#### POLICY AND RULE 6620 LIBRARY RESOURCES

#### **Background**

Administration is proposing revisions to Board Policy and Rule 6620 - Library Resources to update the current book challenge procedures to ensure efficient and timely processing of challenges that are received for review.

The proposed revisions to Board Policy and Rule 6620 are based on a review of sample policies from professional organizations as well as input from legal counsel. Additions include steps and timelines previously not included that will bring clarity to the policy for staff and community members.

#### **Recommendation**

Administration recommends that the Board of Education approve revisions of Board Policy and Rule 6620 - Library Resources as a first and second reading on January 23, 2024.

Dr. Jeffery Weiss Superintendent of Schools

Ms. Julie Housaman Chief Academic Officer

Ms. Christine O'Regan Coordinator of Library Media and Instructional Technology

## POLICY 6620 LIBRARY RESOURCES

The School Board recognizes the importance of dynamic, student-centered library media resources designed to support students and staff in becoming active and creative locators, evaluators and users of information to solve problems and satisfy their own curiosity. It further recognizes that information must be current, relevant to the curriculum, culturally diverse, inclusive, and available through a variety of formats.

RULE 6620 LIBRARY RESOURCES

The District library media collection shall not discriminate in the selection and elevation of library materials or media on the basis of sex; race; ancestry; creed; religion; color; pregnancy; marital or parental status; sexual orientation; national origin or undocumented/immigration status (including limited English proficiency); transgender status (including gender expression, gender identify, and gender nonconformity); social, economic, or family status; or physical, mental, emotional, or learning disability or handicap. (See Policy 5110.1.)

Materials purchased shall be supported by professional journal reviews and the review of a certified library media teacher.

Selection of materials for the library shall be based upon information value as a whole and not in part. Incidents of sexual reference, profanity, or different points of view shall not automatically disqualify materials from library collections. Nor shall materials be deemed inappropriate for an age group based on the identities of the characters or authors.

The District recognizes that library media resources at the middle school may contain some materials written at an adult level. The majority of materials in the high school may be written at an adult reading level.

The Board of Education recognizes the rights of parents/guardians and District residents to question the suitability of library materials. Any complaint received by a school staff member shall be reported to the building principal, whether received by telephone, letter, or in personal conversation. The building principal and the library media teacher (LMT) will contact the complainant and attempt to resolve the issue at the building level. Parents/guardians may request that their child not have access to these materials, as they can for any particular library materials of the library collection generally.

Citizens Parents/guardians or District residents with specific requests, which cannot be satisfied by telephone or conference at the school level, shall be given the opportunity to complete a "Citizens Request for Reconsideration of a Library Material," which is available from the Office of the Superintendent. Challenges will be limited to specific individual material. The parent/guardian or District resident must have read, viewed, or listened to the challenged material in its entirety to submit a challenge at each level. Parents/guardians will have first priority for their submissions to be reviewed.

Upon receipt of a signed complaint, the Superintendent (and/or designee) shall: appoint an ad hoccommittee of teacher(s), library media teacher(s), administrator(s), and citizens to consider this request.

The committee shall reevaluate the material in question against selection criteria for library media centercollections. The committee may invite the complainant for conferences so that all facets of the complaintcan be explored, appoint an initial decision maker for the complaint. The initial decision maker will:

- 1. Review the complaint and the challenged material(s). The decision maker may contact the complainant and may consult with such District personnel as deemed necessary or appropriate.
- 2. Either:

RULE 6620 LIBRARY RESOURCES Page 2

- A. Dismiss the complaint without a decision on the merits for a lawful reason and with the approval of the Superintendent;
- B. Refer the complaint to a materials review committee for a recommendation back to the initial decision-maker; or
- C. Issue a determination on the merits of the complaint, which may consist of granting or denying relief in whole or in part. The Superintendent must approve the remedy of permanent removal of the challenged resource.

Examples of reasons the initial decision maker may dismiss a complaint include but are not limited to:

- 1. A determination that the complainant does not have a sufficient connection to the District to qualify as an aggrieved person;
- 2. That the complaint seeks only an individualized accommodation or modification;
- 3. That the complaint was not made in good faith; or
- 4. That the reconsideration request is redundant of a previous complaint in which the relevant resource was thoroughly reviewed and evaluated.

If the initial decision maker refers the complaint to a materials review committee for a recommendation, such committee will be designated by the superintendent and/or designee and normally will consist of a library media teacher, a building principal or administrator, and a teacher. Such committee shall meet in compliance with the Open Meetings Law. The committee shall assess the challenged materials and the basis for the complaint and formulate and provide a recommendation to the initial decision maker who, in turn, will make the decision on the complaint.

The initial decision-maker shall provide notice of decision to the complainant.

If the complainant is dissatisfied with the decision reached by the initial decision maker, then within 14 calendar days of the date the District sends notice of the decision to the complainant, the complainant may submit a written request to the superintendent for a final review of the decision. The request shall identify the reasons the complainant disagrees with the decision.

Upon an appeal, the superintendent shall review the decision reached by the initial decision maker and the appeal and make a decision on the appeal. The resulting decision of the superintendent is the final District decision.

The superintendent shall ensure that the complainant and relevant District personnel are notified of the final District decision. To the extent the complaint had alleged that the challenged materials violate the state student nondiscrimination laws, then this reconsideration process may serve as the applicable 20

RULE 6620 LIBRARY RESOURCES Page 3

District complaint procedure; and the notice of the final District decision shall also inform the complainant of the right to appeal an adverse determination of the complaint to the state superintendent within 30 days and of the Chapter PI 1 procedures for making the appeal.

The committee shall make a recommendation to the Superintendent concerning the disposition of the complaint, the material in question, or both. The Superintendent shall inform the complainant detailing the decision concerning the complaint.

Appeals related to the decision may be directed to the School Board.

#### 2024-25 BUDGET ASSUMPTIONS

On November 14<sup>th</sup>, 2023, the administration presented the preliminary 2024-25 budget discussion report to the Board of Education. With the 2024-25 fiscal year aligning with the second year of the Biennial State Budget, the key variable of allowable per-member change for revenue limit purposes was known to be \$325. Other key variables such as the continual decline in student enrollment (-355 FTE) and increases in health insurance premiums (11% cap) were also known. Early in the process, a significant structural deficit was projected at upwards of \$15 MM and the administration was tasked with presenting options that would balance the budget.

On December 12, 2023, the Board of Education approved portions of the recommended rightsizing plan that are projected to yield significant savings for the 2024-25 budget and go a long way to close the budget gap, but more work needed to be done as budget assumptions were refined and priority additions were identified.

The proposed budget option provides for salary schedule movements (valued at 1.5% on average) and 2% base wage increases. However, staffing vacancies of 30 FTE or \$3 MM are also assumed based on analysis of prior years' data.

To balance the budget, the administration is recommending reductions in staffing that impact every school level and virtually every department in the Educational Support Center. Yet, those cuts are still not enough. To balance the 2024-25 budget, we will need to take advantage of the final closeout of the ESSER III grant and find eligible expenses currently being funded by local funds that we can claim through the grant. Most notably, Summer School expenses between July 1, 2024, and September 30, 2024, will be shifted to the grant. These are recurring operational expenses that will have to come back to budget in the following year 2025-26.

#### Administrative Recommendation

The administration recommends that the Board of Education approve the 2024-25 budget assumptions (Attachment A) as the basis for building next year's budget to balance the budget.

#### WASHINGTON MIDDLE SCHOOL RELOCATION PROJECT

On December 12, 2023, as part of the recommended right-sizing proposals, the Board of Education approved relocating Washington Middle School from the current site into what is known today as EBSOLA Elementary School.

As detailed in the Proposed Scope of Work (Attachment A) provided by our Facilities Department, several modifications will be required to convert the building into a functional middle school.

Timing is of the essence on this project as we can realize significant efficiencies and savings by completing these recommended modifications while the previously approved ESSER-funded HVAC infrastructure project would occur concurrently. The total scope of the work being done at the EBSOLA building would be approximately \$1.65 MM with \$750 K being funded by the ESSER grant and up to \$900 K being funded by district local funds.

#### **Administrative Recommendation**

The administration recommends that the Board of Education approve the one-time use of general fund 10 balance reserves in an amount not to exceed \$900 K to convert the existing EBSOLA building into Washington Middle School.

Dr. Jeffrey Weiss Superintendent of Schools Tarik Hamdan Chief Financial Officer

Patrick Finnemore Director of Facilities

#### Washington Relocation Project Proposed Scope of Work January 23, 2024

#### **Summary:**

The conversion of the EBSOLA building into the new location for Washington Middle School requires a number of modifications to the building in order to make it functional as a middle school and offer the majority of types of spaces normally associated with a middle school. The scope of work was developed around the reality that funds are limited and there are only two and a half months this summer to perform construction activities before the start of the 2024-25 school year. That said, the original design of the EBSOLA building lends itself well to a conversion to a middle school, and the age and excellent condition of the school offers the Washington students, families, and staff a significant upgrade in the overall physical atmosphere of their school. The new school is approximately 80 years newer than the current school. In addition, it is nearly 30,000 square feet larger than the existing school, and sits on 12 acres versus the 3.75-acre site that Washington is currently located at. It is also air-conditioned which addresses the shortcoming where Washington had been the only boundary secondary school that was not air-conditioned.

This attachment summarizes the proposed scope of work that has been developed in the past month since the School Board approved the relocation of the school as part of the right-sizing plan on December 12, 2023. There are some specific details that are still being finalized, but this reflects the majority of the work being proposed.

#### **Overall Layout of Grade Levels and Specials:**

The EBSOLA building was designed around having a central core with three, two-story fingers coming off that central core to separate each of the six elementary grade levels (K-5<sup>th</sup> grade). That finger design lends itself well as one floor of a finger provides the classroom needs for one grade level for a middle school the size that is expected for Washington. The three, two-story fingers will be used for one of the following:

- Sixth Grade
- Seventh Grade
- Eighth Grade
- Physical Education/Athletics
- Music
- Other Specials Art, Career & Technical Education, etc.

Special education spaces will be located in the grade level wings as well as some of the other wings. The floor plan included in this attachment shows the proposed locations for each of these six wings.

#### **Concurrent ESSER Infrastructure Project:**

One advantage with the timing of this project is that some HVAC infrastructure work was already planned at the building this summer using ESSER III funds. That work includes replacement of the chiller as well as some ventilation system modifications to address issues related to energy savings modifications made in the past two decades

#### 1<sup>st</sup> Floor Common Core Areas:

One of the most notable differences in the new Washington from the current school will be layout, look and feel of the public areas of the school. At the current building, the visitor parking and entrance is on the backside of the building. Visitors are buzzed into the building and enter the school in a stairwell and walk up a half flight of stairs and then down a hallway before they enter the main office. At the new school, they will have a secure controlled entrance where visitors once buzzed into the vestibule must enter through the main office before being allowed into the remainder of the school. The main office will see some modifications to provide space for the larger office staff at a middle school as well as having a counter of the appropriate length and height for a middle school. The construction work performed in the main office would be performed by the KUSD maintenance skilled trades crews. Those same crews would be involved in making more cosmetic changes in a few of the other core area spaces, namely the main lobby, cafeteria, and library media center. All of those spaces are very conveniently located at the front of the school and are excellent spaces that just need some minor changes to reflect the new school and not EBSOLA.

The most significant construction-related changes in the public area of the school will be in the gymnasium. There are several changes proposed in the gymnasium to make it functional for middle school physical education and athletics as well as to provide a performance space for fine arts using the existing stage. These changes include:

- Remove existing VCT floor
- Install new Mondo rubber floor
- Install new 5 row bleachers
- Remove existing wall pads and stage pads and relocate wall pads from Washington to this building
- Relocate auditorium sound system from Washington
- Relocate projection screen from Washington
- Replace main front stage curtains
- Paint entire space
- Replace EBSOLA sound panels with those from Washington gymnasium
- Relocate volleyball insert locations to correspond to new gym line locations because of the addition of bleachers
- Relocate basketball standards to correspond to new gym line locations because of the addition of bleachers
- Relocate two Washington scoreboards
- Relocate middle school conference banners
- Relocate Washington basketball backboards
- Purchase portable stage extension so that the stage is large enough for middle school music concerts
- Purchase portable stage lighting system

#### 1<sup>st</sup> Floor Athletics Wing:

The first floor of the center finger coming off the central core of the building will be modified to house spaces that support middle school physical education and athletics that do not exist in an elementary school. That work scope includes:

Create boys and girls locker rooms that include phy ed/coaches offices

- Relocate and paint lockers from hallway and install on a base into each locker room
- Create blind entry into locker rooms to meet privacy requirements
- Masonry infill on exterior windows in the classrooms being converted into locker rooms
- Replace flooring in locker rooms
- Create a weight room/fitness center
- Convert one classroom to outdoor athletics/PE storage
- Remove remainder of corridor lockers and patch walls as necessary

#### 2<sup>nd</sup> Floor Music Wing:

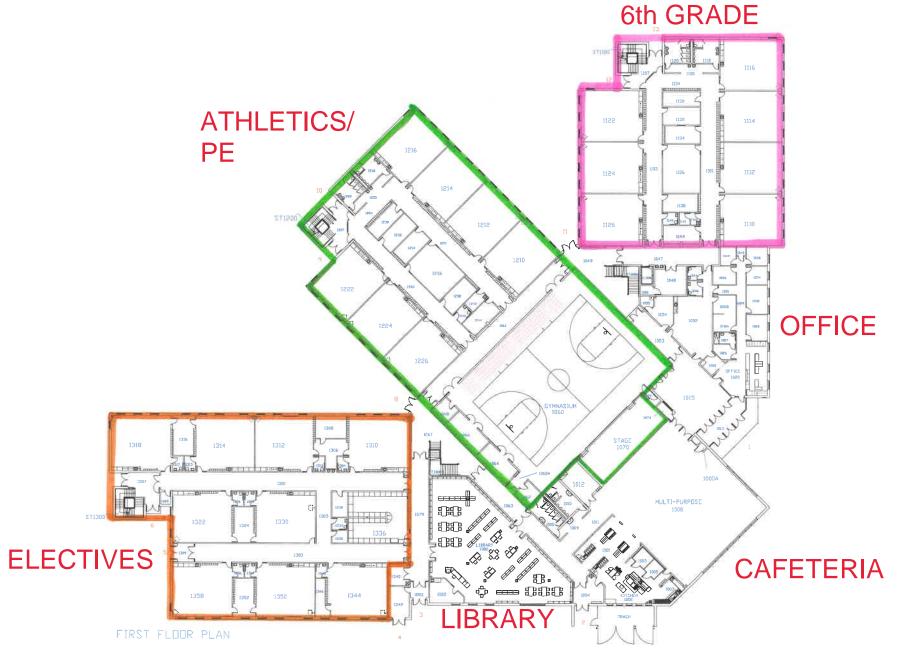

A music wing would be created in the wing directly above the physical education/athletics wing so that the noise from the music rooms is isolated from the 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grade classroom wings. With EBSOLA being an elementary school, there are currently not band or orchestra classrooms. Those would be added in this wing directly above spaces like locker rooms, weight room and outdoor athletic equipment storage. There will also be a choir room, practice rooms, and space for instrument storage in this wing. Finally, a multipurpose type room will be created by combining two classrooms that can be used for smaller type performances that do not need a space the size of the gymnasium, rehearsals, and other large group setting type applications.

#### 2<sup>nd</sup> Floor Specials Wing:

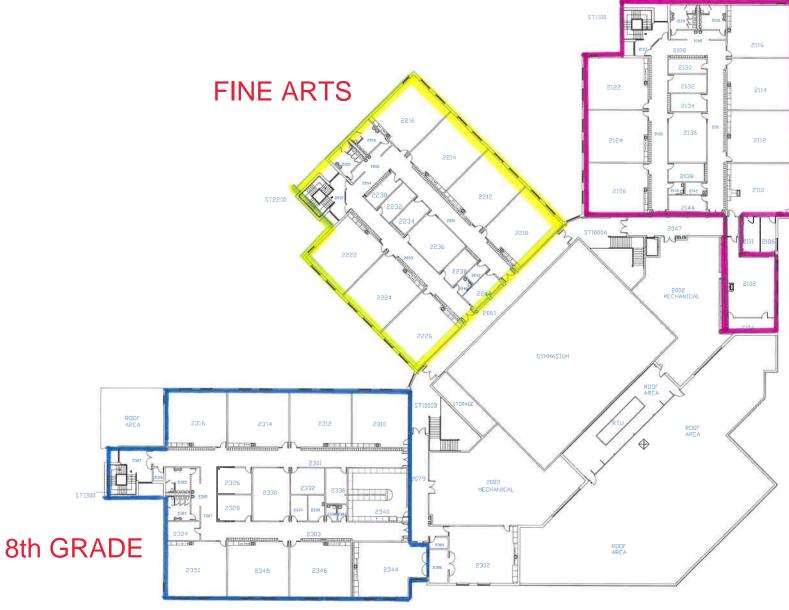

The western-most wing on the first floor would be modified from the kindergarten/early childhood wing to the wing for specials such as art, STEM, foreign language, etc. This wing has larger than normal classrooms with attached spaces that can be used to store materials associated with that curriculum.

#### **Exterior:**

The exterior changes will be minimal. EBSOLA has 116 parking stalls as compared to the 85 at Washington. Existing building and pylon signage at EBSOLA will be modified to reflect the change to Washington. We are also looking at potential outdoor practice spaces for the middle school fall sports (softball and football) either at the new Washington site or the nearby site that previously housed Wilson Elementary School.

#### Policy 4391 – LIMITATIONS ON OUTSIDE EMPLOYMENT

#### **Background:**

Policy 4391 – Limitations on Outside Employment was last updated in June 2000. The policy is dated and needs to be updated to addresses the ever-changing environment in education and competition from other educational venues. Language regarding what is acceptable secondary employment has been added to clarify what types of outside employment KUSD employees may engage in.

Updating this policy will provide clarification on the types of outside employment KUSD employees may engage in.

#### **Recommendation**

It is Administration's recommendation that the school board approve the recommended updates to School Board Policy and Rule 4391 – Limitations on Outside Employment as a first reading.

Dr. Jeffrey Weiss Superintendent of Schools

Kevin Neir Chief Human Resources Officer

#### POLICY 4391 LIMITATIONS ON OUTSIDE EMPLOYMENT

No District employee shall engage in any outside activities or employment that interferes with his/her ability to carry out regularly assigned duties.

The District recognizes the right of District employees to engage in employment outside of the district. However, outside employment and other non-employment pursuits must not conflict with the employee's duties, responsibilities, and regular periods of work for the district.

District employees shall not engage in any outside business activity, accept private employment, or render services for private interest when such business activity, private employment, or services is incompatible with the employee's official duties or would impair the employee's independence, judgement or action in the performance of the employee's official duties.

District employees shall not disclose to third parties privileged information gained in the course of or due to their official position or activities with the District. District employees shall not make use of materials, equipment, or facilities of the Kenosha Unified School District for their own personal financial gain or business interest, or the gain or interest of any third party. District employees shall not solicit or accept gratuities, favors, or anything of monetary value from contractors or subcontractors.

Employees must seek written approval from the Superintendent or their designee prior to accepting outside employment or engaging in outside activities or other pursuits which are not permitted pursuits identified in this policy.

Examples of outside activities, employment and other pursuits <u>permitted</u> by the District without the need for approval include but are not limited to the following:

- 1. Volunteering to chaperone a child's field trip or other special event;
- 2. Attending events at another K-12 educational institution that are open to the public;
- 3. Attending Parent Teacher Organization (PTO) meetings or events;
- 4. Volunteering at a K-12 educational institution's charity event or gathering;
- 5. Volunteering in a classroom to assist a teacher with student activities;
- 6. Tutoring, provided those sessions do not interfere with the employee's scheduled work hours.

Outside activities, employment and other pursuits that are <u>strictly prohibited</u> by the District include but are not limited to the following:

- 1. Assisting another K-12 educational institution within the KUSD boundaries with the recruitment of students and/or the administration of the school;
- 2. Assisting another K-12 educational institution within the KUSD boundaries with teaching students (not applicable for staff who have part-time contracts with higher educational institutions);
- 3. Serving on a board for another K-12 educational institution within the KUSD boundaries.
- 4. Work which interferers with your responsibility as a District employee and interferes with your independent judgement in the exercise of your official duties;
- 5. Outside activities, employment or other pursuits that conflict with the interests of the District's mission, vision, goals and purpose.

Outside activities, employment and other pursuits will not be considered an excuse for poor job performance, absenteeism, tardiness, or failure to adhere to the employee's required work schedule. Employees may not use district paid leave to perform work on outside employment. If

outside activities, employment or other pursuits cause or contribute to job-related problems, the employee will be asked to discontinue the outside activity, employment or other pursuit and may be disciplined up to and including termination of employment.

Approval for outside employment shall be at the sole discretion of the Superintendent or their designee. The decision of the Superintendent shall be final.

All employees must comply with provisions of the Wisconsin Code of Ethics for Public Officials and Employees, as well as the KUSD Code of Ethics and General Rules of Conduct.

All employees shall abide by all laws, regulations, and Board policies pertaining to personnel and/or financial affairs that would conflict with their positions as District employees. Failure to abide by this policy may result in (1) disciplinary action, up to and including termination of employment; and (2) referral to law enforcement authorities.

Please contact the Office of Human Resources if you have questions regarding this policy.

#### Open Enrollment Allocations – 2024-25 School Year

The Wisconsin Department of Public Instruction (DPI) stipulates that each resident school district allocate open enrollment spaces during their January board meetings. The 2024-25 Open Enrollment period is from February 5, 2024, to April 30, 2024. Along with the posted 3-month open enrollment window, applicants may also apply to a non-resident district using the designated Alternative Open Enrollment Application during the current school year if the applicant can demonstrate that he/she meets certain criteria. Appendix A contains a listing by grade of available open enrollment regular education spaces for School Year 2024-25. Each District must delineate both regular education and special education seats by grade level, program, and/or service type.

The state open enrollment statute and KUSD Policy 5260 (Full-Time Open Enrollment) require a current open-enrolled student re-apply just once, which is during the transition from elementary to middle school, or if they first enrolled during middle school, then they must reapply during the transition from middle school to high school. Also, tuition waiver students (those who start the year in KUSD but move out of the district) have a right to complete the current school year and apply for open enrollment to attend the following year. Even though these are current KUSD students, they are counted as new applications for state reporting. The Offices of Educational Accountability, School Leadership, Teaching and Learning, Special Education/Student Support, and Early Education have provided the following recommendations for available KUSD spaces for School Year 2024-25.

#### **Administrative Recommendation:**

Administration recommends that the Kenosha Unified School Board affirm and approve the space available for open-enrollment students for the school year 2024-25. The recommendation is for 125 spaces, 10 of which are designated for selected special education programs service/types as noted in Appendix A & B.

# **Black History Month 2024**

*WHEREAS*, the origination of Black History Month stems back as far as 1915 when a national celebration of the 50<sup>th</sup> anniversary of emancipation sponsored by the state of Illinois took place to highlight the progress made since the destruction of slavery; and

**WHEREAS**, every U.S. president since 1976 has officially designated the month of February as Black History Month as a means to celebrate the achievements of black Americans and a time for recognizing the central role of African Americans in U.S. history; and

**WHEREAS**, it is extremely important to reflect on, recognize and celebrate the contributions and accomplishments of black Americans throughout history, not just in February, but throughout the entire year; and

**WHEREAS**, by observing Black History Month, we raise awareness of the continuing struggle for freedom and equal opportunity, and bring focus to racial barriers to equal education in public schools and work towards closing racial achievement gaps; and

**WHEREAS**, corresponding school activities held in February and throughout the school year will encourage students to strive for the best education as a means to fulfill their potential.

*NOW, THEREFORE, BE IT RESOLVED* that Kenosha Unified School District's Board of Education does hereby adopt this resolution to proclaim February as Black History Month.
