"Policy and Rule 6440 – Course Options Enrollment is a new program mandated by the State of Wisconsin. This new initiative, established with WI Act 20 in late 2013, takes effect for the start of the 2014-15 school year. Students in any grade K-12 have the opportunity to enroll in up to two courses at a time through an Institute of Higher Education (IHE) or other DPI approved program. The Course Options Program greatly expands the integration and participation of post-secondary and other DPI-approved educational opportunities.

All Course Options courses must be made available to public school students at no cost to the student. The resident district is required to pay a DPI determined amount to the educational institution. As a point of reference, the cost of the KUSD Youth Options program for the 2013-14 school year was approximately \$85,000, which includes certain limitations that do not pertain to the Course Options Program. DPI established an expectation that local school boards adopt policies and/or procedures respective to the Course Options statute. The attached Course Options Policy & Rule has been reviewed by KUSD legal counsel.

On September 9, 2014 the Joint Personnel/Policy & Curriculum/Program Standing Committee voted to forward the proposed Policy and Rule 6440 Course Options Enrollment to the Board of Education for approval as a first reading at the September 23, 2014 regular school board meeting. Administration recommends that the School Board approve as a first reading the Policy and Rule 6440 Course Options Enrollment, and move to a second reading on October 28, 2014."

Mrs. Snyder moved to approve Policy and Rule 6440 - Course Options Enrollment as a first reading and move to a second reading on October 28, 2014. Mr. Wade seconded the motion.

Roll call vote. Ayes: None. Noes: Mr. Kunich, Ms. Stevens, Mr. Flood, Mr. Bryan, Mrs. Snyder, Mr. Wade, and Mrs. Coleman. Motion failed.

Dr. Savaglio-Jarvis presented Policy and Rule 1110 – Parent/Guardian/Caregiver Surveys submitted by Mr. Keckler and Dr. Savaglio-Jarvis, excerpts follow:

"Policy and Rule1110 – Parent/Guardian/Caregiver Surveys establishes the expectation that Kenosha Unified will actively and periodically seek out the input and feedback from its parents and guardians. During the August 12, 2014, Standing Committee meeting, this policy was discussed with a proposal from Kyle Flood to amend the duration of collecting survey results from every three years to every year. The committee recommendation was amended to every two years. The policy also was discussed and amended to promote the survey through the Communications Department and emerging media outlets.

Administration recommends that the School Board approve proposed revisions to Policy and Rule 1110 as a first reading and as a second reading at the October 28, 2014, regular school board meetings."

Mr. Flood moved to approve Policy and Rule 1110 – Parent/Guardian/Caregiver Surveys as a first reading this evening and as a second reading at the October 28, 2014, regular school board meeting. Ms. Stevens seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented Policy and Rule 1131 – Memorials/Dedications Within Schools submitted by Mr. Patrick Finnemore, Director of Facilities Services; Mrs. Sheronda Glass, Executive Director of Business; and Dr. Savaglio-Jarvis, excerpts follow:

"At the August 12, 2014, Personnel/Policy Standing Committee meeting, proposed revisions to Policy 1131 – Memorials/Dedications Within Schools were offered by school board member Kyle Flood.

The committee voted to forward Policy 1131 to the school board for a first and second reading as proposed by Mr. Flood.

Administration recommends that the School Board refer Policy 1131 - Memorials/Dedications Within Schools back to the Personnel/Policy Standing Committee to allow administration the opportunity to review the policy and present any additional recommended revisions to the committee for consideration prior to being forwarded to the Board for a first and second reading."

Mrs. Snyder moved to refer Policy 1131 - Memorials/Dedications Within Schools back to the Personnel/Policy Standing Committee to allow administration the opportunity to review the policy and present any additional recommended revisions to the committee for consideration prior to being forwarded to the Board for a first and second reading. Mr. Flood seconded the motion. Unanimously approved.

Mrs. Julie Housaman, Interim Assistant Superintendent of Teaching and Learning, introduced the Talent Development Program Update submitted by Mr. David Tuttle, Coordinator of Talent Development; Mrs. Housaman; and Dr. Savaglio-Jarvis, excepts follow:

"As requested at the Curriculum Standing Committee in March 2014, this report will provide an update on the Talent Development Program in KUSD as well as new recommendations from the Department of Public Instruction (DPI). While there are no changes in state policy or statutes, a new philosophy of gifted and talented education (GaTE) is becoming best practice across the state and the nation.

As the statute and policy state, districts may develop their own program to serve gifted and talented students, provided that it meets the definition above. Many districts across the state and nation are now utilizing a new format that is more fluid and responsive to student needs. This format often coincides with the Response to Intervention (Rtl) model for identifying and serving student needs.

Unfortunately, for many years, especially since the inception of No Child Left Behind, the focus has been on our struggling students and not on those with the highest potential. While everyone agrees that every student should receive an appropriate education and achieve to the highest potential, we, as a nation, have inadvertently ignored many of our brightest, most highly capable students. Many recent studies have indicated the lack of growth of our nation highest achieving students.

Just as the Curriculum and Math Audits indicated gaps in the respective programs in KUSD, gaps also exist in KUSD's Talent Development Program. On April 17, 2014, Chrystyna Mursky, DPI Consultant for Gifted and Talented Education, Advanced Placement and International Baccalaureate programs, visited and shared insights with the coordinators in the Teaching and Learning Department. Her recommendations are reflected as critical components of this report.

As part of this report, a (PowerPoint) presentation will be provided, highlighting state statutes and DPI policies, recommendations and best practices in the field of gifted and talented education. It will also provide resources from the research on gifted students, their potential, and achievement (or lack thereof) as described in recent educational studies.

Work continues with the elementary building principals and their staffs to provide for the needs of gifted and talented students whose parents choose not to have them participate in the Magnet Enrichment Program at Roosevelt Elementary. Work also continues with middle and high school principals and their staffs to provide for the needs of all of the highly capable students whether they have been identified as gifted and talented or not. A large portion of the work at the high school level centers on the Advanced Placement (AP) program and the Youth Options Program (YOP). While these programs support gifted and talented students in meeting their needs, they do not suffice as a gifted and talented program.

The Coordinator of Talent Development will explore the revision (if necessary) and continued implementation of the Talent Development Long-Range Plan. Prior to this revision, a committee of interested stakeholders will complete the Gifted Education Gap

Analysis Chart to determine the area(s) of the plan that may need revision. A list of resources, including online links, is provided in Appendix D. These resources are available through national and state organizations as well as the Department of Public Instruction (DPI).

The Coordinator of Talent Development will also conduct "listening sessions" over the next 6 months to receive input from all stakeholders on how to meet the needs of gifted and talented students in KUSD. These listening sessions will be conducted with students, parents, community members, teachers, and administrators as well as organizations that represent students of commonly under-represented populations (such as NAACP, LULAC, etc.). A tentative timeline of study will be developed to begin work this summer and next fall.

The Coordinator of Talent Development will work in collaboration with building leaders (one administrator from each elementary, middle and high school level) and teacher teams to develop plans for increasing the awareness of the needs of gifted students and how to plan to serve those needs. This will include principals, AP (building) coordinators, and content area coordinators planning for opportunities for teachers to work collectively to develop common enrichment and acceleration interventions and opportunities for students whose needs are currently not being met by the regular classroom curriculum and activities.

The Coordinator of Talent Development along with the content area coordinators will assist teachers with the most effective strategies to engage gifted and talented students.

This informational update was presented at the August 12, 2014 Curriculum/Program Standing Committee meeting, and Ms. Rebecca Stevens requested that it be presented to the full board."

Mr. Tuttle was present and gave a PowerPoint presentation which provided information on the following topics: what is gifted?, definition of gifted, federal definition, who is gifted, characteristics of gifted children, what are the major ideas for developing gifted education plans in Wisconsin?, gifted funding in Wisconsin, gifted funding comparison, where does the support come from?, DPI recommendations, what does KUSD's plan look like?, and next steps. Mr. Tuttle also distributed an information sheet noting the differences between a bright child and a gifted learner and an information sheet entitled "A Gifted Child's Bill of Rights".

Mr. Tuttle answered questions from Board members.

Mr. Hofer, Purchasing Agent, presented the Report of Contracts in Aggregate of \$25,000 submitted by Mr. Hofer; Mr. Hamdan; Mr. Robert Neu, Interim Director of Title I/CLC Programs; Mrs. Glass; and Dr. Savaglio-Jarvis, excerpts follow:

"School Board Policy 3420 requires that "all contracts and renewals of contracts in aggregate of \$25,000 in a fiscal year shall be approved by the School Board except in the event of an emergency as determined and reported to the School Board monthly by the Purchasing Agent."

The contracts/agreements in aggregate of \$25,000 that have been added to the Contract Management Database subsequent to August 26, 2014, with approval of the purchasing agent are shown in the database in coral color. Board members may access this database while on district property.

The following contracts/agreements have not been added to the Contract Management Database and are being presented for Board Approval.

- Pacific Education Group Cultural Competency Training. The total cost is \$54,720.00. The funding source is Title I and Title IIA.
- Boys & Girls Club Program Management for CLC programs at Grant and Jefferson, and afterschool sports programs at Frank, Grant, Jefferson, Vernon, and Wilson. The funding sources are the 21st Century Community Learning Center Grant - \$134,282.90 and Fund 85 CLC Reserves -\$7700.00."

Mr. Kunich moved to approve the contracts/agreements that have been added to the Contract Management Database subsequent to August 26, 2014, with approval of the purchasing agent that are shown in the database in coral color. Mr. Wade seconded the motion. Unanimously approved.

Mrs. Glass was present and answered questions from Board members related to the cultural competency training.

The Board requested a report from Administration pertaining to the District's plan and direction in relation to diversity training.

Mr. Kunich moved to approve the contract/agreement with Pacific Education for cultural competency training and have it added to the contract management database. Mrs. Snyder seconded the motion.

Roll Call: Ayes: None. Noes: Mr. Kunich, Ms. Stevens, Mr. Flood, Mr. Bryan, Mrs. Snyder, and Mr. Wade. Abstainers: Mrs. Coleman. Motion failed.

Ms. Stevens moved to approve the contract/agreement with the Boys & Girls Club for program management for CLC programs at Grant and Jefferson and afterschool sports programs at Frank, Grant, Jefferson, Vernon, and Wilson and have it added to the contract management database. Mr. Bryan seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented the Classification, Compensation, and Personnel Policy Updates for Non-Represented, Non-Supervisory, Miscellaneous Employees submitted by Mrs. Tanya Ruder, Executive Director of Community Partnerships and Media Relations; Mrs. Annie Petering, Human Resources Specialists; Mr. Rade Dimitrijevic, Human Resource Coordinator; Ms. Judy Rogers, Human Resources Coordinator; Mrs. Glass; and Dr. Savaglio-Jarvis, excerpts follow:

"Per the minutes from the November 19, 2013, special board meeting, the following was recommended and approved unanimously by the Board of Education:

"Regarding the Classification, Compensation and Personnel Policy for Non-Represented, Non-Supervisory, "Miscellaneous" Employees, it is recommended that the Board adopts language as outlined in the 2009-11 policy, other than employee benefits as acted upon by the Board of Education on May 21, 2013, and any other changes as dictated by law."

On January 3, 2014, the Office of Human Resources sent out an incorrect version of the miscellaneous policy. Upon receipt in January 2014, miscellaneous employees voiced their concerns about the potential loss of non-health benefits and the late notice at which they received the notice. Due to inconsistencies that were voiced by the miscellaneous employees earlier in the year, administration began working to align the miscellaneous policy with the changes approved on August 26 for the essential non-policy items in the forthcoming employee handbook. On September 23, 2014, a final updated version of the policy will be presented to the board of education.

It is the recommendation of the administration that the board of education approve the Classification, Compensation and Personnel Policy for Non-represented, Non-supervisory, "Miscellaneous" Employees for the period of July 1, 2013, through June 30, 2015."

Mr. Kunich moved to approve the Classification, Compensation and Personnel Policy for Non-Represented, Non-Supervisory, Miscellaneous Employees for the period of July 1, 2013, through June 30, 2015. Mr. Wade seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented the Handbook Policy Updates and Changes submitted by Mrs. Ruder, Mrs. Petering, Mr. Dimitrijevic, Ms. Rogers, Mrs. Glass, and Dr. Savaglio-Jarvis, excerpts follow:

"In order to ensure accurate policies are included in the forthcoming employee handbook, administration and Buelow Vetter attorneys have reviewed and updated the following policies to be considered by the board of education for a first reading on September 23, 2014:

Grammatical Changes: 1310, 4110, 4221, 4224, and 4271.

Content and Grammatical Changes: 3623, 3643, 4111, 4112, 4231, 4233, 4240, 4260, 4280, 4323.1, 4331, 4361, 4362, and 4380.

It is the recommendation of the administration that the board of education approve the updated policies listed above."

Attorney Joel Aziere from Buelow, Vetter, Buikema, Olson & Vliet, LLC was present and answered questions from Board members.

Board members discussed and/or suggested the following policy revisions:

• Rule 4110 – change "Director of Personnel" to "Office of Human Resources". Check other policies and rules to make this revision consistent throughout the policies.

- Policy 4271 look at language and/or the possibility of coming up with either a "mutually agreed upon IHO" or a list of IHO's.
- Rule 3643 under procedure 3, specify what employee groups have the two snow days built into the academic calendar.
- Policy 4112 Does the first sentence of the third paragraph capture the scenario of employees spreading rumors?
- Policy 4362 In relation to employee discipline, should the arbitrary or capacious wording be kept, should wording be changed to just cause, or should alternative langue be used? The reference to the "employee handbook" in the last sentence should reference "Policy 4270 General Employee Complaints".

Mr. Kunich moved to approve the updated policies as a first reading. Mr. Wade seconded the motion. Motion carried. Ms. Stevens, Mr. Flood, and Mr. Bryan dissenting.

The Board recessed at 10:11 P.M. and reconvened at 10:15 P.M.

Mrs. Coleman introduced the Proposed ACT Assessment Suite Schedule and Plan submitted by Mr. Keckler, Dr. Ormseth, and Dr. Savaglio-Jarvis, excerpts follow:

"With the start of the 2014-15 school year, the state of Wisconsin has executed a new assessment model for all public high schools. Previously, only students in grade ten were assessed with the WKCE once a year. New state accountability practices expand this to a measured ACT Assessment Suite for grades nine, ten, and eleven.

Grades nine and ten will take the new ACT Aspire online assessment. Grade nine students will take both a fall and spring assessment while grade ten students have only a spring assessment. While both grade nine and ten assessments allow for an expanded window, the grade 11 paper-based ACT Plus Writing assessments follow state-mandated assessment days. March 3, 2015 is the designated ACT Plus Writing portion assessment and March 4, 2015 is the WorkKeys assessments.

Due to high security protocols and the state-wide contract with ACT, the state of Wisconsin grade eleven students are required to attempt the ACT Plus Writing assessment on March 3, 2015 and the WorkKeys assessments on March 4, 2015. There are no options to deviate from this schedule. Wisconsin designates make-up days, March 17 and March 18, 2015 respectively for each assessment.

Currently both March 3 and March 4 are listed as normal instructional days at all schools. Due to the testing implementation time of over 5 hours for the ACT Plus Writing assessments and over 2.5 hours for the ACT WorkKeys, as well as the logistics of assessing grade eleven on a single day, the following high schools are proposing a more accommodating adjustment to the 2014-15 calendar. The proposal is to accommodate and properly support this state initiative for the following high schools: Bradford, Harborside, Indian Trail High School and Academy, Reuther, and Tremper.

Designate March 3, 2015 as a non-instructional early release day just for grade eleven students at Bradford, Harborside, Indian Trail High School and Academy, Reuther, and Tremper. Students at these schools in grades nine, ten, and twelve will not attend this

day. The remaining high schools will have all students arrive as usual, assessing their respective grade eleven students, and coordinate an early release for all students.

Designate March 4, 2015 as a delayed start instructional day for grades nine, ten, and twelve. Grade eleven students will arrive at their normal time and attempt the WorkKeys. Again this modification would be just for Bradford, Harborside, Indian Trail High School and Academy, Reuther, and Tremper. All remaining high schools will have all students attend at the normal start time for a full instructional day.

These adjustments allow for all applicable schools to meet their Department of Public Instruction (DPI) state instructional minute requirement, as well as securing the equivalent of two full instructional days for possible school closings.

March 17 and 18 (make-up days) will remain full instructional days for everyone; with adjustments made for only those students who have to attempt either assessment.

Based on the available resources and student enrollments at grade eleven, the larger high schools have greater logistics and proctoring needs and will greatly benefit from having only grade eleven students attend during these designated assessments. The remaining high schools have a greater capacity to manage a quality-proctoring environment based on their size, available staff, and accessible technology.

Administration recommends approval of the proposed calendar adjustment to the 2014-15 high school calendar to accommodate the new demands of state wide assessments."

Mr. Keckler was presented and answered questions from Board members.

Ms. Stevens moved to approve the proposed calendar adjustment to the 2014-15 high school calendar to accommodate the new demands of state wide assessments. Mr. Wade seconded the motion. Unanimously approved.

Mr. Keckler presented the Start Plan Sequence for the 2015-2016 School Year submitted by Mr. Keckler; Dr. Floyd Williams, Assistant Superintendent of Elementary School Leadership; Dr. Ormseth; and Dr. Savaglio-Jarvis, excerpts follow:

"Looking ahead and processing an appropriate start plan sequence for the 2015-2016 school year, it was noted that Labor Day is on Monday, September 7, 2015. Historically, students returned the following school day after Labor Day. If Kenosha Unified School District continued this practice, students would return on Tuesday September 8, 2015.

It would be appropriate to review this late date and plan now to adjust to a more reasonable student return date of September 1, 2015; avoiding such a late start for the students and families of Kenosha Unified School District. The proposed sequence (below) has students returning on September 1, 2015, which is the earliest possible start date per Department of Public Instruction (DPI) guidelines.

KUSD departments, schools, and professional development planning will benefit from having these dates secured well in advance. Frank and Wilson calendars will not be affected by this adjustment.

Please note the start plan sequence for the 2015-2016 school year:

- Tuesday, August 25, 2015 Staff return/Building Professional Learning Day
- Wednesday, August 26, 2015 District Professional Learning Day
- Thursday, August 27, 2015 Teacher Workday and Elementary Open House
- Friday, August 28, 2015 Teacher Workday
- Monday, August 31, 2015 Optional Teacher Workday
- Tuesday, September 1, 2015 First day of school
- Monday, September 7, 2015 Labor Day (No School)

Administration recommends approval of the proposed starting sequence for the 2015-16 school year. A proposed full school year calendar for 2015-16 will come before the school board in March-April 2015 for consideration and approval."

Mrs. Snyder moved to approve the starting sequence for the 2015-16 school year. Mr. Kunich seconded the motion. Unanimously approved.

Mr. Keckler presented the District School Report Card Summary submitted by himself and Dr. Savaglio-Jarvis, excerpts follow:

"The annual district and school report cards for all Wisconsin districts and public schools were publically released on September 16, 2014. Additional report card resources can be found online at http://reportcards.dpi.wi.gov/. This is the second year for the district report cards and the third year for the school report cards. Each school and district receives an overall score and category rating. Depending on the type of school, these scores incorporate recent and historical values in multiple priority areas: student achievement, student growth, closing of gaps, and on-track and postsecondary readiness. District and schools are also expected to meet certain student engagement indicators: test participation, student absenteeism, and dropout rates.

Some of the noticeable points regarding the 2013-14 KUSD report cards:

- The overall district score increased from 65.0 to 65.9
 - Increased in student achievement, student growth, and on-track & postsecondary readiness
- 16 district schools increased their overall score
- 5 district schools increased their overall rating
- 9 district schools received a rating of "Exceeds Expectations"
- All 4 of the district schools labeled as alternative received a "Satisfactory" rating (which is the highest rating for alternative report cards)
- Only 1 district school received a deduction for the absenteeism engagement area, which is down from 2012 when 3 district schools received this deduction.
 - Preliminary figures show continued improvement in this area and potential removal of any future deductions.

This report includes a summary of the 2013-14 school report cards for each school, and the district, as well as a comparison of the 2012-13 and 2013-14 scores and ratings.

This report is for informational purposes only."

Mrs. Snyder presented the Donations to the District as contained in the agenda.

Ms. Stevens moved to approve the Donations to the District as contained in the agenda. Mr. Kunich seconded the motion. Unanimously approved.

Ms. Stevens moved to adjourn the meeting. Mr. Wade seconded the motion. Unanimously approved.

Meeting adjourned at 10:24 P.M.

POLICY 4233 EMPLOYEE ASSISTANCE PROGRAM

The dDistrict recognizes that a wide range of problems not directly associated with job functions can have an effect on job performance. Employee problems can stem from emotional disorders, alcohol or other drug dependency, family or marital problems, financial problems, or societal pressures and changes. The dDistrict is concerned with job performance, including attendance, conduct and productivity during employment hours.

It is recognized that many personal problems can be successfully treated or resolved if assistance is offered at an early stage and referral is made to an appropriate form of assistance.

The dDistrict will offer an Employee Assistance Program (EAP), which will serve as a practical and constructive mechanism for dealing with employees' personal problems which that may affect the work situation, or as an aid to those employees and their family members who voluntarily wish to use the program as a means of resolving personal problems.

The purpose of the Employee Assistance Program—EAP is to improve the quality of human life. It has the potential to help marriages, families, and possibly even save lives. Other benefits include: increased productivity, improved work quality, decreased turnover, more favorable public opinion, greater employee identification with the dDistrict, improved morale and cost savings to the dDistrict.

The program will operate within the following guidelines:

- 1. The decision to request or accept assistance through the EAP is the voluntary and personal choice of the individual employee.
- 2. Voluntary self-referred employees or family members seeking assistance will be able to do so with anonymity and confidentiality.
- 3. Job security will not be jeopardized by a request for or acceptance of help through the EAP.
- 4. Referrals to the EAP agency can be by self-referral, family referral, union referral and or supervisory referral.
- 5. The EAP will function through a dDistrict EAP resource person and a contracted community agency that will provide services under the EAP concept. The sSuperintendent of sSchools shall appoint the EAP resource person.
- 6. The -EAP does not alter existing contractual provisions, work rules or disciplinary procedures. It serves as a supplementary program to offer appropriate assistance to those who need or desire it.
- 7. Where necessary, sick leave shall be granted for treatment or rehabilitation on the same basis as other health problems. Leave without pay shall also be considered when determined to be necessary.

ADMINISTRATIVE REGULATION

ADMINISTRATIVE REGULATION 4323.1 FAMILY AND MEDICAL LEAVE NOTICE OF RIGHTS

Eligible employees will be allowed leaves in accordance with the state and federal Family and Medical Leave Acts. Allowed leave is generally up to a combined 12 work weeks of unpaid leave during a calendar year as a result of a birth or placement of a child for adoption or foster care or when a serious health condition is suffered by the employee or the employee's parents(s), son, daughter or spouse or domestic partner, or for any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is a military member on covered active duty or call to covered active duty status. An employee may qualify for FMLA of up to 26 workweeks of leave during a "single 12-month period" to care for a covered servicemember with a serious injury or illness, when the employee is the spouse, son, daughter, parent, or next of kin of the servicemember. This leave will be run concurrently with any other leave which is available to the employee under other district leave and absence policies or state and federal family and medical leave laws. All or a portion of this period may be paid in certain instances. The taking of leave under this policy and its accompanying guidelines will not be used against an employee in any employment decision, including in the determination of raises or discipline.

These are the guidelines for taking family and/or medical leave by employees of the Kenosha Unified School District:

- 1. ELIGIBILITY FOR LEAVE
 - The district shall provide employees with family or medical leave if they have worked for at least 12 months with the district and have completed 1,000 hours of employment in the 12-month period prior to the time leave begins.
- 2. AMOUNT OF LEAVE AVAILABLE
 - Employees are generally entitled to 12 work weeks of unpaid leave during a calendar year, considering both state and federal law, for any one or combination of the following reasons, i.e., time off under 1, 2, -3 and/or 4:
 - 1. Birth or Placement for Adoption or Foster Care of a Son or Daughter
 - Unpaid leave may be taken by an eligible employee on the birth or placement for adoption or foster care of a child with the employee. Other than during the 16 weeks before or after a birth or adoption, during which leave may be taken on an intermittent basis, leave must be taken all at once. Any accrued leave, as defined under the applicable district policy or employee handbook, may be required to be used, for this otherwise unpaid time. Any substituted paid time used will not be available later.
 - Unpaid leave may be taken by an eligible employee in the event the employee experiences a "serious health condition." A "serious health condition" will generally occur when the employee receives inpatient care at a hospital, hospice or nursing home or when the employee experiences a disabling physical or mental condition and receives outpatient care which requires continuing treatment by a health care provider. Medical leave may be taken all at once or in smaller increments as medically necessary. If leave is taken in smaller increments, the employee may be temporarily transferred to another job. An employee must provide the district with a "Health Care Provider Certification" completed by the treating health care provider no later than 15 days of the employee's request for leave. "Health Care Provider Certification" forms are

available from the Office of Human Resources. Any accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may

have at the time the leave begins may be used, or may be required to be used as permitted under federal law, for all or a portion of the otherwise paid leave period. If the leave is required due to a work-related injury, workers' compensation leave will run concurrently with the leave an employee is entitled to under the law to the extent permitted. Any substituted paid leave used will not be available later.

3. Serious Health Condition of Parent, Spouse, Child, Domestic Partner Unpaid leave may be taken by an eligible employee in the event the employee's parent, spouse, child or domestic partner experiences a "serious health condition." A "serious health condition" will generally occur when the individual receives inpatient care at a hospital, hospice or nursing home or when the individual experiences a disabling physical or mental condition and receives outpatient care which requires continuing treatment by a health care provider. Medical leave may be taken all at once or in smaller increments as medically necessary. An employee must provide the district with a "Health Care Provider Certification" completed by the treating health care provider no later than 15 days of the employee's request for leave. "Health Care Provider Certification" forms are available from the Office of Human Resources. Accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may have at the time the leave begins may be used, or may be required to be used as permitted under federal or state law, for all or a portion of the otherwise paid leave period. Any substituted paid leave used will not be available later.

4. Qualifying Exigency.

Unpaid leave may be taken for any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is a military member on covered active duty or call to covered active duty status. An employee may be required to provide certification of the need for exigency leave. Accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may have at the time the leave begins may be used, or may be required to be used as permitted under federal law, for all or a portion of the otherwise paid leave period. Any substituted paid leave used will not be available later.

5. Military Medical Leave

Unpaid leave may be taken to care for a covered service member with a serious injury or illness, when the employee is the spouse, son, daughter, parent, or next of kin of the service member. An employee may be required to provide certification of the need for exigency leave. Accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may have at the time the leave begins may be used, or may be required to be used as

permitted under federal law, for all or a portion of the otherwise paid leave period. Any substituted paid leave used will not be available later.

The following information concerns your rights and obligations under the family and medical leave laws, and district policy and guidelines, and will explain to you the consequences of your failure to meet these obligations. Please read this information carefully, and if you have any questions, please contact your supervisor or the Office of Human Resources.

- 1. Leave Entitlement. The actual amount of time you spend on family and/or medical leave will be subtracted from your unpaid leave entitlement for a calendar year. Your family and medical leave, under state and federal laws, will run concurrently with any other leave for which you are eligible under applicable district policies.
- 2. Medical Certification. If your request is based on your serious health condition or the serious health condition of your child, spouse, parent, domestic partner or covered service member, you must provide the district with a medical certification ("Health Care Provider Certification") prepared by the health provider. This certification must be provided to the district within 15 days of the request for leave, including in cases of a medical emergency or unforeseen circumstances. If you fail to provide a timely certification, your leave request, or your continuation for leave, may be denied or delayed until the required certification is provided.
- 3. Additional Certification. If the district has any doubts about the accuracy of your initial medical certification, you must submit to another certification, at the district's expense, by a health care provider selected by the district. If the second opinion differs from the initial certification, a third opinion may be obtained. The third opinion is final and binding.
- 4. Re-certification. On a periodic basis, you must provide the district with subsequent recertifications that your serious health condition still prevents you from performing your job functions or that you are still needed to care for a family member with a serious health condition.
- 5. Intent to Return to Work. You must provide the district with a periodic report on your status and intent to return to work.
- 6. Fitness for Duty. If you are on medical leave because of your own serious health condition, you must provide the district with a medical release, "Fitness for Duty Certification" signed by your health care provider before you can return to work. If you fail to provide the district with a medical release, your reinstatement will be delayed until the required certification is provided or denied.
- 7. Substitution. You may be paid by the district, or you may request payment, for any paid leave to which you have a right to payment at the time of your leave under the district's applicable leave policies. When paid leave is substituted for your unpaid leave, the paid leave will run concurrently with your family and medical leave and will not be available to you later. Under no circumstances will you be entitled to additional family and/or medical leave as a result of the substitution of paid leave.

- 8. Maintenance of Insurance Coverage. In order to maintain your group health coverage during your family or medical leave you must continue to pay any employee required contributions towards the health insurance premiums, as you did prior to your leave. If you elect to substitute paid leave, or if the district requires the substitution of paid leave, your share of premiums, if any, will be paid through the district's normal payroll deduction method. Otherwise, the district will designate a method for collecting premiums when your leave is unpaid.
- 9. Employment Protection. Upon returning to work from family or medical leave, you will be reinstated to the position you held prior to leave or, if your position has been filled, to an equivalent position with equivalent pay, benefits, and other terms and conditions of employment. You will have no greater right to employment at the end of your leave than you would have had with the district if you had not taken leave.
 - In the case of instructional employees, your re-employment may be delayed until the commencement of the next school semester if your leave begins in the last five weeks of the semester. Please contact the Office of Human Resources for additional information on your reinstatement rights.
- 10. Recovery of Premiums. If you fail to return to work after your family or medical leave, you will be liable to the district for any health coverage premiums paid on your behalf during your leave.

POLICY 4111 EMPLOYEE HARASSMENT

The Kenosha Unified School District No. 1 seeks to provide fair and equal employment opportunities and to maintain a professional work and academic environment comprised of people who respect one another and who believe in the dDistrict's high ideals. Harassment is a form of misconduct that undermines the integrity of the dDistrict's employment and academic relationships. All employees and students must be allowed to work and learn in an environment that is free from intimidation and harassment.

All new employees will receive a copy of the employee harassment policy and other harassment educational information as a part of the initial employment process and at other times as appropriate and necessary.

Harassment or similar unacceptable activities that could become a condition of employment or a basis for personnel decisions, or which create a hostile, intimidating or offensive environment are specifically prohibited by the dDistrict. Intimidation and harassment can arise from a broad range of physical or verbal behaviors (by employees or by non-employees, such as outside contractors or members of the community) which can include, but is not limited to, the following:

- physical or mental abuse;
- offensive or derogatory comments to any person, either directly or indirectly, based on the person's membership in any protected class;
- racial, ethnic or religious insults or slurs;
- unwelcome sexual advances, touching or demands for sexual favors, accompanied by implied or overt promises of preferential treatment or threats concerning an individual's employment or academic status;
- sexual comments, jokes, or display of sexually offensive materials;
- sex-oriented name-calling or bullying;
- inappropriate staring at another individual or touching of his/her clothing, hair, or body;
- asking personal questions about another individual's sex life; and
- repeatedly asking out an employee who has stated that he/she is not interested.

These activities are offensive and are inappropriate in a school atmosphere and in the workplace. This is a serious issue not just for the dDistrict but also for each individual in the dDistrict. It is the responsibility of the administration and all employees to ensure that these prohibited activities do not occur. An employee or supervisor may be held individually liable as a harasser and subject to the same penalties that may be imposed upon employers under state or federal law.

Any employee who engages in harassment or similar unacceptable behavior, or retaliates against another individual because the individual made a report of such behavior or participated in an investigation of a claim of harassment or similar unacceptable behavior, is subject to immediate discipline, up to and including discharge. Any employee who witnesses or otherwise becomes aware of harassment or similar unacceptable behavior has an affirmative duty to report said conduct to his or her supervisor, or to the Administration.

Any person who believes that he or she has been the subject of prohibited harassment or similar unacceptable behavior or retaliation should report the matter immediately to the Office of Human Resources or, in the alternative, the sSuperintendent/designee. All such reports will be investigated promptly and will be kept confidential within the bounds of the investigation and the law.

ADMINISTRATIVE REGULATIONS: 3643 Emergency School Closings (Inclement Weather)

AFFIRMED: September 24, 1991

REVISED: September 23, 2014

January 29, 2002 October 28, 2003 December 18, 2007

RULE 3643 EMERGENCY SCHOOL CLOSING (Inclement Weather)

Kenosha Unified School District (KUSD) puts student safety first when determining whether to close schools due to extreme weather. Several factors are taken into consideration, including:

- Is there a sustained wind chill of -34° or lower? (automatic closure)
- Is there a sustained temperature of -20° or lower? (automatic closure)
- Will the wind chill stay that low for an extended period of time?
- Is there blowing and driving snow with winds of 20 miles per hour?
- Is there or will there be a heavy accumulation of snow, especially during the typical travel times to and from school?
- Are streets and sidewalks clear?
- Are buses unable to run due to extreme cold or unplowed streets?
- Are driving conditions hazardous?
- Are there power or phone outages?

In the event our schools are closed or the arrival/dismissal time is changed due to severe weather, an announcement will be made via: local television stations, radio stations, the KUSD website (www.kusd.edu), KUSD Channel 20, Facebook.com/kenoshaschools, Twitter.com/KUSD and 359-SNOW (7669).

If schools are to be closed for the day, KUSD will make every effort to release this information via the aforementioned avenues by 6 a.m. If school is closed, all after school activities in the district, including sports and evening events will also be canceled. Also, when KUSD schools are closed, no transportation will be provided to private and parochial schools.

Please instruct your child in what to do, whom to contact, and where to go if school is dismissed early. School personnel will not leave buildings until all students are transported home and walkers are dismissed.

THREE PROCEDURES TO LOOK/LISTEN FOR

Unless notified otherwise, Procedure 1 is in effect.

Procedure 1:

All schools in KUSD will be open today. Students and personnel are expected to attend.

Procedure 2:

All schools in KUSD will open two hours late, and buses that transport students will be running approximately two hours late. There will be no AM or PM Early Childhood, Speech Impact or Four-Year-Old Kindergarten classes. Personnel are expected to report as normally scheduled. Dismissal will be at the regular time.

School Board Policies Rules and Regulations

RULE 3643 EMERGENCY SCHOOL CLOSING (Inclement Weather) Page 2

Procedure 3:

All schools in KUSD will be closed and no students are expected to report. The Senior Citizen Center will be closed. KUSD employees required to report to work are: full-time custodial employees; full-time food service workers; maintenance personnel; carpenters and painters; warehouse personnel; administrative, supervisory and technical staff. Two potential school closings are built into the academic calendar for: teachers, education support professionals, interpreters, 10-month and 12-month secretaries and miscellaneous employees.

If there are more than two school closings, 10-month secretaries will have the school year extended for the purpose of making up the day(s). Twelve (12) month secretaries, education support professionals, interpreters and miscellaneous employees may report to work, use vacation or personal time, or take unpaid time (deduct).

INDOOR/OUTDOOR GUIDELINES

- 1. General guidelines: 10° and below; wind chill factor of 0° or below; and rain/drizzle/blizzard = indoor recess, indoor noon recess and early entrance to door areas/hallways.
- 2. Administrator's responsibilities: Principals are responsible for the timely implementation of the guidelines; reasonable supervision of students under all circumstances; and informing parents each year of the district's expectations regarding indoor periods due to weather conditions.

ADMINISTRATIVE REGULATION

3643 EMERGENCY SCHOOL CLOSINGS (Inclement Weather)

The following procedures shall apply when deciding whether buses will run and if schools will be closed because of inclement weather:

- 1. Early in the morning, on days of inclement weather, the Supervisor of Transportation shall drive the streets and roads in the District checking to see if they are safe for buses to travel. He/she shall also check official weather forecasts with the County Highway Department, the Sheriff's Department, the Police Department, the school bus company (First Student, Inc.), and with the City Transit Office.
- 2. The Director of Facilities /designee shall check to see that all school parking lots can be plowed or made safe by the time staff members are scheduled to arrive, and shall report his/her findings and recommendations to the Supervisor of Transportation.
- 3. The Supervisor of Transportation shall call the Superintendent of Schools by 5 a.m. and a determination shall be made as to which of the four set inclement weather procedures outlined below will be followed by the District that day. Student and staff safety is the primary consideration in the decision to close schools.
 - Procedure 1: "All schools in the Kenosha Unified School District will be open today. Students and personnel will be expected to attend as normally scheduled."
 - Procedure 2: "All schools in the Kenosha Unified School District will be open today, but no school bus transportation will be furnished to or from school. School personnel are expected to report as normally scheduled. Classes will be held for students. Parent discretion in sending children to school is advised.
 - Procedure 3: "All schools in the Kenosha Unified School District will be open one hour later this morning and buses that transport students will be running approximately one hour late. Personnel are expected to report as normally scheduled. Dismissal will be at the regular time."
 - Procedure 4: "All schools in the Kenosha Unified School District will be closed and no students are expected to report. The Senior Citizens Center will be closed. Secretaries should not report to work, with the exception of secretaries assigned to the Educational Support Center and the Department of Recreation, Health and Physical Education who may report to work. The only persons required to report to work today are: full time custodial employees, full time food service workers, maintenance personnel, carpenters and painters, warehouse personnel, and administrative, supervisory and technical personnel."

The District uses as a guideline for closing schools due to extreme temperatures, the following: a sustained temperature of minus 20°F or a sustained wind chill of minus 34°F or lower.

4. Radio stations WLIP (1050 AM), WIIL (95.1 FM) and WGTD (91.1 FM) shall be notified as to the procedure to be followed. If the stations are not contacted by District personnel, it means Procedure 1 is in effect—that schools are open as normally scheduled. If schools are closed as per Procedure 4, radio stations WISN, WLTQ, WKKV, WTMJ, WMIL, WOKY, WMYX, WEMP, WLUM and Sunny 104.7 shall be contacted, as well as, Milwaukee television stations WTMJ (Channel 4), WITI (Channel 6), WISN (Channel 12), Kenosha's WHKE (Channel 55), and Time Warner Cable's Channel 34. The inclement weather procedure that is being followed shall also be placed on the Cable Channel 20 message bulletin board. Cable Channel 20 is available to local Time Warner Cable subscribers. A message outlining the inclement weather procedure shall also be available by calling 359-6356 after 6:00 a.m.

POLICY 4112 VIOLENCE IN THE WORKPLACE

The district is committed to preventing workplace violence and to maintaining a safe work environment. Given the increasing violence in society in general, the district has adopted the following guidelines to deal with intimidation, harassment, or other threats of (or actual) violence that may occur during business hours or on district premises.

All employees are to be treated with courtesy and respect at all times. Employees are prohibited from fighting, "horseplay," spreading rumors, or other conduct that may be dangerous to others. Except to the extent allowed by law, firearms, weapons, and other dangerous or hazardous devices or substances are prohibited from the premises.

Conduct that threatens, intimidates, or coerces another employee, a student, or a member of the public at any time, including off-duty periods, will not be tolerated. All threats of (or actual) violence, both direct and indirect, must be reported as soon as possible to your immediate supervisor or any other member of management. This includes threats by employees, as well as threats by students, vendors, solicitors, or other members of the public. When reporting a threat of violence, the employee should be as specific and detailed as possible.

All suspicious individuals or activities must also be reported as soon as possible to a supervisor. No employee should place himself/herself in peril.

The district will promptly and thoroughly investigate all reports of threats of (or actual) violence and of suspicious individuals or activities. The identity of the individual making a report will be protected as much as is practical. In order to maintain workplace safety and the integrity of its investigation, the district may suspend employees, either with or without pay, pending investigation.

Anyone determined to be responsible for threats of (or actual) violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment. The district encourages employees to bring their disputes or differences with other employees to the attention of their supervisors or the Human Resources Department before the situation escalates into potential violence. The district is eager to assist in the resolution of employee disputes, and will not discipline employees for raising such concerns.

KENOSHA UNIFIED SCHOOL DISTRICT Kenosha, Wisconsin

October 28, 2014

SPORTS ADVISORY COMMITTEE REPORT

Background:

In fall of 2000 the school board authorized the formation of a Sports Advisory Committee to evaluate all aspects of the Kenosha Unified School District athletics program. One of the four primary subcommittees formed as part of the sports advisory effort focused on athletic facilities. The subcommittee evaluated the KUSD athletic facilities extensively and that effort was the primary driver of two major initiatives:

- 1. The inclusion of a high school competition track as part of the design and construction of Mahone Middle School
- 2. The successful 2005 referendum, which included athletic additions to both Bradford and Tremper High Schools. These additions focused on the interior athletic facilities as the subcommittee determined that this was a higher priority than outdoor facilities at that time.

Since that time great strides have been made in improving the outdoor athletic facilities through a combination of general fund dollars, fundraising, donations, and the Indian Trail referendum project. A brief list of the outdoor athletic facility improvements includes:

Bradford

- Created Wavro Field for baseball—including dugouts, press box, bullpens, fencing, and infield construction through major donations and some district financial support.
- Major upgrades to the softball field including fencing, scoreboard, bullpens, and infield work through donations and some district financial support.
- Added an irrigation system for all game and practice fields funded by district operational funds.
- Created three practice football fields north of the ravine through district operational funds.

Resurfaced the tennis courts through district operational funds.

<u>Tremper</u>

- Created a new varsity softball field at Anderson Park—including fencing, infield work, batting cage, and dugouts through major donations and some district financial support.
- Relocated the practice football fields to allow the baseball field to become the varsity game field with addition of fencing, dugouts, scoreboard, and warning tracks through major donations and some district financial support.
- Added an irrigation system for all game and practice fields funded by district operational funds.
- Resurfaced the tennis courts through district operational funds.

In addition, the Indian Trail referendum funded Jaskwhich Stadium as well as all of the competition and practice facilities at Indian Trail High School. Finally, the sale of the old Bain Elementary School led to the installation of synthetic turf at Ameche Field.

These improvements have been dramatic to the landscape of the athletic facilities but have also spurred on the community to expect even more. They have helped fuel the discussion for having a full complement of facilities for each of the three boundary high schools.

One example of this is the relatively recent (2012) success of the Bradford High School football team, which spurred greater interest in Bradford having a football stadium of its own. One other looming need is the replacement of the bleachers and press box at Ameche Field. The bleachers and press box were constructed by the city over 30 years ago and are both a safety concern and a pending major maintenance need.

In response to the growing interest to improve our exterior athletic facilities, a small team of facilities and athletics personnel toured and evaluated the exterior athletic facilities of the district's high schools in 2013. This team came up with a conceptual plan for possible long-term improvements.

The conceptual plan was presented to the board committees and the full board in January of this year. The board approved the formation of a new Sports Advisory Committee for the purpose of evaluating and making recommendations related to the outdoor athletic facilities at the three boundary high schools with the majority of attention being focused on Bradford and Tremper.

2014 Sports Advisory Committee

The committee, which is chaired by Steve Knecht, was formed shortly after Board approval and the membership includes a general committee as well as subcommittees for each of the three comprehensive high schools. Committee members were solicited in a number of ways and include athletic directors, coaches, principals, parents, community members, Board members, and other elected officials. A full list of the Sports Advisory Committee Roster is provided below.

Proposed Plans and Cost Estimate:

The Sports Advisory Committee with a great deal of help from Partners in Design Architects and Camosy Construction has developed detailed conceptual site plans and associated cost estimates which are provided as attachments to this report. The Committee made several changes to the original conceptual plans provided by staff at the start of the process which was expected and desired. It was important to identify and develop plans that balance the needs of each of the sports and schools as well as take into consideration how the community will view the final proposal. Not every idea was incorporated into the final proposal as the Committee recognized that it was important to develop a plan that was both comprehensive and fiscally responsible.

Some of the more significant ideas brought forward by Committee members that were incorporated into the final conceptual plans include:

- Locating the Bradford football/soccer/track stadium on the Bradford campus instead of the property adjacent to Bullen Middle School. There are some cost saving opportunities with this related to site preparation. Referendum funds would be used to replace and expand the aging Bradford parking lot instead of building a new parking lot at Bullen and still having to replace the Bradford lot. This requires the relocation of the tennis courts, softball field and practice soccer fields to the Bullen site. The tennis courts would need to be completely rebuilt with whatever option we had chosen.
- Installing synthetic turf for the infields of the varsity baseball and softball fields at all three comprehensive high schools to reflect a growing trend nationally and in the State. The primary driver for this recommendation is to minimize the weather-related restrictions related to traditional infields, but we will also realize some operational and maintenance savings and greater opportunity for use of the fields by the public.
- Constructing 9 lane tracks instead of 8 for the proposed new tracks at Bradford and Tremper. 9 lane tracks are required to host a WIAA Regional or Sectional meet which should be a goal for the District once the new facilities are completed.
- Resurfacing of the track at Indian Trail. The track was constructed in the spring of 2002 as part of the Mahone Middle School project and has a standard Seal-Flex type rubberized surface. The manufacturers recommend resurfacing tracks every 7-10 years for optimal performance. As with many manufacturers' recommendations, this is a little more frequent than what most users experience, and the general rule of thumb for schools is resurfacing in the 10-15 year range. It has been 12 years since the track was first surfaced and we are starting to have flaking issues on the track. The track will need to be resurfaced in the next couple of years with or without a referendum.

The scope of work identified by the Committee was evaluated by estimators from Camosy Construction at no cost and with no obligations. The estimate which includes architectural and engineering costs and a reasonable contingency is \$16,685,000. The breakdown by school is:

Bradford \$9,587,000
 Indian Trail \$620,000
 Tremper \$6,478,000

The Bradford costs include the improvements made both on the Bradford and Bullen sites and are as expected the highest because of the construction of the new stadium versus just a renovated stadium in the case of Tremper. The 2005

sports referendum funding was approximately 75% for Tremper and 25% for Bradford based on the interior facilities needs of the two schools; as identified by the prior Sports Advisory Committee.

The costs at Indian Trail are limited to three items:

- Installing a synthetic turf infield at the varsity baseball field.
- Installing a synthetic turf infield at the varsity softball field.
- Resurfacing of track as mentioned earlier.

The Committee feels comfortable with these three improvements even though the school was just constructed a few years ago because the track was constructed 12 years ago and does need to be resurfaced as explained earlier, and the use of synthetic turf for infields was not something considered in the design because there were no high schools in the State at that time that had synthetic turf infields. A lot has changed in the last three years and the weather the past two springs has ramped up the number of school districts installing or planning to install synthetic turf infields. This is consistent to what we experienced in the early and mid-2000's with football/soccer fields. When KUSD installed synthetic turf at Ameche Field, we were one of the first in the State; now synthetic turf is the standard for new construction and renovations for football/soccer fields.

There were other items identified by the Committee that would be more appropriately paid for by funding sources other than a referendum. One example would be adding water to the concession area at Jaskwhich Stadium. These items have been and will continue to be funded by athletics or facilities operating budgets, booster clubs, or other fundraising methods. There are a couple of items that could be funded by the Major Maintenance budget or through the referendum depending on the preference of the school board, these items include: the parking lot project at Bradford and the track resurfacing at Indian Trail (currently in the estimated total), as well as a parking lot replacement project at Anderson/Ameche (currently listed as an alternate and not included in the estimated total).

The potential major maintenance items listed above as well as some of the other scope items will need to be done with or without a referendum within the next five years. Specifically, a total of \$4,080,000 of the costs estimated in the attachment will need to be incurred whether or not we have a successful referendum. These projects include the parking lot projects, Indian Trail track resurfacing, replacement of the home and away bleachers at Ameche Field, replacement of the tennis courts at Bradford and Tremper, and removal of the tracks at Bullen and Tremper. If these projects were funded as part of major maintenance they would account for all of the available funding over the next three years which

would come at the expense of all of the other needs that exist in the district. In reality these projects would need to be spread over several more years and numerous concessions would need to be made with other pressing maintenance needs.

Committee Recommendation and Next Steps:

The Sports Advisory Committee recommends that a referendum question be placed on the ballot in 2015 for the scope and associated cost estimate provided in this report. Discussions with the City of Kenosha Clerk indicate that 2015 is a light year for elections with the only confirmed election date being April 7, 2015 (Note that there may be a February primary associated with the April election depending on the number of candidates for those offices on the ballot in April). The following schedule is based on a referendum question being placed on the April ballot:

- October 28, 2014 School Board review and approval of Sports Advisory Committee Recommendations
- November 11, 2014 Review of proposed April Referendum Plan including referendum language, financial analysis by our financial advisor, and other related information by PFE and ABF Committees
- November 25, 2014 School Board review and approval of proposed April Referendum Plan
- December through April Referendum informational community outreach effort
- April 7, 2015 Public vote on referendum

This report was reviewed at the October 14, 2014, joint meeting of the Audit/Budget/Finance and the Planning/Facilities/Equipment Committees, and the combined committees voted unanimously to forward this report onto the Board for consideration.

Administration Recommendation:

Administration recommends Board approval of the plan developed by the Sports Advisory Committee as described in this report.

SCHOOL BOARD POLICY 5433—TOBACCO USE BY STUDENTS

Background

On September 9, 2014, school board member, Carl Bryan, requested a review of Policy 5433.

Mr. Bryan asked for the following changes:

- Add the words "electronic cigarette" to the policy.
- Add three definitions to the policy that were provided by the Public Health Law Center for use in Wisconsin. Definitions included tobacco products, electronic cigarette, and tobacco-related devices.

The revised policy can be found in Appendix A.

Recommendation

At its October 14, 2014 meeting, the Personnel/Policy Committee did not have a quorum present. It is the recommendation of administration that the Board approve updated Policy 5433—Tobacco Use by Students for a first reading this evening and a second reading on November 25, 2014.

October 28, 2014

Policy 6210 – School Day/Year/Calendar

Policy 6210 – School Day/Year/Calendar is recommended for revision as the state mandates have changed. In April of 2014 Governor Walker approved Act 257. This act removed the traditional 180-day minimum instructional day requirement. The historical minute requirement was not changed. Kenosha Unified has a past practice of including the equivalent of two full days of instruction for potential school closings.

The school calendar will be developed and approved at least 16 months prior to the start of the respective school year to allow for adequate planning and preparation. Due to potential school closings, late adjustments will be made in the best interests of instructional practice while still meeting the DPI requirements.

Certain district programs such as the extended year schools, alternative schools, and approved charter schools may continue to develop alternative calendars that best meet the needs of their students and program formats.

Administrative Recommendation

At its October 14, 2014 meeting, the Personnel/Policy Committee did not have a quorum present. Administration recommends that the Board approve proposed revisions of Policy 6210 School Day/Year/Calendar as a first reading this evening and a second reading at the November 25, 2014 regular school board meeting.

Dr. Sue Savaglio-Jarvis Superintendent of Schools

POLICY 6210 SCHOOL DAY/YEAR/CALENDAR

The school year in the Ddistrict shall consist of at least the minimum number of instructional minutes/hours days required by state law. The school calendar for each ensuing school year shall be established by the School Board and the Kenosha Education Association consistent with provisions of the current employee agreement and state law. The school calendar shall be posted in all Ddistrict buildings.

The length of the school day shall be established by the School Board in accordance with state law. The amount of time students spend in school shall comply with or exceed the minimum time instructional minutes/hours mandated by the state law and regulations.

The school year calendar day hours shall be presented and approved by the Board Annually. Reasonable effort will be used to present and approve future calendars at least 16 months prior to the respective start date. Calendar adjustments due to unforeseen events will be made as necessary.

OFFICIAL THIRD FRIDAY ENROLLMENT REPORT

(School Year 2014-15)

OVERVIEW

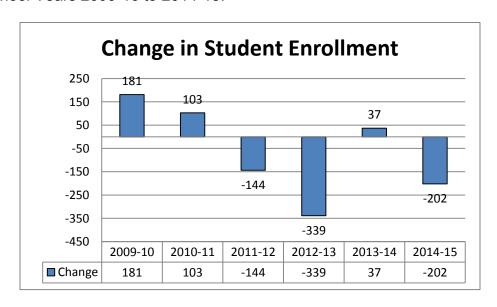

Annually, Administration provides the Kenosha Unified School Board with the District's Official Third Friday Enrollment Report. The data contained in this report are also reported to the Wisconsin Department of Public Instruction (DPI) in its designated format. The School Board should note that this report contains only enrollment data and does <u>not</u> contain student membership data that are used to develop revenue projections and budgetary planning documents.

GENERAL FINDINGS

1. District-wide, enrollment decreased from 22,676 students in 2013-14 to 22,474 students in 2014-15. This decrease was expected in part as the effects of a declining birthrate are now present at the pre-kindergarten levels. The Kenosha community had 209 fewer births in 2010 when compared to 2009. The District's enrollment for the past six (6) years is shown below.

	2009-10	2010-11	2011-12	2012-13	2013-14	2014-15
KUSD Enrollment	23,019	23,122	22,978	22,639	22,676	22,474

2. The following chart illustrates the changes in overall student enrollment for School Years 2009-10 to 2014-15.

- 3. The District reported a decrease of -445 students in the elementary schools, though this decrease was mainly due to the KTEC expansion (grades PK-5) to a second campus. Middle school enrollment decreased by -121 students, and high school enrollment increased by +111 students.
- 4. The total enrollment for the Special Schools, which included all charter schools, Chavez Learning Station, Kenosha 4 Year Old Kindergarten, Hillcrest, and the Phoenix Project, reported an increase of 253 students. The number of community-based child care centers at Kenosha 4 Year Old Kindergarten was reduced from 10 in 2013-14 to 9 in 2014-15 due to the increased participation rate with the KUSD universal K4 program in the traditional elementary schools.
- 5. The following special schools reported increases in enrollment when compared to last year: KTEC increased by +299 students and Hillcrest increased by +9 students.
- 6. Grades 1, 2, 3, 4, 6, 10, and 12 exhibited increases in enrollment when compared to the previous year, with +8, +32, +8, +5, +84, +163, and +312 students, respectively.
- 7. Pre-Kindergarten, kindergarten, and grades 5, 7, 8, 9, and 11 reported decreases in student enrollment when compared to the previous school year, with -95, -5, -114, -156, -48, -251, and -145 respectively.
- 8. It should be noted that the dramatic enrollments swings at grades 9 through 12 are due to the modification in cohort designation of high school students. To align for the new DPI mandated multi-year assessments at the high school level, students are now promoted based on their cohort year, and not the result of credit acquisition (i.e., 5.5 credits to advance from grade 9 to grade 10).
- 9. Elementary schools with increases in student enrollment included Brass, Grant, Nash, and Wilson with gains of +47, +29, +4, and +3 students respectively.
- 10.All comprehensive middle schools experienced a decrease in enrollment. Bullen, Lance, Lincoln, Mahone, and Washington decreased by -31, -13, -45, -4, and -28 students, respectively.
- 11.Bradford, Indian Trail High School and Academy, LakeView, and Tremper reported an increase of +75, +57, + 8, and +6 students, respectively. Reuther experienced a decrease in student enrollment with -35 students.

- 12. The number of ESL students increased +85 from 1,811 students in 2013-14 to 1,896 students in 2014-15. However, bilingual students decreased -19 from 193 in 2013-14 to 174 this reporting period. Please note that the Bilingual category includes only those students who are enrolled in the Dual Language Program at Edward Bain Dual Language or Bullen and are not English proficient. All other students who are not English proficient are identified as ESL.
- 13. The enrollment for "students with disabilities" (as defined by NCLB-No Child Left Behind) and IDEA-Individuals with Disabilities Act) increased +58 from 2.599 in 2013-14 to 2.657 in 2014-15.
- 14. Overall, the percent of enrollment represented by Hispanic students continues to increase each year, while the percent represented by White students continues to decrease. The enrollment distribution for Asian, Black or African American, and Native Hawaiian/Pacific Islander remains comparatively constant. In 2009-10, ethnic categories were expanded by the U.S. Department of Education/Wisconsin Department of Public Instruction to include "Native Hawaiian/Pacific Islander" and "Two or more Races". The chart below reports the changes in the distribution of each ethnic category for the past six years.

NOTE: In 2009-10, ethnic categories were expanded by U.S. Department of Education and the Wisconsin Department of Public Instruction to include "Native Hawaiian/Pacific Islander" and "Two or More Races".

- 15. The average class sizes for students in traditional elementary schools were relatively stable from 2013-14 to 2014-15. Kindergarten reported a slight increase of +0.1, from 22.7 in 2013-14 to 22.8 in 2014-15. Grades 1-3 and grades 4-5 showed decreases of 0.4 and 0.2, respectively. The largest decrease was in K4, with an average decline of 1.4 students, from 16.1 in 2013-14 to 14.7 in 2014-15. The special programs of Dual Language reported an average decrease 4.1, from 26.0 to 21.9. Enrichment had a slight increase of 0.3, from 21.0 to 21.3.
- 16. Middle schools reported an average class size of 27.0 students for the overall academic area, a decrease of 0.9 when compared to last year's average of 27.9. Elective courses showed the large decrease (-2.5) at the middle school level, from 24.2 in 2013-14 to 21.7 in 2014-15. Activity (physical education and music) reported the largest average of 29.2, but this is down from 29.4 students in 2013-14. The Dual Language/ESL average of 20.2 is representative of the Bullen Dual Language Program. Since ESL is integrated in the classroom this year there were no self-contained ESL classes included in the average as compared to past years.
- 17. The average class size in the overall academic areas at the high schools increased 1.1 students, from 25.3 in 2013-14 to 26.4 in 2014-15. Elective courses reported another slight increase (+0.6) from 23.1 to 23.7 students. The activity category showed the largest increase of +4.2, reaching an average of 39.5 students. This is mainly attributed to the increase in class sizes in music courses.
- 18. Class averages are based on teachers with established classrooms as recorded in the student information system. The averages do not incorporate additional teachers who support classroom teachers (i.e. Instructional Coaches, ESL teachers, Interventionists, etc).

2013-2014 Budget Carryovers to the 2014-2015 Budget

Historically, Kenosha Unified School District (KUSD) has prohibited the carryover of any utilized budget authority from one fiscal year to the next. Starting in the 2002-2003 budget year, the Board approved the elimination of all carryover dollars from site budgets.

Occasionally, purchases that were authorized but not fully paid for by the close of the respective fiscal year lead to a request to carry budget dollars over to the next year to cover those expenses.

In addition, there are several exceptional items that are potentially carried over from year to year. Administration is requesting to carryover the following to the 2014-2015 fiscal year budget:

Site Requested Carryover \$ 1,097,406

Donation and Mini-Grant Carryover \$ 121,606

\$1,219,012

Site Requested Carryovers

This year we have a major carryover request due to the authorized purchases related to the new math curriculum adoption during the 2013-14 budget year that were processed after the fiscal year was closed and therefore recorded as 2014-15 expenditures. The purchases were authorized with the intent of the expenditures being offset by additional Medicaid revenues in the 2013-14 fiscal year. The total being requested for this item is \$1,074,256.

The Department of Secondary School Leadership is also requesting carryover to cover a late arriving invoice related to ACT Explore preparation services provided by Sylvan Learning Center. Due to the length of time needed to administer the test and compile the data, the invoice was received after the fiscal year was closed. The total being requested for this item is \$23,150.

Donations and Mini-Grants

During the 2013-2014 school year, several schools/departments received cash donations or mini-grants from outside organizations, most notably from the Education Foundation of Kenosha. Not all of the donated funds were completely spent by the end of the school year; therefore they have requested that these funds be carried over to the next year so that they can be used to complete the programs intended by the donors.

Charter Schools

The Charter Schools are allowed carryover of any unspent General Fund dollars, as stipulated in their individual contracts with the District. This is necessitated due to the unique funding of the schools, the responsibility they have for their entire budget, and their responsibility for future major maintenance issues or technology replacement not funded by the District. Starting fiscal year 2013, Charter School carryovers were accounted for as assigned portions of the General Fund Balance rather than be added as additional amounts in expense budgets as in the past. This method provides for more accurate year to year budgeting while preserving the Charter School's access to their surplus funds. The schedule at the bottom of Attachment A shows the total balance in the Charter Fund Balance Reserve accounts as \$1,242,188 as of June 30, 2014.

Administrative Recommendation

At its October 14, 2014 meeting, the Audit/Budget/Finance Committee voted to forward this report to the School Board for approval. Administration recommends that the School Board approve the 2013-2014 Budget Carryovers to the 2014-2015 Budget so that these carryover dollars can be incorporated into the adopted 2014-2015 budget.

Resolution to Exceed Revenue Limit on Non-Recurring Basis

(Debt Service Payments on Energy Efficiency Measures)

At the June 25, 2013, Board meeting the Board voted to approve a resolution authorizing the sale of general obligation bonds not to exceed \$17,000,000 in order to finance the Energy Efficiency Project, also previously approved by the Board. The Project involves energy efficiency and operational savings projects at District Buildings, including HVAC system upgrades, HVAC control system improvements, lighting improvements, roof, window and wall repairs and replacement, and constructing vestibules at building entrances.

Section 121.91(4)(o)1. of the Wisconsin Statutes provides that, upon the adoption by a school board of a resolution to do so, the District's revenue limit may be increased by the amount spent in that school year on a project to implement energy efficiency measures or to purchase energy efficiency products, including the payment of debt service on bonds or notes issued to finance an Energy Efficiency Project. The Board must pass a resolution to exceed revenue limit for the net debt service amount each and every year of the debt service.

Administrative Recommendation

Administration requests that the Board approve the attached resolution to exceed revenue limit for the 2014-2015 fiscal year, on a non-recurring basis, for the purpose of servicing debt issued to finance the current Energy Efficiency Project.

Kenosha Unified School District No. 1 Kenosha, Wisconsin

October 28, 2014

Formal Adoption of the 2014-2015 Budget

On July 22, 2014 the Board approved the preliminary 2014-2015 Budget with assumptions that were used as the guide to create the 2014-15 Budget (see Attachment A).

The Public Hearing of the 2014-2015 Budget and the Annual Meeting of Electors was held on Wednesday, September 10, 2014 in the auditorium of Indian Trail High School and Academy. The Board of Education has reviewed the District's budget assumptions, received public input at their meetings, and has provided the direction to form the budget.

Since the Public Hearing and Annual Meeting, administration has updated the budget to reflect key variables such as student membership, equalized property valuations, certified state aid, and tax levies. The State has provided KUSD with the official October 15 General Aid Certification that provided an additional \$4,175,027 of state aid which resulted in a reduction of our tax levy.

	2013-14 DPI Certified Aid	2014-15 (KUSD Estimate for Annual Meeting)	\$ Change From Prior Year	% Change From Prior Year	2014-15 (DPI October 15 Actual Certification)	\$ Change From Prior Year	% Change From Prior Year
General State Aid	\$146,490,566	\$150,297,857	\$3,807,291	2.60%	\$150,665,593	\$4,175,027	2.85%

Fund Balance - General Fund

The 2014-2015 General Fund is being budgeted as a balanced budget in which expenditures are projected to equal revenues, however administration is also presenting a request to carryover spending authority for an additional \$1.2 million that would be a one-time authorized use of fund balance reserves; therefore, the budget will show a deficit equal to the amount of carryover allowed. General Fund balance reserves are currently greater than 10% of budgeted expenditures; therefore, the portion of School Board Policy 3323 that requires a one million dollar budgeted surplus (if the fund balance is below the 10% threshold) will not be applicable for 2014-15.

General Fund Ending Fund Balance

Certification of the Tax Levy

The 2014-15 Budget will include the following proposed tax levy of \$89,307,794:

Fund	FY 2013-14	FY 2014-15	\$ Change	% Change
General	\$75,664,429	\$72,788,341	\$-2,876,088	-3.80%
Debt Service	16,152,697	15,019,453	-1,133,244	-7.02%
Community Service	1,500,000	1,500,000	0	0%
Total Tax Levy	\$93,317,126	\$89,307,794	\$-4,009,332	-4.30%

The proposed tax levy for the General Fund is the maximum amount allowable within State law without going to referendum. The overall 4.30% decrease in total tax levy equates to \$4,009,332 less in tax dollars for the Kenosha Unified School District as compared to the previous year.

The total mill rate per \$1,000 of equalized valuation is \$11.22, a 7.46% decrease as compared to the prior year. The Equalized Property Values increased by 3.42% from last year which contributed to the overall mill rate decrease. Attachment B delineates this tax levy scenario and the last 10 years of equalized property values, tax levies, and mill rates. Please note that the 2014-2015 mill rate decrease is the first decrease since 2005-2006.

Recommendation

It is requested that the Board of Education accept the following recommendations:

- 1. Formally adopt the District's 2014-2015 Budget using the accompanying Budget Adoption Motion (Attachment C).
- 2. Direct Administration to prepare a class one legal notice to be published publicly within ten days of the adoption (Attachment D).
- 3. Approve the property tax levy to be collected from the municipalities within the School District in the amount of \$72,788,341 for the General Fund, \$15,019,453 for the Debt Service Fund, and \$1,500,000 for the Community Service Fund. The Board must approve levy amounts on or before November 1st each year, per Wis. Stats. 120.12 (3)(a).
- 4. Direct the District Clerk to certify and deliver the Board approved tax levy to the Clerk of each municipality on or before November 10, 2014.

Fiscal 2014-2015 Preliminary Budget

Per Board Policy 3100, Annual Operating Budget, the Kenosha Unified School District Administration is currently in the process of developing a preliminary budget incorporating assumptions based on information from the State of Wisconsin biennial budget and the Department of Public Instruction guidance.

Revenue

- o Increase in \$75 per pupil funding for revenue limit
- o Increase of \$75 per pupil categorical aid (\$75 FY14, \$150 FY15)
- Estimated decrease of 178 student membership FTE

Major Expense Reductions

- o Reduced unemployment budget
- o Elimination of Rosetta Stone program
- o One-time 2013-14 stipend/bonus
- Boundary school student/staff shift to KTEC charter
- ESC department budget reductions
- Reduction in Leave of Absence positions
- o Reinstatement of position vacancy budget line

Major Expense Additions

- o 1.9% salary increases for all employees
- o 9% health insurance premium increase
- o 4% dental insurance premium increase
- o 10% teacher longer term care insurance premium increase
- o KTEC charter school per pupil budget expansion
- Various operational and staffing requests (see attached budget assumption sheet for detailed items being requested)

The initial budget projections were built based on conservative estimates and first presented to the Audit/Budget/Finance Committee in April of 2014. Since that time Administration has continued to analyze budget variables, made adjustments for additional identified reductions, and is pleased to present a preliminary balanced budget that includes a 1.9% salary increase for all staff groups.

These next few months are critical to the District in ensuring a timely implementation to meet the budget timeline, and preparation for the 2014-2015 school year. The state budget is finalized so the parameters are in place. However, further adjustments will be made as we learn more about enrollment changes and the coinciding staffing impact.

The Kenosha Unified School District's proposed budget for 2014-2015 will be prepared in accordance with the budgeting and financial operations policies for the District and will be prepared to conform to existing State of Wisconsin requirements. It is the desire of Administration to present the Board of Education an appropriate balanced budget, taking into consideration the beliefs, parameters and objectives of the Board of Education as well as the ongoing instructional and fiscal responsibilities of Administration. As always, the budget is developed and implemented with the ultimate goal of meeting the needs of all our students.

Attached to this report is the updated detailed budget assumptions list initially presented to the Audit/Budget/Finance committee on April 8, 2014.

Administrative Recommendation

Administration requests that the Board of Education reviews the list of preliminary 2014-2015 budget assumptions and approve the recommended items to be incorporated into the adopted budget.
