District Mission

Provide excellent, challenging learning opportunities and experiences that prepare each student for success.

District Vision

To be Wisconsin's top performing urban school district that is highly regarded for continuously exceeding all expectations.

District Strategic Goals

Strategic Goal	Goal Statement
Student Achievement	Provide excellent, challenging learning opportunities and experiences that prepare each student for success and make KUSD Wisconsin's top performing urban school district.
Effective and Engaged Workforce	Recruit, retain and develop a highly effective and diverse staff that ensures the success of every student.
Family and Community Engagement	Foster and strengthen family engagement and community partnerships to positively impact student engagement and learning.
Fiscal Responsibility	Align resources to achieve efficiency and positive impact on student achievement and organizational sustainability, while communicating transparently to all stakeholders.

Board of Education Goals

SMART Goal #1 – Alignment of Mission, Vision and Strategic Goals

October 2020 Board meeting, the Board will intentionally align their work with the mission, vision, and strategic goals of the district.

- At the beginning of each board meeting, the board will review the mission, vision, and goals.
- At the end of each board meeting, the Board will respond to the question: "Have we, by our actions tonight, advanced the mission, vision, and goals of the district"?
- Additionally, each standing committee will align their agendas and decisions to the appropriate board goals.

Accountability

Two areas were discussed: disaggregating data about student achievement and ensuring learning standards are consistent with parent and community expectations. It was discussed that there is a fair amount of turnover on the board, so data review may not have been consistent from board to board. Finding the sweet spot with data sharing in the right amount to be beneficial and processed is the key.

SMART Goal #2 - Data

Starting November 2020, data that is necessary for making decisions related to student success will be presented in concise and relevant ways so that recommendations and decisions can be made to improve learning results.

- The Board will continue to receive the board agenda and related materials the week prior to the monthly Regular Board meeting.
- The Board will make it clear to administration when they need additional data or data delivered in a different fashion that is more helpful for decision making.

SMART GOAL #3 - Advocacy

In the past board members have spoken directly to state legislators to communicate issues that impact KUSD. Mary Modder, Board Vice President, is the legislative liaison to the board and receives a great deal of information from WASDA and WASB. Information is passed on to the board as needed. Annually, in February, AAUW hosts a public brunch where Board members may meet with community members and local selected officials.

The Board will proactively engage with state legislators to make them aware of the District's needs and interests.

- We will create a consistent approach twice a year to inform them of the District's needs and interests.

- b. We will continue to have regular discussions at Board meetings about relevant information that is passed along from WASDA and WASB.
- c. We will regularly invite state legislators to visit District schools as we advocate for support.

SMART Goal #4 - Board Relationships

The standing committee structure will be intentionally used:

- a. To re-engage with the community for the development of shared expectations and decisions.
- b. For initial review, discussion, and refinement of policies when timelines permit, before being brought to the board.

The 8000 series is the policy section that pertains to the KUSD school board. Policies are reviewed by Administration and brought forward for a first or second read on an as-needed basis by the Administration. Administration brings an extensive number of policies for review and has done a good job of bringing these to the Board's attention.

New Board members will undergo an orientation to ensure that agreed-upon processes and procedures are well communicated. The orientation will also include parameters of their role as a Board member and their interface with administration.

Board of Education Operating Principles

Straight Talk

We believe that we will not get as much out of our joint experience if we don't use straight talk. We also believe that trust is a key element in straight talk.

Therefore, we will be open and honest with each other and use straight talk to increase clarity and focus.

Use of Our Time

The time of each member is a valued resource. We are committed to being efficient and productive in our use of time.

We believe that time is a critical component of our success, good use of time keeps us focused with no needless digression and that time is a non-renewable resource so we must use it wisely.

Therefore, we commit to:

1. **Start on time and end on time.**
2. **Assure that purposes for our meetings and interactions are clear with a timeframe in mind**
3. **Structure our meetings effectively to ensure that we stay on track**

Listening

Each participant brings a unique background, set of experiences, expertise and perspective. Our effectiveness as team members depends on our ability to access and leverage our diversity.

Therefore, we will actively solicit others' ideas/perspectives and listen to each other with the intent of understanding and learning.

Accomplishment and Optimism

It is easy to get caught in the trap of problems, breakdowns and what is not working. This trap has the power to make us feel overburdened and discouraged.

Therefore, agree to interrupt the negativity by periodically:

- **Acknowledging and identifying barriers without fixating on them.**
- **Noting what is working**
- **Speaking what we have accomplished**
- **Acknowledging the contributions and accomplishments of others.**

Responsibility for Self

It is easy to allow past stories, interpretations and relationships to interfere with our present effectiveness.

Therefore, we agree to:

- **Check our alliances, disagreements, unhelpful stories at the door**
- **Assume a positive predisposition towards one another**
- **Be open to discussing how things are going with each other within the meeting**
- **Commit to our own participation**

“In November 2015 the board approved updates to Kenosha Unified School District Board Policy 6300 to include a systematic curriculum development cycle and Policy 6610 to establish a seven-year curriculum review cycle. The updates transformed the curriculum selection process from a matter of textbook purchasing into a process of continuous improvement. The revised process incorporates ongoing review and revision of curriculum and instruction.

In the 2019-20 school year, members of the Office of Teaching and Learning participated in a five-part professional learning series focused on the selection, adoption, and implementation of high-quality instructional materials provided by the Wisconsin Department of Public Instruction in conjunction with Instruction Partners. This learning affirmed that it is critical to select high quality instructional resources, provide initial and ongoing training, and support teachers with targeted coaching in order for them to implement district curriculum successfully and equitably.

Instruction Partners has delved into significant action research and identified the critical elements for successful implementation. The organization developed a structure for districts to follow. The Instruction Partners structure, known as the Curriculum Implementation Framework, includes three phases and outlines each phase step by step. The secondary English Curriculum Team, secondary Math Curriculum Team, and Elementary Curriculum Team have or are engaged in using the framework. Given the positive outcomes generated from use of the tools, the proposed update to Kenosha Unified School District Board Policy 6300 will include a three phase systematic curriculum development framework (Appendix A) and Policy 6610 will include a seven-year curriculum review cycle (Appendix B).

School board Policy 6300 (Appendix A) has been updated to include a proposed curriculum development framework that includes the essential steps involved in selecting, preparing for, and using new instructional materials. While the existing curriculum development cycle has been effective, the new framework decreases the selection time from a three-year to a two-year process so that the instructional materials are selected prior to writing the curriculum and assessments. This time frame ensures greater coherence between the curriculum documents 34 and the resources. The new framework is composed of three phases: 1) selecting high quality instructional materials, 2) preparing to teach with the materials, and 3) learning how to use them effectively.

The Curriculum Development Framework supports effective teaching and learning in every classroom. Using this framework, teams of teachers and administrators will work collaboratively to examine student performance data, to design and implement instruction, and to monitor results. It includes the examination of current curricula and student achievement data to determine necessary improvements, when concepts and standards should be taught, and when and how they will be assessed. Analysis of student work and assessments provide the necessary data to drive ongoing curriculum review, revision, and renewal. The process helps ensure that the curricular expectations of the district and its schools are rigorous, relevant, and public. In addition, it guarantees that the curriculum is aligned with appropriate state and national standards and is preparing and inspiring students to realize their potential.

School Board Policy 6610 (Appendix B) includes the proposed seven-year curriculum review cycle and indicates where each curriculum area falls within the cycle. While an established cycle is practical, it must also take into consideration responsiveness to the continuously changing global community and academic expectations and standards. As such, the department of teaching and learning includes the adoption cycle for the past school year, the current school year and the upcoming school year. In addition, the immediate needs of students and teachers alike must be addressed as the curriculum is implemented. This process will assure that curriculum is revised or developed in a cycle that will facilitate effective and fiscally responsible use of district resources. Budget allocations for materials, textbooks, and professional learning can be focused on the successful implementation of the revisions to existing resources or the adoption of new program resources.

The curriculum review process is a dynamic endeavor that responds to the needs of specific school communities. The development of this thorough process is a credit to the commitment of district personnel. As each area is approached for review, the Office of Teaching and Learning and the curriculum design, implementation and writing teams comprised of district staff, keep the specific needs and interests of the teachers and students in the forefront of their planning. Perhaps the most important elements of the curriculum review process are the knowledgeable and thoughtful ways in which teachers implement curricula in each classroom to meet student needs, abilities, interests, and aspirations.

Administration recommends that the school board approve the following two recommendations:

1. The school board approves the replacement of the current five phase curriculum review cycle with a three phased curriculum implementation framework as a second reading on July 27, 2021.

2. The school board approve administration's recommended updates to the 2020-2023 Curriculum Review Cycle located in Policy 6610 as a second reading on July 27, 2021."

Ms. Stevens moved to approve the consent agenda which included the revised Recommendations Concerning Appointments, Leaves of Absence, Retirements, Resignations and Separations. Mr. Garcia seconded the motion. Unanimously approved.

Dr. Ormseth presented the Better Together 2021-22 Plan (monthly agenda item) submitted by Mr. Kristopher Keckler, Chief Information Officer; Mr. William Haithcock, Interim Chief of School Leadership; and Dr. Ormseth, excerpts follow:

"At the June 15, 2021 special board meeting, the board approved the following motion: "Mr. Battle moved to approve the updated version (June 15, 2021 – 3 p.m.) of the Better Together 2021-2022 Plan with face coverings/masks as optional for all students and staff starting June 16, 2021 and the removal of Administrative Regulation 4229 – Employee Face Coverings and Scrubs. Ms. Stevens seconded the motion. Unanimously approved."

On October 16, 2020, the district implemented the KCDH thresholds for determining when to move a school or the entire district to virtual learning. The following indicators were established to trigger a transition to all virtual learning (please note: all metrics are subject to change based on new guidance from public health officials):

- >3% positive cases in a school within the last 14 days (based on the cumulative total of in-person staff and student COVID-positive cases divided by the total in-person staff and student population);
- A significant community outbreak is occurring or has recently occurred (large community event or local employer) and is impacting multiple staff, students, and families served by the community such that the KCDH directs KUSD to close buildings; and
- Staff absences, due to individuals personally testing positive or being required to self-quarantine as a close contact, reach a level that has the potential to compromise the safety or fidelity of the learning environment. These three thresholds remain.

Since the end of the 2020-21 school year, KUSD has recorded only three positive COVID cases, all students on the following dates: 6/24, 6/28, and 6/30.

KUSD Virtual Learning Program and Kenosha eSchool The total number of elementary age students applying for entry into the 2021-2022 KUSD Virtual Learning Program by the cut-off date of June 28, 2021 was 52. The breakdown by grade level was as follows:

- Kindergarten – 5
- Grade One – 8
- Grade Two – 11
- Grade Three – 7
- Grade Four - 11
- Grade Five - 10

Kenosha eSchool received 82 initial applications for the 2021-22 school year. Some families opted to drop their application or failed to complete orientation. As of July 7, 2021, we have 63 applications for Kenosha eSchool for the 2021-22 school year.

There is no new recommendation at this time.”

Mr. Garcia presented Resolution 378 – Resolution of Appreciation to Dan Wade which read as follows:

Dr. Ormseth presented the NEA Local President Release Grant – Addendum to Teacher Contract submitted by Mr. Kevin Neir, Interim Chief Human Resources Officer, and Dr. Ormseth, excerpts follow:

“From December 2019 – 2020, Ms. Tanya Kitts-Lewinsky, President of the Kenosha Education Association (KEA), informed the District that the KEA had been invited to apply for a three-year part-time release grant for the union president through the National Education Association (NEA). This grant allowed the President to reduce their teaching contract to 0.5 FTE and allowed them to engage in KEA activities during the 0.5 release time. The intended benefits of those activities include improved communication, educator morale, collaboration and problem-solving, teacher retention and public relations.

From July 2021 – 2022. Ms. Kitts-Lewinsky continues in the role as President of the KEA. The NEA grant allows for the President to reduce their teaching contract to 0.5 FTE for the 2021-2022 school year and allows Ms. Kitts-Lewinsky to engage in KEA activity during the 0.5 release time.

The attached Appendix A is the proposed Addendum to Teacher Contract.

It is recommended that the Board of Education approve the proposed Addendum to the Teacher Contract between the Kenosha Unified School District and Ms. Kitts-Lewinski for the 2021-2022 school year.”

Mrs. Modder moved to approve the proposed Addendum to the Teacher Contract between the Kenosha Unified School District and Ms. Kitts-Lewinski for the 2021-2022 school year. Ms. Stevens seconded the motion. Unanimously approved.

The following contract/agreement has not been added to the Contract Management Database and is being presented for board approval:

“On July 12, 2015, the Wisconsin 2015-17 State Budget Bill, Act 55, was signed into law. It requires Kenosha Unified School District to provide the parents and guardians of all enrolled students with notice of the academic standards in mathematics, science, reading and writing, geography, and history that have been adopted by the school board and that will be in effect during each school year. Accordingly, the district academic standards that will be in effect in these specific content areas for the 2021-22 school year are listed below. Electronic links to the detailed version of the applicable standards are provided pursuant to section 120.12(13) and section 118.30(1g)(a)1 of the state statutes.

Additionally, with regard to emphasizing content-area literacy in all subjects, the Kenosha Unified School District has adopted the Common Core Standards for Disciplinary Literacy. A link to this additional resource is: <http://dpi.wi.gov/standards/literacy-all-subjects>.

Administration recommends that the Board of Education approve the annual declaration and parent notice of the district’s student academic standards that will be in effect for the 2021-22 school year at the July 27, 2021, board meeting.”

Dr. Ormseth presented the Renewal of the Southeastern Wisconsin School Alliance Membership submitted by Mr. Hamdan and Dr. Ormseth, excerpts follow:

“For the past eighteen years, the District has participated in the Southeastern Wisconsin School Alliance (SWSA) which provides school leaders and parents with objective, non-partisan information, and training needed to be strong advocates for educational excellence. The SWSA serves over 30 urban and suburban school districts with a combined enrollment of more than 220,000 students.

The mission of the Southeastern Wisconsin Schools Alliance is to advocate for the benefit of all students by driving education policies supporting strong public schools to ensure world-class practices, economic vitality, and community well-being.

The SWSA supports the mission through the following tiered approach:

- Develop and implement key strategies to advocate for sound education policy;
- Raise the impact of SWSA by identifying and developing mutually beneficial partnerships;

- Continue to strengthen the SWSA business model by supporting school districts and their communities; and
- Leverage research to drive educational practice and advocacy.

The SWSA meets at least once a month and the annual membership fee is \$3,200. Attachment A is the letter from the fiscal agent, the required resolution to be approved by the Board in order to participate in the alliance, and the 66.0301 Agreement which authorizes the School District of South Milwaukee as the fiscal agent to manage the SWSA funds. Attachment B is the 2021-22 Proposed Annual Budget for the SWSA, the projected participating member school districts with payment schedule, and the 2020-21 Annual Report for the SWSA.

Administration recommends that the Board approve the attached resolution and membership in SWSA for the 2021-2022 fiscal year and authorization of Board Officers and District Administration to execute any and all documents related to the renewal.”

Mrs. Modder moved to approve the resolution and membership in SWSA for the 2021-2022 fiscal year and authorization of Board Officers and District Administration to execute any and all documents related to the renewal. Ms. Robinson seconded the motion. Unanimously approved.

Mr. Hamdan presented the Fiscal 2021-2022 Budget update submitted by himself and Dr. Ormseth, excerpts follow:

“On July 8, 2021, Governor Tony Evers signed the 2021 – 2023 State of Wisconsin Biennial Budget into law. While we await clarification and WI Department of Public Instruction (DPI) interpretation on some of the approved budget items, the administration is providing the Board of Education with an updated projection of the district’s budget position for the upcoming fiscal year (FY) 2021-22 with the information that we currently have available to us (Attachment A).

Before signing the 2021-2023 budget, the Governor used his line-item veto authority to make 50 changes (see Attachment B) to the version that was passed on to him via the Joint Committee on Finance (JCF), the Assembly, and the Senate. However, the items relevant to K-12 education remained essentially the same and fall far short of the Governor’s original proposal.

The most concerning item for the KUSD budget is the lack of any kind of inflationary increase for the next two years. This is commonly known as the allowed per member change in the revenue limit formula which is now set at \$0 for the fiscal year 2021-22 and 2022-23.

Even the Per Pupil Categorical Aid (PPCA) outside of the revenue limit formula, which currently provides districts \$742 per student in the current 3-year average membership calculation, will be frozen for the next two years. For districts experiencing a prolonged state of declining enrollment, this will result in a loss of funding.

Legislators have made it clear that they believe local school districts should be utilizing their Federal stimulus funds for their budgetary needs before we can expect

additional support from the State. While we may be forced to temporarily entertain this misguided logic, it is imperative that we never lose sight of the looming fiscal cliff that we will be forced to confront when these temporary Federal funds go away. With that in mind, the Governor has also announced that he will be earmarking \$100 MM of State level Federal stimulus funds for K-12 education. No details are available regarding the distribution method of those funds, but the Governor has indicated that there will be “no strings attached.”

There are some positive elements in the budget that are certainly welcomed. There will be a significant increase in general aids that will be distributed to districts via equalization aids that will lower tax levies. Early estimates place this number in the range of \$3.5 MM for KUSD, however, that will not be finalized until October 15, 2021. There will also be more funding available for Special Education Categorical Aid so that the State can try to reach the 30% reimbursement rate by FY23 from the target of 28.2% in FY21 and FY22. While the increase in reimbursement rate is relatively small, the amount of costs attributed to Special Education is so large that it could translate into around \$1.4 MM of freed up funding that was required to be transferred from our General Fund.

In addition to legislative changes, variance in the projected student enrollment count will have a direct impact on our revenue limit authority as we previously demonstrated at the Board meeting on May 25, 2021.

This updated preliminary projection assumes the following major items:

- Continued declining enrollment at 140 less FTE in the next 3rd Friday count;
- Health insurance premium increases by 9.5%;
- Salary schedule advancements for all regular FTE staff; and
- Consumer Price Index (CPI) increases of 1.23% for all FTE staff.
 - For illustrative purposes only as this item has yet to be determined.

This update is being provided to the Board of Education as an informational item only. The administration will continue to monitor the situation and will provide additional updates as needed.”

Mrs. Modder presented the Donations to the District.

Mrs. Modder moved to approve the donations to the district as presented. Mr. Garcia seconded the motion. Unanimously approved.

Ms. Adams presented the Evaluation of the Board of Education’s Adherence to its Operating Principals and asked board members to rate the success in achieving the goals of the meeting. All ratings given by board members were 5s.

Ms. Stevens moved to adjourn the meeting. Ms. Robinson seconded the motion. Unanimously approved.

Meeting adjourned at 8:05 P.M.

POSITIVE CASES/QUARANTINE PROCEDURES

COVID POSITIVE

*Staff and students who are **COVID-positive** must provide the district a copy of the positive test result and remain at home while following the **isolation** dates provided by their health department.*

KUSD will notify via email staff and parents/guardians of students who were exposed to a COVID-positive individual.

- Exposure includes anyone in a classroom with and/or a close contact to a COVID-positive individual at or during a KUSD activity.
- Close contact is defined as being within 3 feet of a COVID-positive individual for 15 minutes or more.

QUARANTINE

Individuals exposed to a COVID-positive individual on KUSD property may only quarantine if they develop COVID symptoms within 14 days or are notified to do so by the health department. Those who develop one or more symptoms (e.g. fever or chills, cough, shortness of breath or difficulty breathing, new loss of taste or smell, diarrhea, vomiting, muscle or body aches, headache, sore throat, fatigue, congestion or runny nose, nausea) will be required to quarantine as outlined below:

- Immediately quarantine for 10 days after symptom onset and contact a health care provider for potential testing.
- Quarantine may be shortened to 7 days with a negative test result that is collected on day 6 or 7 following the date of exposure (at-home tests will not be accepted).

Individuals notified to quarantine by their health department must remain at home while following the quarantine dates provided to them and KUSD by their health department.

STUDENTS

who quarantine will access assignments via Seesaw (4K-2) or Google Classroom (3-12) for the duration of their quarantine period.

STAFF WHO ARE REQUIRED TO:

QUARANTINE BY KUSD (exposed/symptomatic/close contact)
may work from home with supervisor approval, use EPSL or use sick time

ISOLATE BY HEALTH DEPARTMENT (COVID+)
may work from home with supervisor approval, use EPSL or use sick time

QUARANTINE BY HEALTH DEPARTMENT (exposed/close contact)
may work from home with supervisor approval, or use sick time

There are two reasons why one might be allowed to use the Extended Emergency Paid Sick Leave (EPSL):

- Being COVID-positive
- Being quarantined by KUSD due to exposure to a COVID-positive individual while at work

Kenosha, Wisconsin

**Negotiations with the Kenosha Education Association for the
2021-2022 Collective Bargaining Agreement and Base Wage
Increase for Employee Groups Other Than Teachers**

Background

On August 17, 2021, the District's and Kenosha Education Association's negotiations teams met to exchange initial bargaining proposals and reached a tentative agreement of a base wage increase of 1.23 percent effective July 1, 2021, which will be distributed across the board to the members of the bargaining unit represented by the Kenosha Education Association. The collective bargaining agreement shall be in effect July 1, 2021 through June 30, 2022. The KEA indicated a ratification vote would take place by August 23, 2021.

Please see attached for terms and conditions of the tentative collective bargaining agreement. Historically KUSD has provided the following base wage increase for certified staff. Fig. A, provides the last four years as a point of reference.

Fig. A

School Year	Teacher Base Wage Increase*
2017-2018	1.26%
2018-2019	1.25%
2019-2020	2.44%
2020-2021	1.81%

*Base wage increase offered has been the maximum amount allowable according to the Wisconsin Employment Relations Commission (WERC)

This same base wage increase is being recommended for all regular full-time equivalent employees in all other employee groups effective July 1, 2021.

NOTE: The term full-time equivalent refers to all employees other than non-FTE, casual, part-time timesheet staff. Our employee groups include administrative support professionals; administrative, supervisory and technical; community and student support; educational support professionals; facilities; food services; interpreters and teachers.

Recommendations

Contingent on ratification by the Kenosha Education Association, Administration recommends the Board ratify the attached 2021-2022 collective bargaining agreement, which results in a total base wage increase of 1.23 percent across the board effective July 1, 2021 through June 30, 2022.

Administration also recommends the board approve a total base wage increase of 1.23 percent across the board to be effective July 1, 2021 for all regular full-time equivalent employees not represented by the Kenosha Education Association.

**SCHOOL RESOURCE OFFICER (SRO) AGREEMENTS WITH
CITY OF KENOSHA AND VILLAGE OF PLEASANT PRAIRIE**

Kenosha Unified School District has contracted with the City of Kenosha and Village of Pleasant Prairie for school resource officer (SRO) services for many years. The current agreements are expiring, and Administration is bringing forward agreement renewals for school years 2021-22 through 2023-24 for board consideration and approval.

The agreement with the City of Kenosha (Appendix A) provides four (4) on-duty police officers (SROs) for placement at sites designated by the School District. KUSD will pay the City of Kenosha for services provided by four (4) SROs at their individual daily rate of pay and benefits for the actual days the police officers work in the schools as SROs.

The agreement with the Village of Pleasant Prairie (Appendix B) provides one (1) on-duty police officer (SRO) for placement at school sites within the Village. The primary placement site shall be LakeView Technology Academy; however, the SRO will dedicate two- four hours per week each to Prairie Lane Elementary School, Pleasant Prairie Elementary School and Whittier Elementary School during the course of a typical school work week. KUSD will pay the Village of Pleasant Prairie for services provided by one (1) SRO at their individual daily rate of pay.

Administrative Recommendation

Administration recommends that the Board of Education authorize agreements between KUSD and the City of Kenosha and Village of Pleasant Prairie and for the purpose of hiring School Resource Officers for the 2021-22, 2022-23 and 2023-24 school years.

The primary placement site shall be Lakeview Technical Academy; however, the **SRO** will dedicate two-four (2-4) hours per week to each Prairie Lane Elementary, Pleasant Prairie Elementary, and Whittier Elementary schools during the course of a typical school work week. The hours assigned will be determined by activity at the schools by the **SRO**.
The **SRO** shall be assigned by the Chief of Police consistent with the provisions of applicable collective bargaining agreements and shall be subject to approval of the **SCHOOL DISTRICT**. Such approval shall be in written and dated form and shall be signed by the **SCHOOL DISTRICT** Superintendent or designee. In the event that the **SCHOOL DISTRICT** elects not to approve the SRO assigned by the Chief, the **VILLAGE** may offer another candidate or such objection may result in the position not being filled, whereupon there will be no reimbursement required of the **SCHOOL DISTRICT** and this agreement shall be null and void. The **SRO** shall carry such Police Department issued equipment, as deemed necessary by the Chief of Police.

B. VILLAGE EMPLOYEES. The **SRO** shall be an employee of the **VILLAGE** and under the control and direction of the Chief of Police.

C. REPORTING RELATIONSHIP. The **SRO** shall perform his/her duties in collaboration with the **SCHOOL DISTRICT** and shall respond to reasonable requests of the **SCHOOL DISTRICT** officers and employees.

D. EVALUATION OF SRO. The **VILLAGE** shall evaluate the **SRO** and shall solicit input from the **SCHOOL DISTRICT**, which shall not be unreasonably omitted from the evaluation.

E. SERVICES PROVIDED BY SRO. The **SRO** shall provide the following services to the **SCHOOL DISTRICT**:

1. Act in the capacity of a sworn, on-duty police officer.
2. Provide an armed law enforcement presence in the schools to which assigned.
3. Investigate or assist in the investigation of crimes, ordinance violations, and take the appropriate enforcement action.
4. Patrol school buildings, grounds and parking lots to which assigned for the purpose of enforcing State and **VILLAGE** laws and ordinances under his/her jurisdiction as well as detecting violations of **DISTRICT** policies or rules.
5. Perform school safety drills with the school administrator.

7. The **SRO** will act as a mentor to students facing in-school disciplinary action in an attempt to address the root cause of issues which led to the disciplinary action.
8. The **SRO** will not be utilized by the Village of Pleasant Prairie Police Department or the Kenosha Unified School District as having a role as a disciplinarian for infractions of school rules.

F. Village of Pleasant Prairie Police Department Responsibilities include the following:

It is the desire of the **VILLAGE** that the **SRO** take vacations and other time off during periods when school is not in session. Both the **VILLAGE** and the **SCHOOL DISTRICT** acknowledge, however, that this is a subject of bargaining and will be governed by the provisions of the applicable labor agreement. The **SRO** shall notify the school administrator at his/her assigned school of his/her absence in a timely manner.

K. APPOINTMENT OF AGENT. The **SCHOOL DISTRICT** policy allows for the searching of lockers, backpacks and containers of students by **SCHOOL DISTRICT** officials as required to ensure the security of the school and the safety of staff and students. The **SCHOOL DISTRICT** hereby delegates such authority as the **SCHOOL DISTRICT** has to the **SRO**, and hereby appoints the **SRO** as its' agent, without relinquishment of its' own authority in this respect.

III. GRANT WRITING. In order to provide for the increase in personnel necessary to provide **SRO(S)**, the **VILLAGE** and the **SCHOOL DISTRICT** may continue to apply for grants from the U.S. Department of Justice and the Office of Community Oriented Policing Services, as well as other sources.

All

monthly payments shall be equal based on the **SRO** having performed services for 182 days of the 260-day work year. If the cumulative total of absences related to in-service, illness or vacation for any officer exceeds 15 days at school year-end, the amount due for the final month shall be pro-rated to eliminate the days in excess of 15 and reflected as a reduction in the final invoice.

V. INDEMNITY AND HOLD HARMLESS.

A. SCHOOL DISTRICT TO INDEMNIFY AND HOLD HARMLESS VILLAGE.

1. The **SCHOOL DISTRICT** shall indemnify and hold harmless the **VILLAGE** and its' officers and employees from and against any liability, claim, award, costs, expenses, loss, damage, judgment, or attorney fees that they may incur or be required to pay arising out of a complaint that the **SRO**, while on premises owned or controlled by the **SCHOOL DISTRICT**, and within the scope of his employment under the terms and conditions of the agreement, failed to provide security for the building or its' occupants.

Nothing contained within this paragraph or contract is intended to be a waiver or estoppel of the **VILLAGE** or its insurer to rely upon the limitations, defenses, and immunities contained within Wisconsin law, including those contained within Wisconsin Statutes Sections 893.80, 895.52 and 845.05. To the extent that indemnification is available and enforceable, the **VILLAGE** or its insurer shall not be liable in indemnity or contribution for an amount greater than the limits of liability for municipal claims established by Wisconsin law.

VI. COMMITMENT AND TERMINATION.

- A.** The **SCHOOL DISTRICT** acknowledges it understands that the **VILLAGE** must hire new personnel to facilitate the provision of the services of the **SRO** to the **SCHOOL**

DISTRICT and therefore agrees to maintain the **SRO** program at its Pleasant Prairie sites for a period of three (3) full school years commencing with the first day of school in the month of September following the date of execution of this agreement.

GANG PREVENTION EDUCATION PROGRAM

Background:

The Boys & Girls Club of Kenosha (BGCK) and the Kenosha Unified School District (KUSD) have enjoyed a partnership for more than 20 years working collaboratively to address the issue of gang involvement and delinquency issues in our community. The district provides financial support the BGCK needs to monitor, supervise and mentor youth in gang prevention groups, while working on anger management, team building, job skills development, gang resistance, and social and delinquency issues.

The Boys and Girls Club of Kenosha has supervised and mentored 50 youth in gang prevention programs at our middle and high schools. The Year End Report (Attachment A) is included in this report. The goals and results from the past year are included. Even through the pandemic, the staff at the Boys and Girls Club continued to connect with our students and staff through home visits, Zoom meetings, Facetime and Google Duo.

A description of the program, and goals for the Gang Prevention Education Program are included. (Attachment B). The partnership with KUSD, the juvenile justice office and the Boys and Girls Club is invaluable.

The final document in this report is the Memorandum of Understanding (Attachment C) between Boys and Girls Club of Kenosha and the Kenosha Unified School District.

Recommendation:

Administration recommends that the School Board approve entering into a Memorandum of Understanding with the Boys and Girls Clubs of Kenosha for a Gang Prevention Education Program in the 2021-2022 school year.

**Boys and Girls Club of Kenosha/ K.U.S.D. Gang Prevention Initiative
Year End Report 2020-2021**

1. Boys & Girls Club staff facilitated student groups with prevention activities at several schools throughout the district. Youth participated in groups using evidence-based curriculum from the Boys & Girls Clubs of America's National Program Street SMART that was revised in 2015. The groups facilitated in KUSD are typically held during lunch or CORE class period to decrease the amount of time taken away from academics. Staff hand select youth that exhibit certain risk factors that put them at increased risk for gang involvement, such as, but not limited to disruptive classroom behavior, family member known gang member, lack of extracurricular activities, fighting with classmates, and etc.

Each group contains no more than 12 students and are typically separated by gender, which allows for freer conversation between the students and staff member. Based on the feedback given from KUSD staff and students, appropriate Street SMART lessons are presented to address issues specific to those in the group. Once certain requirements (better classroom behavior, no major or minor infractions for an established period of time, and etc.) are met members of the group are allowed to attend incentive field trips. Furthermore, Street SMART programs are also facilitated at the Boys & Girls Club two times a week throughout the school year in our Teen Center in addition to the school groups. The youth remain in their groups approximately 3-6 months working on anger management, team building, job skill development, gang resistance and social and delinquency issues.

Due to COVID and a change in staffing only new groups were established this school year and expect to be maintained in the future. More groups were established in Bullen and Lincoln Middle School due to an increase of at-risk student referrals from counselors and staff. Groups also met at the Boys & Girls Club twice a week.

2. Boys & Girls Club staff also case manage 50 youth that are referred to the program by KUSD counselors, staff and Kenosha County case workers. The staff organized and supervised incentive-based field trips for case managed youth. Trips taken this year have been less than in the past due to companies meeting CDC guidelines, however youth were able to experience private movie showings, trips to Action Territory and fishing. All 50 youth that participated in the gang prevention initiative experienced positive behavioral changes which may be related to the pro social activities offered at the Boys & Girls Club.
 - a. We offered Boys & Girls Club sports scholarships to 25 youth who participated in a tackle football league, basketball, soccer, and baseball and provided them with equipment.
 - b. 20 youth in the gang prevention program are actively participating in the summer youth employment program in 2021 and have been placed at several public and private businesses in the Kenosha area.

3. Boys & Girls Club staff maintained frequent contact with the families of case managed youth through home visits, weekly phone calls and activities. Some of the activities were a College and Career Fair, Juneteenth Festival, Boat Building Camp and Launch and Soul Food tasting. BGCK staff also give families tours of the Teen and Tween Centers to introduce more families to the activities at the Boys & Girls Club and provided referrals for additional resources within the community.
4. Boys & Girls Club staff work with principals of individual schools daily to provide a continuity of care for the 50 case managed youth. Gang prevention staff visit schools as requested to assist with gang involvement and delinquency issues. They help identify graffiti, provide security at sporting events, identify issues happening outside the school to ensure they are not brought into the schools, and work closely with SRO police officers at the schools to further prevent gang activity at our KUSD schools. Staff also participate in career day, speak at various school events related to gang prevention or teen violence and attend open houses at various KUSD locations. Lastly, Outreach staff are often called to the school to assist students with behaviors, advocate on behalf of the student or provide a listening ear during a free period.

Overall Progress

Goal 1. 85% of youth will not have a new offense in the program.

95% of case managed youth did not have a new offense since the start of the program at the beginning of the 2020-2021 school year.

92% of youth have participated in at least 4 non gang related programs per month.

Goal 3. 70% of parents/families will increase involvement in youth care.

Goal 4. 80% of youth will maintain or reduce their gang risk assessment score from program intake to program completion.

92% of youth reduced their gang risk assessment score from program intake to completion of their time in the program.

Goal 5. 75 % of youth who participate in the program for at least three months will improve school attendance.

88% of youth have improved their school attendance.

Goal 6. 75 % of youth will improve their academic performance overall.

85% of youth participating improved their academic performance by at least one grade level. The average GPA upon entry to the gang prevention was 1.8, upon exit youth increased their average to 2.6.

**GANG PREVENTION/YOUTH EMPOWERMENT EDUCATION PROGRAM
2021-2022**

The Boys & Girls Club of Kenosha (BGCK) and the Kenosha Unified School District (KUSD) have enjoyed a partnership for many years working collaboratively to address the issue of gang involvement and delinquency issues in our community. This partnership provides the Boys & Girls Club of Kenosha with the support they need to monitor, supervise and mentor youth in gang prevention groups, while working on anger management, team building, job skills development, gang resistance, and social and delinquency issues.

The program has two essential programs. Case management and prevention groups in schools.

Case managed youth in the BGCK Youth Empowerment Program include 12-18 year olds with a large focus on middle school students.

Historically, the demographics of youth served are 80% African American, 15% Hispanic and 5% Caucasian

100% of students that the BGCK staff case manage come from low-income households and typically come from non-traditional homes such as families with single parents, guardians other than a birth parent, an incarcerated parent, parents struggling to make ends meet and working multiple jobs, unstable home circumstances, etc. Case managed students reside within the KUSD boundaries. The program provides case management to 50 youth each school year.

100% of the youth case managed in the Youth Empowerment program come from low-income households. Free/reduced lunch status through KUSD is used to determine low-income status. The number of students enrolled fluctuates at any given time however a typical amount of students on the caseload is 25.

The groups facilitated in KUSD are typically held during lunch or CORE class period to decrease the amount of time taken away from academics. Staff hand select youth that exhibit certain risk factors that put them at increased risk for gang involvement; such as, but not limited to: disruptive classroom behavior, family member known gang member, lack of extracurricular activities, fighting with classmates, etc. Each group contains no more than 15 students and are typically separated by gender which allows for freer conversation between the students and staff member.

Based on feedback given from KUSD staff and members in the group, appropriate Street SMART lessons are presented. The purpose of the lesson is to provide youth with soft skills and coping mechanisms for handling conflict, resist gang involvement and better cope with stressful situations. Students are also able to participate in field trips once certain requirements (better classroom behavior, no major or minor infractions for an established period of time, etc.) are

met. The Street SMART programs are also facilitated at the BGCK weekly throughout the school year in our Teen Center in addition to the school groups. The youth remain in their groups approximately 3-6 months working on anger management, team building, job skill development, gang resistance and social and delinquency issues.

KUSD/BGCK Gang Prevention Program Goals 2021-2022

85% of youth will not have a new offense while in the program

- BGCK will be able to report findings by collecting and checking data from the Juvenile Justice Office.

85% of youth will participate in at least four non-gang related activities per month

- BGCK will monitor activities by taking attendance at each activity. Key activities included Street SMART, Smart Moves and Career Launch.

70% of parents/families will increase involvement in youth care

- BGCK will monitor activities by taking attendance at each activity. Examples of activities include family resource fairs, Juneteenth celebration, family field trips, college & career fair and National Night Out.

KUSD Policy and Related Waiver Items for School Year 2021-22

Since the onset of the COVID Pandemic, KUSD has implemented approved waivers, both at the state and local level, for a variety of regulatory areas. Some examples were related to instructional minutes, attendance procedures, and educator effectiveness. With the approved “Better Together Plan”, along with the severe decrease in COVID related cases and quarantine scenarios, administration is looking to request fewer waivers for the start of the 2021-22 school year. These requests are only for local policy waivers, and only require local Board approval. These waiver requests are to allow school staff and students to proceed in a manner that allows for reduced physical interactions and impact.

With feedback from school administrators and other departments, the following is a list of local waiver requests for consideration. The specific waivers requested relate to the following KUSD policies:

- KUSD Policy 1330 Facilities Use:
- KUSD Policy 1350 Equipment Use by Community Groups
- KUSD Policy 1600 Visitors
- KUSD Policy 3622 Access to School Buildings and Grounds
- KUSD Policy 5120 Student Enrollment Reporting
- KUSD Policy 5210 Entrance Age
- KUSD Policy 5431 Student Dress Code
- KUSD Policy 6456 Graduation Requirements

KUSD Policy 1330 Facilities Use/1350 Equipment Use by Community Groups/ KUSD Policy 3622 Access to School Buildings and Grounds:

KUSD Policies 1330, 1350 and 3622 establish protocols for KUSD to encourage use of district facilities and equipment for both school related and community based programs and events. The policies also define an appeals procedure for any denial of such request. This waiver relates to the current plan that pre-COVID outdoor activities and use of school property commence, but will be monitored by administration, with potential as-needed changes if health and/or management concerns arise.

KUSD Policy 1600 Visitors:

KUSD Policy 1600 encourages parents, guardians, caregivers and the general public to visit schools and classrooms to help establish a better understanding of educational programs and offerings. At this time, the “Better Together” plan is proceeding to “limit all non-essential visitors in buildings, including parents/guardians, guest speakers, recruiters, etc. Visitors who are non-KUSD employees are allowed for academic, social/emotional, behavior and therapy purposes. Such meetings will be scheduled with prior notice and will be held in large spaces to ensure physical distancing.” Schools can also support services and inquiries through virtual and remote methods.

KUSD Policy 5120 Student Enrollment Reporting & Policy 6456 Graduation Requirements:

Both of these policies reference that a senior high student shall be considered full time when they are scheduled for a minimum of 6.0 credits for the school year. The waiver request is to continue the practice from last year that grade 12 students would only have a minimum of 5.0 credits scheduled for the 2021-22 school year, though students are not limited for enrollment during each scheduled period.

KUSD Policy 5210 Entrance Age:

KUSD Policy 5210 relates to the entrance age and prerequisites for early grade levels. This waiver request would align to a current state directive that parents of students age 6 by September 1, are not prohibited from enrolling in Grade 1 if they did not successfully complete a Kindergarten program. Parents/guardians could also request that a student with a Grade 1 age be enrolled for Kindergarten. All of these requests would be processed at the building level for consideration.

KUSD Policy 5431 Student Dress Code:

Consideration related to KUSD Policy 5431 Student Dress Code pertains to the physical return of students to their assigned school. Waived areas would relate to the approved use of face coverings and use of backpacks throughout the day to minimize physical contact areas and locker congestion. Administration will continue to monitor this practice to best address health related needs and might make subsequent adjustments.

Communication of Changes:

Any and all approved waivers and their respective changes would be communicated to all students, staff, and parents prior to the start of the 2021-22 school year. As previously noted, some of these waivers would not expire with the end of the school year.

Administrative Recommendation:

Administration recommends that the School Board approve the listed waiver requests for the 2021-22 school year at the August 24, 2021, regular School Board meeting:

- KUSD Policy 1330 Facilities Use:
- KUSD Policy 1350 Equipment Use by Community Groups
- KUSD Policy 1600 Visitors
- KUSD Policy 3622 Access to School Buildings and Grounds
- KUSD Policy 5120 Student Enrollment Reporting
- KUSD Policy 5210 Entrance Age
- KUSD Policy 5431 Student Dress Code
- KUSD Policy 6456 Graduation Requirements

Annual Restraint & Seclusion Report

By October 1, Wisconsin requires each school district to report the district restraint and seclusion data annually, to the school board. Districts must submit the number of incidents of physical restraint and seclusion, the total number of students involved in the incidents, and the number of students with disabilities who were involved in the incidents. The report to the school board contains the same data as required in the U.S. Department of Education and the Civil Rights Cyclical Data Collection (CRDC) on physical restraint and seclusion. Wisconsin Act 118 (2019) enacted additional requirements. Some of the changes include requiring parents to be provided with a copy of the written incident report, clarifying that the notice and reporting requirements apply to incidents involving law enforcement officers, prohibiting the use of prone restraint, revising the required training components, requiring school staff to hold a meeting after each incident of seclusion or restraint to discuss topics specified in the Act, conducting an IEP team meeting within ten school days of the second time seclusion or restraint is used on a student with a disability within the same school year, and requiring each governing body to submit an annual report to DPI by December 1. This law applies to both students with and without disabilities. With approximately half of KUSD students receiving virtual only instruction during the 2020-21 school year, the number of overall instances was significantly lower than pre-COVID years.

CRDC Definitions:

- “Mechanical restraint” refers to the use of any device or equipment to restrict a student’s freedom of movement. The term does not include devices implemented by trained school personnel or utilized by a student that have been prescribed by an appropriate medical or related services professional.
- “Physical restraint” refers to a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. This does not include a physical escort, which would be applicable for a temporary setting for the purpose of inducing a student who is acting out to walk to a safe location.
- “Seclusion” means the involuntary confinement of a pupil, apart from other pupils, in a room or area from which the pupil is physically prevented from leaving. This does not include a timeout, which is a behavior management technique that is part of an approved program in a non-locked setting for the purpose of calming.

A covered (trained) individual may use seclusion on a pupil at school only if all of the following apply:

- The pupil’s behavior presents a clear, present, and imminent risk to the physical safety of the pupil or others and it is the least restrictive intervention feasible.
- A covered individual maintains constant supervision of the pupil, either by remaining in the room or area with the pupil or by observing the pupil through a window that allows the covered individual to see the pupil at all times.
- The room or area in which the pupil is secluded is free of objects or fixtures that may injure the pupil.
- The pupil has adequate access to bathroom facilities, drinking water, necessary medication, and regularly scheduled meals.

- The duration of the seclusion is only as long as necessary to resolve the clear, present, and imminent risk to the physical safety of the pupil or others.

Districts are required to report on two (2) types of restraint: mechanical and physical, and seclusion, detailing both the number of students (by disability status) and number of incidents. For example, the use of handcuffs by police officers would constitute a mechanical restraint and schools are required to fully document identified instances. Both a summary report and a full building level report are attached. For the 2020-21 school year, KUSD had 7 incidents of *mechanical* restraint, 104 incidents of *physical* restraint, and 116 incidents of *seclusion*.

The use of handcuffs by school resource officers (police) and other police officials while on school property or during school functions have been identified as mechanical restraint. Those cases would be the direct result of the state expectation to ensure that any police involved use of handcuffs or other restraint are documented and reported. Police officers receive their own training and tactics related to the decision or need to apply some form of restraint. The use of vehicle safety restraints, as intended, during the transport of a student in a moving vehicle are not mechanical restraints.

Evaluation of Board of Education's Adherence to its Operating Principles

Have we, by our actions tonight via our board operating principles, forwarded the mission, vision and goals of the district?

- Were we open and honest and used straight talk to increase clarity and focus?
- Did we: start/end on time, have a clear purpose/interactions/timeframe?
- Did we actively solicit others' ideas/perspectives and listen to each other with intent of understanding and learning?
- Did we agree to interrupt the negativity by: noting what is working, speaking what we have accomplished and acknowledging the contributions and accomplishments of others?
- Did we: check our alliances, disagreements, unhelpful stories at the door; assume a positive predisposition toward one another; and commit to our own participation?
