, the District shall consider the open enrollment application as per item (4) above.

The Kenosha Unified School District shall give preference in accepting full-time open enrollment applications to the siblings of nonresident students already attending school in the District and their siblings. If the District receives more nonresident student applications for a particular grade, program or school than there are available spaces, students will be accepted for enrollment on a random basis.
Once accepted for enrollment, the District shall assign the nonresident student to a school or program in accordance with District policies and procedures. The District shall give preference in attendance at a school, program, class or grade to resident students who live outside the school’s attendance area.

Nonresident open enrollment students will not be required to reapply more than once, except they shall be required to reapply more than one time, except for:

- All nonresident open enrollment students attending elementary school in the District shall be required to reapply for enrollment prior to admission to middle school.
- All nonresident open enrollment students who come into the district on open enrollment at the middle school level will need to reapply for open enrollment at the high school level.

Student transportation shall be the responsibility of the student’s parent(s)/guardian(s) or the adult student except as otherwise required by law.

Nonresident open enrollment students attending a school or program in the District have all the rights and privileges of resident students and are subject to the same rules and regulations as resident students.

Nonresident open enrollment students may have their enrollment terminated due to habitual truancy. The definitions and notifications for open enrolled habitual truant students will be consistent with those of resident students (KUSD Policy 5310). The resident school district of open enrolled students will also receive these notifications.

Nonresident students that attend a school that does not offer WIAA athletics will be assigned, on a lottery basis, a WIAA-eligible school for sports, extra-curricular activities and fine arts.

The school board shall guarantee open enrollment approval to currently attending Kenosha Unified pupils who submit a completed open enrollment application. Currently attending pupils will not impact the open enrollment space allocations approved by the board.

Resident Students Attending School Outside of the District

Except as otherwise provided, any student residing in the Kenosha Unified School District shall be allowed to attend public school in another district on a full-time basis if the student has filed the appropriate application with that school district and has been accepted for enrollment. The District shall deny a student’s enrollment in another district only under the following conditions:

1. The District shall deny a student from attending school in another district, or continuing to attend school in another district, if the costs of special education services required in the student’s IEP would place an undue financial burden on the District. The Kenosha Unified School District will provide an appropriate educational program to meet the student’s needs in such cases.

The student’s parent(s)/guardian(s) or the adult student shall be responsible for providing student transportation to and from the nonresident district.

POLICY 5260
A resident student attending school outside the district under open enrollment may not be allowed to take courses or participate in extra curricular activities in the resident district.

FOUR-YEAR GRADUATION RATE – COHORT ANALYSIS
(School Year 2013-14 Graduation Class of 2014)

Executive Summary

Administration presented the first cohort analysis of graduation trends to the Kenosha Unified School Board beginning with School Year 1994-95. This cohort analysis is the nineteenth annual report to the Kenosha Unified School Board. It provides a “base cohort” illustrating the progress of students from their initial assignment as a ninth grader on the Official Third Friday Count Day in SY 2010-11 until the end of summer school four school years later in August 2014. Additionally, the graduation “base cohort” of the Class of 2013 was examined in terms of its progress during the year following its designated graduation year (fifth year) along with the Class of 2012 after two years (sixth year).

The cohort graduation rate presented in this report is slightly different than the rate published by the Wisconsin Department of Public Instruction (DPI). Beginning in 2009-10, DPI reported a 4-year cohort graduation rate which includes all students who have been assigned to a Wisconsin public school cohort and were last enrolled in KUSD during the 4-year time period, whether or not the student began in KUSD in their ninth grade year. Additionally, DPI’s graduation rate is a factor in two priority areas of the new Accountability School and District Report Card: Closing Gaps and On-Track and Postsecondary Readiness. For the school and district report cards, DPI provides data on the 4-year cohort and the 6-year cohort graduation rates. DPI’s WISEdash portal also includes a 5-year rate. This KUSD cohort report will align with the DPI model of presenting a 4-year, 5-year and 6-year graduation rate.

Beginning in SY 2010-11, new federal guidelines regarding student race and ethnicity were implemented. In the past, parents/guardians were required to categorize their child in one of the following ethnic groups: Asian, Black/African American, Hispanic, Native American, and White. The new guidelines apply a two-part question format, first whether or not the student is Hispanic/Latino and then selecting one or more of the following races: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. The students of the Class of 2014 will utilize the new race/ethnicity categories whereas previous cohort will use the former categories.

It should be noted that a few changes regarding high school completion were put in place during the recent past. In April 2012, the Kenosha Unified Rule 6456 Graduation Requirements was updated. Effective for the Class of 2013 was a change in the high school graduation credit requirement, which reduced the required number of credits from 26 to 23. The minimum credits for Social Studies, Math and Science were each reduced from 4 to 3 credits. Currently, Wisconsin High School Graduation Standards contain a minimum requirement of 3 credits for
Social Studies, 2 credits each for Math and Science, and 21.5 credits overall. Rule 6456 also added a Community/Service Learning requirement beginning with the Class of 2013 and an Online Learning Experience beginning with the Class of 2016. Another change was implemented in September 2013; the standardized assessment used in the High School Competency Diploma Option transitioned from the paper and pencil Iowa Tests of Educational Development (ITED) to the Iowa Assessment, an on-line version that is aligned to the Common Core Standards.

**SIGNIFICANT FINDINGS**

**Four-Year Cycle (Class of 2014)**

The following is a list of significant findings based on a review of this year’s cohort analysis. Please note that the terms “Students with Disabilities”, “Economically Disadvantaged”, and “Limited English Proficient” are used as defined by No Child Left Behind (NCLB) and the Individuals with Disabilities Education Act (IDEA), as well as the state-approved waiver agreement post-NCLB, and are consistent with DPI reporting.

1. At the end of the four-year cycle, KUSD achieved an overall graduation rate of 88.4%, an increase of 1.2% over last year’s rate of 87.2% when including “Iowa” graduates. This rate is also the highest reported since the reporting a 9th grade cohort rate. When excluding “Iowa” graduates, the rate was 82.0%, a slight decline from last year’s rate of 82.3%.

![Graduation Rates (after 4 years)](image)

2. As in previous years, Females graduated at higher rates than Males. However, the Class of 2014 males reported a notable increase to 79.5% and 86.9%, respectively, when excluding and including “Iowa” graduates.

3. Asian students reported the highest graduation rates among ethnic groups. The remaining minority ethnic groups continue to graduate at lower levels than their white peers. However, each minority ethnic group reported a rate increase from 2013 to 2014 when excluding and including “Iowa” graduates.

4. Hispanic students reported significant gains from 2013 to 2014. When excluding “Iowa” graduates, the Hispanic graduation rate rose from 66.5% in 2013 to 74.7% in 2014. When including “Iowa” graduates, the rate increased from 75.0% in 2013 to 83.6% in 2014. These increases by Hispanic students caused the gap between Hispanic and White students to decrease by more than half from the previous year.
5. The graduation rates for the target groups in the School and District Report Card, “Students with Disabilities”, “Economically Disadvantaged”, and “Limited English Proficient” report graduation rates at a lower rate than their comparison group; however, “Students with Disabilities” and “Economically Disadvantaged” students reported increases from 2013 to 2014.

6. When including “Iowa” graduates, Students with Disabilities reported an increase from 74.6% in 2013 to 78.0% in 2014. This reduced the gap from Students without Disabilities to a low of 11.9%, down from 18.2% in 2012 and 14.4% in 2013.

7. “Economically Disadvantaged” reported an increase when including and excluding Iowa graduates. When excluding “Iowa” graduates, the graduation rate for “Economically Disadvantaged” students was 71.2%, an increase of 1.5% over last year’s rate of 69.7%. The rate increased to 80.8% when including “Iowa” graduates, an increase of 2.1% when compared to last year’s rate of 78.7%.

8. The percent of students that transferred out of Kenosha was 11.3%. The highest rate was from Black students where 20.3% of the original cohort left the district.
9. The dropout rate fell from 2.0% in 2013 to 1.9% in 2014. The greatest disparity in the dropout rate is due to economic status. “Economically Disadvantaged” students dropped out at a rate of 3.4% compared to 0.4% of those “Not Economically Disadvantaged”.

10. The number of “Iowa” graduates in the 2014 Cohort Graduation Class after four years was 97, an increase of 21 students when compared to 76 “Iowa” graduates in the 2013 Cohort Graduation Class.

**Five-Year Cycle (Class of 2013)**

11. At the end of the five-year period, 1,272 students (84.0%) graduated when excluding “Iowa” graduates and 1,407 students (92.9%) graduated when including “Iowa” graduates, resulting in an additional +1.7% and +5.7% of students, respectively, when compared to the end of the fourth year.

12. The graduation rates for most of the reported student subgroups increased when measured at the end of the fifth year as compared to the rate reported at the end of the fourth year, both when excluding and including “Iowa” graduates, with the exception of no change for Asian students and American Indian students.

13. The percent of “Credit Deficient” students in the 2013 graduation cohort group decreased at the end of the fifth year, from 10.7% to 3.5%; however, the percent of “Dropout” students increased, from 7.0% to 12.5% when including “Iowa” graduates as dropouts and from 2.0% to 3.6% when excluding “Iowa” graduates as dropouts.

14. The number of “Iowa” graduates in the 2013 cohort group after five years was 135 students, an increase of 59 students when compared to the same cohort group after four years.

**Six-Year Cycle (Class of 2012)**

15. At the end of the six-year period, 1,260 students (81.0%) graduated when excluding “Iowa” graduates and 1,423 students (91.5%) graduated when including “Iowa” graduates, resulting in an additional +1.8% and +7.5% of students, respectively, when compared to the end of the fourth year.
Cohort Graduation Rates

16. The Class of 2013 was the first to meet and exceed DPI’s Annual Measurable Objective (AMO) for graduation of 85%. The Class of Class of 2014 reported another increase to 88.4%. When examining graduation rates from the past five years, one can observe an improvement of at least five percentage points from the 4-year rate to the 5-year rate. The six-year rates report an additional increase of 2 percentage points to the 5-year rate.

Recommendations

At its January 13, 2015 meeting, the Curriculum /Program Standing Committee reviewed and accepted the 2013-14 Four Year Graduation Rate – Cohort Analysis Report and recommended that it be forwarded to the full School Board for its review and acceptance. Administration recommends that the School Board review and accept the 2013-14 Four Year Graduation Rate - Cohort Analysis Report.

8000 Policy Series – Internal Board Operations

Work by board members on the 8000 policy series began in August, 2014, with an anonymous survey created by Dr. Jonas in which board members reviewed each policy and chose to accept, eliminate, and/or change them. The survey input was collected and compiled by Dr. Jonas and then shared with board members.

A special meeting, led by Dr. Jonas, took place on August 25, 2014. This meeting consisted of board members and leadership council. At this meeting, the survey results and an adoption timeline was reviewed. Group work began and suggested policy changes were submitted and compiled by Dr. Jonas. At this meeting it was decided that the 8000 policy series would not need Committee level review due to the fact that they pertained to internal board operations.

The revised 8000 policy series was sent to board members on September 3, 2014, for review, input, and/or feedback which was to be submitted to Dr. Jonas.

A second special meeting, led by Dr. Jonas, took place on November 20, 2014. This meeting also consisted of board members and leadership council. At this meeting, the 8000 policy series was reviewed one policy at a time by the group as a whole. On 12/2/14, the noted changes to the policies from the November 20, 2014, special meeting were sent to board members for their review. Shortly following this meeting, Mr. Flood submitted a draft proposal of a new “Student Advisory Council” policy.

In December, legal counsel at Buelow, Vetter, Buikema, Olson, & Vliet reviewed the revised 8000 policy series and questions brought forward by board members during their review. A copy of the response from the legal counsel is included as Attachment 1. It is suggested that board members review our legal counsel’s responses in red on Attachment 1 and make final decisions on those policies (8510, 8651).

Recommendation

It is recommended that the school board review input from legal counsel and approve the 8000 policy series (Attachment 2) as a first reading on January 27, 2015, and as a second reading on February 24, 2015.

Tamarra A. Coleman
School Board President
A special meeting of the Kenosha Unified School Board was held on Thursday, November 20, 2014, at 6:00 P.M. in the Board Meeting Room at the Educational Support Center. The purpose of this meeting was for Discussion/Review of the 8000 Series of Board Policies and for Views and Comments by the Public.

The meeting was called to order at 6:01 P.M. with the following members present: Mr. Kunich, Mr. Bryan, Mrs. Snyder, Mr. Wade, and Mrs. Coleman. Ms. Stevens was excused and Mr. Flood arrived later. Dr. Jonas, Dr. Savaglio-Jarvis, Dr. Ormseth, Mr. Keckler, Ms. Valeri, Mrs. Ruder, and Mr. Hamdan were also present.

Mrs. Coleman, President, opened the meeting by announcing that this was a special meeting of the School Board of the Kenosha Unified School District No. 1. Notice of this special meeting was given to the public by forwarding a copy of the notice to all requesting radio stations and newspapers.

Mr. Flood arrived at 6:04 P.M.

Review and discussion took place regarding Board meeting norms, the District’s goals, and the District’s mission.

Mr. Keckler departed the meeting at 6:19 P.M.

Board members reviewed the 8000 series of Board policies and made the following suggested changes:

There should not be a hyphen in the word Vice-President in Policy 8412.

The title of Policy 8510 should be changed to “School Board Policy Development, Revision and Repeal”. The last sentence of the policy and the cross reference noted needs to be double checked by the attorney.

Attorney Comment: I agree that the use of “repeal” is duplicative, and the second “repeal” should either be deleted, or, alternatively, the Board may wish to make all by-laws that are being adopted, amended, repealed, or suspended subject to a majority vote.

Regarding the cross-reference to Wis. Stat. § 120.13, I agree that the reference does not expressly cover all the items listed in the policy, though it is arguably indirectly related. As such, it is not imperative that this cross-reference be included, and it could be deleted.
The second paragraph of Policy 8530, (e.g. excessive absence, lack of preparation for meetings, etc.) should be changed to (i.e. violating meeting norms).

Policy 8540 should include the suggested language proposed by Mr. Bryan with the changes of “is” to “its” and “keep” to “be kept” in the second sentence of the first paragraph, the removal of “and other concerned groups” in the second paragraph, and the addition of “non partisan” before legislative advocacy program in the second paragraph.

Mr. Keckler returned to the meeting at 7:09 P.M.

The second sentence of policy 8651, which defines immediate family, should be removed. Legal advice should be sought in regards to whether or not Board members, more specifically Mr. Bryan and Mrs. Coleman, would be affected by this policy since they have a family member employed by the District. Research should be done to see if there is a disclosure form which can be provided to Board members in relation to the last sentence of the policy.

Attorney Comment: Regarding the Board’s first question, Wis. Stat. § 19.59(c) states that no local public official may:

· (1) “take an official action substantially affecting a matter in which the official, [or] a member of his or her immediately family … has a substantial financial interest.”
· (2) Use his/her office in a way that “produces or assists in the production of a substantial benefit, direct or indirect, for the official, one or more members of the official’s immediate family either separately or together, or an organization with which the official is associated.”

Wis. Stat. § 19.42(7) defines “immediate family” as an individual’s spouse or relative by marriage, lineal descendent or adoption who receives, directly or indirectly, more than one-half of his/her support from the individual or from whom the individual receives more than one-half of his/her support.

Additionally, I noted that the Board deleted the definition of an “immediate family member.” It is not clear why that definition was deleted.

Also, I did not come across a specific form for disclosure of a conflict of interest. In lieu of a specific pre-drafted form, the policy could be revised to state that the individual would disclose the conflict, which would be recorded in the minutes and made a part of the record, and abstain from discussing and voting on the action that relates to the individual’s conflict. As another option, we could draft a form.

As for the second comment relating to submitting a form disclosing financial conflicts upon being elected to the Board, this does not appear to be mandated
for school board members by statute. Wis. Stat. § 19.43(1) requires that every individual who is “an official required to file shall file with the board ... a statement of economic interest ....” Wis. Stat. § 19.42(10) contains a definition of an “official required to file” and lists specific positions. The statute lists a number of positions, but these positions generally appear to be state offices, which is consistent with the GAB forms that the District sent over.

In Policy 8710, change “two-thirds” to “a majority” in relation to the exception of no new business being taken up after 10 P.M.

Remove the following sentence: “A copy of the agenda shall also be sent to each building principal, to the school attorney and to those employee organizations designated by negotiated agreements” in Policy 8712. Do not number the agenda items when listing the order of business.

Change “two-thirds” to “a majority” in the last sentence of Policy 8720.
Change “lectors” to “electors” in the last sentence of Policy 8750.

Policy 8810 needs to be reviewed by the District attorney as it was inadvertently left out during the attorney’s first review. Change “six” minutes to “three” minutes in number 11 of the policy.

Attorney Comment: I reviewed this policy and did not have any specific comments/edits.

In relation to policy 8850, change the last sentence of the first paragraph to read: “A quorum of the committee shall include a minimum of two (2) Board members”. Add “and can only chair one standing committee” to the end of the second sentence of the second paragraph. Remove the last sentence in B(2) regarding meetings being limited to an hour or less. In B(5) change “Robert’s Rules of Order Revised” to “Policy 8810”. Remove B(8). Mrs. Coleman will work on updating Section C of the policy.

There were no views or comments from the public.

Meeting adjourned at 8:55 P.M.

POLICY 8850 SCHOOL BOARD COMMITTEES
The School Board believes committees can be useful in the decision-making process and in the conducting of Board business. The committee structure is designed to assist the Board in the conducting of Board business; it is not intended to take away a Board member’s opportunity to ask questions or to be involved in the decision-making process. Community member appointments shall be made in accordance with established procedures. The term of appointment to a standing committee will be for two years for community and student members, with option of renewal at the chair’s discretion. Whenever possible, terms will be staggered. It is expected that all committee members will attend at least 80% of the meetings of the standing committee to which they have been appointed. Consistent with Board policy concerning Board officers, the chair of each committee may not serve as committee chair for more than two consecutive years.

The Board may establish other standing and temporary ad-hoc committees from time to time as needed. The Board President shall make such committee appointments in the same manner as other standing committee appointments. The Board President shall serve as an ex-officio member of all standing and temporary committees of the Board. The function of all Board committees should be
Standing Board committees may not act or speak for the Board unless authorized by the Board. Each Board committee shall be assigned specific duties. 2. Standing committees, unless canceled by the committee Chair or Board President shall meet once each month. Additional meetings will be scheduled by the chair as necessary. Meetings shall be limited in length to one hour or less.
3. The committee chairs, the Superintendent of Schools and designated administrators shall meet to establish meeting agendas for standing committees. **POLICY 8860 CITIZEN ADVISORY COMMITTEES**

The School Board recognizes that citizen advisory committees provide a method for the participation of the general public in matters of educational planning and school operation. Citizen advisory committees shall be appointed by the School Board and/or Superintendent of Schools for specific purposes and shall be representative of the entire School District. Members of the minority community shall be actively recruited and encouraged to participate on citizen advisory committees to ensure that the needs of minority students are being met. The charge to citizen advisory committee members shall include the scope, time limit and responsibilities of their particular committee assignment. The Superintendent shall assign District personnel as resource persons to citizen advisory committees. The Board President shall appoint up to two Board members to all citizen advisory committees. Citizen advisory committees shall be limited to making recommendations and suggestions for Board or administration consideration. No citizen committee shall be empowered to make decisions that are the legal responsibility of the Board or administration. Public notice shall be given of citizen advisory committee meetings as required by state law and Board policy.
POLICY 8870 PUBLIC PARTICIPATION AT SCHOOL BOARD MEETINGS

The School Board, as a representative body of the District, wishes to provide an avenue for any citizen to express interest in and concerns for the schools. Meetings of the Board shall be open to the public, except executive sessions, and the public shall be cordially invited to attend any regular or special session of the Board. Board meetings are conducted for the purpose of carrying on the business of the District. Citizens wishing to present requests or views directly to the Board shall be afforded the privilege during the "Views and Comments" portion of the agenda at each regular Board meeting, and at special Board meetings as appropriate. Consistent with the Board's responsibility for conducting the business of the District in an orderly and efficient manner, public presentations may be regulated. Citizen comments and questions at any Board meeting may deal with any topic related to District issues or concerns and/or the Board's agenda. However, in public session, the Board shall not hear irrelevant, repetitive, or abusive speech that causes disruption to the orderly conduct of the meeting. The Board also shall not hear discussion of confidential personnel disputes or grievances involving individual school employees that do not implicate issues of public concern, or individual student disciplinary matters, as there are other channels available in the District that provide for consideration and disposition of individuals of such matters. The Board president may set administrative requirements as appropriate on the public's participation at Board meetings. In lieu of speaking during the "Views and Comments" portion of the agenda, timely received written communication shall be read and/or noted in the Board meeting minutes upon the specific request of a citizen. Also, citizens may write to the Board to ask questions, express concerns and make proposals or comments for consideration by the Board. Written communication to the Board should normally be addressed to the Board President. Citizen Comments will be limited to three minutes per person and conclude after 45 minutes unless otherwise determined by a motion to extend speaking time approved by a majority vote.

School board member Kyle Flood proposed creation of a new school board policy which would require creation of a Student Advisory Council. His proposed policy wording was forwarded to legal counsel for review and their suggested changes are noted in red on the attached draft policy.

The proposed student advisory council policy is brought forward for school board consideration.

Dr. Sue Savaglio-Jarvis
Superintendent of Schools
POLICY STUDENT ADVISORY COUNCIL
The School Board recognizes that students are the largest stakeholders in all district decision-making and therefore believes it is necessary to present multiple opportunities for the student voice to be heard. The Board will work with Student Advisory Council (the “Council”) to discuss student concerns.

The Student Advisory Council will be made up of two students from every KUSD high school that are elected by the student body of that student’s high school. Each school must elect a sophomore and a junior for the two seats on the Council. It will be the responsibility of the School Principal and/or designee to work with the School’s Student Government to organize the election. In the event that two students are not elected, the President of the School’s Student Government may appoint the needed student(s) to the council with approval from the School Principal or designee. Elections should be held in late April or early May of every year.

The Board President will annually appoint a Board member as Student Advisory Council liaison (the “Liaison”) to attend and chair the meetings of the Student Advisory Council. The Liaison must also present a report to the full Board on each of these meetings.

The Student Advisory Council will meet four times a year, once per academic quarter. Members of the Council are required to attend all meetings. In the event that a student misses a meeting and is unexcused they will be removed from the Council and their Student Government President will appoint a new student to the Council with Principal or designee approval.

The Council may discuss and take an advisory vote on any item concerning the district. This includes Board policy, district curriculum, finances, facilities, etc. The Council may vote on items for advisory purposes only. Every member of the Council may request items to be placed on the agenda for their meetings. Board members and the Superintendent may also place items on the agenda for the purpose of getting student feedback. Agendas must be finalized by the Superintendents office and distributed to all members of the Council and Board of Education at least two weeks in advance of the meeting.

Student Advisory Council meetings will be open to the public. The Superintendent must be in attendance.
At the November 25, 2014 regular school board meeting of the Kenosha Unified School District, the board voted unanimously to approve the proposed plan for an outdoor athletic improvements referendum. With the guidance of Quarles & Brady LLP, acting as bond counsel for the district, administration also provided the referendum question language that will appear on the April 7, 2015 ballot, which was also included in the approved plan.

The next step in the process is to adopt two resolutions required to authorize the financing to support the plan. The initial resolution authorizes the district to borrow an amount not to exceed $16,700,000 to finance the plan by issuing general obligation bonds. The second resolution provides for a referendum election that allows the electors to vote on the plan and related financing.

**Administrative Recommendation**

Administration recommends school board adoption of resolution #307 (attachment 1) and #308 (attachment 2) as contained in this report.

The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

If the elector spoils a paper or optical scan ballot, he or she shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one elector. If the ballot has not been initialed by two inspectors or is defective in any other way, the elector shall return it to the election official, who shall issue a proper ballot in its place. After casting his or her vote, the elector shall leave the voting machine or booth, properly deposit the ballot and promptly leave the polling place.

After an official paper ballot is marked, it shall be folded so the inside marks do not show, but so the printed endorsements and inspectors' initials on the outside do show. The elector shall leave the booth, deposit the folded ballot in the ballot box, or deliver the ballot to an inspector for deposit in the box, and shall leave the polling place promptly.

After an official optical scan ballot is marked, it shall be inserted in the security sleeve so the marks do not show. After casting his or her vote, the elector shall leave the booth, insert the ballot in the voting device and discard the sleeve, or deliver the ballot to an inspector for deposit. If a central count system is used, the elector shall insert the ballot in the ballot box and discard the sleeve, or deliver the ballot to an inspector for deposit. The elector shall leave the polling place promptly.

After an official touch screen ballot is cast, the elector shall leave the polling place promptly.

An elector may select an individual to assist in casting his or her vote if the elector declares to the presiding official that he or she is unable to read, has difficulty reading, writing or understanding English or that due to disability is unable to cast his or her ballot. The selected individual rendering assistance may not be the elector's employer or an agent of that employer or an officer or agent of a labor organization which represents the elector.

Open Enrollment Allocations – 2015-16 School Year

The Wisconsin Department of Public Instruction (DPI) stipulates that a district must allocate open enrollment spaces during their January board meetings. The Open Enrollment period for the state runs from February 2 to April 30, 2015. Along with the posted 3-month open enrollment window, applicants can also apply to a non-resident district using an Alternative Open Enrollment Application during the current school year if the applicant can demonstrate that he/she meets certain criteria.

Attached in Appendix A is a listing by grade of available open enrollment regular education spaces for School Year 2015-16. Appendix A also includes a historical reference regarding combined allocated seats and those that were filled on the Official Third Friday Count Day for that respective school year. DPI has clarified that the District’s affirmation must specifically delineate both regular education seats by specific grade level and special education seats by program and/or service type. The special education seats only need to be separated by cluster (elementary, middle, high) rather than by specific grade level. Appendix B provides the special education availability by program and service type as determined by current district resources.

DPI moved the Board allocation approval process from March to January starting in January of 2013. In prior years, district administration and the School Board would have a count of applications and requests to review before allocating spaces. The numbers of available spaces recommended are a noticeable increase over the past several years, due mainly to enrollment projections and realized room at certain grade levels.

KUSD policy requires that a current open enrolled student re-apply just once, which is during the transition from elementary to middle school, or if they first enrolled during middle school, then they must reapply during the transition from middle school to high school. Also, tuition waiver students (those who start the year in KUSD but move out of district) have a right to complete the current year and apply for open enrollment the following year. Even though these are current KUSD students, they are counted as new applications for our state reporting. The proposed change to Policy 5260 Full Time Open Enrollment would remove the currently negative potential of tuition waiver students impacting new Open Enrollment applications.

The Offices of Educational Accountability, School Leadership, and Teaching and Learning (Special Education/Student Support and Early Education) met on multiple occasions to gather, delineate and refine information in regard to the
number of available spaces for School Year 2015-16 within the Kenosha Unified School District. After review of the available data and enrollment projections, this collaborative team with the endorsement of the Superintendent of Schools makes the recommendation contained in Appendix A and Appendix B to the School Board for formal affirmation. The affirmation is only applicable to space availability for School Year 2015-16.

Administrative Recommendation:

Administration recommends that the Kenosha Unified School Board affirm and approve the space availability for open enrollment students (both regular and special education) as noted herein for School Year 2015-16.

APPENDIX B
Number of Special Education Open Enrollment Spaces
School Year 2015-16

KUSD has a district-wide average of 12% for students with disabilities, with some variances of that percentage among the schools. KUSD is disproportionate in the identification of students with specific learning disabilities and emotional behavior disabilities. For these reasons, the following table represents the recommended special education open enrollment spaces for SY 2015-16.
