At March 9, 2010, meeting, the Audit/Budget/Finance Committee voted to forward this waiver request to the full Board. Administration recommends that the Board approve the request from the United Way of Kenosha County, Infant Mortality Delegation and Leadership Kenosha for waiver of rental fees in the estimated amount of $1,421 for use of Brass Community School on Saturday, May 15, 2010. It is not recommended that the cost of the custodial fees, the $20 permit filing fee or the possible $100 clean-up fee be waived.”

Mr. Fountain moved to approve the consent agenda as presented. Mr. Ostman seconded the motion. Unanimously approved.

Dr. Mangi presented the Wisconsin Department of Public Instruction Request to Submit Alternative Education Program Grant Application submitted by Ms. Margaret Modory, Assistant Principal – Tremper High School; Mr. Richard Aiello, Principal – Tremper High School; Mr. Daniel Tenuta, Executive Director of School Leadership – High Schools; and Dr. Mangi, excerpts follow:

“This grant focuses on increasing the number of students who graduate with their cohort group at the end of four years in high school. This proposal focuses on both regular and special needs students who fail to be successful after their first ninth grade
year at Tremper High School as measured by the acquisition of credits and regular school attendance.

In general, the Kenosha Unified School District is in great need of strong prevention and intervention programs for specific populations to reduce academic failure and truancy and to improve this targeted group’s graduation rate.

The premise of this proposal is that not all students respond to the same instructional strategies and settings. Ninth grade is a difficult year for students, particularly those in large urban districts such as Kenosha. Even those who did moderately well in middle school succumb to academic and social pressures of high school resulting in the acquisition of minimal credits which often results in a failure to complete high school. Tremper High School is working to utilize successful alternatives and adaptive teaching techniques based on a tiered approach.

Students who will be served by this program include pupils who have difficulty succeeding in their first year in a regular high school setting. Specifically, students to be served by this program include pupils in the ninth grade cohort who fail to earn more than 3 ½ credits at the end of their first year in the Ninth Grade Academy at Tremper High School and who exhibit habitual truancy (a student who is absent from school without an acceptable excuse for part of all of five or more days during which school is held in one semester). Students with disabilities and regular education students will be identified for inclusion in to the program.

Thirty-five to forty students will be selected. Preference will be given to students who began the school year at Tremper High School at the start of their ninth grade year. Students will have an opportunity to gain the intermediate skills that high school courses assume students have and to earn credits necessary for completion of 10th grade requirements. During the afternoons, students will focus on the completion of ninth grade credit requirements. In addition, students will have an opportunity to earn 2 elective credits. Up to 10 credits may be earned during one school year.

Staffed at a rate of 18-20 students to two teachers, a smaller learning environment, regular progress monitoring, frequent formative assessment and corrective instruction will be maintained.

The Alternative Education Program Grant Application was due to the State of Wisconsin Department of Public Instruction by March 2, 2010, and was submitted in a timely manner. Due to DPI timelines, it was not possible to request Board approval prior to submission. At its March 9, 2010 meeting, the Curriculum/Program Committee voted to forward this grant request to the full Board for consideration. Administration recommends that the Board grant approval to accept and implement the five year Alternative Education Program Grant if received.

Mr. Fountain moved to accept and implement the five year Alternative Education Program Grant if received. Mrs. Snyder seconded the motion. Unanimously approved.
Dr. Mangi presented the Head Start Federal Grant Request for the 2010-2011 School Year submitted by Ms. Melody Orban, Head Start Administrator; Belinda Grantham, Director of Preschool; Mrs. Kathleen Barca, Executive Director of School Leadership; and Dr. Mangi, excerpts follow:

“The purpose of the Head Start program is to provide comprehensive services in the areas of health, education, social services, and parent involvement for low-income preschool children and their families. This grant will service 330 high-risk children that will be three or four years of age on or before September 1, 2010. Funds will be utilized to serve the children and their families in all program component areas as required in the Head Start Act and through the Head Start Performance Standards.

At its March 9, 2010 meeting, the Curriculum/Program Committee voted to forward this grant request to the full Board for consideration. Administration recommends that the School Board approve submission and implementation of the 2010-11 Federal Head Start Grant Request.”

Mrs. R. Stevens moved to approve submission and implementation of the 2010-11 Federal Head Start Grant Request. Mr. Ostman seconded the motion. Unanimously approved.

Dr. Mangi presented School Board Policy/Rule 6456 – Graduation Requirements submitted by Mr. David Tuttle, Teacher Consultant: Talent Development; Mr. Mark Hinterberg, Teacher Consultant: 6-12 Social Studies; Mrs. Vickie Brown-Gurley, Executive Director of Curriculum and Instructional Services; and Dr. Mangi, excerpts follow:

“It was discovered that the current School Board Policy Rule 6456 was stated and implemented in a way that it was not intended. The policy currently requires students to complete either one-half credit of U.S. Government and Politics or 1 credit of Advanced Placement (AP) U. S. Government and Politics (grade 11 or 12). The graduation requirement is different for students challenging themselves with the AP course, whereas these students are required to complete a full credit versus a half credit of U. S. Government and Politics.

As it pertains to the students who take Advanced Placement U. S. Government and Politics, if a student completes half of the course and chooses not to continue with the second half of the course for whatever reason, under the interpretation of the current policy the student has not met the graduation requirement and is rescheduled to take the regular half credit U. S. Government and Politics course.

Students accepting the challenges of taking the more rigorous Advanced Placement U. S. Government and Politics are still expected to meet the most essential benchmarks. The course rigor requires that the most essential benchmarks be addressed throughout the course, including each half of the course.
The recommended policy revision was reviewed by the Personnel/Policy and Curriculum/Program Standing Committees at their March 9, 2010 meetings. The Personnel/Policy Committee voted to forward the recommended policy revision to the full Board for consideration. No action was taken by the Curriculum/Program Committee. Administration recommends that the Board approve the recommended revisions to Policy 6456 as a first reading this evening and as a second reading at its April 26, 2010 regular meeting.”

Mr. Bryan moved to defer action on Policy/Rule 6456 – Graduation Requirements until the April Board meeting. Mr. Ostman seconded the motion. Unanimously approved.

Dr. Mangi presented Policy 3240 – Investments submitted by Mrs. Eileen Coss, Accounting Manager; Mr. Johnston, and Dr. Mangi, excerpts follow:

“As part of the ongoing review of District policies, attached is the current Investment Policy (3240). This policy was last reviewed in 2003, when the District financed the Mahone Middle School. In 2007, District staff titles were updated with all of the 3000 series policies.

In 2003, the Board wanted to include specific language regarding capital funds and debt service and how those funds would be invested (Rule 3240). The other component of this review was a review of the re-prioritizing of the Districts investing objectives between diversification, safety of principal and yield (Policy 3240). At that time, a fourth objective of liquidity was removed from the policy.

In 2006, the Legislature enacted a new law, Wisconsin Act 99, relating to the investment by school districts of funds held in trust to provide post-employment benefits. Under Act 99, funds held in trust to provide for post-employment health care benefits, provided either separately or through a defined benefit pension plan, and other post-employment benefits provided separately from a defined benefit pension plan may be invested in the same manner as is authorized for investments under s. 881.01, “Uniform prudent investor act”.

The “prudent investor rule” requires that funds be invested and managed as a prudent investor would, by considering the purposes, terms, distribution requirements and other circumstances of the trust. A trustee who invests and manages assets of the trust must comply with the prudent investor rule set forth in the statute. This rule does require the trustee of an employee benefit trust fund to exercise reasonable care, skill and caution when investing and managing the assets of the trust.

At the February Audit, Budget and Finance Committee meeting, the Committee discussed adding safeguards to ensure that investments outside of the District Schedule of Authorized Depositories (copy attached from last April) have an additional review by an independent financial advisor to ensure that the investment meets the guidelines and intent of the District’s Investment Policy. The Policy has been updated in bold to reflect this additional requirement.
Both the Personnel and Policy Committee and the Audit, Budget and Finance Committee reviewed the recommended addition to the policy and both Committees recommended sending it to the full Board, subject to a review of the new language by the District’s attorney, for a first reading and a second reading. The revised policy was reviewed by the District’s Bond Counsel and the addition of “(except for 1.e. above)” was recommended to be added to the language to provide an additional safeguard.

Administration recommends that the revised Policy and Rule 3240 – Investments be approved as a first and second reading on March 23, 2010.”

Mr. Ostman moved to approve revised Policy and Rule 3240 – Investments as a first and second reading. Mr. Fountain seconded the motion. Unanimously approved.

Dr. Mangi presented the 2010-2011 Preliminary Staffing Allocations submitted by Mrs. Sheronda Glass, Executive Director of Human Resources, and Dr. Mangi, excerpts follow:

“The information that follows provides a summary of recommended instructional staffing allocations for the 2010-11 school-year. Please note that these projections are “District” allocations only and do not include Federal Class Size Reduction, SAGE or any District, State or Federal grant funded positions.

The Office of Educational Accountability provided 2009-10 enrollment data and 2010-11 school year projections to Human Resources and Business Services. Over the next months, Human Resources will be reviewing projections in detail with School Leadership and school principals to finalize staffing allocations within Board authorized FTE allocation.

At its March 9, 2010, meeting, the Personnel/Policy Committee voted to forward this report to the full Board for consideration. At this time, based on enrollment projections, the Administration recommends that no new full time equivalents be added to the 2010-11 budget; however, because the Administration is evaluating current staffing ratios and formulas and because we have not finalized the Budget, we ask to reserve the right to request additional staffing as needed.”

Mrs. R. Stevens moved to approve the 2010-2011 Preliminary Staff Allocations. Mrs. Snyder seconded the motion. Unanimously approved.

Dr. Mangi presented the Resolution to Add a Second Deferred Compensation Plan submitted by Ms. Judy Ashley, Payroll Manager; Mrs. Glass, Mr. Johnston, and Dr. Mangi, excerpts follow:

“In 2007, the Internal Revenue Service (IRS) issued final regulations pertaining to 403(b) plans. These regulations required all 403(b) plan employers to establish a written plan by January 1, 2009. Because of these changes in the Internal Revenue Code (IRC) regulations, the District formed an internal committee comprised of District’s and KEA representatives to develop a written plan, develop criteria for 403(b) vendors to participate in the plan and to review the existing 403(b) vendors and select a group to
be in the District’s plan. After the criteria was developed, a Request for Proposal was sent out and the existing vendors were selected from these responses. The goal was to reduce the number of vendors by ensuring that the highest quality products were being offered to our employees.

As part of the Committee’s review and recommendation, Section 457 Deferred Compensation plans were reviewed to be included in the District’s overall plan for employees. Employees can participate in both a 457 plan and a 403(b) plan without compromising the limits under each plan. Employees may save and invest pre-tax monies through salary deferrals in the 403(b) plan and in a 457 plan up to a maximum of 100% of their includible compensation. This contribution cannot exceed the annual IRS legal limit.

Another benefit of a 457 plan is that it is not subject to the 10% early withdrawal penalty. Employees can choose to withdraw their money from their 457 balance once they terminate public employment without being subject to the 10% penalty; this is an advantage over a 403(b) plan. Some of our employees might be more inclined to invest in their retirement if they know they can pull their funds out (should they need them) once they terminate public employment. It should be noted that federal and state tax withholding still applies when a participant requests a distribution from either plan. The Committee recommended to the Board of Education to adopt the Wisconsin Deferred Compensation (WDC) program and the Board approved the addition of the Plan on October 28, 2008. Employers who elect to participate in the WDC program under §40.80 Wisconsin Statutes must agree to the terms and conditions of the WDC Plan and Trust Document.

Wisconsin State Statutes grant specific powers and responsibilities to the Wisconsin Deferred Compensation Board (Board). The Board and the Employee Trust Fund (ETF) have fiduciary responsibility for the WDC. The Board and ETF provide complete oversight of the WDC Plan, including program administration and investment option selections. The Board contracts for all administrative services (e.g., marketing, record keeping, and daily program administration) through a competitive bid process. Great-West Retirement Services currently administer the WDC Plan.

Late last spring, the District was approached by the Kenosha Education Association (KEA) about offering an additional 403(b) product from the National Education Association (NEA) offered through Security Benefits. At the time, Security Benefit was an approved vendor retained during the review in late 2008, so the NEA 403(b) product was added to the menu of 403(b) offerings, subject to 10 participants being added by January 2010 (criteria established to add a new vendor). During the summer, an inquiry was made about offering the NEA 457 plan, also offered through Security Benefit. In August, the decision to add this product was deferred by the Committee until after January 2010, to wait and see if the NEA product would be retained (achieving the 10 participants).

Attached is a chart that illustrates the differences between the existing WDC 457 Plan and the NEA 457 Plan. One of the main differences is that to participate in the WDC 457 Plan, a District is required to adopt the State’s WDC 457 Plan’s Plan and
Trust Document. Under the NEA 457 Plan, the District is required to develop a separate 457 Plan with a separate Plan and Trust Document. The NEA 457 Plan is also more expensive to the employee, but they do benefit from one-on-one retirement advising through Retirement Plan Advisors.

The Committee was scheduled to meet in early November to discuss the addition of the NEA 457 Plan, but that meeting was canceled due to conflicts in participant schedules.

The next meeting of the Committee was scheduled for the first week of March to discuss the addition of the NEA 457. The Committee felt that the NEA 457 Plan was not the best option for all District’s employees, due to high annual cost to the participant, but since the KEA was requesting it be added, the Committee could agree to add the NEA 457 Plan for only the KEA members. Since this is a new 457 Plan, the District is responsible for the Plan Document and Adoption Agreement for this second 457 Plan. The Committee agreed that a legal review was necessary and that the KEA should fund one-half of this cost (RPA has agreed to fund the KEA’s part).

The Audit, Budget and Finance Committee reviewed the recommended addition of the NEA 457 Plan to the District’s offerings for the members of the KEA and approved sending it to the Board for approval.

In order to participate in the NEA 457 Plan, the Board will need to pass the attached Resolution. The Districts’ attorney reviewed the Plan Document and did not find anything that would prevent the District from adopting the attached Plan Document. An Adoption Agreement, that customizes the plan to the District’s specifications for the NEA 457 Plan, is being finalized and will be provided prior to the meeting.

Administration requests that the Board of Education review the NEA Deferred Compensation 457 Plan materials and approve the attached resolution.”

Mr. Ostman moved to approve the Resolution to Adopt a 457 Deferred Compensation Plan Resolution. Mrs. Taube seconded the motion. Unanimously approved.

Dr. Mangi presented the Open Enrollment Applicants for the 2010-2011 School Year submitted by Mr. Daniel Tenuta and Dr. Mangi, excerpts follow:

“During the 1997 Wisconsin legislative session, a Public School Enrollment Law was enacted to become effective with the 1998-99 school years. Wisconsin Statutes 118.51 and 118.52 mandated that all Wisconsin schools adopt an inter-district open enrollment policy. On January 27, 1998, the Board of Education adopted School Board Policy 5260 - Full-Time Public School Open Enrollment. This policy determines the circumstances under which student applications for enrollment under the Public School Open Enrollment Law are accepted or denied.
Under the Public School Enrollment Law, Kenosha students who wish to enroll in a school outside the District and students from other districts who desire to attend a school in the Kenosha Unified School District were required to submit applications to the Office of School Leadership – High School no later than 4:00 pm February 19, 2010. The District is required to notify open enrollment candidates if they have been approved or denied no later than April 9, 2010.

One hundred and eighty-five students from Kenosha Unified School District have applied for admission to schools outside of Kenosha under the guidelines of open enrollment.

One hundred and sixteen students from school districts outside the Kenosha Unified School District have applied for admission to Kenosha Schools under the guidelines of open enrollment. The administrative procedure for approval and denial is as follows:

A database of available space is maintained for all schools at each grade level. Space availability is determined using enrollment data and teacher allocation projections supplied by the Office of Educational Accountability. The Executive Directors of School Leadership review the data and a space determination is made for each school at each grade level. Applicants are reviewed by the appropriate administrative staff using the State approved open enrollment guidelines. Students who have not had records sent from their nonresident school district are still included in the selection process. Their eligibility is determined after their records arrive. Schools and grade levels with the most available space are filled first. If two schools have the same amount of space available at a particular grade level, a random order of selection is used to determine the school chosen first. Applicants are then distributed in an equalized pattern among the schools with openings. Preference is given to currently attending students and siblings. If there are more applicants than spaces available at a given grade level, a random selection process is used to select students. This process is as follows: All students are listed in alphabetical order. Each student is assigned a number with the first person listed as number one until all students are assigned a number. All numbers are assigned after the application deadline. A separate lottery drawing is held for each grade level. Numbers representing each student are randomly drawn until all available seats are filled. No waiting list is established. Below is a listing of the applicants by grade level and administrative recommendation.

Administration recommends approval of all applicants identified as numbers 1, 3, 4, 5, 7, 8, 9, 10, 11, 12, 14, 15, 16, 17, 19, 20, 24, 25, 27, 28, 33, 36, 39, 40, 42, 45, 46, 47, 49, 52, 55, 57, 58, 60, 61, 63, 64, 66, 68, 69, 70, 72, 73, 78, 81, 82, 83, 84, 85, 86, 87, 89, 90, 92, 93, 94, 96, 97, 98, 100, 101, 102, 104, 105, 106, 108, 109, 110, 113, 115 and 116 due to available space or prior enrollment in the schools requested.

The United States Marine Corps is requesting a waiver of user fees for use of the Mahone Middle School upper gym for physical training of new recruits on Wednesday evenings as follows: December 16, 2009, January 6, 13, 20, 27, February 3, 10, 17, 24, March 3, 17, 24 and 31, 2010. At its April 13, 2010 meeting, the Audit/Budget/Finance Committee voted to forward this waiver request to the full Board for consideration. Administration recommends that the Board approve the request from the United States Marine Corps for waiver of rental fees in the amount of $1,462.50 for use of the Mahone Middle School upper gym on 13 dates in December 2009 and January, February, and March 2010. It is not recommended that the $20 permit filing fee or the possible $100 clean-up fee be waived.

Dear Kenosha School Board,

My name is Sgt Sanchez, Daniel. I am the local representative for the Marine Corps here in Kenosha, WI. I have been using the facility at Mahone Middle School, (upper gym) from the hours of 5pm to 6:30 pm on Wednesdays from the dates of Dec 16, 2009, Jan 6, 13, 20, 27 and Feb 3, 10, 17, 24, 2010. I was misunderstood and thought it would be of no charge, I apologize for that. I would like to know if the fees could be waived do to the fact that I am an non-profit organization and only using the facility to train and to prepare our recruits for Marine Corps Boot Camp so they can be successful in their future career as the next generation of Marines.

This is a ☑ one-time or a □ recurring expenditure
The Department of Public Instruction (DPI) provides money to the Kenosha Unified School District through the Student Achievement Guarantee in Education (SAGE) appropriation. These funds are to be used to reduce the class size in kindergarten through third grade classes to 15 students. Currently, seven schools receive SAGE funding: Bose Elementary School, Brass Community School, Edward Bain School of Language and Art, McKinley Elementary School, Roosevelt Elementary School, Vernon Elementary School, and Wilson Elementary School.

Schools are either eligible for SAGE funding, or P-5 funding. While no new schools can be added to the total number of schools in a district receiving SAGE funds, the eligibility can be transferred from one school to another school in the same district with appropriate notification to DPI and approval.

The purpose of this modification is to transfer SAGE eligibility from Roosevelt Elementary School to Frank Elementary School. This change would take effect for the 2010-2011 school year.

If the transfer of SAGE eligibility is approved, Frank Elementary School would lose its current P-5 funding status. Additionally, this modification will transfer P-5 funding from Frank Elementary School to Stocker Elementary School, if approved.

This modification is being sought in order to enhance the effectiveness of the instructional process at Frank Elementary School through the establishment of smaller class sizes in Grades K-3. Administration views this factor as an important component in marshalling support for a student population which exhibits a socio-economic profile that is significantly more challenging than the one exhibited by Roosevelt Elementary School. Frank Elementary School’s “free and reduced” lunch rate is projected to be 93.38%, as compared to Roosevelt Elementary School’s rate of approximately 42.86% for this school year.

WKCE results are currently lower at Frank Elementary School than at Roosevelt Elementary School, also indicating a greater need for SAGE class sizes. The following charts provide a means of comparison.

SAGE funding will have a greater impact on the projected class sizes at Frank Elementary School than on the class sizes at Roosevelt Elementary. The chart below provides additional and meaningful details.

Budget

The SAGE funding is provided based on the number of free and reduced lunch students that are in a given SAGE school in the K-3 grades. The Wisconsin State Legislature has established a funding amount of $2,500 per eligible student in SAGE schools. Due to the increasing number of eligible students and no additional funding for the overall SAGE program as has been experienced this year, the actual per pupil funding amount for 2009-2010 is $2,079.07.

Using 2009-2010 variables and based on the number of low-income students (98 students), Roosevelt is scheduled to receive $203,749. There are currently three (3) SAGE teachers at Roosevelt with their salary and benefits totaling $279,951. This leaves a subsidy of $76,202 from the District to provide SAGE-level support at Roosevelt.

If the SAGE designation were transferred to Frank Elementary and based on their low-income students (264), Frank Elementary would be scheduled to receive $548,874 in SAGE funding. It has been estimated that four (4) SAGE teachers would be needed to keep class sizes down to the 15:1 ratio and the estimated cost is therefore projected to be $373,268 (using the overall District average staffing cost). This leaves a positive variance of $175,606 for the overall SAGE program at that school.

From a budgetary perspective, if the shift of SAGE occurs at Frank Elementary, then Stocker Elementary would assume the P-5 designation of Frank Elementary. Based on how DPI allocates the funding for the P-5 program, the Frank Elementary allocation would shift to Stocker next year, since the P-5 funding is based on the prior year’s third Friday student count. This would not have an impact to the overall P-5 funding the District is scheduled to receive in the 2010-2011 budget, but overall P-5 funding should increase the following year due to the higher enrollment at Stocker Elementary.

Recommendation

At its April 13, 2010 meeting, the Curriculum/Program Committee voted to forward this report to the full Board for consideration. Administration recommends that the School Board approve the transfer of the SAGE contract from Roosevelt Elementary School to Frank Elementary School and the transfer of P-5 funding from Frank Elementary School to Stocker Elementary School.

EXEMPTION TO GRADUATION REQUIREMENT FOR AFFECTED STUDENTS IN ADVANCED PLACEMENT U. S. GOVERNMENT AND POLITICS COURSE DURING 2009-10  

Background  

In response to the request of the School Board concerning the review of School Board Policy Rule 6456, this is a request to exempt the affected students from the government and politics portion of the social studies graduation requirement. The students affected would be those who successfully completed the first half of the Advanced Placement U.S. Government and Politics course during the 2009-10 school year.  

Rationale for Exemption  

In the past, students seeking an honors level course as an option to fulfill the graduation requirement were required to take Advanced Placement U.S. Government and Politics since no other honors level course was in existence. This is the only advanced placement course connected to a graduation requirement with no other honors level course option.  

Some students, parents, and even counselors interpreted the policy with the understanding that only one-half credit of the Advanced Placement U.S. Government and Politics course was needed to meet the graduation requirement. Unfortunately, students who successfully completed the first half of the course and chose not to continue with the second half of the course, for whatever reason, under the interpretation of the current policy, do not meet the graduation requirement. Students are then rescheduled to take the regular level one-half credit U.S. Government and Politics course. In an effort to avoid students being penalized, students should feel free to accept the challenges of taking more rigorous courses.  

Students did not have sufficient options that would include an honors level course that subsequently placed these students in this predicament. To complicate the matter, it is indicated on these students’ records, through the Zangle reporting system, that the graduation requirement has been met. In light of the fact that this situation arose from errors made at the district level and were not due to error on the student’s part, present students who are affected by this situation should be exempt.  

If these students are not granted the exemption, they will be required to take the regular level course after having successfully completed the first half of the advanced placement course and will spend the majority of the time on the same topics discussed but at a less rigorous level.
Recommendations

It is proposed that the School Board exempt those students who have taken Advanced Placement U.S. Government and Politics from the regular level U.S. Government and Politics course, one-time-only for this year, and accept the one-half credit earned from the Advanced Placement U.S. Government and Politics course as the requirement for the government and politics portion of the social studies graduation requirement.

The Curriculum/Program Standing Committee reviewed and discussed the recommendations at its April 13, 2010, meeting. The recommendations are now being forwarded to the full Board for approval.

POLICY 6456

GRADUATION REQUIREMENTS

Academic credits shall be awarded for successful completion of class requirements in grades nine through twelve. Graduation credit requirements are based on Carnegie credits earned. A student must earn 26 high school credits to graduate from the Kenosha Unified School District No. 1. Beginning in the fall of 2004, a student must also complete one of the following:

1. Earn a score of basic or above in three of five subtests on the high school Wisconsin Knowledge and Concepts Exam (WKCE)
2. Earn a cumulative grade point average (GPA) of at least 1.0 on an unweighted scale through the seventh semester of high school; i.e., January of senior year
3. Meet one of the following test scores requirements:
   a. ACT Assessment - 18 or above
   b. SAT I Exam - 870 or above
4. Successfully complete an approved Individual Education Plan (IEP), Limited Language Plan (LLP), and/or Section 504 Plan

A credit deficient student who is at least 17 years of age who has been in a high school cohort group for all four years (a student with a July birthday would be able to take the exam with the June testing group if they attended high school for four years with their peers) may also successfully complete the District Competency Graduation Requirements or a comparable program to earn a District diploma. In addition, a District diploma may be earned by a transfer student through an academic review of the student’s transcript by a building administrator.

A high school team comprised of a building administrator, a counselor, and representative high school teachers shall constitute the review board for any contested decisions concerning graduation. Continued appeals shall be submitted to the Superintendent/designee for a final decision.

All students shall be required to take a full schedule except junior and senior year when students may be allowed to have one release per quarter or semester. In addition, four years of high school attendance shall be required unless early graduation is applied for and approved pursuant to established District procedures. Students are eligible for early graduation when they have completed the requirements for receipt of a diploma.

The Board may award a high school diploma to certain veterans, notwithstanding District and statutory high school graduation standards. To be awarded a diploma, a person must be at least 65 years of age, attended high school in the District or attended high school in Wisconsin and resides in the District, left high school before graduation to join the U.S. armed forces during a war period as defined in state law, and served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces. War periods include, among others, World War II, the Korean Conflict, Vietnam War, and Persian Gulf War. The Board may also award a high school diploma to a person who received a high school equivalency diploma after serving on active duty in the U.S. armed forces or in forces incorporated as part of the U.S. armed forces if the person meets the other conditions outlined in this paragraph and to a veteran who has died, but who before dying, has satisfied the conditions outlined in this paragraph.

HONORS U. S. GOVERNMENT AND POLITICS COURSE PROPOSAL

Background

In response to the request of the School Board concerning the review of School Board Policy Rule 6456, this is a course proposal for the creation of a one-half credit Honors U.S. Government and Politics course. See Appendix A (Course /Program Change Proposal Form). This course would provide an honors level course as an option for satisfying the government and politics portion of the social studies graduation requirement.

Rationale for Change

Students who seek to take an honors level course to satisfy the government and politics portion of the social studies graduation requirement are in need of an honors U.S. government and politics course. In the past, students seeking this option were required to take Advanced Placement U.S. Government and Politics since no other honors level course was in existence. This is the only advanced placement course connected to a graduation requirement with no other honors level course option.

Some students, parents, and even counselors, interpreted the policy with the understanding that only one-half credit of the Advanced Placement U.S. Government and Politics course was needed to meet the graduation requirement. Unfortunately, if a student completes the first half of the course and chooses not to continue with the second half of the course, for whatever reason, under the interpretation of the current policy, the student has not met the graduation requirement. Students required to take the regular level course after successfully completing the first half of the advanced placement course will spend the majority of the time on the same topics discussed but at a less rigorous level.

In an effort to avoid students being penalized, students should feel free to accept the challenges of taking more rigorous courses. This course would provide an honors level option to meet the graduation requirement without requiring the student to enroll in an advanced placement course. An honors course is designed to be a college-preparation high school course. Advanced placement courses are college-level courses taught at the high school level with the curriculum mandated by the College Board.

Approval of this new course will require revision to School Board Policy 6456—Graduation Requirements—at some point in the future.
**Recommendations**

It is proposed that the School Board accept this Honors U.S. Government and Politics course proposal and expedite the process to have the course available to students for the 2010-11 school year. With the creation of the one-half credit Honors U.S. Government and Politics course, students would have an option to fulfill the government and politics portion of the graduation requirements that would include an honors level course.

The Curriculum/Program Standing Committee reviewed and discussed these recommendations at its April 13, 2010. The recommendations are now being forwarded to the full Board for approval.

Date Initiated: Friday, March 26, 2010  Name: Vickie J. Brown-Gurley, Mark Hinterberg, David Tuttle

Department & School: Social Studies, Curriculum and Instructional Services

Proposed or Removed Course Name: Honors U.S. Government and Politics

X New Course ___ New Name  Length: ___ Quarter  Credits: X ½ credit
___ Removal/Replacement of Course  X Semester  ___ 1 credit

Recommended Prerequisites (if any) None

Rationale for Course: Explain why this course is needed – It fills a curricular gap, extends course sequence, and addresses needs of a particular learner. How does this course support the district focus on achievement for all students? Does this course fit the District’s approved curriculum cycle? (If this is a course removal, only fill out this section.)

Presently, students have two choices of either taking regular U.S. Government and Politics or Advanced Placement U.S. Government and Politics to fulfill their graduation requirement. Students who are seeking honors credit and take Advanced Placement U.S. Government and Politics must complete the course in its entirety in order to complete their graduation requirement. These students earn a full credit of U.S. Government and Politics versus the students who take regular U.S. Government and Politics and earn the one-half credit requirement for graduation.

If a student successfully completes the first one-half credit of Advanced Placement U.S. Government and Politics and chooses not to continue the course for whatever reason that student is relegated back into the regular U.S. Government and Politics course to complete their one-half credit of U.S. Government and Politics.

Adding the honors level of U.S. government and politics fills a curricular gap by providing students an option to take a college preparatory course and earn honors credit.

Proposed Course Description: In three or four sentences, write a course overview appropriate for the Course Description Booklet.

This college preparatory course will emphasize an in-depth study of the U.S. Government’s constitutional structure and foundations, political structures and processes, and linking institutions (media, interest groups). Included in this course of study is an emphasis on independent reading, writing, research, and presentations.

Content Standards and Benchmarks: List the primary content standards and benchmarks students will be expected to understand and be able to apply as a result of taking this course.

Content Standard: Political Science and Citizenship—Power, Authority, Governance, and Responsibility
Most Essential Benchmarks:

C-2.11/12—Trace how legal and historical interpretations of liberty, equality, justice, and power—as identified in the Constitution, the Bill of Rights, and other Constitutional amendments—have changed and evolved over time.

C-5.11/12—Understand the role of government, how government is structured, its founding principles, and how the government works (processes).

C-7.11/12—Identify the sources, evaluate the justification, and analyze the implications of certain rights and responsibilities of citizens; and identify how people may participate effectively in community affairs and the political process.

Performance Standard F-I—Social Studies Processes

F-1.10—Use information to compare information, construct meaning, and explain different viewpoints.

F-3.10—Use information to explain trends, themes, and interactions; and demonstrate how those interactions impact cause and effect relationships.

G-3.10—Evaluate major ideas of an era (administration), and assess how ideas have worked in practice.

G-4.10—Connect main ideas, supporting details, make predictions, and support predictions through research and essay writing.

H-2.10—Interpret essential vocabulary to recognize points of view and relationships to key points

Pacing Guide/Scope and Sequence: Outline the planned structure for the course, including a tentative timeline for instruction.

Course is planned for the 2010-11 school year.

Review of School Board Policy 8850 –
SCHOOL BOARD COMMITTEES

Background

Creation of the PR/Goals/Legislative Standing Committee was intended to provide a formal systematic way of improving the District’s public relations. Membership on the committee has been consistent with the requirements of School Board Policy 8850.

Rationale for Change

It is the responsibility of the District’s fulltime public relations employee to, among other things, establish and coordinate a comprehensive Public Relations Plan as detailed in the District’s Strategic Plan and Communication Protocols.

There is agreement, among present members of the existing PR/Goals/Legislative Standing Committee, that the best approach for fostering community involvement in the District’s public relations initiatives would be through a temporary ad-hoc committee that would be brought together by the Public Relations Office as deemed necessary, or at the request of the School Board. The use of ad-hoc committees is acceptable, as indicated in School Board Policy 8850, which says, “The Board may establish other standing and temporary ad-hoc committees from time to time as needed.” Examples would be to generate community reaction to such items as communication activities impacting the School District, or assistance in developing and implementing plans, as proposed by the Public Relations Office, to enhance communication between the District and community. The composition of an ad-hoc committee would be consistent with the requirements of School Board Policy 8850, and may include Board members, as appointed by the Board President.

Additionally, the PR/Goals/Legislative Standing Committee has not been a, “…fact-finding, deliberating and advising” Committee per School Board Policy 8850. Rather, their bi-monthly meetings have primarily consisted of hearing activity reports about the various components of the District’s public relations efforts, (i.e. news releases, Twitter, website, Channel 20, etc.). Committee members believe it is because of this format that attendance of community appointees has decreased over the past six months.

Further, the legislative component of the Committee has consisted of the same material that is presented to the School Board at their meetings.

Recommendation

At its April 13, 2010 meeting, the Personnel/Policy Committee concurred with administration’s recommendation that the PR/Goals/Legislative Committee be eliminated from the list of standing committees as detailed in School Board Policy 8850, and that a revised Policy 8850 be forwarded to the School Board for a first and second reading. Administration recommends that the School Board approve revised Policy 8850 on a first reading this evening and that it be brought back for a second reading at the May 25, 2010 regular meeting.

Dr. Joseph T. Mangi
Superintendent of Schools

Gary D. Vaillancourt
Public Relations
POLICY 8850
SCHOOL BOARD COMMITTEES

The School Board believes committees can be useful in the decision-making process and in the conducting of Board business. By using a Board committee structure, the Board is able to conduct its business in an efficient and effective manner, study issues facing the District more in depth, and take more ownership in things happening in the District. The committee structure is designed to assist the Board in the conducting of Board business; it is not intended to take away a Board member’s opportunity to ask questions or to be involved in the decision-making process.

The Board shall have four standing committees: (1) Audit, Budget and Finance, (2) Curriculum and Program, (3) Planning, Facilities and Equipment, and (4) Personnel and Policy, and (5) PR/Goals/Legislative Committee. Each standing committee shall consist of three Board members. A quorum of the committee shall be a minimum of two (2) Board members. The Board President shall appoint Board members to standing committees in accordance with established procedures. No Board member may serve on more than two of the following standing committees. (1) Audit, Budget and Finance, (2) Curriculum and Program, (3) Planning, Facilities and Equipment, and (4) Personnel and Policy. However, Board members may serve on the PR/Goals/Legislative Committee as a third committee assignment. The Board President shall select the committee chair. The committee chair may seek up to two qualified community members and one non-voting student advisor to serve in an advisory capacity on the Audit, Budget and Finance Committee, the Curriculum and Program Committee, the Planning, Facilities and Equipment Committee and the Personnel and Policy Committee. The committee chair may seek up to six qualified community members and one non-voting student advisor to serve on the PR/Goals/Legislative Committee. Every attempt will be made to have these committees reflect the diversity of the District. Community member appointments shall be made in accordance with established procedures. The term of appointment to a standing committee will be for two years for community members and student advisors, unless otherwise arranged. Whenever possible, terms will be staggered. It is expected that community members will attend at least 80% of the meetings of the standing committee to which they have been appointed. Consistent with Board policy concerning Board officers, the chair of each committee may not serve as committee chair for more than two consecutive years.

The Board may establish other standing and temporary ad-hoc committees from time to time as needed. The Board President shall make such committee appointments in the same manner as other standing committee appointments.

TEMPORARY USE AGREEMENT WITH CITY OF KENOSHA RELATED TO 39th AVENUE AND 27th STREET ROAD CONSTRUCTION PROJECT

Background:

The City of Kenosha has requested temporary use of a 15 foot wide strip of property along 39th Avenue and a small portion along 27th Street at our Bullen Middle School site. The temporary use is to allow the City access for final grading and sloping of land once their road construction project in that area is complete. As part of the project the City is providing stubs for future water and sanitary sewer laterals on the land the District owns on the south side of Bullen. The attachment to this report provides a sketch of the area affected and a copy of the Temporary Limited Easement drafted by the City of Kenosha.

Facilities Department and Bullen school staff have had meetings with City of Kenosha staff in preparation for the project, and the City has made accommodations to District needs related to the operation of Bullen Middle School. The project has already begun, and the work in the area of Bullen is scheduled to be complete prior to the 2010-11 school year.

Administration Recommendation:

Administration recommends Board approval of the attached temporary use agreement with the City of Kenosha.
