

# Urgent Care: Did you know?

In the State of Wisconsin, a provider cannot be licensed as an Urgent Care Clinic unless they are located in a standalone facility.

Also...

- Due to Wisconsin law, providers that have Urgent care located within a hospital or clinic may bill as an office visit or specialist, depending upon the care
- Urgent Care facilities will not show up on myuhc.com unless they are a stand-alone facility
- Try searching provider name or facility name to provide increased results versus the Urgent Care filter on myuhc.com
- Aurora, ProHealth Care and Froedtert facilities in Wisconsin are all in-network
- For added certainty, calling the provider directly is an option to verify coverage

**Need to find a network provider or PCP?** Visiting an out-of-network provider could end up costing you more for care. To find a PCP, urgent care centers and emergency rooms in your network, go to [myuhc.com](https://myuhc.com).

**Not sure where to go for care?** Call the number on your health plan ID card.

# Compare quick care options to help keep costs down.

Call 911 or go to an emergency room (ER) if you have a life-threatening condition. For everything else, see your primary care physician (PCP) or family doctor first. If seeing your PCP isn't possible, it's important to know your quick care options, especially before heading to an ER.

Getting care at the best place for your condition could **save you up to \$1,800 compared to an ER visit.** For more details on quick care options, visit [uhc.com/checkchoosego](https://www.uhc.com/checkchoosego).

Whether you're at work, home, traveling, you name it—a Virtual Visit lets you talk with a doctor by video 24/7. If needed, a Virtual Visit doctor can treat and prescribe\* medication for everyday illnesses like the flu, sinus infections, a cough and more.

And, with a UnitedHealthcare plan, your cost is **\$50 or less.\*\***

To get started sign in at [myuhc.com/virtualvisits](https://myuhc.com/virtualvisits) or download the UnitedHealthcare® app.

In addition to all of the great things you can do on [myuhc.com](https://myuhc.com)® or the UnitedHealthcare app, you can now talk to a doctor as well. There are no additional accounts to set up or apps to download.

- Allergies
- Bronchitis
- Eye infections

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at myuhc.com®. You should always visit myuhc.com for the most current information. Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician. Please visit myuhc.com for detailed program information and methodologies.

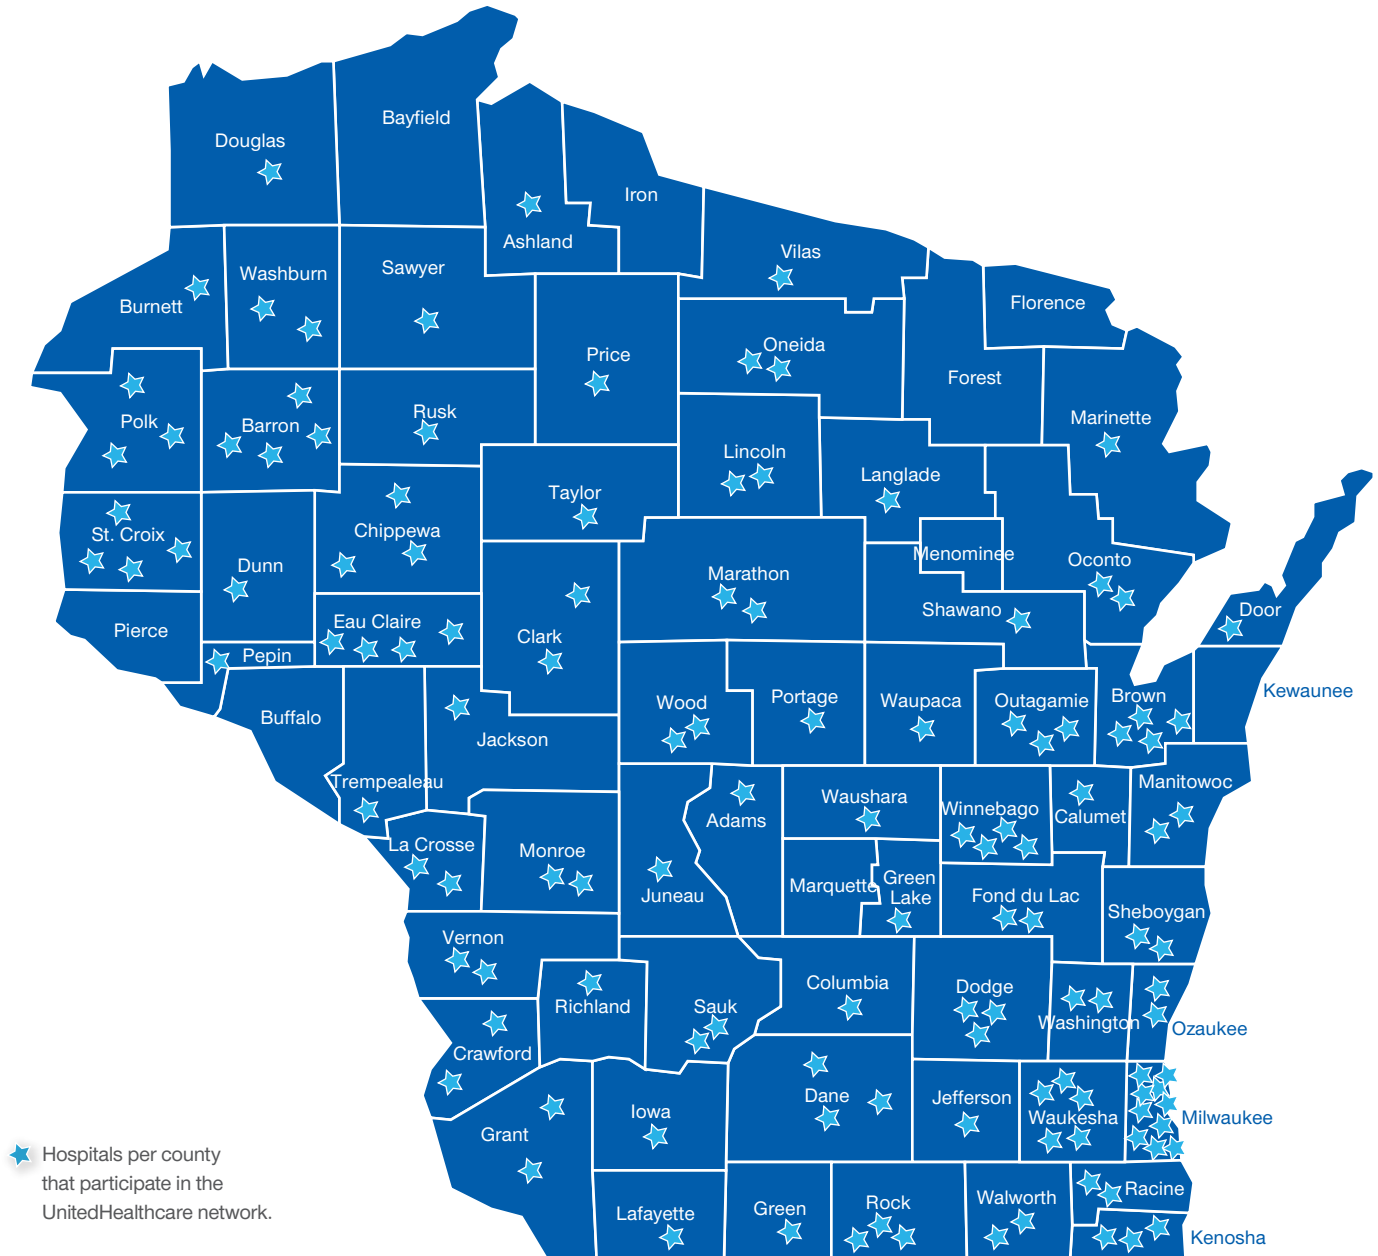

Only individual physicians that meet UnitedHealth Premium designation criteria, or physicians in designated specialties who are part of medical groups that meet UnitedHealth Premium criteria for group practices and who have sufficient claims data for analysis, may be designated. All physicians that contract with UnitedHealthcare have met credentialing requirements. Regardless of designation, plan enrollees have access to physicians in the UnitedHealthcare network as described in their benefit plan. Specialties for which there are no quality guidelines currently established in the program are excluded from evaluation and are noted as such. Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. Administrative services provided by United HealthCare Services, Inc. or their affiliates.
