Logging into NextPath as a Caregiver for the first time

This guide introduces NextPath and explains how to log in and claim your child(ren). NextPath is a platform your school uses to share important information about your child at school. It fosters a partnership between schools and caregivers by providing access to student data and creating opportunities for caregiver input when requested by the school.

---

1   *Go to NextPath*

On any device (phone, computer, or tablet) with an internet browser, type **nextpath.app** and press enter.

Caregivers can log in securely and easily by selecting your Gmail or Microsoft Outlook account shared with the district, or by entering another email to receive a one-time "magic link." No username or password is needed!

ⓘ   **Tip!** If the email you provided during enrollment is a Gmail or Microsoft Outlook account, simply select it to log in. Skip to Step 8!
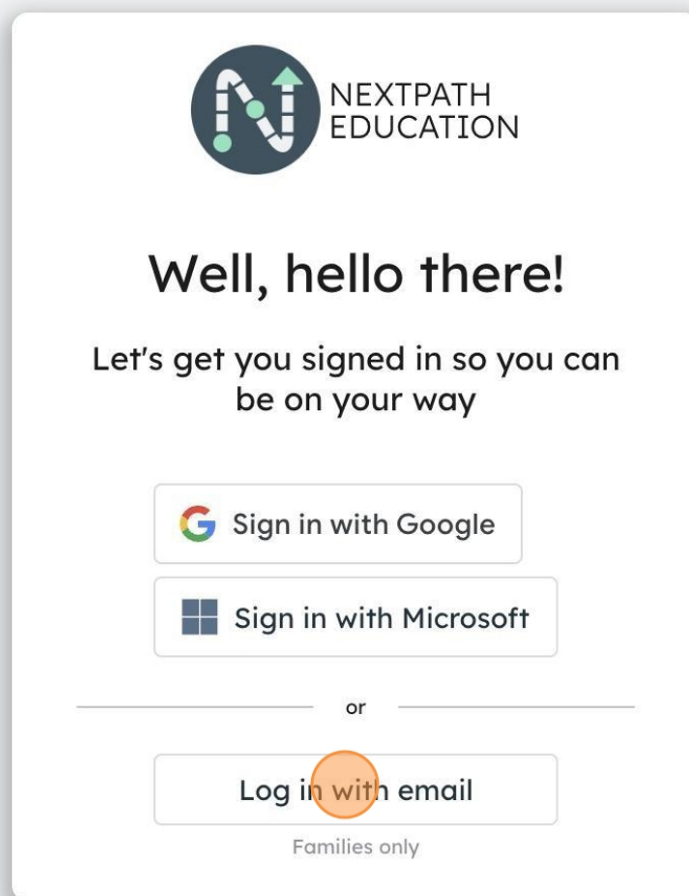

2 *Log In*

If you use Gmail or Microsoft Outlook:

- Click the Gmail or Outlook button and select your email.

- Skip to Step 8!

If you use a different email:

- Click "Log in with email."

For You

Adventure Peaks School District
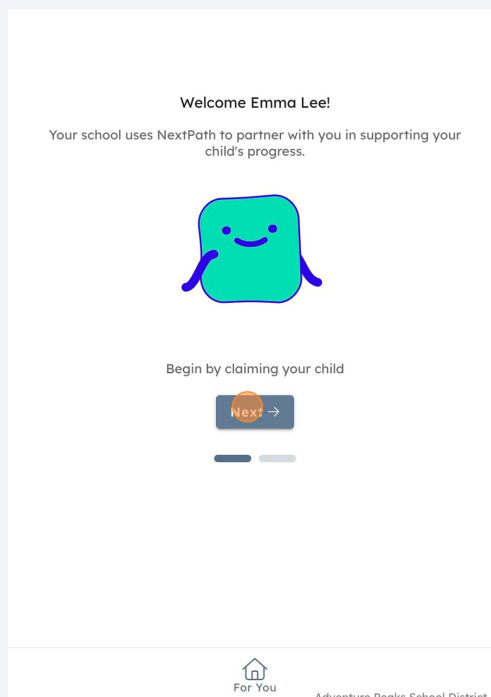

9   *Enter Your Child's Details*

- Enter your child's **birthday**.

- Enter the **first letter** of their first name.

- Enter their **last name**.

- Click "**Finish."**

Enter your child's initials and date of birth to access their information

Birthday	03/22/2018
First Initial	S
Last Initial	I

Finish

10   When the information matches school records, you'll see a message confirming your child is linked to your account

Student Verified!

⚠ Important! If you have more than one child, repeat Step 9 for each child.

11 Once the process is complete, you'll see any important documents or updates. If nothing needs attention, you'll be taken to NextPath to explore more information about your child.

You're All Set!
