

Insurance Requirements

You may be required to provide a Certificate of Liability for your rental of a District facility. The minimum acceptable policy limit is \$1,000,000.00 and the District must be named as an additional insured covered by the policy:

Kenosha Unified School District
3600 – 52nd Street
Kenosha, WI 53144

The certificate must specify the effective date of the general liability policy. These dates must cover the date or dates being requested for the use of KUSD facilities.

The cancellation section of the Certificate of Liability Insurance must be completed and signed by the authorized representative since this section insures that the group's policy is active at the time of the event.

The approval of your request to rent a KUSD facility will be pending the receipt of a copy of the Certificate of Liability.
