The Board considered the following Consent-Approve items:

Consent-Approve item XI-B – Minutes of the 12/9/14 and 12/16/14 Special Meetings and Executive Sessions and the 12/16/14 Regular Meeting.

Consent-Approve item XI-C – Summary of Receipts, Wire Transfers, and Check Registers submitted by Ms. Heather Kraeuter, Accounting & Payroll Manager; Mr. Hamdan, Interim Chief Financial Officer; and Dr. Sue Savaglio-Jarvis, excerpts follow:

“\[
\text{“It is recommended that the December 2014 cash receipt deposits totaling $315,772.49, and cash receipt wire transfers-in totaling $42,122,338.93, be approved.}
\]

Check numbers 516370 through 517460 totaling $7,613,776.42, and general operating wire transfers-out totaling $208,941.07, are recommended for approval as the payments made are within budgeted allocations for the respective programs and projects.

It is recommended that the December 2014 net payroll and benefit EFT batches totaling $12,398,545.58, and net payroll check batches totaling $5,997.26, be approved.”

Consent-Approve item XI-D – Palmer Foundation Grant Application submitted by Mr. William Hittman, Principal at LakeView Technology Academy; Dr. Bethany Ormseth, Assistant Superintendent of Secondary School Leadership; and Dr. Savaglio-Jarvis, excerpts follow:

“On November 17, 2014, The Palmer Foundation awarded LakeView Technical Academy a grant for $77,000 to be used for the purchase of an atomic scanning electron microscope (SEM). The timeline for the grant is 2014/2015 school year. The microscope with be used to visualize objects in the nanometer scale in Biology, Chemistry, Physics and Engineering. This microscope will support the STEM based curriculum at LakeView.

There is no match and the District is caused no financial obligations due to this grant award.

The Foundation may monitor and conduct an evaluation of operations under this grant, which may include a visit from Foundation Directors, or other personnel, to observe and discuss the program with our personnel, and review financial and other records and materials connected with the activities financed by this grant. At the completion of the grant period, an evaluation report will be submitted to the Foundation. If grant funds are not expended in full within 10 month, Kenosha Unified must request an extension from The Palmer Foundation.

Although SEM is non-perishable, the materials required to use it, and the cost of maintenance will be an ongoing cost. To address this issue, funding will be provided from the technology budget and Carl Perkins financial allocations.

The total project budget of $86,040 exceeds the grant amount by $9,040.00. The difference will be covered using funds from LakeView Technology Academy in the 2015/2016 budget.
At its January 13, 2015 meeting, the Audit/Budget/Finance Committee voted to forward this grant to the school board for consideration. Administration recommends that the school board accept the Palmer Foundation Grant in the amount of $77,000 for the purchase of an atomic scanning electron microscope to support the STEM based curriculum at LakeView Technology Academy.”

Mr. Bryan moved to approve the Consent Agenda as contained in the agenda. Mr. Kunich seconded the motion. Unanimously approved.

Dr. Savaglio Jarvis presented School Board Policy 3810 – Employee Use of District Equipment submitted by Mr. Patrick Finnemore, Director of Facilities, and Dr. Savaglio-Jarvis, excerpts follow:

“Policy 3810 is being revised to prohibit employee use of district equipment for personal purposes inside or outside of the district. The current version of the policy allows for personal use provided the employee received prior approval from their immediate supervisor and department head or building administrator or from the superintendent of schools for items valued at over $1,000.

Since all district equipment is purchased in some manner with public monies, the personal use by employees is not appropriate. In addition, personal use of school district equipment by employees creates an unnecessary potential liability issue in regards to replacement of the equipment if damaged or any injuries that may arise due to the use of the equipment for non-district purposes.

This policy is also being revised to require only building principal or department head approval to use district equipment outside of district owned buildings for district job-related purposes. This more accurately reflects our current practices as superintendent approval is neither necessary nor practical in most cases.

This policy does not apply to technology-related equipment such as laptop computers or cell phones. Use of technology-related equipment is governed by Policy 3535, Technology Acceptable Use.

At its January 13, 2015 meeting, the Personnel/Policy Committee voted to forward revised Policy and Rule 3810 to the school board for consideration. Administration recommends that the school board approve Policy and Rule 3810 – Employee Use of District Equipment as a first reading on January 27, 2015 and a second reading on February 24, 2015.”

Ms. Stevens moved to approve revised Policy and Rule 3810 – Employee Use of District Equipment as a first reading. Mr. Bryan seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented School Board Policy 3531.1 – Copyrighted Materials submitted by Mrs. Ann Fredriksson, Coordinator of Library Media and Instructional Technology; Mrs. Ruder; Mrs. Julie Housaman, Interim Assistant Superintendent of Teaching and Learning; and Dr. Savaglio-Jarvis, excerpts follow:
The current Policy 3531.1—Copyrighted Materials—was last revised in 2007. With technology evolving in the educational world, some components of the policy have become out-dated, and new verbiage needs to be included. Digital technology has changed the way teachers teach and students learn, and copyright law has become a top focus within digital citizenship. Efforts have begun to protect learning and works by identifying the role of copyright in the educational environment. District library media and instructional technology staff provide professional development and learning opportunities regarding copyright guidelines throughout the school year. Communications through social media and video broadcasting will be adhering to appropriate copyright practices as well.

A team of administrators, library media teachers, and instructional technology teachers met in summer 2014 to update Policy 3531.1 and the accompanying Rule 3531.1

At its January 13, 2015 meeting, the Personnel/Policy Committee voted to forward revised Policy and Rule 3531.1 to the school board for consideration. Administration recommends that the school board approve revised Policy and Rule 3531.1 - Copyrighted Materials as a first reading on January 27, 2015 and a second reading on February 24, 2015.

Mr. Flood moved to approve revised Policy and Rule 3531.1 - Copyrighted Materials as a first reading. Mrs. Snyder seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented Policy 5260 – Open Enrollment – Full Time submitted by Mr. Kristopher Keckler, Executive Director of Information and Accountability, and Dr. Savaglio-Jarvis, excerpts follow:

“Policy 5260 – Open Enrollment - Full Time addresses the state mandate of providing open enrollment opportunities to nonresident students. Currently, the Wisconsin Department of Public Instruction requires non-resident districts to designate regular and special education spaces at the January school board meeting. This timeline has the potential to affect the educational offerings and continued enrollment for students who begin the school year as a resident district student, but become a tuition waiver student due to a move outside of the resident district at some point during the school year. The parents/guardians may apply for a tuition waiver if the family moves outside of the district during a particular school year but would like to continue to attend the district. This rule prevents the district or parent from any tuition costs while the district retains enrollment recognition for state aid reporting purposes for that school year. Tuition waiver students have enrollment rights to remain enrolled for the current year. If the student wishes to continue to attend in future years, he/she must apply and be approved through open enrollment.

Students who become tuition waiver students prior to the open enrollment space allocation would receive preference for any board-approved spaces; however, this does not guarantee these students a designated open enrollment space. This recommended policy revision would guarantee an open enrollment approval for currently enrolled students, including any who may become tuition waiver students, and they submit a valid open enrollment application prior to the start of the upcoming school year. The Department of Public Instruction has revised its resources to allow for a local policy guarantee for currently enrolled/tuition waiver students, but the policy must be in place
prior to the space allocation vote in January. Students who receive approval through this process will not impact the board approved open enrollment spaces for other applicants. This guarantee does not overrule the special education, habitually truant, or expulsion criteria that currently exist for denial reasons.

At its January 13, 2015, meeting, the Personnel/Policy Committee voted to forward revised Policy 5260 to the school board for consideration. Subsequent to the committee meeting, some minor typographical and wording placement changes have been made to the revised policy presented tonight due to a review and recommendation from DPI. Administration recommends that the school board approve revised Policy 5260 – Open Enrollment - Full Time as a simultaneous first and second reading at the January 27, 2015, regular school board meeting."

Mr. Bryan moved to approve revised Policy 5260 – Open Enrollment - Full Time as a simultaneous first and second reading. Mr. Kunich seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented the Four-Year Graduation Rate (Cohort Analysis) School Year 2013-14 submitted by Ms. Renee Blise, Research Coordinator; Mr. Keckler; and Dr. Savaglio-Jarvis, excerpts follow:

"Administration presented the first cohort analysis of graduation trends to the Kenosha Unified School Board beginning with School Year 1994-95. This cohort analysis is the nineteenth annual report to the Kenosha Unified School Board. It provides a “base cohort” illustrating the progress of students from their initial assignment as a ninth grader on the Official Third Friday Count Day in SY 2010-11 until the end of summer school four school years later in August 2014. Additionally, the graduation “base cohort” of the Class of 2013 was examined in terms of its progress during the year following its designated graduation year (fifth year) along with the Class of 2012 after two years (sixth year).

The cohort graduation rate presented in this report is slightly different than the rate published by the Wisconsin Department of Public Instruction (DPI). Beginning in 2009-10, DPI reported a 4-year cohort graduation rate which includes all students who have been assigned to a Wisconsin public school cohort and were last enrolled in KUSD during the 4-year time period, whether or not the student began in KUSD in their ninth grade year. Additionally, DPI’s graduation rate is a factor in two priority areas of the new Accountability School and District Report Card: Closing Gaps and On-Track and Postsecondary Readiness. For the school and district report cards, DPI provides data on the 4-year cohort and the 6-year cohort graduation rates. DPI’s WISEdash portal also includes a 5-year rate. This KUSD cohort report will align with the DPI model of presenting a 4-year, 5-year and 6-year graduation rate.

Beginning in SY 2010-11, new federal guidelines regarding student race and ethnicity were implemented. In the past, parents/guardians were required to categorize their child in one of the following ethnic groups: Asian, Black/African American, Hispanic, Native American, and White. The new guidelines apply a two-part question format, first whether or not the student is Hispanic/Latino and then selecting one or more of the following races: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. The students of the Class of 2014
will utilize the new race/ethnicity categories whereas previous cohort will use the former categories.

It should be noted that a few changes regarding high school completion were put in place during the recent past. In April 2012, the Kenosha Unified Rule 6456 Graduation Requirements was updated. Effective for the Class of 2013 was a change in the high school graduation credit requirement, which reduced the required number of credits from 26 to 23. The minimum credits for Social Studies, Math and Science were each reduced from 4 to 3 credits. Currently, Wisconsin High School Graduation Standards contain a minimum requirement of 3 credits for Social Studies, 2 credits each for Math and Science, and 21.5 credits overall. Rule 6456 also added a Community/Service Learning requirement beginning with the Class of 2013 and an Online Learning Experience beginning with the Class of 2016. Another change was implemented in September 2013; the standardized assessment used in the High School Competency Diploma Option transitioned from the paper and pencil Iowa Tests of Educational Development (ITED) to the Iowa Assessment, an on-line version that is aligned to the Common Core Standards.

At its January 13, 2015 meeting, the Curriculum /Program Standing Committee reviewed and accepted the 2013-14 Four Year Graduation Rate – Cohort Analysis Report and recommended that it be forwarded to the full School Board for its review and acceptance. Administration recommends that the School Board review and accept the 2013-14 Four Year Graduation Rate - Cohort Analysis Report.”

Mr. Keckler was present and answered questions from Board members.

Mr. Kunich moved to accept the 2013-14 Four Year Graduation Rate – Cohort Analysis Report. Mr. Bryan seconded the motion. Unanimously approved.

Mrs. Coleman presented the 8000 Policy Series – Internal Board Operations submitted by Mrs. Coleman, experts follow:

“Work by board members on the 8000 policy series began in August, 2014, with an anonymous survey created by Dr. Jonas in which board members reviewed each policy and chose to accept, eliminate, and/or change them. The survey input was collected and compiled by Dr. Jonas and then shared with board members.

A special meeting, led by Dr. Jonas, took place on August 25, 2014. This meeting consisted of board members and leadership council. At this meeting, the survey results and an adoption timeline was reviewed. Group work began and suggested policy changes were submitted and compiled by Dr. Jonas. At this meeting it was decided that the 8000 policy series would not need Committee level review due to the fact that they pertained to internal board operations.

The revised 8000 policy series was sent to board members on September 3, 2014, for review, input, and/or feedback which was to be submitted to Dr. Jonas.

A second special meeting, led by Dr. Jonas, took place on November 20, 2014. This meeting also consisted of board members and leadership council. At this meeting, the 8000 policy series was reviewed one policy at a time by the group as a whole. On 12/2/14,
the noted changes to the policies from the November 20, 2014, special meeting were sent to board members for their review. Shortly following this meeting, Mr. Flood submitted a draft proposal of a new “Student Advisory Council” policy.

In December, legal counsel at Buelow, Vetter, Buikema, Olson, & Vliet reviewed the revised 8000 policy series and questions brought forward by board members during their review. A copy of the response from the legal counsel is included as Attachment 1. It is suggested that board members review our legal counsel’s responses in red on Attachment 1 and make final decisions on those policies (8510, 8651).

It is recommended that the school board review input from legal counsel and approve the 8000 policy series (Attachment 2) as a first reading on January 27, 2015, and as a second reading on February 24, 2015.”

Board members discussed the following suggested changes to the revised 8000 policy series:

- The removal of the definition of “immediate family” from Policy 8651 – School Board Member Conflicts of Interest;
- The addition of “Introduction, Welcome, and Comments by Student Ambassador” to the order of business in Policy 8712 – School Board Meeting Agenda Preparation and Dissemination;
- The addition of “or more time” after “The use of another member’s time…” in the last sentence of #12 (before the listed provisions) in Policy 8810 – Rules of Order; and
- In Policy 8880 – Audio Recording of Board Meetings, the change of “audio” to “audio and video” throughout the policy, the addition of “Regular” before “School Board” in the first sentence of the policy, and the addition of the following sentence after the first sentence, “Audio and/or video recording of Special Board meetings will be made at the discretion of the Board president.”

Mr. Flood moved to add the discussed suggested policy changes in Policy 8712, Policy 8810, and Policy 8880 and approve the revised 8000 Policy Series as a first reading. Mrs. Snyder seconded the motion. Unanimously approved.

Mr. Flood presented the Student Advisory Council Policy – 8000 Series submitted by Dr. Savaglio-Jarvis, excepts follow:

“School board member Kyle Flood proposed creation of a new school board policy which would require creation of a Student Advisory Council. His proposed policy wording was forwarded to legal counsel for review and their suggested changes are noted in red on the attached draft policy.

The proposed student advisory council policy is brought forward for school board consideration.”
Board members discussed their concerns of student interest, student attendance, the addition of another committee, and the specifics of agenda topics and agenda creation. It was suggested that questions pertaining to a proposed Student Advisory Council be included in the student culture and climate survey.

Mr. Flood moved to approve the Student Advisory Council Policy. Motion failed due to lack of a second.

Mrs. Coleman passed the gavel to Mrs. Snyder and moved to table the Student Advisory Council Policy until the July, 2015 Board meeting and/or pending the results of the student culture and climate survey. Mr. Flood seconded the motion. Unanimously approved.

Mrs. Snyder returned the gavel to Mrs. Coleman.

Dr. Savaglio-Jarvis presented the Outdoor Athletic Improvements Referendum Resolutions #307 and #308 submitted by Mr. Hamdan and Dr. Savaglio-Jarvis, excerpts follow:

“At the November 25, 2014 regular school board meeting of the Kenosha Unified School District, the board voted unanimously to approve the proposed plan for an outdoor athletic improvements referendum. With the guidance of Quarles & Brady LLP, acting as bond counsel for the district, administration also provided the referendum question language that will appear on the April 7, 2015 ballot, which was also included in the approved plan.

The next step in the process is to adopt two resolutions required to authorize the financing to support the plan. The initial resolution authorizes the district to borrow an amount not to exceed $16,700,000 to finance the plan by issuing general obligation bonds. The second resolution provides for a referendum election that allows the electors to vote on the plan and related financing.

Administration recommends school board adoption of resolution #307 and #308 as contained in this report.”

Ms. Stevens moved to adopt resolutions #307 and #308 as contained in this report. Mr. Kunich seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented Open Enrollment Allocations – 2015-16 School Year submitted by Ms. Blise; Ms. Belinda Grantham, Director of Early Education Programs; Ms. Susan Valeri, Director of Special Education and Student Support; Dr. Ormseth; Dr. Floyd Williams, Assistant Superintendent of Elementary School Leadership; Mr. Keckler; and Dr. Savaglio-Jarvis, excerpts follow:

“The Wisconsin Department of Public Instruction (DPI) stipulates that a district must allocate open enrollment spaces during their January board meetings. The Open Enrollment period for the state runs from February 2 to April 30, 2015. Along with the posted 3-month open enrollment window, applicants can also apply to a non-resident
district using an Alternative Open Enrollment Application during the current school year if the applicant can demonstrate that he/she meets certain criteria.

The Offices of Educational Accountability, School Leadership, and Teaching and Learning (Special Education/Student Support and Early Education) met on multiple occasions to gather, delineate and refine information in regard to the number of available spaces for School Year 2015-16 within the Kenosha Unified School District. After review of the available data and enrollment projections, this collaborative team with the endorsement of the Superintendent of Schools makes the recommendation contained in Appendix A and Appendix B to the School Board for formal affirmation. MARY FROST ASHLEY CHARITABLE TRUST

The district applied for and received funding from the Mary Frost Ashley Charitable Trust in 2010 and 2011 for the Back-to-School – A Celebration of Family and Community Event, and parent and student programs. From 2012 to the current school year, the district has been invited to apply and received funding from the Trust used for back to school supplies, parent and student education and learning experiences, parent leadership training, and the district Recognition Program, annual Alcohol, Tobacco, and Other Drugs Awareness Student Recognition Brunch, as well as playground equipment for one elementary school.

During the 2015-2016 school year, the district plans to further develop and strengthen the comprehensive parent education training program, family interactive learning experiences, student learning opportunities, district Recognition Program, the annual Alcohol, Tobacco and Other Drugs Awareness Student Recognition Brunch and awareness week, and provide safe playground equipment for Brass Community School. This comprehensive program is developed with the framework of Search Institute’s “40 Developmental Assets,” and Joyce Epstein’s School, Family and Community Partnerships guide. The design plan includes improving student achievement and personalized learning, expanding collaborative partnerships with families and the community and securing resources to support student learning as well as implementing Joyce Epstein’s “Ten Steps to Success: School-Based Programs of Family, School, and Community Partnerships.”

Data will be kept on attendance, ethnicity and student participation in interactive family programs. There will be two methods for evaluation: 1) written evaluations by the participants, and 2) informal discussions with participants. A summary will be compiled by the presenter or Parent Site Organizer. The application includes the following major components:

Goal I Provide school supplies for elementary-age children. The community provides support for some middle and high school supplies.

Goal II Implement interactive family learning experiences that relate to curriculum, strengthening family and school connections, and initiate Family College Tours to assist families in preparing their children for higher education.

Goal III Further develop parent education trainings that support parent skills development, family communications, learning at home, and violence prevention.

Goal IV Develop and provide training for the Action Team for Partnerships process in five schools that will include parents, staff and a community partner. Teams will access past practices, and identify current issues and strengths with family engagement. From there, the team will develop an action plan to expand and strengthen family engagement and community partnerships.
Goal V  Plan and implement three six-week Saturday sessions for students and parents at Washington Middle School, which include math and literacy support for students with low test scores and computer and ESL classes for parents.

Goal VI  Strengthen the Bradford Leading Ladies Program and Link Crew program that will provide input to assist with the developing a parent engagement program at Bradford High School.

Goal VII  Develop three researched based programs: Motheread Fatheread Program at Wilson Elementary School, which has a 94.38-percent poverty rate, Even Start, which has a 100-percent poverty rate; FAST (Families and Schools Together) at Bose Elementary School, which has a 69.82-percent poverty rate; and Strengthening Families at Lincoln Middle School which has a 73.75-percent poverty rate.

Goal VIII  Provide support for the Annual Kenosha County Alcohol, Tobacco and Other Drugs Awareness Student Recognition Brunch and weeklong education sessions.

Goal IX  Strengthen the district’s Recognition Program, a program which recognizes 25 years of service, individuals receiving recognition for exemplary district service and a retiree’s reception.

Goal X  Provide safe playground equipment at Brass Community School, which has an 89.95-percent poverty rate.

The all-encompassing program will continue to build on the framework of Joyce Epstein’s research from John Hopkins University. The framework includes the Six Types of Family-School-Community Partnerships; Parenting, Communication, Learning at Home, Volunteering, Decision Making, and Community Collaboration. Within that research (Epstein & Sheldon 2006), Epstein indicates, “School, Family and Community Partnerships is a better term than parental involvement. The concept of “partnership” recognizes that parents, educators, and others in the community share responsibility for students’ learning and development.”

District Resources Committed as a Result of the Acceptance of these Funds

The Community School Relations Coordinator is required to coordinate all goals in the program. Support for Parent Site Organizers, child care, and additional time for staff is covered through the Community School Relations Office Budget for approximately $18,000.

Evaluation Plan

- Elementary principals will receive, complete and return an evaluation form as to the effectiveness of the Back to School supplies distributed to the students in their buildings. The data will be compiled and reviewed for future planning.

- The five schools that participate in the Joyce Epstein’s School, Family and Community Partnerships process to strengthen family engagement and community participation will complete an evaluation through focus groups. Each school will have an outside facilitator lead a group discussion on the value of this process to determine if it has an effective impact on the school community.

- The Action Teams for Partnership will review their first year’s plan and further develop the programs established within their school sites. Evaluations will be reviewed and adjustments made if necessary for program effectiveness.

- The family interactive learning experiences and parent skill development trainings will have a formal written evaluation which includes a written narrative on how parents will use the strategies gained through a program to enhance learning at home and improve
home-school communication. The programs will also have informal group reviews to determine the effectiveness of the program. This data will be reviewed by the principals and presenters. The Family College Tour will be evaluated through focus groups with families that attended the program. Facilitators of the focus group will compile, review and adjust the program for further development if necessary.

- Best practice, research based and evidence based programs will follow the evaluation criteria set up for the program. Examples will include Second Step, 911 for Parents, Families and School Together (FASTWORKS), Supporting School Success, Parents as Teachers, Successful Fathering, and Motherread Fatherread. Parents participating in Successful Fathering and Motherread Fatherread will participate in a focus group when the series is completed. Information compiled will help set the direction of the program for future groups.

- The Bradford Leading Ladies group and Link Crew will engage in a focus group with students and an outside facilitator to assist in determining the effectiveness of the program. Other students in the school will voluntarily complete a survey to also determine the value of the established group.

- The Washington Middle School Saturday program will collect data on attendance, ethnicity, student academic progress, as well as parent evaluations.

- The Annual Kenosha County Alcohol, Tobacco, and the Other Drugs Awareness Student Recognition Committee will send out evaluations to school site representatives, parents, teachers, and the committee at large. Input from the evaluations will be used to consider revisions in the yearlong program for the 2015-2016 school year.

- Every program will collect attendance data that includes how many parents and students attend and participate in the interactive program, ethnicity, and attendance of pre-school children during the program. Data from a written form regarding the climate of the location and value of the program will be compiled annually.

February 24, 2015  

REQUEST TO SUBMIT THE 21ST CENTURY COMMUNITY LEARNING CENTER PROGRAM GRANT APPLICATION FOR THE 2015-16 SCHOOL YEAR  

Type of Project  

The 21st Century Community Learning Center (CLC) Program is a federally funded grant program. Federal guidelines state that funds for the CLC program are distributed to the state level and then allocated to communities based on an extremely competitive process to offer out-of-school time programming. Grants awarded under this competition will range from $50,000 up to $100,000 per CLC site. Activities are intended to serve students at schools with high poverty rates and schools in need of improvement based on student math and reading achievement results outlined in the school report card. Funds are allocated to the school district for fiscal and program management.  

Program Description  

All CLC programs within the Kenosha Unified School District will continue to provide a safe haven for children during out-of-school time. Out-of-school time includes before school, after school, early release days, and half days. The combination of academic support, a nutritious snack, and a host of enrichment activities allows for a great partnership with community-based organizations like the Boys and Girls Club of Kenosha, the University of Wisconsin—Extension, Crossway Community Church, and the Kenosha County Department of Human Services. Each of these primary partners participates in a CLC Advisory Council.  

Schools offer enrollment for the CLC program at the beginning of the academic year during open house. The number of seats available fluctuates from school to school and year to year. Priority is given to students who exhibit a need for academic support as defined by the principal and the academic coordinator of CLC sites. Students report to the CLC program at dismissal for attendance and a nutritious snack, which is provided by Kenosha Unified School District Food Services. Immediately following their snack, “targeted” students attend the first hour of programming (Power Hour), where they work in small groups with certified teachers and/or highly-qualified staff on planned academic activities that are linked to the school’s curriculum. Other students attend homework help/tutoring sessions. After Power Hour, students participate in a variety of enrichment activities hosted by the Boys and Girls Club of Kenosha. These enrichment activities focus on the arts, fitness, health and life skills, and character and leadership. Students also benefit from many incentive-based projects surrounding attendance, behavior, and active participation.
Rationale

Improving academic achievement for all students is one of the goals identified by the school board and superintendent. A close examination of the CLC program’s Annual Performance Review illustrates the role CLCs plays in helping Kenosha Unified School District reach the goals outlined in schools’ student learning objectives. Outcomes for the CLC program include:

- Students who participate in CLC on a regular and consistent basis are exposed to a total of 54 more days of a learning environment.
- CLC students had a higher rate of attendance than non-CLC students.
- CLC can serve as a Tier II intervention as certified daytime teachers assist students in gaining skills through small group instruction in one-hour sessions three times per week.
- Student Intervention Teams with the direction from elementary principals regularly refer students to CLC, which demonstrates their belief that CLC helps to increase students’ academic progress and behavior.
- A total of 91.5 percent of parents surveyed believed that CLC helped their students academically, a total of 84 percent believed that the CLC helped their child behaviorally, and a total of 77.5 percent believed that CLCs improved their child’s attendance.
- Nearly 600 students attend elementary CLC programs each year.

POLICY 3810 – EMPLOYEE USE OF DISTRICT EQUIPMENT

Background:

Policy 3810 is being revised to prohibit employee use of district equipment for personal purposes inside or outside of the district. The current version of the policy allows for personal use provided the employee received prior approval from their immediate supervisor and department head or building administrator or from the superintendent of schools for items valued at over $1,000.

Since all district equipment is purchased in some manner with public monies, the personal use by employees is not appropriate. In addition, personal use of school district equipment by employees creates an unnecessary potential liability issue in regards to replacement of the equipment if damaged or any injuries that may arise due to the use of the equipment for non-district purposes.

This policy is also being revised to require only building principal or department head approval to use district equipment outside of district owned buildings for district job-related purposes. This more accurately reflects our current practices as superintendent approval is neither necessary nor practical in most cases.

This policy does not apply to technology-related equipment such as laptop computers or cell phones. Use of technology-related equipment is governed by Policy 3535, Technology Acceptable Use.

Administrative Recommendation:

At its January 13, 2015 meeting, the Personnel/Policy Committee voted to forward revised Policy and Rule 3810 to the school board for consideration. The school board approved revised Policy and Rule 3810 as a first reading on January 27, 2015. Administration recommends that the school board approve Policy and Rule 3810 – Employee Use of District Equipment as a second reading on February 24, 2015.

EMPLOYEE USE OF DISTRICT EQUIPMENT
(Other Than Technology Equipment)

Employees may use district equipment outside of the district-owned school buildings for job-related purposes related to KUSD job duties and tasks so long as they acquire the written prior approval of the Superintendent of Schools or designee. They may also use district equipment on site for job-related purposes related to KUSD job duties and tasks. The Superintendent of Schools or designee must authorize such use.

Employees are prohibited from using district equipment for personal purposes inside or outside of the district-owned buildings, unless written approval is obtained from the Superintendent or designee.

SCHOOL BOARD POLICY AND RULE 3531.1—COPYRIGHTED MATERIALS

Background

The current Policy 3531.1—Copyrighted Materials—was last revised in 2007. With technology evolving in the educational world, some components of the policy have become outdated, and new verbiage needs to be included. Digital technology has changed the way teachers teach and students learn, and copyright law has become a top focus within digital citizenship. Efforts have begun to protect learning and works by identifying the role of copyright in the educational environment. District library media and instructional technology staff provide professional development and learning opportunities regarding copyright guidelines throughout the school year. Communications through social media and video broadcasting will be adhering to appropriate copyright practices as well.

A team of administrators, library media teachers, and instructional technology teachers met in summer 2014 to update Policy 3531.1 and the accompanying Rule 3531.1 (Appendix A).

Recommendation

At its January 13, 2015 meeting, the Personnel/Policy Committee voted to forward revised Policy and Rule 3531.1 to the school board for consideration. The school board approved revised Policy and Rule 3531.1 as a first reading on January 27, 2015. POLICY 3531.1
COPYRIGHTED MATERIALS

The District recognizes and respects intellectual property rights. Therefore, the District shall require all employees and students to comply with copyright laws.

Members of the learning community who choose to use copyrighted materials are individually responsible for making a good faith determination as to whether the use falls within the “fair use” exemption. When necessary, users shall obtain written permission of copyright owners for the use of their work.

Violation of this policy may result in disciplinary action. In addition, employees and students who violate copyright laws may will be held individually responsible for infringement and may be subject to civil penalties and/or criminal sanctions.

The district will not be responsible for any copyright infringement or other costs incurred by the responsible individual.

ADMINISTRATIVE REGULATIONS: None

AFFIRMED: November 22, 2005

REVISED: December 18, 2007
February 24, 2015
1. The District is committed to complying with all laws pertaining to copyright. In addition to maintaining exclusive rights to creators of protected works, the federal Copyright Act also creates exceptions to those rights. “Fair use” and educational and library uses are permitted when specific criteria are met.

2. “Fair use” — Section 107 of the Copyright Act provides that the “fair use” of a copyrighted work is not an infringement of copyright. There are four factors involved in determining whether the use can be considered “fair use,” and all four factors must be considered in order to determine the “fair use.” The four factors are:

   A. The purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes.

   B. The nature of the copyrighted work.

   C. The amount and substantiality of the portion used in relation to the copyrighted work as a whole.

   D. The effect of the use upon the potential market for or value of the work.

3. The district regards academic honesty as vital to the academic, social, and emotional development of all students. Academic honesty requires that all academic work is the legitimate, truthful effort, and product of the student. Plagiarism in any form is not permitted, which is taking someone else’s work (idea, image, writing, or multimedia) without giving credit to the source of the work.

4. Use of Copyrighted Materials in Distance Education Courses — The use of certain copyrighted materials in distance education courses, without permission by faculty and students, is permitted according to the Technology, Education and Copyright Harmonization (TEACH) Act (TEACH Act). It is not copyright infringement for faculty and students of accredited, nonprofit education institutions to transmit performances or display copyrighted works as part of a course if certain conditions are met. If these conditions are not or cannot be met, use of the material will have to qualify as a “fair use” or, permission from the copyright holder must be obtained.

5. Library Use of Copyrighted Materials — Under certain conditions, school libraries may reproduce copyrighted works. Photocopies made for library use are not to be used for any purpose other than private study, scholarship, or research.

6. Use of Peer-to-Peer File Sharing — The District expects all employees and students to use electronic communications and computer resources made available through the District in a responsible way and to comply with copyright laws relative to such use. Peer-to-peer file sharing is not allowed.

6. Computer Operating Systems and, software, and cloud computing services — These are copyright protected and are governed by individual software license agreements that define the conditions of use and restrict the number of copies that may be retained and/or used at a given time. All software loaded on an individual computer or file server must be in compliance with the license agreement. The use of cloud computing services and software on individual devices or servers...
must be in compliance with the license agreements. The person responsible for assigned to the computer device is responsible to make certain that no unauthorized software is loaded on the equipment device, and only authorized cloud computing services are used.

7. Educational Multimedia—“Fair use” guidelines apply to student- or teacher-created multimedia projects incorporating copyrighted works. “Fair use” ends when the multimedia project creator (educator or student) releases the project for general use, such as when others access it over the Internet or on a non-closed circuit distribution system. If broader dissemination occurs, the creator must then obtain permissions for all copyrighted portion and must include on the opening screen of the program that their presentation has been prepared under the “fair use” exemption of the U.S. Copyright Law and is restricted from further use.

8. Copyrighted material may not be hosted on any district website or used as an attachment or link without permission from the creator. Reproduction or use of copyrighted materials is acceptable either with the written permission of the copyright holder or within the bounds of the “fair use” guidelines provided in the copyright law.

9. Web Page Information—Web-based material is copyrighted just as print and audiovisual multimedia materials are, and “fair use” guidelines apply.
2015- 2016 CAPITAL PROJECTS PLAN

Background:

Board Policy 3711 requires that a major maintenance project list be developed annually by the Department of Facilities Services and that the list be reviewed by the Planning, Facilities, and Equipment Committee and taken to the School Board for action no later than April 1st of each year. This report includes the proposed major maintenance and energy savings projects plans for 2015-16.

The overall major maintenance plan is updated on a regular basis with annual evaluations of each project on the list by the Facilities Department. The plan includes “place marks” for annual-type projects, which include roof, exterior envelope, asphalt/concrete, and flooring replacements. Each project is prioritized by the Facilities Department based, in-part, on the priority system detailed in the Board Policy. Generally, this report also includes the capacity projects as required by Board Policy 7210; however there are no capacity projects proposed for the coming year.

Available Budget:

The major maintenance budget is $2,000,000; however $500,000 will be used to continue to pay off the loan used to fund the Reuther masonry restoration project from several years ago, and an additional $500,000 will be used to fund security improvements at all of our facilities. The three-year security project and related funding was approved by the Board at the June 25, 2013 meeting. This leaves $1,000,000 for major maintenance projects this year.

Major Maintenance Plan Information:

The 2015-16 capital projects plan is provided as Attachment A to this report. The plan is a continuation of the overall major maintenance plan initiated fourteen years ago, and the energy savings project program started twelve years ago. The major maintenance plan includes a proposed contingency of $34,500 or 3.45% of the available budget for projects that will be performed this year. Board Policy 3711 recommends that a contingency of not more than 5% be reserved at the beginning of each year; contingencies have ranged from 0.86% to 4.25% over the past fourteen years.
Security Project Information:

In regards to the $500,000 security project, which is the final year of the three-year initiative, there are two major scope items:

- Conversion of the card access system for the 18 buildings currently being served by the obsolete G.E. Sapphire system to the T.A.C. system that serves the remainder of the district. The G.E. system has been discontinued and is no longer supported. It runs off old hardware and an old server operating system that cannot be supported by our server back-up system at KUSD. Our plan is to sole source purchase T.A.C. equipment so that the entire district is on one system. We have negotiated a price with Schneider Electric, the parent company of T.A.C., for the equipment that is lower than what we have paid in the past through a competitive process. The installation will be done entirely in-house.

- Completion of the installation of VoIP phones in every classroom in the district. Phase 3 of the project includes 12 elementary schools, Dimensions of Learning and the Senior Center. This will complete the VoIP project necessary to support the Informacast notification system by having a phone in every classroom in the district.

This report was reviewed at the February 10, 2015, meeting of the Planning/Facilities/Equipment Committee, and the committee voted unanimously to forward this report to the Board for consideration.

Administration Recommendation:

Administration recommends Board approval of the 2015-16 Capital Projects Plan as described in this report.

PROPOSED 2015-16 CAPITAL PROJECTS PLAN

MAJOR MAINTENANCE PROJECTS:

Asbestos Abatement Projects:

This project will be performed in conjunction with the energy projects being performed at Grewenow, Jefferson, Jeffery, Roosevelt and Vernon Elementary Schools this year. The project will remove all of the asbestos that needs to be removed to support those projects whether the asbestos is in the form of pipe insulation, floor tile, mastic, flashings or sealants, etc. Performance contractors do not get involved in asbestos abatement so we made the decision prior to the process to consider a performance contract that we would address the asbestos abatement separate from the performance contract and fund with our major maintenance budget. The estimated cost for this work is $188,000.

Exterior Door Replacement Projects:

This is an annual-type project that replaces the oldest wood and steel exterior doors in the District with well-insulated, vandal-resistant doors. Selection of the doors is based on an evaluation performed by our maintenance department. The estimated cost for the exterior door replacement projects for this year is $13,500.

Exterior Wall Major Maintenance:

This is another annual-type project that includes a wide range of exterior envelope, masonry, and concrete repairs including tuck-pointing, window-related work such as lintel replacement, etc. There is not one significant project this year; instead it is a series of 11 smaller projects at several schools. The estimated cost for the overall building exterior wall project is $264,600.

Flooring Projects:

We are proposing one flooring project for this coming summer which is the replacement of the carpeting in the library at Jefferson Elementary School. This project is needed to support the remodeling that will occur in the Jefferson library as part of the energy project. The estimated cost of the flooring project is $8,000. If funds become available as a result of one of the other project categories coming in under budget, we will add the replacement of the gym floor at Prairie Lane Elementary School which is estimated at 10,000.
Roof Replacements and Major Repairs:

This is also an annual project to replace the oldest and most troublesome roofs in the District. The roof sections in need of replacement or major repair are determined by the comprehensive roof assessment program that the District initiated fourteen years ago. The projects for this summer coincide with the performance contract projects at Jefferson, Jeffery, Roosevelt and Vernon Elementary Schools pulling out those portions that have minimal energy savings which is a large percentage of the roof replacement scope of work. The estimated cost is $491,400 for engineering and survey fees, roofing replacement, and other repair work that will be determined after the spring surveys are completed.

ENERGY SAVINGS PROJECT:

The energy savings funded project will be the replacement of single pane windows and metal panels at Grewenow Elementary School with brick and energy efficient windows. This project will be funded through the savings generated from our energy savings programs which has a budget of $500,000. The estimated cost for the project at Grewenow is over $600,000, so there will be a portion of the project that will be completed in a subsequent year. The focus in 2015 will be the classroom windows.

8000 Policy Series – Internal Board Operations

Work by board members on the 8000 policy series began in Aug. 2014, with an anonymous survey created by Dr. Jonas in which board members reviewed each policy and chose to accept, eliminate and/or change them. The survey input was collected and compiled by Dr. Jonas and then shared with board members.

A special meeting, led by Dr. Jonas, took place on Aug. 25, 2014. This meeting consisted of board members and leadership council. At this meeting, the survey results and an adoption timeline was reviewed. Group work began and suggested policy changes were submitted and compiled by Dr. Jonas. It was decided that the 8000 policy series would not need Committee level review due to the fact that they pertained to internal board operations.

The revised 8000 policy series was sent to board members on Sept. 3, 2014, for review, input, and/or feedback which was to be submitted to Dr. Jonas.

A second special meeting, led by Dr. Jonas, took place on Nov. 20, 2014. This meeting also consisted of board members and leadership council. At this meeting, each individual policy was reviewed by the group. On Dec. 2, 2014, the noted changes to the policies from the Nov. 20, 2014, special meeting were sent to board members for their review. Shortly following this meeting, Mr. Flood submitted a draft proposal of a new “Student Advisory Council” policy.

In Dec. 2014, legal counsel at Buelow, Vetter, Buikema, Olson, & Vliet reviewed the revised 8000 policy series and questions brought forward by board members. A copy of the response from the legal counsel is attached as Attachment 1. It was also suggested that board members review legal counsel’s responses in red on Attachment 1.

At the January 27, 2015 Board meeting, the 8000 policy series was approved as a first reading with the following changes:

- The addition of “Introduction, Welcome, and Comments by Student Ambassador” to the order of business in Policy 8712 – School Board Meeting Agenda Preparation and Dissemination;

- The addition of “or more time” after “The use of another member’s time…” in the last sentence of #12 (before the listed provisions) in Policy 8810 – Rules of Order; and

- In Policy 8880 – Audio Recording of Board Meetings, the change of “audio” to “audio and video” throughout the policy, the addition of “Regular” before “School Board” in the first sentence of the policy, and the addition of the following sentence
after the first sentence, "Audio and/or video recording of Special Board meetings will be made at the discretion of the Board president."

The policy changes have been made and inserted standard policy formatting. Upon doing this, it was discovered that there were policies that were missing a Rule, had deletions without being noted and/or two policies were combined as one. In order to be as transparent as possible and to avoid confusion the following policies have been removed and will be addressed as a separate agenda item: 8300, 8330, 8411, 8412, 8510, 8520, 8620, 8630, 8740, and 8870.

**Recommendation**

It is recommended that the school board approve the 8000 policy series as a second reading as contained in the agenda excluding the following policies: 8300, 8330, 8411, 8412, 8510, 8520, 8620, 8630, 8740, and 8870 which will be addressed as a separate agenda item.

   g. Seek communications between the Board and middle and high school students on a quarterly basis at the ESC. Principals will advise the Superintendent of Schools if students will be attending.

The School Board shall conduct all its meetings in accordance with newly revised Robert's Rules of Order, unless otherwise provided below.

1. The School Board president may vote on all matters coming before the School Board. The School Board president has the right to introduce or second motions if another School Board member is given temporary control of the meeting. Temporary control is assigned in the following order: Vice President, Clerk, Treasurer, any other member.

2. A motion to Limit Debate shall be decided by a majority vote.

3. Each regular and special meeting of the School Board shall be considered a "session," unless it is an adjourned meeting as defined by newly revised Robert's Rules of Order.

4. It shall be in order to Postpone Definitely a motion, event or report beyond the next session by a majority vote.

5. A motion to rescind or amend something previously adopted at an earlier session requires a majority vote if prior notice is given outlining the proposed motion. Without this notice, a two-thirds vote is required. This notice may be given by mail or may be given orally at an open meeting or a closed meeting if applicable. (Note: In any event, the provisions of the Open Meeting Law and School Board Policy apply). The School Board President shall require a majority written request or vote for placement on an agenda if the member did not vote on the prevailing side of the motion to be rescinded or amended. The provisions and requirements of this section shall expire ninety (90) days from the date of the last School Board action and, therefore, agenda requests and motions may be offered on the issue as if new.

6. A motion to rescind or amend something previously adopted instead of reconsidering action taken at the same session shall require a two-thirds vote. If a motion to reconsider fails, it shall not be in order to move to rescind or amend something previously adopted at that same session.

7. A motion may be unilaterally withdrawn by the maker prior to any vote being cast. Similarly, a motion may be modified without the permission of the second; however, the second may withdraw.

8. A member, while speaking on a motion, may not move the previous question.

9. Discussion is permitted when no motion is pending. To close discussion when no motion is pending, a member may request to proceed. No second is required. It is not debatable, it is not in order when another has the floor, and requires a majority vote if the request is objected to but no member immediately offers a motion. After a request to proceed, the chair shall ask if there is an objection or a motion and, if hearing none, the School Board will proceed with the agenda.

10. Except as adopted by a unanimous vote to suspend this Bylaw, the following motions shall not be in order:
   a. Create a Special Order
   b. Call for the Orders of the Day
   c. Reconsider and Enter on the Minutes
   d. Lay on the Table
   e. Take from the Table
11. School Board members' response to citizen comments shall be limited to six three minutes.

12. Time allowed for debate on motions during regular meetings shall be limited to one five minute discussion period followed by one three minute rebuttal period per person. Another three minute rebuttal time is allowed during special meetings. The use of another member’s time or more time is allowed at the discretion of the chair under the following provisions:
   a. another member must consent to waive his/her time;
   b. the ruling of the chair shall apply to all members;
   c. discretion to use another member’s time expires once a vote has occurred; and
   d. a member can use another member’s time only once per motion.

POLICY 8850
SCHOOL BOARD COMMITTEES

The School Board believes committees can be useful in the decision-making process and in the conducting of Board business. By using a Board committee structure, the Board is able to conduct its business in an efficient and effective manner, study issues facing the District more in depth, and take more ownership in things happening in the District. The committee structure is designed to assist the Board in the conducting of Board business; it is not intended to take away a Board member’s opportunity to ask questions or to be involved in the decision-making process.

The Board shall have four standing committees: (1) Audit, Budget and Finance, (2) Curriculum and Program, (3) Planning, Facilities and Equipment, and (4) Personnel and Policy. Each standing committee shall consist of three Board members. A quorum of the committee shall be include a minimum of two (2) Board members.

The Board President shall appoint Board members to standing committees in accordance with established procedures. No Board member may serve on more than two standing committees and can only chair one standing committee. The Board President shall select the committee chair. The committee chair may seek six qualified community members and two students to serve on the committee. Every attempt will be made to have these committees reflect the diversity of the District. Community member appointments shall be made in accordance with established procedures. The term of appointment to a standing committee will be for two years for community and student members, with option of renewal at the chair’s discretion.

Whenever possible, terms will be staggered. It is expected that all committee members will attend at least 80% of the meetings of the standing committee to which they have been appointed. Consistent with Board policy concerning Board officers, the chair of each committee may not serve as committee chair for more than two consecutive years.

The Board may establish other standing and temporary ad-hoc committees from time to time as needed. The Board President shall make such committee appointments in the same manner as other standing committee appointments.

The Board President shall serve as an ex-officio member of all standing and temporary committees of the Board.

The function of all Board committees should be fact-finding, deliberating and advising, but not legislating or policymaking. Standing Board committees may not act or speak for the Board unless authorized by the Board. Each Board committee shall be assigned specific duties. All policymaking actions taken by a Board committee shall be subject to ratification and approval of the Board. For policy-related items, the Board will have a first and second reading of the recommended policy before final policy adoption. The policy readings shall occur at separate Board meetings.

Public notice shall be given for all Board committee meetings in accordance with state law and Board policy.

Revisited 8000 Policies

At the January 27, 2015 Board meeting, the 8000 policy series was approved as a first reading. Upon inserting the policies using standard policy formatting, it was discovered that there were policies that were missing a Rule, had deletions without being noted and/or two policies were combined as one. Therefore, these policies were approved as a first reading despite having all of the necessary content.

In order to be as transparent as possible and to avoid confusion, the following policies have been removed from the 8000 policy series for additional review and approve: 8300, 8300, 8411, 8412, 8510, 8520, 8630, 8630, 8740, and 8870.

FILLING SCHOOL BOARD VACANCIES

1. Within 10 days of being informed of a vacancy on the School Board, the School Board directs the administration to publish a press release to all requesting media outlets of the vacancy and to solicit letters of interest from citizens of the District. All letters of interest shall be received in the Superintendent's Office no later than 12:00 noon on the 10th business days following publication of the notice. A news release listing the names of all candidates for the School Board vacancy will be faxed to the requesting media at the end of that day. Candidates may withdraw their letter of interest at any time during the selection process.

2. A special meeting of the School Board will be scheduled within 10 days of publication of the list of names for the purpose of interviewing candidates for the School Board vacancy and making appointment decisions. School Board members should not talk with any citizens who expressed written interest in filling the vacancy or discuss any issues with them prior to the special meeting.

3. Interview Process

   a. Round One: Candidates will be interviewed one at a time in reverse alphabetical order. Candidates not being interviewed will be asked to sit in an adjacent room until their turn to be interviewed. Each School Board member will ask one question of a candidate so each candidate will answer six questions within a given time frame. Each School Board member will ask the same questions of all candidates. To avoid duplication, Board members should prepare four possible questions prior to the meeting. School Board members will ask their questions in the order that roll call is taken. Each candidate will have two minutes to answer each question. After responding to all questions, candidates may remain in the Board Room.

   After all candidates have been interviewed, School Board members will be asked to narrow the field using the following suggested procedure. Each School Board member will list, in writing, their top three choices. The Superintendent or his/her designee will review the lists and only those candidates appearing on two or more School Board members' lists shall be eligible for the second round of questions and the field will be considered narrowed to that pool of candidates. If desired, unsuccessful candidates may remain in the Board Room.

   b. Round Two: School Board members will ask a follow up question, if desired, of the remaining candidates. Candidates will have two minutes to respond to that question. School Board members must ask the same question of all remaining candidates. As with the original interviews, candidates will be asked to remain in an adjacent room until their turn to be interviewed during the second round. After all candidates have had an opportunity to answer the second round of questions, School Board members will be asked to rank the remaining candidates in order of preference assigning the highest number to their most preferred candidate and the lowest number (1) to their least preferred candidate. The Superintendent or his/her designee will then add up the accumulated points and report them to the Board in writing. The School Board may then recess for a short time.
4. Appointment

   a. Following the interview process, motions will be in order for filling the School Board vacancy. School Board members should accentuate the positive when supporting a "motion to appoint" and should refrain from proselytizing.

   b. Tied votes equal a failed motion and, according to School Board policy, a failed motion cannot be reintroduced during the same business meeting.

   c. School Board members who do not follow the above rules may have their ballots disqualified by the presiding officer, but will be allowed to vote on any motion.
POLICY 8411

APPOINTMENT OF SCHOOL BOARD OFFICERS

The School Board shall elect a President, Vice-President, Clerk and Treasurer from among its membership to serve as officers of the School Board. A School Board Secretary, who need not be a member of the School Board, shall also be appointed.

School Board officers shall be elected annually at the organizational meeting by a majority vote of the School Board. Secret ballots may be used in the election of officers.

A School Board officer may be removed from office by a majority vote of the full School Board at a publicly held regular or special meeting of the School Board.

School Board officer vacancies, including resignations, shall be filled as soon as possible in the same manner as provided for at an organizational meeting, except in case the office of President becomes vacant, the Vice-President succeeds as President.

It is the belief of the School Board that an annual goal setting process will be beneficial to the Board, and District, and students. The Board of Education will participate in a goal setting process by July 1 annually. The goal setting process is to assist the Board in fulfilling its primary responsibility of establishing the purposes, programs, and procedures that will produce the best educational achievement needed by for District students. The Board believes that the annual goal setting process could involve: Board, administration, teachers, support staff, students, and public.

The purpose of annual goal setting is to achieve the following:
1. Provide the Board, District, and Superintendent of Schools a framework from which to place greater emphasis on identified areas for the Board, District and Superintendent of Schools.
2. Communicate with the public some of the major points of emphasis in the coming year(s).
3. Hold all affected parties accountable for identified goals. Collaborate with all stakeholders to achieve identified goals.

The Board believes that the annual goal setting process must involve all stakeholders—Board, administration, teachers, support staff and public.

School Year 2015-16 Instructional Calendars

The proposed 2015-16 instructional calendars were developed with input from many stakeholders. A survey was provided to all KUSD staff and reviewed in December 2014. Many optional calendar components were considered regarding full instructional days, early release days, and non-instructional days. 1,736 staff members, including 1,146 (approximately 2/3 of all) teachers selected preferences for several areas. The majority of responses were in alignment to historical calendar options. The results of the survey are available at the following link: http://kusd.edu/instructional-calendar-survey-results.

In the spring of 2014, Wisconsin removed the historical minimum school day requirement, but did not alter the number of required instructional hours for defined grade levels. The proposed calendars not only meet those requirements, but also include enough minutes for the equivalent of two full instructional days to cover any potential school cancellations.

Attached are the KUSD calendars for the following areas:
- 2015-16 Calendar Description
- 2015-16 Elementary Calendar
- 2015-16 Extended Year Elementary Calendar (Frank & Wilson)
- 2015-16 Middle School Calendar
- 2015-16 High School Calendar

Certain choice schools, charter schools, and alternative programs align to the majority of the proposed comprehensive calendars, but some may have minor alterations that best suit their specific programs. The following schools and programs have the approval to deviate from the state mandate for instructional minutes: Brompton, Dimensions of Learning, eSchool, Harborside, Hillcrest, KTEC, and Phoenix Program.

Recommendations

Administration recommends that the School Board review and accept the 2015-16 Instructional Calendars at its February 24 meeting.

The school schedules take into consideration two (2) inclement weather/other emergencies days that have been built into the schedule. In the event school is closed beyond the two days due to inclement weather or other emergencies, the remaining calendar period will be reviewed. If the closures result in a shortage of the required instructional time, the calendar will be adjusted and communicated as necessary.

Prior to the end of each school year, calculations will be done to determine if every school in the district meets the Wisconsin Department of Public Instruction required number of student contact hours and minutes. A 30-minute student lunch period will be scheduled into each full day daily schedule.

Open house schedules will be established and communicated by each building prior to the beginning of the school year.
