

UW-Parkside Professional and Continuing Education is pleased to announce our lineup of precollege summer camps for Summer 2025!

Visit uwp.edu/youth to learn more about and apply for scholarships, view full camp details, and register today!

All camps (except for ACT Test Prep) are for ages 11-14

Price for in person camps

\$379 until 4/30, then \$399. Scholarships available.

Environmental Explorers

CHOOSE FROM 4 SESSIONS

June 23-27 | 9 am-12 pm
June 23-27 | 1-4 pm
Aug 4-8 | 9 am-12 pm
Aug 4-8 | 1-4 pm

Embark on outdoor adventures as UW-Parkside educators guide

your child to holistically learn about the natural world. With a mix of in and out of laboratory experiences, we encourage middle schoolers who have a passion to be outside to investigate their surroundings. With activities based on geology, ecology, microscope use, dissection, and soil studies, the environment will be a new frontier for your child's investigation.

Esports Apprentice: Streamers and Gamers

July 21-25 | 9 am-12 pm

Whether you want to be the next pro gamer, streamer, or gamecaster this course will teach you the basics to get started! No longer just a hobby, esports

is the fastest-growing career for the next generation. In this course, students will develop game-play skills and compete using Black Rocket's Esports games and apps, learn how to produce commentary for live tournaments, use professional streaming software, and most importantly practice online safety.

UNIVERSITY OF WISCONSIN **PARKSIDE**

Virtual Reality: The Future is Now

July 21-25 | 1-4 pm

Embark on an EPIC adventure in virtual reality! In this cutting-edge class, learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, crafting 3D experiences,

and learning basic programming concepts. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created.

YouTube Fx Shorts

July 28-Aug 1 | 9 am-12 pm

Are you ready to have your creations go viral? Take your content creation skills to the next level through editing and visual effects! Learn end-to-end post-production skills while creating visual shorts worthy of your favorite

social media site. The skills learned in this class can be applied to all types of video production, long or short! Topics cover video editing basics, color grading for that visual pop, and creating advanced VFX composites.

Beats and Jams: Digital Music Creators

July 28-Aug 1 | 1-4 pm

Begin your rise to the top of the charts with digital music production! Just like today's top artists, you can design your own beats or remix a mashup of your

favorite songs to become a digital composer and sound engineer. In this course, students will learn to produce digital music, record sound, make sound effects, and mix their own tracks. No prior music experience is necessary.

Python Programmers

Aug 4-8 | 9 am-12 pm

Want to learn the world's fastest-growing programming language favored by Google and NASA? Discover how to code with Python using accessible web-based

platforms that guide students through a series of daily lessons. Build fundamental tech literacy while creatively solving software engineering challenges!

A.I. Adventures: Intro to Machine Learning

Aug 4-8 | 1-4 pm

Explore the world of artificial intelligence to design fully interactive games and experiences using cutting-

edge technology. This program combines artificial intelligence with coding to create an unforgettable learning adventure. Students will construct machine learning models that use image and text recognition within block-based coding software to build a portfolio of projects.

GRADE 6

June 26-Aug 7 | Tue Thu 5-5:50 pm

June 30-Aug 6 | Mon Wed 2-2:50 pm

July 14-31 | Mon Tue Wed Thu 1-1:50 pm

GRADE 7

June 26-Aug 7 | Tue Thu 4-4:50 pm

June 30-Aug 6 | Mon Wed 5-5:50 pm

July 14-31 | Mon Tue Wed Thu 1-1:50 pm

GRADE 8

June 26-Aug 7 | Tue Thu 1-1:50 pm

June 30-Aug 6 | Tue Thu 3-3:50 pm

July 14-31 | Mon Tue Wed Thu 5-5:50 pm

Summer Bridge Math Program is a great way for students to keep their math skills sharp. Whether called the summer setback or summer slide, the learning loss students experience over the summer can have a significant impact on their performance in the upcoming school year. This program will help minimize students' loss of skills by giving them an instructor-led environment in which to review and practice skills learned or receive guided instruction on key topics covered in the grade they're entering. You can now apply for scholarships online!
