

POLICY 7311
DESIGN DEVELOPMENT AND CONSTRUCTION DOCUMENT DRAWINGS

Architectural Design Development and Construction Document drawings shall be developed in accordance with standard architectural practice methods and with established District standards. Architectural Design Development floor plans and evaluations, will be developed under the guidance of the appointed KUSD Facilities Design Committee, and shall give a clear idea of the basic design of the building, materials, built-in equipment and the approximate cost. Upon completion of the Design Development phase of the building design and by the recommendation of the facilities design committee, plans, specification and cost estimates will be submitted to the Board for approval. The Superintendent of Schools or Designee shall make recommendations to the Board to proceed with the development of final Construction Documents.

Complete architectural, structural, mechanical and civil engineered drawings which detail the building layout, design and construction materials shall be included in the Construction Document drawings.
