Consent-Approve item XI-B – Minutes of the 9/23/14 Special Meeting and Executive Session and the 9/23/14 Regular Meeting.

Consent-Approve item XI-C – Summary of Receipts, Wire Transfers, and Check Registers submitted by Ms. Heather Kraeuter, Accounting & Payroll Manager; Mr. Hamdan, Interim Chief Financial Officer; and Dr. Sue Savaglio-Jarvis, excerpts follow:

Consent-Approve item XI-D – Policy and Rule 1110 – Parent/Guardian/Caregiver Surveys submitted by Mr. Kristopher Keckler, Executive Director of Information & Accountability, and Dr. Savaglio-Jarvis, excerpts follow:

"Policy and Rule 1110 – Parent/Guardian/Caregiver Surveys establishes the expectation that Kenosha Unified will actively and periodically seek out the input and feedback from its parents and guardians. During the August 12, 2014, Standing Committee meeting, this policy was discussed with a proposal from Kyle Flood to amend the duration of collecting survey results from every three years to every year. The committee recommendation was amended to every two years. The policy also was discussed and amended to promote the survey through the Communications Department and emerging media outlets.

The School Board approved revisions to Policy and Rule 1110 as a first reading on September 23, 2014, and it is recommended that the School Board approve the revisions to Policy and Rule 1110 – Parent/Guardian/Caregiver Surveys as a second reading at its October 28, 2014 meeting."

Mr. Bryan moved to approve the Consent Agenda as contained in the agenda. Mr. Kunich seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented the Handbook Policy Updates and Changes submitted by Mrs. Tanya Ruder, Executive Director of Community Partnerships and Media Relations; Mrs. Annie Petering, Human Resources Specialist; Mr. Rade Dimitrijevic, Human Resources Coordinator; Ms. Judy Rogers, Human Resources Coordinator; Mrs. Sheronda Glass, Executive Director of Business Services; and Dr. Savaglio-Jarvis, excerpts follow:

"Administration and Buelow Vetter attorneys reviewed and updated the policies listed below for a first reading by the board of education on September 23, 2014. For ease of viewing, the policies have been broken into three categories and will be considered for a second reading on October 28, 2014: no changes from September 23, 2014, grammatical/name changes from September 23, 2014, and language/content changes from September 23, 2014.

Mrs. Snyder moved to approve the revised handbook. Mr. Flood seconded the motion. Unanimously approved.

Mr. Patrick Finnemore, Director of Facilities, and Mr. Steven Knecht, Coordinator of Athletics/Physical Education, presented the Sports Advisory Committee Report submitted by Mr. Knecht, Mr. Finnemore, and Dr. Savaglio-Jarvis, excerpts follow:

"The committee, which is chaired by Steve Knecht, was formed shortly after Board approval and the membership includes a general committee as well as subcommittees for each of the three comprehensive high schools. Committee members were solicited in a number of ways and include athletic directors, coaches, principals, parents, community members, Board members, and other elected officials.

The Sports Advisory Committee with a great deal of help from Partners in Design Architects and Camosy Construction has developed detailed conceptual site plans and associated cost estimates which are provided as attachments to this report. The Committee made several changes to the original conceptual plans provided by staff at the start of the process which was expected and desired. It was important to identify and develop plans that balance the needs of each of the sports and schools as well as take into consideration how the community will view the final proposal. Not every idea was incorporated into the final proposal as the Committee recognized that it was important to develop a plan that was both comprehensive and fiscally responsible.

The scope of work identified by the Committee was evaluated by estimators from Camosy Construction at no cost and with no obligations. The estimate which includes architectural and engineering costs and a reasonable contingency is \$16,685,000. The breakdown by school is:

- Bradford \$9,587,000
- Indian Trail \$620,000
- Tremper \$6,478,000.

The potential major maintenance items listed as well as some of the other scope items will need to be done with or without a referendum within the next five years. Specifically, a total of \$4,080,000 of the costs estimated in the attachment will need to be incurred whether or not we have a successful referendum. If these projects were funded as part of major maintenance they would account for all of the available funding over the next three years which would come at the expense of all of the other needs that exist in the

district. In reality these projects would need to be spread over several more years and numerous concessions would need to be made with other pressing maintenance needs.

The Sports Advisory Committee recommends that a referendum question be placed on the ballot in 2015 for the scope and associated cost estimate provided in this report.

This report was reviewed at the October 14, 2014, joint meeting of the Audit/Budget/Finance and the Planning/Facilities/Equipment Committees, and the combined committees voted unanimously to forward this report onto the Board for consideration.

Administration recommends Board approval of the plan developed by the Sports Advisory Committee as described in this report."

Mr. Finnemore distributed and presented a sample athletic facilities referendum information sheet and Board members made the following suggestions relating to it:

- Mrs. Coleman suggested that #8 of the FAQs clearly state that Bradford would not get a stadium if the referendum does not pass;
- Mr. Bryan suggested that the information sheet state that the new athletic facilities would increase tourism; and
- Mr. Wade suggested that a survey be conducted to try to predict the success of the referendum.

Mr. Finnemore and Mr. Knecht answered questions from Board members.

Mr. Kunich moved to approve the plan developed by the Sports Advisory Committee as described in the report. Mr. Bryan seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented School Board Policy 5433 – Tobacco Use by Students submitted by Ms. Susan Valeri, Director of Special Education and Student Support; and Dr. Savaglio-Jarvis, excerpts follow:

"On September 9, 2014, school board member, Carl Bryan, requested a review of Policy 5433.

Mr. Bryan asked for the following changes:

- Add the words "electronic cigarette" to the policy.
- Add three definitions to the policy that were provided by the Public Health Law Center for use in Wisconsin. Definitions included tobacco products, electronic cigarette, and tobacco-related devices.

At its October 14, 2014 meeting, the Personnel/Policy Committee did not have a quorum present. It is the recommendation of administration that the Board approve

updated Policy 5433—Tobacco Use by Students for a first reading this evening and a second reading on November 25, 2014."

Ms. Valeri was present and answered questions from Board members.

Mr. Wade moved to approve School Board Policy 5433 – Tobacco Use by Students for a first reading. Ms. Stevens seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented School Board Policy 6210 – School Day/Year/Calendar submitted by Mr. Keckler and Dr. Savaglio-Jarvis, excerpts follow:

"Policy 6210 – School Day/Year/Calendar is recommended for revision as the state mandates have changed. In April of 2014, Governor Walker approved Act 257. This act removed the traditional 180-day minimum instructional day requirement. The historical minute requirement was not changed. Kenosha Unified has a past practice of including the equivalent of two full days of instruction for potential school closings.

The school calendar will be developed and approved at least 16 months prior to the start of the respective school year to allow for adequate planning and preparation. Due to potential school closings, late adjustments will be made in the best interests of instructional practice while still meeting the DPI requirements.

Certain district programs such as the extended year schools, alternative schools, and approved charter schools may continue to develop alternative calendars that best meet the needs of their students and program formats.

At its October 14, 2014 meeting, the Personnel/Policy Committee did not have a quorum present. Administration recommends that the Board approve proposed revisions of Policy 6210 School Day/Year/Calendar as a first reading this evening and a second reading at the November 25, 2014 regular school board meeting."

Mr. Keckler was present and answered questions from Board members.

Ms. Stevens moved to approve School Board Policy 6210 – School Day/Year/Calendar for a first reading. Mrs. Snyder seconded the motion. Unanimously approved.

Mr. Keckler presented the Official Third Friday Enrollment Report – School Year 2014-15 submitted by Mrs. Lorien Thomas, Research Analyst; Ms. Renee Blise, Research Coordinator; Mr. Keckler; and Dr. Savaglio-Jarvis, excerpts follow:

"Annually, Administration provides the Kenosha Unified School Board with the District's *Official Third Friday Enrollment Report*. The data contained in this report are also reported to the Wisconsin Department of Public Instruction (DPI) in its designated format. The School Board should note that this report contains only *enrollment* data and does not contain student membership data that are used to develop revenue projections and budgetary planning documents.

District-wide, enrollment decreased from 22,676 students in 2013-14 to 22,474 students in 2014-15. This decrease was expected in part as the effects of a declining birthrate are now present at the pre-kindergarten levels. The Kenosha community had 209 fewer births in 2010 when compared to 2009.

The District reported a decrease of -445 students in the elementary schools, though this decrease was mainly due to the KTEC expansion (grades PK-5) to a second campus. Middle school enrollment decreased by -121 students, and high school enrollment increased by +111 students.

The following sections are included in the Appendices:

Appendix 1 – Official Enrollment School Year 2014-15

- District enrollment by grade span
- District enrollment by grade level
- Total enrollment by school

Appendix 2 – Total Enrollment by School

- Enrollment by building, category, and grade level, grouped by elementary, middle, high, and special schools
- Summary recapitulation by category and grade span, with six (6) years of data

Appendix 3 – Class Size Averages by School

- Average class sizes for district elementary programs (middle and high school program averages are currently unavailable).
- Summary of average class sizes by elementary grade span and program, with six (6) years of data

At its October 14, 2014 meeting, the School Board Joint Audit/Budget/Finance & Personnel/Policy Standing Committee reviewed the 2014-15 Official Third Friday Enrollment Report and recommended that it be forwarded to the full School Board. Administration recommends that the School Board review the 2014-15 Official Third Friday Enrollment Report, which is an informational item."

There were no questions from Board members.

This was an information item for discussion purposes only; therefore, no action was taken.

Dr. Savaglio-Jarvis presented the 2013-2014 Budget Carryovers to the 2014-2015 Budget submitted by Mr. Hamdan and Dr. Savaglio-Jarvis, excerpts follow:

"Historically, Kenosha Unified School District (KUSD) has prohibited the carryover of any utilized budget authority from one fiscal year to the next. Starting in the 2002-2003 budget year, the Board approved the elimination of all carryover dollars from site budgets. Occasionally, purchases that were authorized but not fully paid for by the close of the respective fiscal year lead to a request to carry budget dollars over to the next year to cover those expenses.

In addition, there are several exceptional items that are potentially carried over from year to year. Administration is requesting to carryover the following to the 2014-2015 fiscal year budget:

Site Requested Carryover	\$1,097,406
Donation and Mini-Grant Carryover	<u>\$ 121,606</u>
-	\$1,219,012

#### Site Requested Carryovers

This year we have a major carryover request due to the authorized purchases related to the new math curriculum adoption during the 2013-14 budget year that were processed after the fiscal year was closed and therefore recorded as 2014-15 expenditures. The purchases were authorized with the intent of the expenditures being offset by additional Medicaid revenues in the 2013-14 fiscal year. The total being requested for this item is \$1,074,256.

The Department of Secondary School Leadership is also requesting carryover to cover a late arriving invoice related to ACT Explore preparation services provided by Sylvan Learning Center. Due to the length of time needed to administer the test and compile the data, the invoice was received after the fiscal year was closed. The total being requested for this item is \$23,150.

#### **Donations and Mini-Grants**

During the 2013-2014 school year, several schools/departments received cash donations or mini-grants from outside organizations, most notably from the Education Foundation of Kenosha. Not all of the donated funds were completely spent by the end of the school year; therefore they have requested that these funds be carried over to the next year so that they can be used to complete the programs intended by the donors.

#### Charter Schools

The Charter Schools are allowed carryover of any unspent General Fund dollars, as stipulated in their individual contracts with the District. This is necessitated due to the unique funding of the schools, the responsibility they have for their entire budget, and their responsibility for future major maintenance issues or technology replacement not funded by the District. Starting fiscal year 2013, Charter School carryovers were accounted for as assigned portions of the General Fund Balance rather than be added as additional amounts in expense budgets as in the past. This method provides for more accurate year to year budgeting while preserving the Charter School's access to their surplus funds. The schedule at the bottom of Attachment A shows the total balance in the Charter Fund Balance Reserve accounts as \$1,242,188 as of June 30, 2014.

At its October 14, 2014 meeting, the Audit/Budget/Finance Committee voted to forward this report to the School Board for approval. Administration recommends that the School Board approve the 2013-2014 Budget Carryovers to the 2014-2015 Budget so that these carryover dollars can be incorporated into the adopted 2014-2015 budget."

Mr. Hamdan was present to answer questions from Board members but there were none.

Ms. Stevens moved to approve the 2013-2014 Budget Carryovers to the 2014-2015 Budget so that these carryover dollars can be incorporated into the adopted 2014-2015 budget. Mr. Wade seconded the motion. Unanimously approved.

Mr. Kunich left the meeting at 8:32 P.M.

Mr. Bryan moved to approve Resolution 304 – National Bullying Prevention Month 2014 as presented. Ms. Stevens seconded the motion. Unanimously approved.

Mrs. Snyder presented School Board Resolution 305 – American Education Week November 16-22, 2014 which read as follows:

*"WHEREAS*, public schools are the backbone of our democracy, providing young people with the tools they need to maintain our nation's precious values of freedom, civility and equality; and

WHEREAS, education employees work tirelessly to serve our children and communities with care and professionalism; and

*BE IT FURTHER RESOLVED,* that a true copy of this resolution be spread upon the official minutes of the Board of Education, and that a signed copy be printed in the school district's official newspaper of record."

Mr. Kunich returned to the meeting at 8:34 P.M.

Ms. Stevens moved to approve Resolution 305 – American Education Week November 16-22, 2014 as presented. Mr. Flood seconded the motion. Unanimously approved.

Dr. Savaglio-Jarvis presented School Board Resolution 303 – Wisconsin School Board Appreciation Week October 5-11, 2014 which read as follows:

*"WHEREAS*, an excellent public education system is vital to the quality of life of our community and to the economic development of our state; and

WHEREAS, the members of the Kenosha Unified School District Board of Education are dedicated to children, learning and community, and devote many hours of service to public education as they continually strive for improvement, excellence and progress in education; and

*WHEREAS*, the district appreciates the vital role played by the local school board, which establishes policies to ensure an efficient, effective school system; and

WHEREAS, school board members are charged with representing our local education interests to state and federal government and ensuring compliance with state and federal law; and

WHEREAS, school board members selflessly devote their knowledge, time and talents as advocates for our school children and community's future.

*NOW, THEREFORE*, be it resolved that Kenosha Unified School District recognizes and salutes the members of the Board of Education by proclaiming October 5-11, 2014, as Wisconsin School Board Appreciation Week.

*BE IT FURTHER RESOLVED,* that a true copy of this resolution be spread upon the official minutes of the Board of Education, and that a signed copy be printed in the school district's official newspaper of record."

Ms. Stevens moved to approve Resolution 303 – Wisconsin School Board Appreciation Week October 5-11, 2014 as presented. Mr. Bryan seconded the motion. Unanimously approved.

Mr. Hofer, Purchasing Agent, presented the Report of Contracts in Aggregate of \$25,000 submitted by Mr. Hofer; Mr. Hamdan; Mr. Robert Neu, Interim Director of Title I/CLC Programs; Mrs. Glass; and Dr. Savaglio-Jarvis, excerpts follow:

"School Board Policy 3420 requires that "all contracts and renewals of contracts in aggregate of \$25,000 in a fiscal year shall be approved by the School Board except in the event of an emergency as determined and reported to the School Board monthly by the Purchasing Agent."

The contracts/agreements in aggregate of \$25,000 that have been added to the Contract Management Database subsequent to September 23, 2014, with approval of the purchasing agent are shown in the database in coral color.

The following contracts/agreements have not been added to the Contract Management Database and are being presented for Board Approval. Purchase/Contract Rationale forms are attached for each vendor.

- Education Elements \$43,900
- Boys and Girls Club \$50,000."

There were no questions from Board members.

Mrs. Snyder moved to approve the contracts/agreements with Education Elements and the Boys and Girls Club and have them added to the contract management database. Ms. Stevens seconded the motion. Unanimously approved.

Mr. Hamdan presented the Resolution to Exceed Revenue Limit on Non-Recurring Basis (Debt Service Payments on Energy Efficiency Measures) presented by Ms. Kraeuter, Mr. Hamdan, and Dr. Savaglio-Jarvis, excerpts follow:

"At the June 25, 2013, Board meeting the Board voted to approve a resolution authorizing the sale of general obligation bonds not to exceed \$17,000,000 in order to finance the Energy Efficiency Project, also previously approved by the Board. The Project involves energy efficiency and operational savings projects at District Buildings, including HVAC system upgrades, HVAC control system improvements, lighting improvements, roof, window and wall repairs and replacement, and constructing vestibules at building entrances.

Section 121.91(4)(o)1. of the Wisconsin Statutes provides that, upon the adoption by a school board of a resolution to do so, the District's revenue limit may be increased by the amount spent in that school year on a project to implement energy efficiency measures or to purchase energy efficiency products, including the payment of debt service on bonds or notes issued to finance an Energy Efficiency Project. The Board must pass a resolution to exceed revenue limit for the net debt service amount each and every year of the debt service. Administration requests that the Board approve the attached resolution to exceed revenue limit for the 2014-2015 fiscal year, on a non-recurring basis, for the purpose of servicing debt issued to finance the current Energy Efficiency Project."

Mr. Hamdan answered questions from Board members.

Ms. Stevens moved to approve the resolution to exceed revenue limit for the 2014-2015 fiscal year, on a non-recurring basis, for the purpose of servicing debt issued to finance the current Energy Efficiency Project. Mr. Bryan seconded the motion. Unanimously approved.

Mr. Hamdan presented the Formal Adoption of the 2014-2015 Budget submitted by Mr. Hamdan and Dr. Savaglio-Jarvis, excerpts follow:

"On July 22, 2014 the Board approved the preliminary 2014-2015 Budget with assumptions that were used as the guide to create the 2014-15 Budget. The Public Hearing of the 2014-2015 Budget and the Annual Meeting of Electors was held on Wednesday, September 10, 2014 in the auditorium of Indian Trail High School and Academy. The Board of Education has reviewed the District's budget assumptions, received public input at their meetings, and has provided the direction to form the budget. Since the Public Hearing and Annual Meeting, administration has updated the budget to reflect key variables such as student membership, equalized property valuations, certified state aid, and tax levies. The State has provided KUSD with the official October 15 General Aid Certification that provided an additional \$4,175,027 of state aid which resulted in a reduction of our tax levy.

The 2014-15 Budget will include a proposed tax levy of \$89,307,794. The proposed tax levy for the General Fund is the maximum amount allowable within State law without going to referendum. The overall 4.30% decrease in total tax levy equates to \$4,009,332 less in tax dollars for the Kenosha Unified School District as compared to the previous year.

The total mill rate per \$1,000 of equalized valuation is \$11.22, a 7.46% decrease as compared to the prior year. The Equalized Property Values increased by 3.42% from last year which contributed to the overall mill rate decrease.

It is requested that the Board of Education accept the following recommendations:

1. Formally adopt the District's 2014-2015 Budget using the accompanying Budget Adoption Motion (Attachment C).

2. Direct Administration to prepare a class one legal notice to be published publicly within ten days of the adoption (Attachment D).

3. Approve the property tax levy to be collected from the municipalities within the School District in the amount of \$72,788,341 for the General Fund, \$15,019,453 for the Debt Service Fund, and \$1,500,000 for the Community Service Fund. The Board must approve levy amounts on or before November 1st each year, per Wis. Stats. 120.12 (3)(a).

4. Direct the District Clerk to certify and deliver the Board approved tax levy to the Clerk of each municipality on or before November 10, 2014."

Mr. Hamdan presented a PowerPoint presentation which covered the following topics: the 2014-15 proposed budget – general fund (10), the general fund ending balance, the fund balance analysis (DPI data as of 6/30/13), budget variables, KUSD enrollment trend (revenue limit membership FTE), the allowable per member revenue increase/decrease, the revenue limit, the 2014-2015 revenue limit calculation, the revenue limit history, KUSD fund structure, the total tax levy history, the tax levy changes, the Mill rate, and the 2014-2015 budget timeline.

There were no questions from Board members.

Mr. Kunich moved to approve the 2014-2015 budget for Kenosha Unified School District, as presented, for all funds to show expenditures, other revenues, and tax levies in summary; that Administration prepare a class one legal notice and it be published publicly within ten days of the adoption; approve the property tax levy to be collected from the municipalities within the School District in the amount of \$72,788,341 for the General Fund, \$15,019,453 for the Debt Service Fund, and \$1,500,000 for the Community Service Fund, and that the District Clerk certify and deliver the Board approved tax levy to the Clerk of each municipality on or before November 10, 2014. Ms. Stevens seconded the motion. Unanimously approved.

Mr. Flood presented the Donations to the District as contained in the agenda.

Mr. Flood moved to approve the Donations to the District as contained in the agenda. Mr. Bryan seconded the motion. Unanimously approved.

Mr. Bryan moved to adjourn the meeting. Mr. Kunich seconded the motion. Unanimously approved.

Meeting adjourned at 8:59 P.M.

Stacy Schroeder Busby School Board Secretary

#### SCHOOL BOARD POLICY 5433—TOBACCO USE BY STUDENTS

#### **Background**

On September 9, 2014, school board member, Carl Bryan, requested a review of Policy 5433.

Mr. Bryan asked for the following changes:

The revised policy can be found in Appendix A.

#### **Recommendation**

The school board approved revisions to Policy 5433 as a first reading on October 28, 2014, and it is recommended that the school board approve the revisions to Policy 5433 - Tobacco Use by Students as a second reading on November 25, 2014.

#### Policy 6210 – School Day/Year/Calendar

Policy 6210 – School Day/Year/Calendar is recommended for revision as the state mandates have changed. In April of 2014 Governor Walker approved Act 257. This act removed the traditional 180-day minimum instructional day requirement. The historical minute requirement was not changed. Kenosha Unified has a past practice of including the equivalent of two full days of instruction for potential school closings.

The school calendar will be developed and approved at least 16 months prior to the start of the respective school year to allow for adequate planning and preparation. Due to potential school closings, late adjustments will be made in the best interests of instructional practice while still meeting the DPI requirements.

Certain district programs such as the extended year schools, alternative schools, and approved charter schools may continue to develop alternative calendars that best meet the needs of their students and program formats.

#### **Administrative Recommendation**

The School Board approved revisions to Policy 6210 as a first reading on October 28, 2014, and it is recommended that the School Board approve the revisions to Policy 6210 – School Day/Year/Calendar as a second reading at its November 25, 2014 meeting.

The school calendar for each ensuing school year shall be established by the School Board and the Kenosha Education Association consistent with provisions of the current employee agreement and state law. The school calendar shall be posted in all **Dd**istrict buildings.

The length of the school day shall be established by the School Board in accordance with state law. The amount of time students spend in school shall comply with or exceed the minimum time instructional minutes/hours mandated by the state law and regulations.

The school year calendar day hours shall be presented and approved by the Bboard-Annually. Reasonable effort will be used to present and approve future calendars at least 16 months prior to the respective start date. Calendar adjustments due to unforeseen events will be made as necessary.

# 2013-2014 Financial Audit Report

The DPI requires districts to be audited annually and to submit the audited financial statements no later than December 1, 2014.

The District's Auditor, Schenck SC, has concluded their financial audit of the District's financial statements and major federal and state programs. The Audit, Budget and Finance Committee reviewed the audited financial reports at the November 11, 2014, meeting, and had the opportunity to ask questions. Ms. Lisa Salo from Schenck was on hand to answer questions and provided a Management Communications report to the Committee. It was the opinion of Schenck that the District's financial statements "...present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America." The full Annual Financial Report is available on the District's website on the Finance Department web page or by connecting through this link: <a href="http://kusd.edu/sites/default/files/document-library/english/FY14\_AFR.pdf">http://kusd.edu/sites/default/files/document-library/english/FY14\_AFR.pdf</a>

Representatives from Schenck SC will be available for questions or discussion at the November 25, 2014 School Board meeting.

Administration recommends that the school board move to receive the audited 2013-2014 Annual Financial Report.

#### OTHER POST- EMPLOYMENT BENEFITS ACTUARIAL STUDY

Organizations may offer benefits to their employees that are earned during their years of service, but are not due until after their employment ends through retirement. These benefits, other than pensions, are referred to as other post-employment benefits (OPEB). Kenosha Unified offers benefits such as health insurance, dental insurance and long term care insurance for eligible employees from the date of retirement until age 65 or Medicare eligibility.

In 2004, the Governmental Accounting Standards Board (GASB) established Statement 45 to provide more complete and reliable financial reporting regarding OPEB. This accounting rule had been in place for private sector companies for many years; however public entities were not previously required to report these long term obligations.

An actuarial valuation under GASB 45 must be performed for plans with a total membership of 200 or more at least biennially. In order to comply with this requirement, KUSD administration requested that Milliman, Inc. prepare an updated report.

Attached is the new actuarial valuation report as of July 1, 2014. The report shows a significant reduction in total liabilities as compared to the last report just two years ago. Most of the reductions can be attributed to changes in the medical plan and the fact that future retirees will now pay a larger portion of the total premium (up to 12%). Administration has invited a representative from Milliman, Inc. to answer any questions and address the assumptions that were used.

This report was reviewed at the November 11, 2014, meeting of the Audit/Budget/Finance Committee, and the committee voted unanimously to forward this report to the school board for consideration.

#### OUTDOOR ATHLETIC IMPROVEMENTS REFERENDUM

#### Introduction:

This report consists of two main sections; the first section is from the October 28, 2014 board report and is included in this report for the purpose of having one complete document on the subject. The second section is a combination of updated and new information related to the transition needed to convert the Sports Advisory Committee recommendations into a facilities project referendum.

#### Section 1 – Background Information

In fall of 2000 the school board authorized the formation of a Sports Advisory Committee to evaluate all aspects of the Kenosha Unified School District athletics program. One of the four primary subcommittees formed as part of the sports advisory effort focused on athletic facilities. The subcommittee evaluated the KUSD athletic facilities extensively and that effort was the primary driver of two major initiatives:

- 1. The inclusion of a high school competition track as part of the design and construction of Mahone Middle School
- 2. The successful 2005 referendum, which included athletic additions to both Bradford and Tremper High Schools. These additions focused on the interior athletic facilities as the subcommittee determined that this was a higher priority than outdoor facilities at that time.

Since that time great strides have been made in improving the outdoor athletic facilities through a combination of general fund dollars, fundraising, donations, and the Indian Trail referendum project. A brief list of the outdoor athletic facility improvements includes:

#### Bradford

• Created Wavro Field for baseball—including dugouts, press box, bullpens, fencing, and infield construction through major donations and some district financial support.

- Major upgrades to the softball field including fencing, scoreboard, bullpens, and infield work through donations and some district financial support.
- Added an irrigation system for all game and practice fields funded by district operational funds.
- Created three practice football fields north of the ravine through district operational funds.
- Resurfaced the tennis courts through district operational funds.

#### <u>Tremper</u>

- Created a new varsity softball field at Anderson Park—including fencing, infield work, batting cage, and dugouts through major donations and some district financial support.
- Relocated the practice football fields to allow the baseball field to become the varsity game field with addition of fencing, dugouts, scoreboard, and warning tracks through major donations and some district financial support.
- Added an irrigation system for all game and practice fields funded by district operational funds.
- Resurfaced the tennis courts through district operational funds.

In addition, the Indian Trail referendum funded Jaskwhich Stadium as well as all of the competition and practice facilities at Indian Trail High School. Finally, the sale of the old Bain Elementary School led to the installation of synthetic turf at Ameche Field.

These improvements have been dramatic to the landscape of the athletic facilities but have also spurred on the community to expect even more. They have helped fuel the discussion for having a full complement of facilities for each of the three boundary high schools.

One example of this is the relatively recent (2012) success of the Bradford High School football team, which spurred greater interest in Bradford having a football stadium of its own. One other looming need is the replacement of the bleachers and press box at Ameche Field. The bleachers and press box were constructed by the city over 30 years ago and are both a safety concern and a pending major maintenance need.

In response to the growing interest to improve our exterior athletic facilities, a small team of facilities and athletics personnel toured and evaluated the exterior

athletic facilities of the district's high schools in 2013. This team came up with a conceptual plan for possible long-term improvements.

The conceptual plan was presented to the board committees and the full board in January of this year. The board approved the formation of a new Sports Advisory Committee for the purpose of evaluating and making recommendations related to the outdoor athletic facilities at the three boundary high schools with the majority of attention being focused on Bradford and Tremper.

#### 2014 Sports Advisory Committee

The committee, which is chaired by Steve Knecht, was formed shortly after Board approval and the membership includes a general committee as well as subcommittees for each of the three comprehensive high schools. Committee members were solicited in a number of ways and include athletic directors, coaches, principals, parents, community members, Board members, and other elected officials. A full list of the Sports Advisory Committee Roster is provided below.

#### Proposed Plans and Cost Estimate:

The Sports Advisory Committee with a great deal of help from Partners in Design Architects and Camosy Construction has developed detailed conceptual site plans and associated cost estimates which are provided as attachments to this report. The Committee made several changes to the original conceptual plans provided by staff at the start of the process which was expected and desired. It was important to identify and develop plans that balance the needs of each of the sports and schools as well as take into consideration how the community will view the final proposal. Not every idea was incorporated into the final proposal as the Committee recognized that it was important to develop a plan that was both comprehensive and fiscally responsible.

Some of the more significant ideas brought forward by Committee members that were incorporated into the final conceptual plans include:

- Locating the Bradford football/soccer/track stadium on the Bradford campus instead of the property adjacent to Bullen Middle School. There are some cost saving opportunities with this related to site preparation. Referendum funds would be used to replace and expand the aging Bradford parking lot instead of building a new parking lot at Bullen and still having to replace the Bradford lot. This requires the relocation of the tennis courts, softball field and practice soccer fields to the Bullen site. The tennis courts would need to be completely rebuilt with whatever option we had chosen.
- Installing synthetic turf for the infields of the varsity baseball and softball fields at all three comprehensive high schools to reflect a growing trend nationally and in the State. The primary driver for this recommendation is to minimize the weather-related restrictions related to traditional infields, but we will also realize some operational and maintenance savings and greater opportunity for use of the fields by the public.
- Constructing 9 lane tracks instead of 8 for the proposed new tracks at Bradford and Tremper. 9 lane tracks are required to host a WIAA Regional or Sectional meet which should be a goal for the District once the new facilities are completed.
- Resurfacing of the track at Indian Trail. The track was constructed in the spring of 2002 as part of the Mahone Middle School project and has a standard Seal-Flex type rubberized surface. The manufacturers recommend resurfacing tracks every 7-10 years for optimal performance. As with many manufacturers' recommendations, this is a little more frequent than what most users experience, and the general rule of thumb for schools is resurfacing in the 10-15 year range. It has been 12 years since the track was first surfaced and we are starting to have flaking issues on the track. The track will need to be resurfaced in the next couple of years with or without a referendum.

The scope of work identified by the Committee was evaluated by estimators from Camosy Construction at no cost and with no obligations. The estimate which includes architectural and engineering costs and a reasonable contingency is \$16,685,000. The breakdown by school is:

- Bradford \$9,587,000
- Indian Trail \$620,000
- Tremper \$6,478,000

The Bradford costs include the improvements made both on the Bradford and Bullen sites and are as expected the highest because of the construction of the new stadium versus just a renovated stadium in the case of Tremper. The 2005 sports referendum funding was approximately 75% for Tremper and 25% for Bradford based on the interior facilities needs of the two schools; as identified by the prior Sports Advisory Committee.

The costs at Indian Trail are limited to three items:

- Installing a synthetic turf infield at the varsity baseball field.
- Installing a synthetic turf infield at the varsity softball field.
- Resurfacing of track as mentioned earlier.

The Committee feels comfortable with these three improvements even though the school was just constructed a few years ago because the track was constructed 12 years ago and does need to be resurfaced as explained earlier, and the use of synthetic turf for infields was not something considered in the design because there were no high schools in the State at that time that had synthetic turf infields. A lot has changed in the last three years and the weather the past two springs has ramped up the number of school districts installing or planning to install synthetic turf infields. This is consistent to what we experienced in the early and mid-2000's with football/soccer fields. When KUSD installed synthetic turf at Ameche Field, we were one of the first in the State; now synthetic turf is the standard for new construction and renovations for football/soccer fields.

There were other items identified by the Committee that would be more appropriately paid for by funding sources other than a referendum. One example would be adding water to the concession area at Jaskwhich Stadium. These items have been and will continue to be funded by athletics or facilities operating budgets, booster clubs, or other fundraising methods. There are a couple of items that could be funded by the Major Maintenance budget or through the referendum depending on the preference of the school board, these items include: the parking lot project at Bradford and the track resurfacing at Indian Trail (currently in the estimated total), as well as a parking lot replacement project at Anderson/Ameche (currently listed as an alternate and not included in the estimated total).

#### Section 2 – Updated and New Information

This section contains information from the October 28<sup>th</sup> report that has been updated as well as new information related to the referendum specifics or in response to questions from board or committee members.

#### Maintenance and Safety Projects:

As mentioned earlier, the proposed referendum scope of work includes several major maintenance items that will need to be done with or without a referendum within the next five years. Specifically, a total of \$4,080,000 of the costs estimated in the attachment will need to be incurred whether or not we have a successful referendum. These projects include the parking lot projects, Indian Trail track resurfacing, replacement of the home and away bleachers at Ameche Field, replacement of the tennis courts at Bradford and Tremper, and removal of the tracks at Bullen and Tremper. If these projects were funded as part of major maintenance they would account for all of the available funding over the next three years which would come at the expense of all of the other needs that exist in the district. In reality these projects would need to be spread over several more years and numerous concessions would need to be made with other pressing maintenance needs.

#### Middle School Tracks:

One of the questions asked at the October 14<sup>th</sup> committee meeting was in regards to the long-term plan for the asphalt track at Lance Middle School. The current short-term plan is to continue to maintain the track at Lance until a decision is made in regards to the long-term needs. The short-term actions have included complete crack filling maintenance this fall. If this referendum is successful, the long-term decision for the Lance track will be made after the new tracks at Ameche and Bradford have been completed and in use for at least one vear. The intent is to hold the middle school track meets at the three high school tracks. There would still be a benefit to Lance to continue to have a track on site for practice purposes as the proximity of Lance to Ameche is not as convenient as that of Mahone to Jaskwhich and Bullen to Bradford. The fact that Lincoln and Washington Middle Schools do not have tracks will also be considered in the decision. If the referendum is not successful, a long-term decision for the tracks at both Lance and Bullen would need to be made. If the two 6 lane asphalt tracks were replaced in-kind, the estimated total cost would be \$270,000. The track at Bullen is beyond reasonable repair and would need to be addressed sooner than the track at Lance.

#### Operating Budget Impact:

Unlike most referendum projects, this referendum would have minimal impact on the district's operating budget. These projects would not require any additional staffing, nor will there be any measurable impact on utility costs. There will be a relatively minor savings related to field preparation time for the varsity baseball and softball infields of approximately 20 hours per field as well as some irrigation and fertilization savings moving from natural grass to synthetic on the baseball infields. The utility costs from the lighting related to the new stadium at Bradford would be offset by the energy and maintenance savings due to the new lighting at Ameche Field.

#### Expected Life of Synthetic Turf:

When we installed the synthetic turf at Ameche Field in 2006, much of the manufacturer literature provided a life expectancy estimate of 8 years. It was felt at the time that we would most likely realize a longer life than that, although it was not certain how much longer. Since that time there have been significant improvements in all phases of the manufacturing and installation methods used for synthetic turf and the life expectancies for the fields have increased because of this. The quality of the turf installed at Jaskwhich Stadium only two years later in the summer of 2008 was a major improvement in quality over the turf at Ameche, and still looks new 6 years later. The newest generation of synthetic turf fields being installed now have over 7 times the durability of the turf fields the age of the field of Ameche. It is premature to quantify the expected life of this newest generation of fields, but it would appear to be significant based on the improvements in the two years between the installations at Ameche and Jaskwhich.

#### Other Benefits:

At the October 28<sup>th</sup> board meeting, several board members brought up other benefits to the district and/or community if the referendum is successful. Some of the items mentioned were:

- The potential positive impact on tourism in the area. It is a little early to quantify what the impact might be, but members of the Sports Advisory Committee are actively evaluating what opportunities may result from this project and the overall impact of those opportunities.
- That a project this size will help employ numerous people in the construction industry both locally and regionally. KUSD has hired local construction manager/general contractors on all of our referendum type projects for the past 10 years.
- The expansion and upgrade of the Bradford parking lot related to the construction of the proposed new stadium will benefit the school and community for other events and activities outside of just athletics.

#### Tax Impact:

The timing of this project is designed to align with the KUSD debt schedule in order to minimize the tax impact. KUSD will be experiencing a drop in debt payments starting in the 2016-2017 fiscal year. The drop in debt payments is related to the borrowings that funded past projects such as the construction of EBSOLA Elementary School and Mahone Middle School finally being paid off.

Acting as the Financial Advisors to KUSD; PMA Securities has produced an example financing plan showing that changes in the debt schedule would potentially translate into the borrowing power of approximately \$85 million dollars over the next 20 years (Attachment 3A) without raising the mill rate. The proposed \$16.7 million dollar project would only take up a portion of this debt replacement capacity; therefore there would be no effective tax increase.

In terms of actual mill rate impact, the \$16.7 million dollar borrowing itself, would average out over the twenty year term to \$.10 per every thousand dollars of property value (Attachment 3B). For the owner of a two-hundred thousand dollar home, that would be approximately \$20 per year.

#### Referendum Language:

Referendum language provided by Quarles and Brady is shown as Attachment 5.

#### Informational Referendum Campaign:

It is important to understand that any KUSD efforts related to educating the public about referendum must be informational in nature and not direct or make recommendations on how the public should vote. Obviously, by moving forward with this referendum we are expressing to the community a desire to implement these improvements; however we must follow the appropriately strict rules related to referendum campaigns. We have followed these rules very closely in our past referenda, and strongly believe in the democratic process that the rules support.

Our informational campaign will employ a variety of methods to help educate the public on the proposed projects. One example is the flier that is attached to this report. Additional fliers and other forms of communication such as presentations to groups will occur throughout the process. One item that was raised by the board at the October 28<sup>th</sup> meeting was an interest in polling or surveying the public sometime prior to the election. We did use a survey in advance of the 2008 referendum for the Indian Trail expansion and benefitted from the feedback from that survey. We will identify the best means to receive this type of feedback from the public for the outdoor athletics referendum and implement something between the time the informational campaign starts and the election.

#### Timeline:

The Sports Advisory Committee recommended that a referendum question be placed on the ballot in 2015 for the scope and associated cost estimate provided in this report. Discussions with the City of Kenosha Clerk indicate that 2015 is a light year for elections with the only confirmed election date being April 7, 2015 (Note that there may be a February primary associated with the April election depending on the number of candidates for those offices on the ballot in April). The following schedule is based on a referendum question being placed on the April ballot:

- November 25, 2014 School Board review and approval of proposed April Referendum Plan
- December through April Referendum informational community outreach effort
- April 7, 2015 Public vote on referendum

This report was reviewed at the November 11, 2014, joint meeting of the Audit/Budget/Finance and the Planning/Facilities/Equipment Committees, and the combined committees voted unanimously to forward this report to the school board for consideration.

#### Administration Recommendation:

Administration recommends school board approval to place the Outdoor Athletic Improvements Referendum on the April 7, 2015 ballot as described in this report.

## KENOSHA UNIFIED SCHOOL DISTRICT ATHLETIC FACILITIES REFERENDUM FAQ

## 1. What is a revenue limit?

According to the Wisconsin Department of Public Instruction, a district's revenue limit is the maximum amount of revenue that may be raised through state general aid and property tax for the General, Non-Referendum Debt (authorized after August 12, 1993) and Capital Expansion Funds, also referred to as Funds 10, 38 and 41 respectively.

## 2. What is a referendum?

According to the Wisconsin Association of School Boards, a referendum is a direct vote in which an entire school district electorate is asked to either accept or reject a particular proposal.

## 3. There are two types of referendums: Recurring and Non-recurring. What is the difference?

Recurring referendums ask the public to levy an additional tax above the revenue limit indefinitely to help cover on-going expenses.

Non-recurring referendums ask the public to levy an additional tax above the revenue limit for a set period of time. This is the type of referendum needed for athletic updates in Kenosha Unified.

## 4. Why not hire teachers with the \$16.7 million instead?

The \$16.7 million currently does not exist. This is the amount Kenosha Unified needs to borrow through a non-recurring referendum in order to update athletic facilities.

In order to hire teachers, Kenosha Unified would have to propose a recurring referendum to ask voters to allow the district to permanently increase the budget by exceeding the revenue limit indefinitely. This would also increase taxes permanently.

## 5. Will this increase taxes for residents?

With the timing of this project, Kenosha Unified will be experiencing debt retirement from past projects, so this new debt will not increase taxes, it will simply replace the retiring debt.

\* If school board approves this request, the district will provide actual numbers showing the impact to taxpayers.

## 6. Why synthetic turf for the football, soccer, baseball and softball fields?

This is the trend for athletic fields throughout Wisconsin, and nationwide. Each year, more synthetic turf fields are constructed. This allows student athletes to play and practice their desired sport(s) without the challenges of natural outdoor surfaces, such as bad weather and overuse. For example, fewer competitions will be cancelled due to the lack of playable conditions and/or field availability.

## 7. Why update Indian Trail High School and Academy (ITHSA), it's not that old?

Soon after the completion of ITHSA, high schools around the state began using synthetic turf on baseball and softball fields. If the board approves going to referendum and public passes it, synthetic turf will be used on the Bradford and Tremper baseball and softball fields. In order to provide equality to all students, the Sports Advisory Committee felt that the ITHSA baseball and softball fields should also be converted to synthetic turf.

The other project at ITHSA includes resurfacing the track, which was constructed as part of the Mahone Middle School project in 2002. In general, manufacturers suggest resurfacing tracks every 7-10 years, however, districts tend to do so every 10-15 years. The track falls in this range and will be resurfaced as part of the general maintenance if the referendum does not pass.

## 8. What happens if the referendum fails?

The district will spend \$4 million from the general operational funds over the next five years to cover necessary maintenance and/or safety issues at various locations, and Bradford High School will not get a stadium.

#### OFFICIAL REFERENDUM BALLOT

#### NOTICE TO ELECTORS: THIS BALLOT MAY BE INVALID UNLESS INITIALED BY TWO (2) ELECTION INSPECTORS. IF CAST AS AN ABSENTEE BALLOT, THE BALLOT MUST BEAR THE INITIALS OF THE MUNICIPAL CLERK OR DEPUTY CLERK.

Shall the Kenosha Unified School District No. 1, Kenosha County, Wisconsin be authorized to issue pursuant to Chapter 67 of the Wisconsin Statutes, general obligation bonds in an amount not to exceed \$16,700,000 for the public purpose of paying the cost of constructing and improving outdoor athletic facilities for Bradford High School, Indian Trail High School and Academy, and Tremper High School, including constructing a new stadium for Bradford High School and renovating the stadium at Tremper High School, and acquiring furnishings, fixtures and equipment necessary to support the facilities?

#### Handbook Policy Updates and Changes

In order to ensure accurate policies are included in the forthcoming employee handbook, administration and Buelow Vetter attorneys reviewed and updated the policies listed below for a first reading by the board of education on September 23, 2014.

For ease of viewing, the policies have been broken into three categories and will be considered for a second reading on November 25, 2014:

At the October 28, 2014, regular school board meeting, this report and the updated policies were presented for board consideration as a second reading. However, a motion to approve the revised handbook, instead of the policies, was approved unanimously. The appropriate motion should have been to approve the updated policies as a second reading since the policies, not the handbook, were listed in the regular board meeting agenda for approval that evening.

#### **Recommendation:**

It is the recommendation of the administration that the board of education approve the updated policies presented in the agenda as a second reading on November 25, 2014.

# **ADMINISTRATIVE REGULATION**

#### ADMINISTRATIVE REGULATION 4323.1 FAMILY AND MEDICAL LEAVE NOTICE OF RIGHTS

Eligible employees will be allowed leaves in accordance with the state and federal Family and Medical Leave Acts. Allowed leave is generally up to a combined 12 work weeks of unpaid leave during a calendar year as a result of a birth or placement of a child for adoption or foster care or when a serious health condition is suffered by the employee or the employee's parents(s), son, daughter or spouse or domestic partner, or for any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is a military member on covered active duty or call to covered active duty status. An employee may qualify for FMLA of up to 26 workweeks of leave during a "single 12-month period" to care for a covered servicemember with a serious injury or illness, when the employee is the spouse, son, daughter, parent, or next of kin of the servicemember. This leave will be run concurrently with any other leave which is available to the employee under other district leave and absence policies or state and federal family and medical leave laws. All or a portion of this period may be paid in certain instances. The taking of leave under this policy and its accompanying guidelines will not be used against an employee in any employment decision, including in the determination of raises or discipline.

These are the guidelines for taking family and/or medical leave by employees of the Kenosha Unified School District:

1. ELIGIBILITY FOR LEAVE

The district shall provide employees with family or medical leave if they have worked for at least 12 months with the district and have completed 1,000 hours of employment in the 12-month period prior to the time leave begins.

2. AMOUNT OF LEAVE AVAILABLE

Employees are generally entitled to 12 work weeks of unpaid leave during a calendar year, considering both state and federal law, for any one or combination of the following reasons, i.e., time off under 1, 2, -3 and/or 4:

1. Birth or Placement for Adoption or Foster Care of a Son or Daughter

Unpaid leave may be taken by an eligible employee on the birth or placement for adoption or foster care of a child with the employee. Other than during the 16 weeks before or after a birth or adoption, during which leave may be taken on an intermittent basis, leave must be taken all at once. Any accrued leave, as defined under the applicable district policy or employee handbook, may be required to be used, for this otherwise unpaid time. Any substituted paid time used will not be available later.

2. Serious Health Condition of Employee

Unpaid leave may be taken by an eligible employee in the event the employee experiences a "serious health condition." A "serious health condition" will generally occur when the employee receives inpatient care at a hospital, hospice or nursing home or when the employee experiences a disabling physical or mental condition and receives outpatient care which requires continuing treatment by a health care provider. Medical leave may be taken all at once or in smaller increments as medically necessary. If leave is taken in smaller increments, the employee may be temporarily transferred to another job. An employee must provide the district with a "Health Care Provider Certification" completed by the treating health care provider no later than 15 days of the employee's request for leave. "Health Care Provider Certification" forms are

available from the Office of Human Resources. Any accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may

have at the time the leave begins may be used, or may be required to be used as permitted under federal law, for all or a portion of the otherwise paid leave period. If the leave is required due to a work-related injury, workers' compensation leave will run concurrently with the leave an employee is entitled to under the law to the extent permitted. Any substituted paid leave used will not be available later.

- 3. Serious Health Condition of Parent, Spouse, Child, Domestic Partner Unpaid leave may be taken by an eligible employee in the event the employee's parent, spouse, child or domestic partner experiences a "serious health condition." A "serious health condition" will generally occur when the individual receives inpatient care at a hospital, hospice or nursing home or when the individual experiences a disabling physical or mental condition and receives outpatient care which requires continuing treatment by a health care provider. Medical leave may be taken all at once or in smaller increments as medically necessary. An employee must provide the district with a "Health Care Provider Certification" completed by the treating health care provider no later than 15 days of the employee's request for leave. "Health Care Provider Certification" forms are available from the Office of Human Resources. Accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may have at the time the leave begins may be used, or may be required to be used as permitted under federal or state law, for all or a portion of the otherwise paid leave period. Any substituted paid leave used will not be available later.
  - 4. Qualifying Exigency.

Unpaid leave may be taken for any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is a military member on covered active duty or call to covered active duty status. An employee may be required to provide certification of the need for exigency leave. Accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may have at the time the leave begins may be used, or may be required to be used as permitted under federal law, for all or a portion of the otherwise paid leave period. Any substituted paid leave used will not be available later.

#### 5. Military Medical Leave

Unpaid leave may be taken to care for a covered service member with a serious injury or illness, when the employee is the spouse, son, daughter, parent, or next of kin of the service member. An employee may be required to provide certification of the need for exigency leave. Accrued leave, as defined under the applicable district policy or the employee handbook, that the employee may have at the time the leave begins may be used, or may be required to be used as permitted under federal law, for all or a portion of the otherwise paid leave period. Any substituted paid leave used will not be available later.

The following information concerns your rights and obligations under the family and medical leave laws, and district policy and guidelines, and will explain to you the consequences of your failure to meet these obligations. Please read this information carefully, and if you have any questions, please contact your supervisor or the Office of Human Resources.

- 1. Leave Entitlement. The actual amount of time you spend on family and/or medical leave will be subtracted from your unpaid leave entitlement for a calendar year. Your family and medical leave, under state and federal laws, will run concurrently with any other leave for which you are eligible under applicable district policies.
- 2. Medical Certification. If your request is based on your serious health condition or the serious health condition of your child, spouse, parent, domestic partner or covered service member, you must provide the district with a medical certification ("Health Care Provider Certification") prepared by the health provider. This certification must be provided to the district within 15 days of the request for leave, including in cases of a medical emergency or unforeseen circumstances. If you fail to provide a timely certification, your leave request, or your continuation for leave, may be denied or delayed until the required certification is provided.
- 3. Additional Certification. If the district has any doubts about the accuracy of your initial medical certification, you must submit to another certification, at the district's expense, by a health care provider selected by the district. If the second opinion differs from the initial certification, a third opinion may be obtained. The third opinion is final and binding.
- 4. Re-certification. On a periodic basis, you must provide the district with subsequent recertifications that your serious health condition still prevents you from performing your job functions or that you are still needed to care for a family member with a serious health condition.
- 5. Intent to Return to Work. You must provide the district with a periodic report on your status and intent to return to work.
- 6. Fitness for Duty. If you are on medical leave because of your own serious health condition, you must provide the district with a medical release, "Fitness for Duty Certification" signed by your health care provider before you can return to work. If you fail to provide the district with a medical release, your reinstatement will be delayed until the required certification is provided or denied.
- 7. Substitution. You may be paid by the district, or you may request payment, for any paid leave to which you have a right to payment at the time of your leave under the district's applicable leave policies. When paid leave is substituted for your unpaid leave, the paid leave will run concurrently with your family and medical leave and will not be available to you later. Under no circumstances will you be entitled to additional family and/or medical leave as a result of the substitution of paid leave.

- 8. Maintenance of Insurance Coverage. In order to maintain your group health coverage during your family or medical leave you must continue to pay any employee required contributions towards the health insurance premiums, as you did prior to your leave. If you elect to substitute paid leave, or if the district requires the substitution of paid leave, your share of premiums, if any, will be paid through the district's normal payroll deduction method. Otherwise, the district will designate a method for collecting premiums when your leave is unpaid.
- 9. Employment Protection. Upon returning to work from family or medical leave, you will be reinstated to the position you held prior to leave or, if your position has been filled, to an equivalent position with equivalent pay, benefits, and other terms and conditions of employment. You will have no greater right to employment at the end of your leave than you would have had with the district if you had not taken leave.

In the case of instructional employees, your re-employment may be delayed until the commencement of the next school semester if your leave begins in the last five weeks of the semester. Please contact the Office of Human Resources for additional information on your reinstatement rights.

10. Recovery of Premiums. If you fail to return to work after your family or medical leave, you will be liable to the district for any health coverage premiums paid on your behalf during your leave.

# POLICY 4111 EMPLOYEE HARASSMENT

The Kenosha Unified School District No.1 seeks to provide fair and equal employment opportunities and to maintain a professional work and academic environment comprised of people who respect one another and who believe in the d $\oplus$ istrict's high ideals. Harassment is a form of misconduct that undermines the integrity of the d $\oplus$ istrict's employment and academic relationships. All employees and students must be allowed to work and learn in an environment that is free from intimidation and harassment.

All new employees will receive a copy of the employee harassment policy and other harassment educational information as a part of the initial employment process and at other times as appropriate and necessary.

Harassment or similar unacceptable activities that could become a condition of employment or a basis for personnel decisions, or which create a hostile, intimidating or offensive environment are specifically prohibited by the dDistrict. Intimidation and harassment can arise from a broad range of physical or verbal behaviors (by employees or by non-employees, such as outside contractors or members of the community) which can include, but is not limited to, the following:

- physical or mental abuse;
- offensive or derogatory comments to any person, either directly or indirectly, based on the person's membership in any protected class;
- racial, ethnic or religious insults or slurs;
- unwelcome sexual advances, touching or demands for sexual favors, accompanied by implied or overt promises of preferential treatment or threats concerning an individual's employment or academic status;
- sexual comments, jokes, or display of sexually offensive materials;
- sex-oriented name-calling or bullying;
- inappropriate staring at another individual or touching of his/her clothing, hair, or body;
- asking personal questions about another individual's sex life; and
- repeatedly asking out an employee who has stated that he/she is not interested.

These activities are offensive and are inappropriate in a school atmosphere and in the workplace. This is a serious issue not just for the d-bistrict but also for each individual in the d-bistrict. It is the responsibility of the administration and all employees to ensure that these prohibited activities do not occur. An employee or supervisor may be held individually liable as a harasser and subject to the same penalties that may be imposed upon employers under state or federal law.

Any employee who engages in harassment or similar unacceptable behavior, or retaliates against another individual because the individual made a report of such behavior or participated in an investigation of a claim of harassment or similar unacceptable behavior, is subject to immediate discipline, up to and including discharge. Any employee who witnesses or otherwise becomes aware of harassment or similar unacceptable behavior has an affirmative duty to report said conduct to his or her supervisor, or to the Administration.

Any person who believes that he or she has been the subject of prohibited harassment or similar unacceptable behavior or retaliation should report the matter immediately to the Office of Human Resources or, in the alternative, the sSuperintendent/designee. All such reports will be investigated promptly and will be kept confidential within the bounds of the investigation and the law.

AFFIRMED: September 24, 1991

REVISED: September 23, 2014 January 29, 2002 October 28, 2003 December 18, 2007

RULE 3643 EMERGENCY SCHOOL CLOSING (Inclement Weather)

Kenosha Unified School District (KUSD) puts student safety first when determining whether to close schools due to extreme weather. Several factors are taken into consideration, including:

- Is there a sustained wind chill of -34° or lower? (automatic closure)
- Is there a sustained temperature of -20° or lower? (automatic closure)
- Will the wind chill stay that low for an extended period of time?
- Is there blowing and driving snow with winds of 20 miles per hour?
- Is there or will there be a heavy accumulation of snow, especially during the typical travel times to and from school?
- Are streets and sidewalks clear?
- Are buses unable to run due to extreme cold or unplowed streets?
- Are driving conditions hazardous?
- Are there power or phone outages?

In the event our schools are closed or the arrival/dismissal time is changed due to severe weather, an announcement will be made via: local television stations, radio stations, the KUSD website (www.kusd.edu), KUSD Channel 20, Facebook.com/kenoshaschools, Twitter.com/KUSD and 359-SNOW (7669).

If schools are to be closed for the day, KUSD will make every effort to release this information via the aforementioned avenues by 6 a.m. If school is closed, all after school activities in the district, including sports and evening events will also be canceled. Also, when KUSD schools are closed, no transportation will be provided to private and parochial schools.

Please instruct your child in what to do, whom to contact, and where to go if school is dismissed early. School personnel will not leave buildings until all students are transported home and walkers are dismissed.

THREE PROCEDURES TO LOOK/LISTEN FOR Unless notified otherwise, Procedure 1 is in effect.

**Procedure 1:** 

All schools in KUSD will be open today. Students and personnel are expected to attend.

Procedure 2:

All schools in KUSD will open two hours late, and buses that transport students will be running approximately two hours late. There will be no AM or PM Early Childhood, Speech Impact or Four-Year-Old Kindergarten classes. Personnel are expected to report as normally scheduled. Dismissal will be at the regular time.

RULE 3643 EMERGENCY SCHOOL CLOSING (Inclement Weather) Page 2

**Procedure 3:** 

All schools in KUSD will be closed and no students are expected to report. The Senior Citizen Center will be closed. KUSD employees required to report to work are: full-time custodial employees; full-time food service workers; maintenance personnel; carpenters and painters; warehouse personnel; administrative, supervisory and technical staff. Two potential school closings are built into the academic calendar for: teachers, education support professionals, interpreters, 10-month and 12-month secretaries and miscellaneous employees.

If there are more than two school closings, 10-month secretaries will have the school year extended for the purpose of making up the day(s). Twelve (12) month secretaries, education support professionals, interpreters and miscellaneous employees may report to work, use vacation or personal time, or take unpaid time (deduct).

#### **INDOOR/OUTDOOR GUIDELINES**

2. Administrator's responsibilities: Principals are responsible for the timely implementation of the guidelines; reasonable supervision of students under all circumstances; and informing parents each year of the district's expectations regarding indoor periods due to weather conditions.

# ADMINISTRATIVE REGULATION

#### 3643 EMERGENCY SCHOOL CLOSINGS (Inclement Weather)

The following procedures shall apply when deciding whether buses will run and if schools will be closed because of inclement weather:

- 1. Early in the morning, on days of inclement weather, the Supervisor of Transportation shall drive the streets and roads in the District checking to see if they are safe for buses to travel. He/she shall also check official weather forecasts with the County Highway Department, the Sheriff's Department, the Police Department, the school bus company (First Student, Inc.), and with the City Transit Office.
- 2. The Director of Facilities /designee shall check to see that all school parking lots can be plowed or made safe by the time staff members are scheduled to arrive, and shall report his/her findings and recommendations to the Supervisor of Transportation.
- 3. The Supervisor of Transportation shall call the Superintendent of Schools by 5 a.m. and a determination shall be made as to which of the four set inclement weather procedures outlined below will be followed by the District that day. Student and staff safety is the primary consideration in the decision to close schools.
  - Procedure 1: "All schools in the Kenosha Unified School District will be open today. Students and personnel will be expected to attend as normally scheduled."
  - Procedure 2: "All schools in the Kenosha Unified School District will be open today, but no school bus transportation will be furnished to or from school. School personnel are expected to report as normally scheduled. Classes will be held for students. Parent discretion in sending children to school is advised.
  - Procedure 3: "All schools in the Kenosha Unified School District will be open one hour later this morning and buses that transport students will be running approximately one hour late. Personnel are expected to report as normally scheduled. Dismissal will be at the regular time."
  - Procedure 4: "All schools in the Kenosha Unified School District will be closed and no students are expected to report. The Senior Citizens Center will be closed. Secretaries should not report to work, with the exception of secretaries assigned to the Educational Support Center and the Department of Recreation, Health and Physical Education who may report to work. The only persons required to report to work today are: full time custodial employees, full time food service workers, maintenance personnel, carpenters and painters, warehouse personnel, and administrative, supervisory and technical personnel."

The District uses as a guideline for closing schools due to extreme temperatures, the following: a sustained temperature of minus 20°F or a sustained wind chill of minus 34°F or lower.

4. Radio stations WLIP (1050 AM), WIIL (95.1 FM) and WGTD (91.1 FM) shall be notified as to the procedure to be followed. If the stations are not contacted by District personnel, it means Procedure 1 is in effect—that schools are open as normally scheduled. If schools are closed as per Procedure 4, radio stations WISN, WLTQ, WKKV, WTMJ, WMIL, WOKY, WMYX, WEMP, WLUM and Sunny 104.7 shall be contacted, as well as, Milwaukee television stations WTMJ (Channel 4), WITI (Channel 6), WISN (Channel 12), Kenosha's WHKE (Channel 55), and Time Warner Cable's Channel 34. The inclement weather procedure that is being followed shall also be placed on the Cable Channel 20 message bulletin board. Cable Channel 20 is available to local Time Warner Cable subscribers. A message outlining the inclement weather procedure shall also be available by calling-359-6356 after 6:00 a.m.

# POLICY 4112 VIOLENCE IN THE WORKPLACE

The district is committed to preventing workplace violence and to maintaining a safe work environment. Given the increasing violence in society in general, the district has adopted the following guidelines to deal with intimidation, harassment, or other threats of (or actual) violence that may occur during business hours or on district premises.

All employees are to be treated with courtesy and respect at all times. Employees are prohibited from fighting, "horseplay," spreading rumors, or other conduct that may be dangerous to others. Except to the extent allowed by law, firearms, weapons, and other dangerous or hazardous devices or substances are prohibited from the premises.

Conduct that threatens, intimidates, or coerces another employee, a student, or a member of the public at any time, including off-duty periods, will not be tolerated. All threats of (or actual) violence, both direct and indirect, must be reported as soon as possible to your immediate supervisor or any other member of management. This includes threats by employees, as well as threats by students, vendors, solicitors, or other members of the public. When reporting a threat of violence, the employee should be as specific and detailed as possible.

All suspicious individuals or activities must also be reported as soon as possible to a supervisor. No employee should place himself/herself in peril.

The district will promptly and thoroughly investigate all reports of threats of (or actual) violence and of suspicious individuals or activities. The identity of the individual making a report will be protected as much as is practical. In order to maintain workplace safety and the integrity of its investigation, the district may suspend employees, either with or without pay, pending investigation.

Anyone determined to be responsible for threats of (or actual) violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment. The district encourages employees to bring their disputes or differences with other employees to the attention of their supervisors or the Human Resources Department before the situation escalates into potential violence. The district is eager to assist in the resolution of employee disputes, and will not discipline employees for raising such concerns.

# **Final handbook Adoption**

The administration and Buelow Vetter attorneys, along with the board of education, have reviewed and updated a number of policies and essential non-policy items in the handbook since August 2014. By working together, a number of policies have been updated to provide a more solid foundation for the employees of Kenosha Unified. The goal was to develop an employee handbook that accurately communicates state and federal statutes and the employment policies of the board of education while serving as a decision-making guide for district staff. In addition, the administration invited all employees to participate in a series of focus groups that were held in October 2014. A total of 30 employees attended the four meetings that were held. The focus group participants received a draft copy of the handbook to review for clarity and their input was taken into consideration as the handbook was finalized for board review.

For ease of viewing, the items approved at the August, September and October board of education meetings are listed on the left side of the table below. The items that have yet to be reviewed and approved by the board are listed on the right.

# Policy 1131 – MEMORIALS AND DEDICATIONS WITHIN SCHOOLS

At the August 12, 2014, Personnel/Policy Standing Committee meeting proposed revisions to Policy 1131 – Memorials/Dedications Within Schools were offered by school board member Kyle Flood. The committee voted to forward Policy 1131 to the school board for a first and second reading as proposed by Mr. Flood.

At the September 23, 2014, Regular School Board meeting, administration recommended that school board Policy 1131 - Memorials/Dedications Within Schools be referred back to the Personnel/Policy Standing Committee to allow administration the opportunity to review the policy and present any additional recommended revisions to the committee for consideration prior to being forwarded to the board for a first and second reading.

After reviewing the policy with Mr. Flood, the following changes are recommended to Policy and Rule 1131 - Memorials and Dedications Within Schools:

- Change the name from Memorials/Dedications to Memorials.
- Remove the term dedication plates. Recommend using the term plaques.
- Provide clarification that memorials are for the deceased.
- Recommend removing approval by the school board to be consistent with past practice which has been to seek approval from the superintendent.
- Eliminate rule "b" as it is not clear.
- Add language related to maintaining or relocating memorials in the event of a major building project.

At its November 11, 2014 meeting, the Personnel/Policy Standing Committee voted to forward Policy 1131 to the school board for a first and second reading.

# **Recommendation**

Administration recommends that the school board approve Policy and Rule 1311 – Memorials Within Schools as a first reading on November 25, 2014 and a second reading on December 16, 2014.

# POLICY 1950—RELATIONS WITH WISCONSIN INTERSCHOLASTIC ATHLETICS ASSOCIATION AND POLICY 6770—INTERSCHOLASTIC ATHLETICS

There are Kenosha Unified School District Board of Education policies related to interscholastic athletics that require changes to clarify each policy.

#### **Relations with Wisconsin Interscholastic Athletics Association Policy 1950**

Policy 1950, Relations with Wisconsin Interscholastic Athletics Association, describes the relationship Kenosha Unified School District has with the Wisconsin Interscholastic Athletic Association. At the June 24, 2014, regular school board meeting, Kenosha Unified School District Board of Education voted to break ties with the Wisconsin Interscholastic Athletic Association at the middle school level. Therefore, middle school athletics needs to be stricken from the policy. (Recommended changes appear in Appendix A.)

#### **Interscholastic Athletics Policy 6770**

Policy 6770, Interscholastic Athletics, contains a set of rules titled "Guidelines for Interscholastic Athletics." Rule 3 needs clarity as to who is eligible to compete on athletic teams in the Kenosha Unified School District. Adding the phrase "full-time Kenosha Unified School District" to this rule clarifies the interpretation of Rule 3 and illustrates that the privilege of participation in athletics shall be awarded to Kenosha Unified School District students. (Recommended changes appear in Appendix B.)

On November 11, 2014 the joint Curriculum/Program and Personnel/Policy Standing Committees voted to forward Policies 1950 and 6770 to the school board for a first and second reading.

### Administrative Recommendation

Administration recommends that the school board approve Policy 1950 – Relations With Wisconsin Interscholastic Athletics Association and Policy 6770 – Interscholastic Athletics as a first reading on November 25, 2014 and a second reading on December 16, 2014.

#### POLICY 6770 INTERSCHOLASTIC ATHLETICS

The **Ss**chool **Bb**oard recognizes the role that interscholastic athletics plays in the total educational program. Interscholastic athletics is an outgrowth of the physical education and intramural programs and should provide opportunities for participation in a wide variety of sports.

Interscholastic athletics shall provide an educational example of the worth of hard work, physical conditioning, discipline, teamwork, competition and sportsmanship. Students will come to understand through participation in interscholastic athletics that any endeavor worth undertaking is worth doing to the best of one's ability. Students shall be encouraged to develop their respective skills to the maximum of their abilities. Athletes shall be ever mindful that the athlete is also a student, and athletic endeavors shall not supplant other needs of the students such as satisfactory academic achievement.

It is the responsibility of the **D**district to provide students who are interested in competitive athletics with appropriate coaching and facilities. Interscholastic athletic programs in the **D**district shall be conducted under the general rules and regulations of the Wisconsin Interscholastic Athletic Association (WIAA).

This policy does not, however, prohibit the district from placing a student in a program or activity based on objective standards of individual performance, providing separate programs in interscholastic athletics for males and females if such programs are comparable in type, scope and support from the **Đd**istrict, or from providing separate toilet, locker and shower facilities. - 1. Interscholastic athletic programs shall be conducted in such a fashion that the physical welfare and safety of the participants are a primary objective.
- 2. Middle level athletics are an extension of the total educational process. The mission of middle level athletics is to provide an enjoyable educational experience for young adolescents based on their developmental characteristics and needs, rather than the emphasis being placed on producing winning teams. - 3. # REUTHER CENTRAL HIGH SCHOOL-BRADFORD HIGH SCHOOL ATHLETIC COOPERATIVE AGREEMENT

Approval is being sought to apply for a cooperative membership between Reuther Central High School and Bradford High School.

#### **Background**

Reuther Central High School and Bradford High School are both members of the Wisconsin Interscholastic Athletic Association (WIAA) and provide opportunities for students to play sports at their school. When a school becomes a member of the WIAA and has at least one sport that it sponsors that school has then dedicated its athletic program as a stand-alone membership. Therefore, athletes at member schools are only eligible at the school that they attend.

In 1982 the WIAA made an amendment to their constitution, bylaws, and rules of eligibility which permitted member schools to have cooperative teams. Cooperative teams permitted member schools to join together and support an athletic program in order to have a team exist.

To date, Reuther participates with no other school on a cooperative team and provides only a boys' and a girls' basketball program for its students. Over the past three years, more students at Reuther are becoming interested in participating in sports other than basketball, and no other opportunity is available to them for participation. In order to provide its students with extra-curricular opportunities beyond basketball, Reuther administration is requesting a cooperative agreement with Bradford in all sports other than boys' and girls' basketball.

#### **Rationale**

Every high school student in the Kenosha Unified School District has the opportunity to participate in any athletic program the district offers, except for students attending Reuther. Providing a cooperative team opportunity with Bradford in all sports, except for girls' and boys' basketball, would provide all of the district's high school students with athletic opportunities.

The Reuther principal has brought the idea of cooperative team expansion to her colleagues, and they agreed that the best school to partner with in the district is Bradford. Currently, when considering the three comprehensive high schools, Bradford has the lowest

population of students in its school; and a cooperative team partnership with Reuther would not only provide an opportunity for Reuther students to participate but it would increase the participation numbers on the teams at Bradford.

At its November 11, 2014 meeting, the Curriculum/Program Standing Committee voted for forward this report to the school board for consideration.

# **Recommendation**

Administration recommends that the school board approve the request to apply for a cooperative membership between Reuther Central High School and Bradford High School for all sports except for boys' and girls' basketball.

# SUMMER SCHOOL 2014 UPDATE AND SUMMER SCHOOL 2015 PROGRAM RECOMMENDATIONS

#### **Program Overview**

The goal of the Summer School program was to provide interventions and enrichment consistent with the approved curriculum of the Kenosha Unified School District. In the programs at the elementary and middle school levels, the objective was to provide opportunities for personalized learning in reading and math that encompassed collaboration, creativity, critical thinking, and communication around meaningful learning targets. At the high school level, the objective was to provide high school students credit recovery opportunities and to improve the graduation rate. In addition, Summer School provided learning opportunities in the areas of music, theater, and Recreation Department Summer Activities for Children programs.

The district continued to use a regional site partner school plan at the elementary level. Elementary schools either held Summer School at their site or used the partner school plan.

Middle level programs were held at each of the buildings and included future sixth graders enrolled in the Forward Progress program. High school programs were offered at Bradford High School, Indian Trail High School and Academy, Reuther Central High School, and Tremper High School. The high school program included future ninth graders enrolled in the Early Start program.

#### ELEMENTARY SCHOOL PROGRAM

The objective at the elementary level was to provide opportunities for personalized learning in reading and math that encompass collaboration, creativity, critical thinking, and communication around meaningful learning targets. The Regional Site Partner School Plan is continuing at the elementary level. The following elementary schools hosted the summer program at their sites: Jefferson, Nash, Pleasant Prairie, Somers, Southport, Stocker, Strange and Whittier Elementary Schools as well as Brass Community School and Edward Bain School of Language and Art. (See Appendix A for regional sites.)

#### **Getting Ready For Kindergarten**

Getting Ready for Kindergarten classes were available for students at Bose Elementary School, Brass Community School, Edward Bain School of Language and Art, Jefferson Elementary School, Somers Elementary School, Southport Elementary School, Stocker Elementary School, Strange Elementary School, and Whittier Elementary School. The curriculum was based on state standards used in kindergarten math, reading, and language arts as well as physical development, readiness skills, conduct, and work habits.

# **Getting Ready For First Grade**

Getting Ready for First Grade classes were available for all students entering first grade. The curriculum was based on state standards used in first grade math, reading, and language arts as well as physical development, readiness skills, conduct, and work habits.

# **Grades 2 Through 5**

Summer reading and math programs for elementary were available to students entering grades 2 through 5. Summer School attendance was open to all students but was highly encouraged for students who met the identification criteria set by the school.

The elementary program focused on personalized learning in math and literacy. It was up to each site to provide engaging, high quality programs which addressed Common Core State Standards for English language arts and math based on student need. A variety of resources were used for instruction.

The addition of inquiry-based learning units was new in 2014. Essential questions to help drive the inquiry were identified by curriculum coordinators. Summer School teachers participated in professional development on the use of inquiry circles. (See Appendix B for inquiry essential questions.)

## Staff

The number of classroom teachers varied by site based on enrollment averages for the past three years. Recommended class size was an 18-to-1 student-to-teacher ratio. In 2014 an interventionist position was added to each elementary site. The interventionist provided focused interventions to individual students and small groups. Additionally, the interventionist worked with teachers on developing intervention strategies for the classroom teacher and helped with assessments and data reviews. Also new in 2014 was the addition of a library media teacher to each elementary site. The library media teacher's primary role was to help students locate, evaluate, and use resources for their inquiry processes as well as assist students in selecting appropriate independent choice reading books. The library media teacher worked as an instructional partner with teachers during the inquiry-based learning units.

# MIDDLE SCHOOL PROGRAM

Reading and math programs were held at Bullen, Lance, Lincoln, Mahone, and Washington Middle Schools for students entering sixth through eighth grade. Summer School attendance was open to all students but was highly encouraged for students who met the identification criteria set by schools. Mahone, Harborside, and Bullen Middle Schools added a course completion component to their program similar to that offered at the high school level. Students entering seventh and eighth grade who did not earn passing grades in core classes completed work to show mastery of current grade level state standards.

Middle school reading focused on meeting the Common Core standards for literacy. This included developing the most essential strategies used by good readers and writers, including making connections, asking questions, making predictions, summarizing both fiction and nonfiction texts, and building reading stamina. Instruction was provided to accommodate the

student's skill level and learning style and incorporated a variety of media and teaching strategies while using a balance of nonfiction and fiction texts.

The middle school math program focused on Common Core State Standards aimed at improving student skills in computation, number sense, and problem solving through a variety of activities. Personalized learning opportunities were provided for students through the use of Compass Learning, Study Island, and Moby Math.

Middle schools also incorporated problem-based learning into the summer curriculum, allowing students to gain knowledge and skills by working for an extended period of time to investigate and respond to a complex question, problem, or challenge. Problem-based learning units were created by a planning team at each site to address the interest and needs of the students.

The number of classroom teachers varied by site based on enrollment from the averages for the past three years. Recommended class size was a 20-to-1 student-to-teacher ratio. New in 2014 was the addition of a library media teacher to each middle school site. The library media teacher's primary role was to help students locate, evaluate, and use resources for problem-based learning units as well as assist students in selecting appropriate independent choice reading books. The library media teacher worked as an instructional partner with teachers during the problem-based learning process.

## HIGH SCHOOL PROGRAM

High school programs were offered at Bradford High School, Indian Trail High School and Academy, Reuther Central High School, and Tremper High School. Students had the opportunity to recover credits, thus improving the graduation rate. Bradford, Harborside, Indian Trail, Reuther, and Tremper ran credit recovery classes. In addition to credit recovery classes, the high schools offered physical education and health for credit for students entering grades 9 through 12. Early Start Math and English Language Arts were available to incoming ninth graders.

#### Early Start Math and English Language Arts

Early Start Math and English Language Arts provided students with the opportunity to improve skills they need to be successful in high school, including algebra, geometry, nonfiction reading, writing, and study techniques. The literacy component focused on nonfiction strategies, note taking, study skills, and vocabulary strategies. The math portion focused on problem solving and vocabulary. Students also had the opportunity to become familiar with high school procedures. These classes were open to all students, but attendance was highly encouraged for students who did not master current grade-level standards. Students who successfully completed both portions of the course received a .5 elective credit.

### **High School Credit Recovery**

The credit recovery program used district-developed curriculum and an on-line learning platform called Compass Learning Odyssey. Credits for recovery were available in English language arts, math, science and social studies. Once students successfully completed the course of study, they were awarded credit for the failed course. Training was provided for high school credit recovery teachers on Compass Learning Odyssey.

## **Employability Skills Programs**

In collaboration among Kenosha Unified School District, the Boys and Girls Club, and the Kenosha County Division of Children and Family Services, the Employability Skills program provided at-risk children with opportunities that linked academic and occupational standards to workplace skills and experiences. The course included six weeks of classroom instruction on work readiness skills, including money and banking, social, higher education, resume writing and interviewing, conflict management, job seeking, safety in the workplace, and employer expectation. Students were employed for 20 hours a week for 8 weeks at the Kenosha County Park System and other work sites. Students who successfully completed the program earned a .5 elective credit.

# LIFE, LEARNING, AND LEISURE PROGRAM

The Life, Learning, and Leisure Program is designed for students with significant developmental needs. Students whose Individual Education Plans (IEPs) indicated extended school year services, enrolled in Life, Learning, and Leisure. Students participated in activities that focused on the skills that related to each student's IEP. Students were bussed to the school sites.

## FINE ARTS PROGRAMS

## **Enrollment**

See Appendix C for student enrollment figures.

## Summer School Advisory Groups

Advisory groups made up of principals, Teaching and Learning coordinators, and the teacher consultant: instructional coaches and summer school reviewed information from the 2013 Summer School program to help plan for the 2014 Summer School program year. The group made the following enhancements to the 2013 Summer School program:

## Elementary School

- Add an inquiry-based learning component.
- Add an interventionist in each school.
- Add a library media specialist in each school.

## Middle School

- Add a library media specialist in each school.
- Add a course completion component at some sites.

# High School

• Use Compass Learning Odyssey at all schools for credit recovery courses.

# **Budget**

The total amount budgeted for Summer School was \$1,241,336. The decentralized Summer School budget gave sites and departments control of their own budgets. The budget amount was based on each school's Summer School attendance from the previous year. It was up to each site administrator to determine how much to allocate for salaries and benefits for both certified and noncertified staff, supplies, and purchased services.

# 2015 Summer School Program Administrative Recommendations

# CALENDAR

It is proposed that elementary and middle schools continue to run on a 24-day schedule, and high schools offer 2 sessions of 15 days each.

- Teacher workday: June 19, 2015
- Elementary and middle school: June 22, 2015, through July 24, 2015
- High school Session 1: June 22, 2015, through July 13, 2015
- High school Session 2: July 14, 2015, through August 3, 2015
- No school for staff or students: July 3, 2015

## **Program Updates**

In order to meet the growing needs in the Life, Learning, and Leisure classroom, an additional ten educational support personnel positions are requested. This staffing request will ensure that the same support provided for students with special needs (including medically fragile students) throughout the school year is maintained during the summer program. The total amount requested for this proposal is \$12,000.

Strange Elementary School and McKinley Elementary School have provided summer programs through the Regional Site Partner School Plan, and Strange has been the host school. Both schools have requested to provide programming at their individual sites for the 2015 summer session. Students at both schools are walking distance from their respective sites, and offering summer programs at each school will ensure that all students have equal access to summer programs.

# BUDGET

It is proposed that the 2015 Summer School budget be increased by \$12,000 for a total of \$1,253,336. With this amount schools will be able to continue to offer summer programs that are personalized meeting the needs of all learners.

# Administrative Recommendation

At its November 11, 2014 meeting, the Curriculum/Program Standing Committee voted to forward the proposed dates and budget for Summer School 2015 to the school board for consideration.

Administration recommends that the school board approve the proposed dates and budget for Summer School 2015 as presented in the Summer School 2014 Update and Summer School 2015 Program Recommendations.

# CHANGE IN THE FISCAL YEAR 2013-14 ADOPTED BUDGET

The Board of Education adopted the 2013-2014 budget on November 4, 2013, as prescribed by Wisconsin State Statute 65.90. From time to time there is a need to modify or amend the adopted budget for a variety of reasons. State Statute requires that official modifications to the adopted budget be approved by two-thirds (2/3) majority of the Board of Education and that there be a publication of a Class 1 notice within ten (10) days of board approval. This document identifies budget modifications to the 2013-2014 Budget.

Below is a delineation of the actual budget modifications by fund and project:

The majority of the changes are the result of notifications of carryover funds determined to be available for various grants after the budget was formally adopted. Other grant awards (i.e. Ed Foundation, mini-grants) were also received after the adoption of the budget. These grant awards conform to existing board policy and have been previously shared with the Board of Education through the approval of the grant as well as grant summary reports submitted to the Audit/Budget/Finance Committee.

Since State Statutes authorize the budget to be adopted by function; administration also requests approval of additional budget modifications that did not add or subtract dollars to the overall budget, but may have changed the function or purpose of the funding.

These budget modifications include:

- Transferred budgets and expenditures from one salary account to another salary account resulting from a review of position control. Reclassifying the salary and benefit dollars from one account to another does not change the overall amount of the budget.
- Transferred operational line item budget dollars from one budget account to another as a result of ongoing review and monitoring of budgets. Reclassifying budget dollars from one account to another account does not change the overall amount of the budget.
- Transferred grant budgets to the appropriate function or object based on formal DPI grant modifications. Since the budget was formally adopted, some grant managers have requested that expenditure budget dollars be reassigned to the function or object where the dollars were expended. The grant budgets have been revised and the resulting modifications may have changed the function or object of the expenditures, but they did not change the total amount of the grant.

Attached is a copy of the Notice of Change in Adopted Budget in the proper State approved format that will need to be published in the Kenosha News after the Board has approved these budget modifications.

This report was reviewed at the November 11, 2014, meeting of the Audit/Budget/ Finance Committee, and the committee voted unanimously to forward this report to the school board for consideration.

# Administrative Recommendation

Administration recommends school board approval of the 2013-2014 budget modifications as described, and that the attached Class 1 notice be published within ten (10) days of the official board approval.

Vendor: Compass Learning

Purchased Good/Program:\_Compass Hybridge\_\_\_

Start Date/Date Needed: \_\_\_\_January 1, 2015\_\_\_

1. PURPOSE - What is the purpose of the proposed purchase?

Compass Learning will serve Grant Elementary as a comprehensive assessment process used in every second through fifth grade classroom as a method of intervention in response to Rtl. Coupled with MAP diagnostic assessments, Compass Hybridge will create individual learning paths that will assess and pinpoint skill gaps. It accurately provides students with instructional lessons that individually address skills they need to develop. Students will be able to utilize the program during their daily computer time as well as an intervention during centers work time. Teacher schedules have blocked intervention times for literacy and math on a daily basis. Compass Learning assessments are aligned with our District Everyday Math and Houghton Mifflin Journeys textbooks. Assessment results will enable teachers to assess student learning after each unit taught. Compass Learning will then assign lessons and activities based on the individual student's assessment results to ensure individual academic progress.

## 2. FUNDING - What is the total cost of purchase and the funding source?

**\$33,725** will be funded out of Title I dollars. A purchasing commitment agreement that outlines the payment arrangement and commitments from both parties has been arranged between Compass Learning and KUSD to take advantage of an \$8,300 savings. Two payments will be made: one in 2014-2015 and one in 2015-2016.

 If no, please request an RFP packet

4. EDUCATIONAL OUTCOME - What is the educational outcome of this purchase?

The educational outcome for this program is supported by a tiered intervention model. Benchmarking, tier 1 students who generally make good progress often experience temporary or minor instructional difficulties. This program will engage and reteach skills to ensure continual growth and advancement of the students, while providing teachers immediate feedback through monitoring tools and reports. Strategic, tier 2 students who are functioning below grade-level standards will receive additional systematic and explicit support based on their individual learning gaps and skills needed. Intensive, tier 3 students who are at risk of not meeting grade level standards and have demonstrated chronically low performance will receive support on multiple measures of instructional proficiency, systematic support based on individual needs, and explicit instructional support for all levels of deficiency in reading and math.

# 5. START DATE - When is the anticipated start date?

The anticipated start date is January 1, 2015. Grant Elementary teachers will be trained on the use of the program to ensure fidelity.
