

WHAT IS ACP?

What Is Academic and Career Planning (ACP)?

Academic and Career Planning, or ACP, is a student-driven, adult-supported process in which students create and cultivate their own unique and information-based visions for post secondary success, obtained through self-exploration, career exploration, and the development of career management and planning skills.

MISSION: Empowering ALL students to travel the road TO adulthood THROUGH education and training to careers.

VISION: Re-imagining K12 education to equip students:

- With meaningful and supportive adult relationships
- And the ability to adapt to opportunities and challenges
- On their personalized journeys to successful lives.

The term ACP refers to both *a process* that helps students engage in academic and career development activities as well as *a product* that is created and maintained for students' academic, career, and personal advancement.

ACP is a student-driven, ongoing process that actively engages students enabling them to:

- Understand their own interests, strengths, values, learning styles,
- Create a vision of their future,
- Develop individual goals, and
- Prepare a personal plan for achieving their vision and goals.
