# Head Start

## 2019-2020 Annual Report

# KUSD Head Start Annual Report

Head Start is a federally funded program that promotes the school readiness of young children from low-income families through local programs. Head Start programs support the mental, social, and emotional development of children from ages three to five. In addition to education services, programs provide children and their families with health, nutrition, social, and other services. The program works to maintain the highest standards of quality in the delivery of strength-based, comprehensive, early intervention, and education services to children and families of low-income.

In 2019 Head Start funded 16,427 children in the state of Wisconsin. 389 of those children attended the Kenosha Unified School District (KUSD). The Kenosha Unified School District's Head Start Program has been a part of the Kenosha community since 1965 serving children and families that live within the school district boundaries. During the 2019-20 school year 330 of KUSD Head Start enrollment were funded through the Federal Head Start grant and an additional 59 children were funded through the State Supplemental Head Start grant.

KUSD Head Start utilizes evidence based approaches to serving children and families of low-income in a compassionate and partnering manner. Children receive services that promote child development across all domains. From concrete support to meet mental, dental, and physical health needs to developmentally appropriate school readiness promotion, children benefit from warm, nurturing and effective interactions which are based on the leading edge of research and science about brain development. Families participate in a wide variety of family support and strengthening activities. From parent education and leadership to family developmental activities to support each family's specific goals for their child and their family, Head Start services are responsive to each child and family's ethnic, cultural, and linguistic heritage.

# 2019-2020 Budget

## Funding sources:

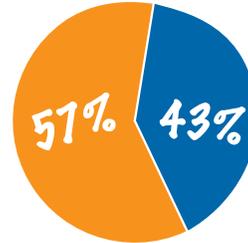

Department of Health & Human Services (DHH), Administration for Children & Families.....	<b>\$2,135,587</b>
Training/technical assistance funds.....	<b>\$31,315</b>
Wisconsin Department of Public Instruction, Wisconsin Head Start state supplement.....	<b>\$336,005</b>

## Expenditures from DHH Funding source:

Personnel.....	<b>\$2,025,171</b>
Contracted health support.....	<b>\$49,070</b>
Repairs/maintenance.....	<b>\$1,255</b>
Utilities.....	<b>\$30,957</b>
Printing/copying/advertising.....	<b>\$11,345</b>
Transportation.....	<b>\$40,158</b>
General supplies.....	<b>\$10,070</b>
Food supplies.....	<b>\$16,757</b>
Software/technology.....	<b>\$13,528</b>
Administration of program.....	<b>\$61,682</b>
Dues/Conference/Travel.....	<b>\$13,235</b>

## Children and families served

### Ethnicity of students

Hispanic or Latino origin  
non-Hispanic/non-Latino origin

**423 total children**

**223** 3-year-olds

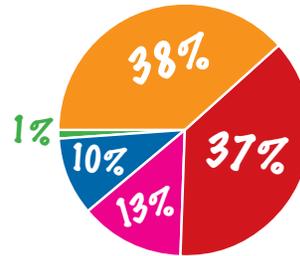

**200** 4-year-olds

**118** Children in  
Head Start  
for two years

**11** Children in  
program for  
less than  
45 days

**89%** Average  
monthly  
attendance

### Race of students

Hispanic Black Asian  
Biracial White

### Primary language of family at home

English (78%) • Spanish (21%) • Middle Eastern (1%)

## Eligibility and enrollment

Families interested in the Head Start program must qualify by meeting locally designed requirements. In general, eligibility is based on family income at or below the poverty level. Families with other situations including homelessness, and children in foster care, or receiving Supplemental Security Income or Temporary Assistance for Needy Families also are eligible. During the 2019-20 school year families qualified for KUSD's Head Start program through:

**54%** Income eligibility

**15%** Income between 100 and 130 percent of the poverty level

**11%** Public assistance

**10%** Over income

**6%** Homeless children

**4%** Foster children

# Education

KUSD Head Start curriculum supports developmentally appropriate practices which promote child growth and school readiness. High quality learning takes place through play and positive interactions. The Kenosha Unified Head Start program follows the Creative Curriculum® System for Preschool. The Creative Curriculum® System for Preschool is based on five fundamental principles. These principles provide reasons for operating the program in particular ways. They are:

- Positive interactions and relationships with adults provide a critical foundation for successful learning.
- Social-emotional competence is a significant factor in school success.
- Constructive, purposeful play supports essential learning.
- The physical environment affects the type and quality of learning interactions.
- Teacher-family partnerships promote development and learning.

(Creative Curriculum® System for Preschool, Volume One: The Foundation, p. 3)

In addition to the academic focus, Head Start focuses on the social and emotional development of children as the foundation for academic success. This focus is supported through the use of Second Step: a Violence Prevention Curriculum. Second Step teaches children the skills of empathy, emotion management and problem-solving.

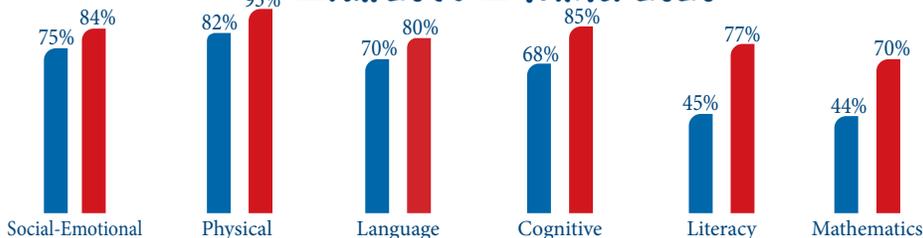

Assessment of student learning is monitored and evaluated through the use of My Teaching Strategies. My Teaching Strategies provides teachers software to organize information collected on children's learning into domains of development, objectives, dimensions of learning and indicators of skill level. Each learning objective is arranged into a developmental progression that allows teachers to pinpoint a child's skill level for each objective. This data is then utilized to design lesson plans that are developmentally appropriate for the specific classroom as well as to compose the Family Conference Form, a report of the child's progress.

The Classroom Assessment Scoring System (CLASS®) is used to support teacher professional responsibility around early childhood programming. The tool measures the classroom physical environment as well as the interactions between teachers and children. KUSD Head Start teachers operate on the foundational understanding that achieving the best child outcomes requires attention to personal growth. For this reason, CLASS® scores are shared only with the teachers to encourage and measure their personal professional development.

A commitment to the whole child is demonstrated by the support for social, emotional, cognitive, and physical development. From family literacy to exploring math, science, and nature, Head Start inspires the love of learning in children.

## Percentage of children meeting or exceeding expectations

■ Fall 2019 ■ Winter 2020

# Health Services

Healthy children are children who are ready to learn. Head Start families are connected with a medical home and a dental home in order to provide the family a continuous accessible source of care to support the child's healthy development and well-being. In KUSD Head Start staff support families to ensure that children are up-to-date on immunizations, have a current (within one year) physical, and have a current dental exam. Additionally, Head Start students automatically qualify for free/reduced meals (breakfast or lunch) and a snack is provided during instructional time. KUSD Head Start children receive three-quarters of their daily nutritional requirements while attending their Head Start classroom.

**93% of children** established a medical home

- 21 children were diagnosed with a chronic condition. Most often this condition was asthma.
- 387 children were identified as up-to-date on all immunizations.
- 10 children were referred by the program for mental health services outside of Head Start. 8 of those children received the needed services.

**91% of children** established a dental home

- 73 children were diagnosed as needing additional dental treatment.
- 34 of these children received the needed treatment.

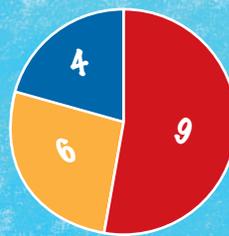

# Teacher Qualifications

**19 Total Teachers**

- Master's degree
- Bachelor's degree
- Associate's degree

# EDUCATIONAL SUPPORT PROFESSIONAL (ESP) Qualifications

**19 Total ESPs**

- Child Development Associates Credential (CDA)
- Bachelor's degree
- Associate's degree

**63 children**

had an IEP indicating that they qualified to receive special education services.

**42 children of the 63**

entered the program with an IEP

**21 children of the 63**

were referred to and qualified for special education services during the school year.

**Speech/language**

was the most frequently identified special education need.

# Family Services

Head Start staff partner with families to provide or connect families with culturally and linguistically relevant services that are designed to strengthen families and provide a foundation for the child and family's success. In the KUSD Head Start program family service providers work with families to develop individualized family partnership plans. These plans incorporate family goals and the support needed to make the goals achievable.

Head Start encourages the role of parents as their child's first and most important teacher. Programs build relationships with families that support positive parent-child relationships, family well-being, and connections to peers and community. Parent education and activities are provided per site and at the program level. Opportunities provided include: Positive Parent Classes, Triple P Parenting (sponsored through Prevention Services Network, Nutrition Classes: Eating Smart (sponsored by UW-Extension), Family Math Night, Fun in the Sun, Family Spring Fling, KUSD Open House, Transition to Kindergarten Meet and Greet and multiple field trips.

## 389 total families

### 175 two-parent families

- 39 of these families had both parents employed
- 121 of these families had one parent employed
- 15 of these families did not have either parent working

### 214 single parent families

- 126 of these families had the parent employed
- 88 of these families did not have the parent working

### 22 families, 29 children experienced homelessness during the year

- 9 of those families acquired housing during the year
- 16 children are in foster care

## Parent education

- 22 had an advanced degree
- 18 had an associate degree, vocational school, or some college
- 280 had a high school diploma or GED
- 69 had less than high school

319 persons volunteered services to Head Start.

318 of them were current or former Head Start parents.

## Military/parents

- 2 Active duty
- 7 Veteran
