Policy and Rule 1330 – Facilities Use And Policy 1331 – Classification Of Groups Using School District Facilities

Mrs. Sheronda Glass, Executive Director of Business Services, presented Policy and Rule 1330 – Facilities Use and Policy 1331 – Classification of Groups Using School District Facilities. She indicated that the current approval process for waiver of fees for the use of district facilities requires Board approval which can be cumbersome. Furthermore, more often than not, the request is approved at the recommendation of the administration. Therefore, to streamline the process, administration is recommending that the policy be revised to allow for the Director of Facilities and/or the Building Principal to approve all waivers. In the event a waiver is denied, the requestor may appeal to the Executive Director of Business. If it is not resolved at that level, the requester may then appeal to the Board of Education for a final decision.

Mrs. Taube requested that the Committee be notified if a church group requested use of a District facility for an extended period of time.

Mr. Bryan requested that a quarterly report of waiver requests be presented to the Committee for informational purposes only.

Mrs. Taube moved that the revisions to Policy and Rule 1330 – Facilities Use and Policy 1331 – Classifications of Groups Using School District Facilities be forwarded to the full Board for approval as a first reading at their November 27, 2012 meeting and as a second reading at their December 18, 2012 meeting. Four-Year Graduation Rate – Cohort Analysis

Mr. Kristopher Keckler, Executive Director of Information and Accountability, presented the Four-Year Graduation Rate – Cohort Analysis as contained in the agenda. He indicated that the report provides a base cohort illustrating the progress of students from their initial assignment as a ninth grader on the official third Friday count day in the 2008-2009 school year until the end of the summer school four school years later in August, 2012. In addition, the graduation base cohort of the Class of 2011 was examined in terms of its progress during the year following its designated graduation year (fifth year). He noted that the cohort graduation rate presented in the report is slightly different than the rate published by the Wisconsin Department of Public Instruction (DPI) due to the fact that beginning with the 2009-2010 school year, the DPI reported a four year cohort graduation rate which includes all students who have been assigned to a *Wisconsin* public school cohort and were last enrolled in KUSD during the four year time period whether or not the student *began* in KUSD in their ninth grade. Additionally, the DPI's graduation rate is a factor in two priority areas of the new Accountability School Report Card: Closing the gaps and On-Track and Postsecondary Readiness.

Mrs. Coleman requested an Update on the Closing of the Achievement Gap Plan.

Ms. Stevens moved to forward the Four-Year Graduation Rate – Cohort Analysis to the full Board for acceptance. Mrs. Anderson seconded the motion. Unanimously approved.

Information Items

Mr. Keckler presented the Summary of New DPI School Report Cards. He indicated with the new report cards each school receives an accountability index score (ranging from 0 to 100) which is based on the school's performance in the following four priority areas: 1) student achievement, 2) student growth, 3) closing gaps, and 4) on-track/postsecondary readiness. He also explained the possibility of a deduction in relation to the three student engagement areas (test participation rate, absenteeism rate, and dropout rate) and how that deduction can affect the overall rating of a school.

Ms. Stevens requested an update on the AIMS Program which would include truancy numbers for each school.

Dr. Sue Savaglio-Jarvis, Executive Director of Teaching and Learning, presented the Update on Grade 8 Algebra. She indicated that with many research studies and the Common Core State Standards supporting a rigorous math curriculum, all 7th grade students were enrolled in Pre-Algebra as a prerequisite to Algebra in the 8th grade during the 2011-12 school year. Mrs. Christine Pratt, Coordinator of Science and Mathematics, discussed and answered questions pertaining to grouping, differentiating, and monitoring via the use of MAP, ALEKS, and Odyssey.

Mrs. Coleman requested a Progress/Monitor Report on Grade 7 & 8 Algebra (results from the 2012-13 first quarter).

Mr. Daniel Tenuta, Assistant Superintendent of Secondary School Leadership, presented the Asynchronous Learning Days. He indicated that five full professional learning days for staff have been granted for the next four years beginning with the 2012-2013 school year. During the professional learning days for staff, students will not be in attendance but will have the ability to participate in asynchronous on-line instructional activities that not only focus on the existing curriculum but also on enrichment activities and collaboration. Mr. Tenuta noted the summary of the middle and high school activities offered and answered questions of the Committee members.

Waiver of Policy 1330 – Use of District Facilities

Mrs. Sheronda Glass, Executive Director of Business, presented the Waiver of Policy 1330 – Use of District Facilities. She indicated that the National Alliance on Mental Illness (NAMI) Kenosha County, Inc. is requesting a waiver of user rental fees for the Reuther High School gymnasium and kitchen for their 23rd Annual Mental Health Awareness Community Outreach event on Saturday, December 1, 2012. The estimated user rental fee which is being requested is \$235.00 for the gymnasium (\$47/hr) and \$240.00 (\$48/hr) for the kitchen. Mrs. Glass informed the Committee that Administration's recommendation is that the kitchen user fee of \$240.00 be waived; however, that the custodial fee and the gymnasium fee (\$235.00) *not* be waived due to the fact that there is no custodial coverage on that date and the District would have to have a custodian open, clean, and close the auditorium for their event. Furthermore, the use of heat and electricity would also be utilized for their event.

Mr. Nuzzo moved to forward the Waiver of Policy 1330 – Use of District Facilities from the National Alliance on Mental Illness (NAMI) Kenosha County, Inc. to the full Board for consideration with the recommendation that the kitchen user fee of \$240.00 be waived. Mr. Kent seconded the motion. Unanimously approved.

Ms. Stevens suggested that this report be included in the next Board agenda as an informational/communication item.

Mrs. Schmitz presented the Monthly Financial Statements. She noted that the quarterly Fund 10 transfers, which were mentioned last month and which have previously been done at the end of the year, will begin next month.
